FY2022-2023 ANNUAL ACTION PLAN

The FY2022-2023 Action Plan describes the planned uses of CDBG entitlement funding for activities benefitting low-income and special needs populations throughout Goodyear for the period beginning July 1, 2022 and ending June 30, 2023. The City anticipates receiving approximately \$429,038 of CDBG funds, 80% of which will be used for community facilities, and 20% for program administration and planning. If the City allocation is higher or lower than anticipated, funds for each activity will be proportionately increased or decreased.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Annual Action Plan is required by the US Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG) program. The primary purpose of the CDBG program is to develop viable communities by promoting integrated approaches that provide decent housing, a suitable living environment, and expanded economic opportunities for low-and moderate (LMI) people, households, and neighborhoods.

The Annual Plan establishes priorities for the investment of CDBG funds by the city of Goodyear and is designed to guide HUD-funded housing, homelessness and community development policies and programs for the period beginning July 1, 2022 and ending June 30, 2023. The plan describes needs, resources, goals, strategies and objectives to assist Goodyear's LMI residents and households as defined by HUD. Data quantifying LMI households is contained in the City's 5-year HUD Consolidated Plan.

In developing the Annual Plan, the city referred to the 5-year goals for the use of CDBG funds established in the Consolidated Plan, as well as, strategies to improve the delivery system, address lead-based paint hazards, reduce the incidence of poverty, and address barriers to affordable housing development. These goals and strategies are based on data and input from residents and stakeholders.

2. Summarize the objectives and outcomes identified in the Plan

Based on data and public and stakeholder input, the following priority needs were set forth in the Consolidated Plan:

1. Community Facilities and Improvements
2. Public Services
3. Attainable and Sustainable Housing
4. Economic Development
5. Program Administration

Activity goals were established in each of these areas for the next five years.

3. Evaluation of past performance

This is the City's first year as an entitlement community. Year-to-date the City has completed the first phase of a Community & Neighborhood Services Master Plan, centered on human services. A notice to proceed for work on the North Subdivisions Streetlights, the FY2022 Community Facilities and Improvements project, was provided effective January 14, 2022. The project has a completion date of June 30, 2022.

4. Summary of Citizen Participation Process and consultation process

The Citizen Participation Process and consultation process for this plan includes:

- A City Council Work Session (February 28)
- Two public meetings (January 19 and March 26)
- Public comment from March 22 through April 20
- Council Meeting to adopt the Annual Action Plan by Resolution (May 2)

5. Summary of public comments

Comments received at the meetings held on January 19 and March 16, 2022 will be added at the close of the public comment period.

6. Summary of comments or views not accepted and the reasons for not accepting them

Comments or views not accepted will be added at the close of the public comment period.

7. Summary

Comments or views not accepted will be added at the close of the public comment period.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The city of Goodyear engages with community and faith organizations and the Maricopa Regional Continuum of Care for homelessness to collaborate resources and efforts.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The Goodyear Faith & Community Roundtable began in 2009 as a forum for cooperation, trust and respect within the community to nurture goodwill and offer services. It was originally called the Goodyear Faith Community Roundtable and was renamed in 2017 in order to recognize and embrace the participation of laypersons representing not only the faith sector but also nonprofit partners. The purpose of the Roundtable is to collaborate resources to make a difference for those in need in the southwest valley.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Neighborhood Services representatives participate in a meeting of municipal Human Services Directors to provide feedback to a Continuum of Care representative from the West Valley in preparation for CoC meetings. More directly, the city participates with the Maricopa Regional Continuum of Care to conduct an annual point-in-time count of individuals and families experiencing homelessness in Goodyear. Outreach is conducted throughout the year by the Goodyear Police Department and Phoenix Rescue Mission. Phoenix Rescue Mission may provide shelter and services or individuals and families are referred to the Human Services Campus (HSC) in Phoenix. The HSC is the lead agency for single adult coordinated entry in the Valley and conducts intakes and assessments. The HSC connects individuals to a wide array of services guided by HSC Navigators. The HSC provides matches to housing, helps connect people with family or friends, provides additional hospitality resources including post office services and bag storage, and leads and fosters collaboration among partner agencies to ensure a focus on ending homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Goodyear is not an ESG grantee.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

The follow list outlines consultations held by the city while preparing the annual action plan:

- Cox and Century Link
- FCRT meeting
- Goodyear Emergency Manager
- Goodyear Fire Chief
- Goodyear Transportation Coordinator
- New Life Center

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Staff conducted the initial public meeting on January 19 to provide members of the public with an overview of national objectives and local priorities outlined in the Consolidated Plan. At that time, the public was provided examples of activities that would be provided for Council consideration and invited to help the city identify any other needs that may be met through activities funded through CDBG investment to be included. Eligible activities were contemplated and prioritized by Council at a February 28 Work Session.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Community Development Block Grant program is funded through the US Department of Housing and Urban Development (HUD) Office of Community Planning and Development. Due to its size and composition, the city of Goodyear is classified as an entitlement community. This means that Goodyear does not apply for the CDBG program, but is awarded CDBG funds at a level based on a HUD formula involving population and demographics. In order to receive CDBG funds, the City must complete a Consolidated Plan every five years and an Annual Action Plan that details the uses of funds. Congress' primary objective for CDBG is to improve communities, principally for LMI persons by:

1. Providing Decent Housing,
2. Providing a Suitable Living Environment, and
3. Expanding Economic Opportunities.

The City forecasts receiving an amount similar to what was received in PY21.

The budget for the selected project exceeds the forecast amount. If the City allocation is higher or lower than anticipated, funds for each activity will be proportionately increased or decreased. As a subrecipient of the City's CDBG dollars, New Life Center will be responsible for the difference between the City's allocation and the total project costs and is subject to all of the corresponding HUD terms and conditions. New Life Center will manage the project, submit for reimbursement from the City, and provide any required reporting to enable the City to fulfill its obligation to HUD. The city will be responsible for compliance oversight and reporting to HUD.

The actual amount will be included in the final plan, when allocations have been officially communicated by HUD.

Table 4 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

New Life Center is in the midst of a capital campaign to raise \$5M for improvements and expanded services at the 20-year-old facilities which are almost always at capacity. This project will provide significant reconfiguration and remodeling in the Child Development Center to address the needs of children with trauma informed care. As a subrecipient of the City's CDBG dollars, New Life Center will be responsible for the difference between the City's allocation and the total project costs and is subject to all of the corresponding HUD terms and conditions. New Life Center will manage the project, submit for reimbursement from the City, and provide any required reporting to enable the City to fulfill its obligation to HUD. The city will be responsible for compliance oversight and reporting to HUD.

Further, CDBG funds continue to leverage the City's Community Funding Program. The Community Funding Program provides grants to nonprofit organizations that provide human or social services to benefit Goodyear residents. Applications are generally taken in spring of each year for activities that will address a priority inspired by the 2019 Goodyear Community Assessment. These priorities are:

1. Expanding services available in the Goodyear Community that are designed to meet the needs of minority populations, people in (or at risk of being in) crisis, or people experiencing homelessness;
2. Fostering social and cultural cohesion in Goodyear;
3. Providing innovative solutions to bring more mental health care services into Goodyear, particularly for youth;
4. Providing innovative transportation solutions for Goodyear residents, particularly those that help residents meet their health care needs; and
5. Regional solutions that result in increased access and a greater variety of services available to Goodyear residents and the workforce.

The more recent Community & Neighborhood Services Master Plan, Phase I: Human Services has also identified the priority areas for investment and corresponding pilot projects will be initiated in FY2023.

CDBG funds may also leverage Goodyear's partnership with the City of Avondale to provide support for the regional community action program and senior center. In addition, CDBG funds may leverage federal resources available to the city including funds available from the Departments of Transportation, Health and Human Services, and the Economic Development Administration. The CDBG program does not have matching fund requirements.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The city does not presently have publicly owned land suitable for the identified needs.

Annual Goals and Objectives

Table 6 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

At least 70% of CDBG funds must serve LMI people and not more than 15% may be used for public services. Up to 20% may be used to cover administrative costs. The largest obstacle to addressing underserved needs is insufficient funding to support large projects. As a new entitlement community, Goodyear has an emerging institutional system for the delivery of services, housing and community development programs and projects.

P-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

CDBG assistance will be directed throughout Goodyear to benefit LMI residents, households, and neighborhoods. No target areas have been identified.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Maricopa Regional Continuum of Care (CoC) is managed by the Maricopa Association of Governments and works throughout Maricopa County, including the city of Goodyear, to coordinate homeless planning across municipalities and agencies.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Goodyear Police Department, through the Homeless Outreach Team (HOT), will continue its proactive approach to establishing trusting community relationships and providing referrals to local and regional resources and shelter options to address specific needs. Individual needs are assessed by providers of homelessness services upon referral.

Addressing the emergency shelter and transitional housing needs of homeless persons

In FY2022-2023, CDBG entitlement funds will be used to support the Childcare Center Renovations at New Life Center, a domestic violence shelter geographically located in Goodyear. The childcare facilities serve the residents of the shelter, to address the needs of children with trauma informed care.

The 20-year-old facilities are almost always at capacity. The buildings and grounds all need to be refreshed, repaired, and updated, as such, the organization is in the midst of a capital campaign to raise \$5M for these improvements and expanded services. Eighty percent of Goodyear's PY22 entitlement will be allocated toward significant reconfiguration and remodeling in the Child Development.

Additionally, the Goodyear Police Department, through the Homeless Outreach Team (HOT), will continue its proactive approach to establishing trusting community relationships and providing referrals to regional resources and shelter options to address specific needs. And, the I-HELP program will continue to provide overnight emergency shelter and case management to assist people experiencing homelessness move from crisis to stability.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Phoenix Rescue Mission will work with the Goodyear Police Department Homeless Outreach Team to continuously engage people experiencing chronic homelessness in Goodyear to build trust and rapport. Many individuals they engage are struggling with addiction and mental health issues and are in need of support to acquire stable housing and social security benefits as they are unable to maintain steady employment.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Individuals and families will have access to regional homelessness prevention resources across a continuum based on the immediacy of their risk, current housing situation, and family resources. The type of services varies by funding source, and ranges from mortgage, rent and utility assistance only to prevention assistance (transportation, vehicle repair, daycare, etc.) designed to promote housing stability. People being discharged from a publicly-funded institution of care also have access to these resources along with specialized coordination of services through nonprofit agencies that address the risk of homelessness among the re-entry population. Families may also receive assistance from their child(ren)'s school through McKinney-Vento funds that provide transportation, school supplies, free breakfast and lunch, case management/advocacy, and other services.

Discussion

Individuals and families experiencing homelessness in Goodyear reflect the diversity, complex characteristics, and special needs of people experiencing homelessness throughout the United States. Some people experiencing homelessness require limited assistance to regain permanent housing and self-sufficiency. Others, especially people with disabilities and those who are chronically homeless, require extensive and long-term support. In addition to people who are already homeless, individuals and families with limited incomes may be in imminent danger of becoming homeless.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

HUD defines a regulatory barrier as "a public regulatory requirement, payment, or process that significantly impedes the development or availability of affordable housing without providing a commensurate health and/or safety benefit." The Goodyear 2025 City of Goodyear General Plan identified the following local barriers to affordable housing and residential development:

1. As a relatively young community, only limited programs are currently in place to address aging housing stock.
2. The availability of funding such as Community Development Block Grant funds have steadily decreased over the years.
3. Goodyear has a need for a variety of housing types, such as multifamily rental housing. However, there are often negative, but not necessarily true, associations with these types of developments that must be overcome.
4. Housing prices could increase in the future causing housing to become unaffordable.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

To address local barriers to affordable housing and residential development during the next year the city will:

1. Promote the principles of fair housing;
2. Assess the current conditions of neighborhoods (e.g., crime, maintenance, property value, lighting) and evaluate the potential benefits of revitalization activities;
3. Assess the need for increased maintenance and city services for certain neighborhoods with unique traits or challenges; and
4. Conduct an assessment of housing conditions in the city's oldest neighborhoods.

Discussion:

COVID conditions led the city to prioritize the human services assessment portion of the Community & Neighborhood Services Master Plan in 2021. Assessment of neighborhood conditions, including housing conditions and the need for increased maintenance and city services in certain LMI neighborhoods will be completed in FY2023, providing the framework to further community education and establish needed programs.

AP-85 Other Actions – 91.220(k)

Introduction:

In addition to establishing goals related to the use of CDBG funds, the city established HUD-required strategies to improve the delivery system, address lead-based paint hazards, reduce the incidence of poverty, and address barriers to affordable housing development. The city has also developed HUD-required program monitoring, and Minority- and Women Owned Business Enterprise Policies.

Actions planned to address obstacles to meeting underserved needs

The development and subsequent implementation of policy initiatives is critical to the success of the city of Goodyear's overall housing and economic development goals. In general, policy development and implementation are designed to enhance city program effectiveness, identify gaps or underserved groups, and enhance the private sector's ability to provide market-based solutions. Despite an influx of one-time funding, insufficient funding and an emerging delivery system remain significant obstacles to meeting underserved needs, due to the temporary nature of the funding and the importance of sustainability. It is hoped that the pilot projects funded with these one-time funds will generate sufficient data to support future funding applications and investment from others.

Actions planned to foster and maintain affordable housing

The city will assess neighborhood conditions, including housing conditions and the need for increased maintenance and city services in LMI neighborhoods to provide the framework for programs and services that will foster and maintain affordable housing.

The city of Goodyear is part of the Maricopa County Regional Analysis of Impediments to Fair Housing Choice. To address impediments to fair housing choice identified in the Maricopa County Regional Analysis of Impediments to Fair Housing Choice, the city will:

1. Review Goodyear fair housing complaints data from HUD to identify any patterns in lending discrimination, failure to make reasonable accommodations, and other discriminatory patterns to identify the need for local investments in education, public services and other vital community investments.
2. Assess conditions in LMI neighborhoods to identify vital community investments.
3. Promote fair housing education by providing information, participating with neighboring jurisdictions to promote fair housing education, and examining opportunities to provide financial literacy classes for prospective homebuyers.
4. Report information to Maricopa County.

Actions planned to reduce lead-based paint hazards

The city will follow a multi-pronged approach to reduce lead hazards, integrating the following actions into housing policies and procedures:

1. Rehabilitation Projects. The city will follow strict HUD guidelines for testing and abatement of lead-based paint and other hazardous substances, and require compliance from its contractors and subcontractors. Any structure built before 1978 that is proposed for rehabilitation under federal programs will be tested for lead-based paint. Notices and requirements regarding testing and removal of lead-based paint will be provided to program participants and contractors.
2. Public Education. Lead hazard information will be distributed to participants in homeownership and rental programs.

Actions planned to reduce the number of poverty-level families

The city will invest community funding in services that promote stabilization of people in crisis and access to economic opportunity as a forerunner to their movement out of poverty. The city will continue its economic development efforts, working cooperatively with employers, childcare providers, workforce investment agencies, and education agencies to promote jobs-based education and services to help lower-income households attain higher-wage employment.

Actions planned to develop institutional structure

The city of Goodyear recognizes the benefits of increasing administrative efficiencies to improve the delivery system. The city will continue to remain open to using CDBG funds for public services, while primarily leveraging the Community Funding program to expand available services to Goodyear residents. Additional one-time general fund resources have been identified to further support the implementation of pilot programs identified in phase I of the Community & Neighborhood Services Master Plan, including an assessment neighborhood conditions to identify the demand for housing assistance and services.

Actions planned to enhance coordination between public and private housing and social service agencies

The city will continue to work with the Faith and Community Roundtable to facilitate trust and expand the collaborative mindset that honors the contributions, needs, and perspectives of local service providers.
