THE COMMUNITY EMERGENCY  
RESPONSE TEAM (CERT)  
PROGRAM GRADUATES

The Community Emergency Response Team (CERT) program educates citizens about disaster preparedness for hazards that may impact their area, and trains them in basic disaster response skills such as:

- fire safety,
- light search and rescue,
- team organization, and
- disaster medical operations.

Using the training learned in the classroom and during exercises CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help.

CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

The Fire department would like to acknowledge ten (10) CERT graduates from the 2021 class:

Sherri Arnold  
Arienne Fulton
