CITY COUNCIL ACTION REPORT

**SUBJECT: CITY MANAGER'S RECOMMENDED FY2023 ANNUAL BUDGET AND
FY2023-2027 CAPITAL IMPROVEMENT PLAN**

STAFF PRESENTER(S): Ryan Bittle, Finance Manager, Doug Sandstrom, Finance Director

Summary

Staff will present, answer questions, and receive input from the City Council on the FY2023 City Manager's Recommended Budget and five-year FY2023-2027 Capital Improvement Program (CIP). Council discussion and feedback will be used to make any required modifications prior to presenting the Tentative Budget and preparing required publications for final adoption of the FY2023 budget. The City Manager's Recommended Budget for FY2023 is \$480.4 million. (Ryan Bittle, Finance Manager, Doug Sandstrom, Finance Director)

STIPULATIONS

This is an informational step in building the FY2023 budget. As proposed this budget complies with Council adopted financial policies that provide for fiscal conservatism, flexibility, and adherence to legal requirements and professional practices. Property tax levies and rates are within legal limits for the levy and the combined rate is below the maximum established in the adopted financial policies.

FISCAL IMPACT

This recommended budget is built around the core financial policies previously adopted by council. The budget maintains current programs and services to an expanding population base and addresses the highest priorities expressed by City Council including public safety, sustainability, prudent financial stewardship, compensating employees fairly, providing capacity to absorb capital cost increases and actively pursuing economic development opportunities while maintaining a focus on investing in infrastructure through our capital improvement plan. As presented the recommended budget retains all base budget programs and adds \$9.1 million in ongoing supplementals, 62.04 new full-time equivalent (FTE) positions, plus \$9.5 million in one-time supplementals. The overall FY2023 budget reflects an increase of 8% over the FY2022 revised budget when adjusted for carryovers, contingencies, CFD's, and trust funds.

BACKGROUND AND PREVIOUS ACTIONS

An overview of the FY2023 City Manager's Recommended Budget was presented to council at a work session on April 18th.

STAFF ANALYSIS

The FY2023 budget process began in calendar year 2021 and included departments submitting their initial list of new capital projects, preparing base budget estimates, preparing supplemental addition requests and updating existing CIP project costs and timelines as needed. All of these estimates and requests are reviewed by Budget and Research and with the executive team. In the case of capital projects; Engineering Project Management, Information Technology, and Procurement are highly involved in reviews to ensure that all elements of a project are captured within its scope/budget and that we have the organizational resources to deliver the projects proposed. Council provided their initial FY2023 budget priorities in October 2021 at a retreat and these discussions were utilized in the development of this recommended budget. The first formal step in this budget process with City Council was the presentation of the five-year General Fund forecast on February 7th, 2022. That forecast served as the basis for this recommended budget. On March 28, 2022, City Council approved the only change to our financial policy which was to increase our portion of construction sales tax treated as ongoing revenue from \$5.6 million to \$6.1 million. This policy calls for annual review and the \$6.1 million was based on the average of the lowest five-years in the prior ten of General Fund construction sales tax collections.

The proposed budget complies with financial policies and General Fund resources exceed proposed uses by \$23.9 million which as presented will be programmed as CIP Reserves for use in future fiscal years of our fully funded five-year CIP when the tentative budget is presented for adoption in May.

City Manager's Budget Message

City Manager's Budget Message

April 18, 2022

Honorable Mayor and Council,

I am pleased to present my recommended budget for fiscal year 2022-23 (FY2023) in the amount of \$480.4 million (excluding carryovers). This budget includes all costs associated with day-to-day operations as well as new and ongoing capital projects. This amount is supported by sales taxes, property taxes, state-shared revenues, fees for services, development impact fees, bonding and other miscellaneous revenues and reimbursements. The main operating fund of the city is the General Fund. For FY2023, the General fund is programmed at \$210.7 million which includes ongoing expenditures of \$129.3 million to provide for basic city services such as police, fire, parks, recreation and support services. An additional \$81.4 million is programmed as one-time general fund expenditures. Several special revenue funds such as Ballpark operations, debt service and streets are partially supported by the General Fund while our water, wastewater and solid waste services are fully funded through direct user fees.

FINANCIAL POLICIES

The city has a long-standing history of maintaining conservative financial practices and policies. This recommended budget is consistent with those prior practices and the Financial Policies adopted by the City Council on March 28, 2022. Key elements of these policies include:

- Using one-time resources for one-time expenses, such as equipment or capital projects
- Maintaining investment grade bond ratings
- Adopting contingency amounts of 15% of ongoing revenue for the General Fund and each enterprise fund.
- Presentation of a five-year forecast for the General Fund

ECONOMIC CLIMATE

In addition to developing this budget in compliance with our internal policies and practices, external economic realities outside of our control continue to have a direct impact on the development of the budget. While it appears from a societal standpoint the worst of the

Coronavirus Pandemic is behind us, we're still very much dealing with the economic unpredictability not just in Goodyear but across the country. New challenges include widespread labor shortages, supply chain disruptions, and inflation rates not seen in over 40 years. Despite these challenges, the City of Goodyear and Maricopa County continue to see strong growth and continued construction activity allowing the city to make progress with our strategic and community priorities while still working within the conservative boundaries of our City Council adopted financial policies.

While still being issued at high levels, permits for single-family housing are down compared to prior year activity due in large part to a lack of buildable lots and extended construction development cycles related to the challenges stated above. Despite these bottlenecks, our city continues to benefit from growth and is currently estimated at just under 102,000 residents. In addition to our residential growth, new businesses continue to locate in Goodyear expanding our one-time revenues through permit fees, construction sales taxes and use tax on equipment. Once completed these new and expanding businesses begin to generate ongoing sales and property taxes for the city, as well as local jobs for our residents, which in turn increases our state shared revenues.

The ongoing impact of growth on city revenues continues to materialize. For FY2023, newly constructed properties added \$94.7M of assessed value to the city. Assessed valuation growth of existing properties grew by 2.4% which is in line with state law limiting assessed valuation growth. These property values serve as the base for both Primary and Secondary property taxes. Primary property tax revenue supports the day-to-day General Fund operating budget and is constrained to two percent (2%) growth over the prior year plus a levy on new properties. Secondary property taxes support voter-approved General Obligation bonded debt service.

For the first seven months of FY2022, local sales taxes, excluding construction related and one-time use tax activity, are exceeding prior year collections by 23.7% and budgeted amounts by 35.2% - when including all local sales taxes collections are exceeding last year by 19.5%. Local economic forecasts for the Phoenix Metropolitan Statistical Area predict annual personal income growth of 1.4% in CY2022. Personal income growth is lagging inflation which has impacted the housing market considerably making living in the greater Phoenix area noticeably less affordable than it was one to two years ago. The median price of a home in Goodyear has risen

by 33.8% to \$477,000. This, among other factors, has led to a tremendous increase in the construction of multi-family dwelling units throughout the City.

On a statewide basis, retail sales are projected to grow by 3.4% in CY2022 and 2.6% in CY2023. Goodyear local sales taxes have consistently performed above these statewide economic measures that are indicative of local taxable spending. Our sales tax projections for retail sales include growth rates of 4.5% to 5.0% annually with actual total non-construction sales tax growth anticipated to continue to exceed these conservative estimates over the next five-years.

BUDGET DEVELOPMENT PRIORITIES AND FRAMEWORK

The recommended budget focuses on the ongoing provision of key city services to a rapidly growing population and business base.

On the resource side, the budget includes the adopted water, wastewater and sanitation rate increases, as well as modifications to the building valuations tables which will impact building permit and review fees. Although not impacting the FY2023 budget, the required update to our Infrastructure Improvement Plan (IIP) will occur during the year and impact next fiscal years Impact Fee revenue. The recommended budget is balanced and sustainable within our financial forecasts, and our five-year Capital Improvement Plan (CIP) is fully funded within available resources and deliverable as presented.

Our total revenue estimate for FY2023 is 1.4% higher than our FY2022 estimate and 23% higher than the FY2022 adopted budget. For FY2023, the forecast for construction sales taxes has been reduced from FY2022 estimates by 15% (\$3.4M) to maintain our conservative approach to revenue forecasting. As previously mentioned, the pandemic's impact on our overall revenues was negligible and as a result, total revenue collections exceeded our FY2022 budget leading to a substantial beginning fund balance which is available for one time needs of the City. Although not fully programmed in FY2023, this available fund balance is a critical element to the funding of our fully deliverable five-year CIP plan.

Our first step in the budget process is to create a five-year forecast for the general fund. As part of this process, we identify unplanned savings or additional revenues from the current fiscal year

that by policy are considered one-time in nature to be used for one-time needs in the FY2023 recommended budget. The five-year revenue forecast for the general fund remains virtually unchanged from the presentation to City Council in February 2022.

As presented, the FY2023 budget does not utilize all ongoing resources for ongoing costs. Following the guidance provided by City Council and our adopted financial policies, this budget utilizes approximately \$9.1 million of ongoing resources to fund one-time costs. Due to the continued growth occurring within the City, we utilize a set-aside concept in the General Fund to financially prepare for anticipated future operating costs associated with CIP projects or service expansion. This is done by planning to use ongoing resources for one-time needs in the budget to protect that ongoing revenue capacity for use in the future. The set-aside concept has been successfully used in prior years to minimize the ongoing budgetary impact of the recreation campus, city hall and two new fire stations. This budget sets-aside \$1.3 million in ongoing funding to begin accumulation of ongoing capacity for the operational costs associated with elements of the recommended CIP.

FY2023 BUDGET OVERVIEW

Of the \$480.4 million recommended budget, \$232.8 million relates to expenditures that support the ongoing day-to-day operations of the city. This figure is up 15% from the FY2022 revised budget.

The operating budget includes annually re-occurring expenses such as personnel costs, utilities, supplies, contractual services, routine maintenance and repairs. Pursuant to policy, the recommended budget includes a fully funded economic stabilization reserve equal to 15% of operating revenues for the General Fund and each of the three enterprise funds. These funds are included in the budget as a policy reserve contingency.

Looking solely at the recommended \$210.7 million General Fund budget, there is \$138 million programmed for day-to-day operations, which is an 8.6% increase over the FY2022 revised budget. This increase is attributable to base budget adjustments, salary & benefit Increases and \$6.7 million in ongoing supplemental budget additions. Fund balances that are unallocated in the FY2023 budget will be programmed into the final budget as CIP reserves setting them aside for use in funding projects in years two through five of the CIP, unexpected cost overruns, or acceleration of projects as staff resources allow. All such modifications will be done within the adopted budget amendment process approved by City Council.

NEW POSITIONS AND EXISTING EMPLOYEES

As we continue to grow as a city, not only by population but by industry, our workforce needs to grow with it in order to maintain and expand current levels of service. To address these service

level needs, the recommended budget adds 62.04 full-time equivalent (FTE) positions. Of these positions, 2.57 FTE's represent a block of seasonal hours (1.0 FTE = 2,080 hours) for our Parks & Recreation department, 0.47 are for a part-time position in Human Resources, and 4.0 reside in our Enterprise funds. Of the remaining 55.0 FTE's recommended in this budget, 51% are for public safety, reflecting the Council's continued prioritization of the safety of our residents and businesses. With this recommended budget, our total position count will increase to 899.19 FTE positions.

	FY2022	change	FY2023
Full-Time	691.60	55.00	746.60
Part-Time	4.85	0.47	5.32
Seasonal	52.30	2.57	54.87
Enterprise	88.40	4.00	92.40
	837.15	62.04	899.19

Much of our workforce is public facing providing direct services to our residents and customers. The specific additions to our workforce are included in each department's budget summary, Schedule 5, and in the recommended supplementals.

In addition to keeping up with growth, the City Council has steadfastly placed an emphasis on developing and supporting our employees. Accordingly, the FY2023 recommended budget includes several elements that are specifically designed to keep us competitive and also to enhance internal equity between our represented and non-represented employee groups. The recommended budget includes a 7.5% market pay increase for all eligible, non-represented employees as well as implementation of all aspects of the final year of the Memorandum of Understandings (MOU) of our two represented groups, Police and Fire.

Represented Police employees will receive a 2.0% market increase and a 5% step increase for those eligible (7.0% total base wage increase). Additionally, the City's contribution to represented officers deferred compensation plans will increase from 1.25% to 1.5%. Represented Fire employees will receive a 1.5% market increase and a 5% step increase for those eligible (6.5% total base wage increase). In addition, the City's contribution to represented fire's deferred compensation plans will increase from 1.5% to 2.0%, HAZMAT pay will increase from \$1.15 to \$1.16 per hour and Paramedic Pay will increase from \$2.50 to \$2.55 per hour.

In addition to the above compensation changes, there is an approximately \$2.0 million decrease in the required annual city contribution to the Public Safety Personnel Retirement System (PSPRS) due to a \$24.0 million payment made by the City towards the unfunded liabilities of these retirement plans in FY2021. Although PSPRS employees' contribution rates are capped, the City is required to pay whatever rate is necessary to make the system actuarially sound. This action, which utilizes available fund balance, not only decreased the annual operational impact of the systems unfunded liabilities, it increased the total funded rate of both systems into a healthy range.

	Rate		Funded Status	
	FY2022	FY2023	FY2022	FY2023
Fire	31.25%	23.50%	71%	89%
Police	32.89%	25.11%	66%	86%

CAPITAL PROJECTS

In a growing city, a high priority is placed on infrastructure investment and maintenance. I am pleased to once again include fully funded and fully deliverable five-year Capital Improvement Plan (CIP) which represents \$502.9 million of spending over 5-years. The first year of the plan totals

\$140.4 million and includes projects such as the brine disposal solution in partnership with APS (Enterprise Fund), continuation of Camelback Road improvements from SR303 to 152nd Avenue (assuming partner funding for the non-Goodyear portions), fire station 183 renovation with ambulance addition, as well as the introduction of several transportation related projects specifically addressing Council priorities.

Transportation improvement projects are a critical element to the recommended CIP which includes 36 transportation projects with either design dollars, construction dollars or both programmed at \$184.7M over 5-years. Many of these projects have been identified as current congestion areas that traditionally would not be improved until the adjacent property is developed. Including projects in the CIP as design only will allow us to have these projects fully designed and ready for potential development, federal funding which may require “shovel ready projects” or future city bond funding. Those projects that will mitigate congestion and are not developer dependent are included with full funding of both design and construction. To ensure the timely planning, funding, design and construction of these projects several steps have been taken including the hiring of a Transportation Manager, funding of an update to the City’s Transportation master plan and funding of a Senior Project Manager that will be dedicated to transportation related CIP projects.

Unlike ongoing costs, capital projects are one-time in nature and total dollar values vary greatly from year to year. The FY2023 recommended CIP budget of \$140.4 million represents a decrease of \$116.5 million from the revised FY2022 budget. This is due primarily to a few extremely large multi-year projects which were completed in FY2022 including the recreation campus (\$66M), civic square (\$87M), & the surface water treatment facility (\$128M). Any currently funded project that will not be completed by the end of FY2022 has not been included in the recommended budget and will be added as a carryover to the tentative budget. As a point of reference, the FY2022 adopted budget included CIP carryovers totaling \$157.9 million and non-CIP one-time carryovers of 4.9 million.

CONCLUSION

The FY2023 recommended budget is a product of collaboration between the City Council, city management, department directors, and staff to identify program priorities and match them with

available funding. The preparation of the budget is one of the most important tasks performed each year and the adoption of the budget is also one of the most important policy decisions that you as elected officials make for our community.

I would like to thank the entire Finance team for their diligence in developing a balanced budget, the leadership team who manage the operations and all employees for striving to provide outstanding service to our customers and residents. Finally, thank you to the Mayor and City Council for your guidance and leadership in establishing the vision for this great city.

Sincerely,

Julie Karins, ICMA-CM

Financial Policies

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

FINANCIAL POLICIES

Through the annual budget process, the city's financial policies are reviewed and discussed with the City Council, including a discussion on any changes. This is critical, as these policies set the foundation for the development of projections and budget models, and influence the ultimate balanced budget that is recommended.

These policies adopted for FY2023 reflect the City Council's vision of a growing and vibrant community that provides an outstanding atmosphere for both citizens and our business community while also maintaining conservative fiscal practices. These policies are reflected in elements of the Strategic Plan, and carry through to the development and monitoring of the city's capital and operating budgets. They represent fiscally sound financial management practices for both the short and long-term fiscal sustainability of the city.

The following change was made to the policies for FY2023:

Budget Policy #1 D was edited to increase the amount of construction sales tax revenue treated as ongoing revenue from \$5.6 million to \$6.1 million. Per the policy, this allocation is to be reviewed annually and was increased based on the average of the five lowest years of collections over the last ten years of General Fund construction sales tax revenue. This measure was increased from \$5.1 million to \$5.6 million in FY2022.

These policies were adopted by City Council on March 28, 2022 to be effective for the development of the FY2023 budget.

OVERALL GOALS

The overall financial goals underlying these policies are:

1. **Fiscal Conservatism:** To ensure that the city is at all times in a solid financial condition. This can be defined as:
 - A. Cash Solvency - the ability to pay bills.
 - B. Budgetary Solvency - the ability to balance the budget.
 - C. Long Run Solvency - the ability to pay future costs.
 - D. Service Level Solvency - the ability to provide needed and desired services.
2. **Flexibility:** To ensure that the city is in a position to respond to changes in the economy or new service challenges without an undue amount of financial stress.
3. **Adherence to the Highest Accounting and Management Practices:** As set by the Government Finance Officers' Association standards for financial reporting and budgeting, by the Governmental Accounting Standards Board and other professional standards.
4. **Comply with Statutory and Funding Entity Requirements in Budget Adoption:** To ensure budgets are properly adopted and revenue restrictions are adhered to during planning, development, adoption, and implementation.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

BUDGET POLICIES

1. Ongoing operating costs should be supported by ongoing, stable revenue sources. This protects the city from fluctuating service levels, and avoids crises when one-time revenues are reduced or removed. Some corollaries to this policy:

- A. Ending fund balance should be used only for one-time expenditures such as CIP projects, capital outlay, increasing reserves or contingency funds, and/or paying off outstanding debt. The portion attributable to ongoing set-asides or contingencies may be used to fund those purposes.

Compliance Statement: The General Fund budget is developed with a separation between ongoing and one-time resources and expenses. Beginning fund balance is fully allocated to the one-time analysis.

- B. Ongoing maintenance costs, such as street resurfacing or swimming pool re-plastering, should be financed through operating revenues, rather than through bonds.

Compliance Statement: Day-to-day operations and routine maintenance are all planned as ongoing expenses and paid with ongoing resources only. Major asset replacements are funded in advance using asset management funds. These are treated as one-time and are fully funded per the plans and policy without the use of debt.

- C. Fluctuating grants should not be used to finance ongoing programs.

Compliance Statement: When used for ongoing purposes, grants are specifically planned for continuation funding from non-grant resources where appropriate. Some police grants are consistently received to fund portions of positions; however, these salaries are fully budgeted in the General Fund resulting in savings to the General Fund when these grants are received. For FY2023 full staffing of the Fires Station #187 in far southern Goodyear (Mobile) is proposed utilizing funding from the SAFER grant. If awarded these funds would cover up to the first three years of operations.

- D. \$6.1 million in Construction Sales tax, to be reviewed annually, shall be treated as ongoing revenue. This recognizes the fact that based on the structure of transaction privilege taxes in Arizona there will always be a base level of activity that will occur generating ongoing revenue for the city.

Compliance Statement: The General Fund budget includes \$6.1 million of Construction Sales Tax as an ongoing revenue. The balance of Construction Sales Tax is treated as a one-time resource.

2. The hierarchy from least spendable to most spendable fund balance for governmental funds is non-spendable, restricted, committed, assigned and unassigned. When funds are available from multiple classifications, the most restrictive fund is to be utilized first.

Compliance Statement: The FY2023 Recommended Budget utilizes restricted funds for all eligible activities prior to allocation of general funds.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

3. Ensure growth or development activities are funded commensurate with or in proportion to revenue generated from related fees.

Compliance Statement: All development related activities are funded utilizing fees generated for those services. Four (4.0) full-time positions and professional contract services funding are added to the budget to address demands for development related review and inspection services. Inclusion of transportation related improvements that are normally funded by developers is also included in the budget utilizing city general funds. When completed a cost recovery lien will be placed against the improved property ensuring that growth pays for growth.

4. General Fund and Enterprise Fund appropriations should include a contingency reserve account equal to or greater than 15% of the amount budgeted for ongoing revenues.

Compliance Statement: The General, Water, Wastewater, and Solid Waste funds all include a fully funded 15% policy reserve contingency appropriation.

5. Enterprise Funds should be self-sufficient. They should include a sufficient un-appropriated fund balance to absorb fluctuations in annual revenue. Wherever possible, enterprise funds should be charged directly for "overhead" services, rather than using an indirect service transfer. These services include such things as employee fringe benefits, insurance costs, and telephone charges. Provision should also be made for interdepartmental charges for services such as solid waste disposal (landfill) and vehicle repair, when this is practical. Operational revenue should be great enough to cover capital costs and replacement or debt service as established within rate planning.

Compliance Statement: These funds are self-sustaining in this budget and all revenue is based on the adopted five-year rate plan and actual collection experience.

6. Asset Management reserves should be established, funded and used to replace and preserve General Fund assets consistent with department plans where ten-year average annual requirements at a minimum exceed \$250,000. Other department plan-based replacements below this threshold should be incorporated into the base budget or capital improvement program and use one-time General Funds to address unusual peaks such as a single large technology application or system replacements.

Compliance Statement: These funds are fully funded based on specific ten-year plans.

7. Enterprise fund asset management requirements should be incorporated in multi-year forecasts and rate plans and included in the annual budget and capital improvement plan consistent with the underlying asset management plans.

Compliance Statement: Asset management plans were included in the development of the five-year enterprise fund rate plan. The base budget and capital improvement programs reflect these asset management plans.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

8. Carryovers of one-time capital and operating projects from one budget year into the next will be estimated in the budget and reconciled by the Finance Department based on actual spending to ensure the project budget is adjusted to the approved funding level.

Compliance: The City Manager's Recommended Budget does not include carryovers. The tentative and final budgets to be presented to City Council for adoption will reflect estimated carryovers from the prior fiscal year that will be reconciled based on actual spending. All current year carryovers were reconciled and processed per budget transfer resolution provisions.

DEBT MANAGEMENT POLICIES

1. Short-term borrowing or lease-purchase contracts should be considered for financing major operating capital equipment when the Finance Director along with the city's financial advisor determines and recommends that this is in the city's best interest. Lease/purchase decisions should have the concurrence of the appropriate operating manager.

Compliance Statement: The budget does not include any short-term borrowing or lease-purchase contracts.

2. Annual short-term debt payments should not exceed 5% of annual revenue or 20% of total annual debt.

Compliance Statement: The city does not have any short-term debt.

3. City of Goodyear Public Improvement Corporation - lease payments are funded by an excise tax pledge requiring a "coverage ratio" of 1.50 to 1.00 of pledged excise tax revenue to debt payment.

Compliance Statement: The actual coverage ratio is 9.67 to 1.00. All Public Improvement Corporation debt is included in this coverage including debt issued on behalf of the Major League Baseball Cleveland Guardians that is 100% paid by the team, but secured to bondholders by the city's excise tax.

4. Maintain and sell new General Obligation Bonds only when the combined Property Tax Rate of \$1.74 or lower can be achieved.

Compliance Statement: The budget maintains a combined property tax rate of less than \$1.74 and there are no G.O. Bonds recommended to be issued in FY2023.

5. Annual levy calculations should be at the maximum amount allowed for the city's primary property tax.

Compliance Statement: The budget includes the maximum allowable primary property tax levy.

6. Maintain bond rating of investment grade from at least one rating agency.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

Compliance Statement: Investment grade bond ratings were received from two rating agencies. The city's current G.O. bond ratings are Moodys Aa1 and S&P AA+.

7. Enterprise Funds should finance water and wastewater bonds sales where appropriate.

Compliance Statement: Water and Wastewater funds pay for revenue and general obligation bond debt service with a City Council approved exception related to a small portion of the Surface Water Facility. Additional enterprise fund debt is included in the adopted five-year rate study and planned in this budget.

8. Bonds should not be financed by General Funds unless necessary. If General Funds finance bonds, the combined annual debt service shall not exceed ten percent (10%) of the current three years average operating revenues of the General Funds. Construction Sales Tax revenues considered as ongoing revenue per policy 1(D) are included in computing the applicable revenue.

Compliance Statement: General Fund debt service as a percent of revenue is as follows:

- *0.8% with strictly General Fund debt and revenue.*
- *For full disclosure, Ballpark debt is ultimately funded by the General Fund, but it is considered to be outside the intent of this Financial Policy. If Ballpark debt and Ballpark revenue are included, debt service is 6.8% and still within the 10%.*

BUDGETARY CONTROL SYSTEM POLICIES

1. Monthly budget status reports will be reviewed by the City Manager and then presented to City Council.

Compliance Statement: Monthly financial reports are issued comparing budget to actual expenditures and revenues for all major funds. These also include category based analysis of local sales tax revenue. At the quarter, more detailed analysis is provided on all revenues and expenditures.

2. Establish a City Council-adopted triennial Strategic Plan with measurable goals and objectives to provide high level direction and priorities for operations and financial planning. Updates on progress against the triennial Strategic Plan will be provided no less than twice per year.

Compliance Statement: A triennial strategic plan has been adopted by City Council and updates presented at least twice per year. This budget recommendation reflects the relationship to meeting the plan goals.

3. All changes to the Total Full-Time Equivalent (FTE) count for ongoing positions as shown in city budget Schedule 5 and state budget Schedule G or equivalent schedules require City Council approval. This does not limit movement of budgeted positions within the organization by the City Manager.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

Compliance Statement: The budget includes additions and changes to the count for full-time and part-time full-time equivalent positions.

REVENUE POLICIES

1. A diversified and stable revenue system will be maintained to ensure fiscal health and absorb short run fluctuations in any one revenue source.

Compliance Statement: There have been no changes in the revenue system. The semi-annual adjustment to the building valuations will occur in coordination with the in progress user fee study. Revenues continue running high in this area and have far exceed budgeted levels over the last few years due to the pace of development and extraordinarily large commercial projects.

2. User fees for all operations will be examined every 3-5 years to ensure that fees cover direct and indirect cost of service. Rate adjustments for enterprises will be based on five-year enterprise fund plans.

Compliance Statement: User Fees were updated and adopted by City Council on January 25, 2021. A five-year enterprise funds rate plan was adopted by City Council covering the years 2021 through 2025.

3. Development fees for one-time capital expenses attributable to new development will be reviewed every 3-5 years to ensure that fees match development related expenses.

Compliance Statement: A full update to the citywide development impact fee plans and fees was implemented in April 2019 and an update to incorporate an area south of the current fee areas was implemented in April 2020. An update to the five-year Infrastructure Improvement Plan is included in the budget for implementation on or before October 1, 2023.

4. Cost analysis should be performed for all services in order to determine if fees collected are covering cost of service.

Compliance Statement: The user fee and cost allocation study that was performed in 2021 includes this analysis. The consultant provided a model that is used to review fees on an annual basis.

CAPITAL BUDGET

1. A long-range capital improvement plan should be prepared and updated each year. This plan may include (in years other than the first year of the plan) "unfunded" projects that carry out the city's strategic and general plans, but it should also include a capital-spending plan that identifies projects that can be completed with known funding sources.

Compliance Statement: A fully funded and deliverable five-year funded capital improvement plan is included in this budget. Any identified projects with no source of available funding are included in the unfunded out years of the CIP, but are not programmed in the five-year capital improvement plan.

**Fiscal Year 2023 City Manager's Recommended Budget
City of Goodyear, Arizona**

2. Each department must, when planning capital projects, estimate the impact on the city's operating budget.

Compliance Statement: Capital project requests include estimated operating costs.

LONG-TERM FINANCIAL PLANS POLICIES

1. The city will adopt the annual budget in the context of a comprehensive financial plan for the General Fund. Financial plans for other funds may be developed as needed.

Compliance Statement: The five-year General Fund forecast was presented to City Council in February 2022. A five-year rate plan study for the Enterprise Funds was completed in FY2021. The City Council adopted the five-year utility rate plan in January 2021. The plan determined annual utility rate changes for Water, Wastewater and Solid Waste funds, which are reflected in the budget. These rate adjustments combined with customer growth lead to a 6.3% increase for Water revenue, a 5.7% increase for Wastewater revenue and an 8.3% increase for Solid Waste revenue.

2. The General Fund long-term plan will establish assumptions for revenues, expenditures and changes to fund balance over a five-year horizon. The assumptions will be evaluated each year as part of the budget development process and should include operating costs anticipated for opening projects in the capital improvement plan.

Compliance Statement: See above for multi-year forecast background.

In the General Fund an Operating Cost Set-Aside concept is used to provide ongoing revenue capacity for upcoming capital project operating costs. This is done by planning to use ongoing resources for one-time needs in the budget to protect that ongoing revenue capacity. The set-aside from prior years is used in this budget to offset the operational funding for the Recreation Campus and two new fire stations. Set-aside funding will resume in FY2023 based upon the proposed CIP. Ten-year asset management plans are also funded in advance based on the average annual requirements to address asset replacements for technology expenses; parks facilities, rolling stock, right of way; fire facilities and equipment; traffic signals; vehicles and fleet equipment.

FY2023-2027 CAPITAL IMPROVEMENT PROGRAM HIGHLIGHTS

- Fully Funded

- Extreme volatility continues in market
 - Unpredictable major cost changes may be seen in projects
 - Large cost increases included in projects from last years' CIP
 - Vary based on type of project
 - Inflation, supply chain, labor
- Inter-fund Loans for Development Impact Fees (DIF) from Restricted Construction Sales Tax are planned as part of CIP funding over next 5-years in the following DIF funds. This allows facilities/infrastructure to be built prior to growth without issuing debt or waiting until enough fees are on hand.

420 – Fire North

423 – Streets North

421 – Fire South

424 – Streets South

422 – Police

425 – P&R North

- Per existing development agreements with Estrella Mountain Ranch, the Rainbow Valley Water Reclamation Facility includes developer funding reimbursable to developer from impact fees.
- All Development Impact Fees are forecast at current adopted rates. As required by state law we will be updating our Infrastructure Improvement Plan (IIP) over the next year. Based on continued growth and overall cost increases we anticipate large adjustments will be needed to the existing fees.
- Unallocated FY2023 fund balances are required for future years of the proposed 5-year CIP and will be programmed as Capital Project Reserves in the tentative budget.

DEPARTMENT OVERVIEW

The mission of the City Council is to represent and serve our community as responsible stewards of public trust. We envision and shape our future by engaging citizen involvement and fostering city staff innovation. The city of Goodyear has a council-manager form of government. The City Charter provides for a mayor and six councilmembers all elected at large on a non-partisan ballot. The mayor and council serve four-year terms. The mayor has a two-term limit and councilmembers have a three-term limit. Councilmembers serve staggered terms to ensure continuity. The City Council is responsible for appointing the City Manager, City Attorney, Municipal Judge, and Board and Commission members.

DEPARTMENT BUDGET OVERVIEW

The Mayor and Council FY2023 General Fund budget is used to cover discretionary funds for special projects, membership dues, conference registration, travel, and stipends for the mayor and councilmembers. The FY2023 General Fund budget excluding the special projects fund is 8.8% higher than the FY2022 Budget. This increase is mostly due to citywide wage and compensation market adjustments.

The Special Projects budget is used by City Council if there is an unfunded priority they desire to address during the year with approval by the majority of the City Council. This budget is replenished from one-time General Funds each year and cannot be used for ongoing expenses.

DEPARTMENT OVERVIEW

The City Manager's Office implements the policy direction established by the City Council, and provides organizational leadership, planning, and coordination to all departments and the leadership team. Our mission is to provide the finest municipal services and promote a quality environment to enhance our community's prosperity through citizen and employee participation.

City Manager's Office

The City Manager serves as chief administrative officer of the city and is responsible for ensuring that administrative processes and programs are in place to effectively provide city services. The department is comprised of the City Manager's Office, Government Relations, and Grants & Neighborhood Services.

The City Manager's Office works closely with Finance to oversee the development and presentation of a balanced budget to City Council and keeps them advised of the city's financial position. The City Manager's Office is responsible for long-range strategic planning for the organization and development of recommendations to City Council on a variety of public policy issues. The office provides leadership and drives performance management to create a culture of innovation, continuous improvement, and best practices.

Government Relations is responsible for building upon partnerships with regional organizations, community groups, and other pertinent stakeholders to create efficiencies and enhance the quality of life for Goodyear residents. This division also monitors legislative activities with other cities, the county, and state and federal government. They serve as a liaison to regional organizations to include: Luke Air Force Base, League of Arizona Cities and Towns, Maricopa Association of Governments, and more.

Grants & Neighborhood Services assists constituents with neighborhood issues or concerns and performs outreach to members of our community with timely information. In addition, they foster resident engagement through education programs like the Homeowner Association (HOA) academy and Leadership Enrichment and Development (LEAD) program. This division also supports city efforts to pursue grant funding to diversify revenue sources to fund strategic and capital improvement, including implementation of the city's Community Development Block Grant (CDBG) entitlement program.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$4.4 million, which is 45% lower than the FY2022 revised budget. Though the FY2023 budget includes additional funding for two new positions and city-wide wage and compensation market adjustments, the increase is offset by the removal of one-time funding from the prior year.

The City Manager's Office is also responsible to approve spending of contingencies, which includes \$15 million of budget authority containing equal revenues and expenditures to be used in the event new revenues or fund balances exceeding projections become available.

LEGAL SERVICES

Annual Budget

\$ 2,769,300 General Fund

DEPARTMENT OVERVIEW

The mission of the Legal Services Department is to be the finest public law office in providing professional and ethical legal representation to the city of Goodyear, to advocate for victim rights and crime prevention while administering justice on behalf of the public, to facilitate Goodyear's vision by assisting the city in enhancing the quality of life within Goodyear and building trust in the integrity of city government.

Description

The Legal Service's Department plays an integral and often behind-the-scenes role in city government by drafting legislation and laws and providing top-notch legal advice and counsel to the Mayor, City Council, City Manager, and city departments, boards, and commissions in their official capacities. Our office encompasses the divisions of the City Attorney and the City Prosecutor.

City Attorney – Civil Division

The City Attorney's Office provides professional, timely, and cost-effective legal services to the Mayor, City Manager, City Council, city departments, boards, and commissions, as well as city staff. The office represents the city in local, state, and federal courts, as well as before administrative agencies and legislative bodies. In addition to representing the city in litigation and settlement negotiations involving official city business, the city's civil attorneys work with the various departments they represent in drafting ordinances, resolutions, contracts, development agreements, and other legal documents. The division advises city officials regarding election issues and departments regarding personnel issues. The office additionally prepares written legal opinions and correspondence. The office is responsible for interpreting and providing advice concerning the City Charter and Code, Arizona and federal law.

City Prosecutor – Criminal Division

The City Prosecutor's Office handles all criminal cases filed in the Goodyear Municipal Court and represents the city of Goodyear in the prosecution of criminal misdemeanors, Goodyear City Code violations and civil traffic and DUI cases, which occur with the city of Goodyear. The Prosecutor's Office provides assistance to crime victims by providing information concerning their rights, the criminal justice system, community assistance programs and future court proceedings. Additionally, the office represents the city of Goodyear in all city misdemeanor criminal appeals, special actions, petition for reviews, and competence hearings filed in the Maricopa County Superior Court, Arizona Court of Appeals, and the Arizona Supreme Court.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget of \$2.8 million is 66% lower than the FY2022 budget. This decrease is primarily due to the completion of two CIP projects in the prior year. The operating budget increased by 22% primarily due to the addition of two FTE's coupled with city-wide wage and compensation market adjustments.

CITY CLERK'S OFFICE

Annual Budget

\$ 1,162,000 General Fund

DEPARTMENT OVERVIEW

The Goodyear City Clerk's Office is customer focused and community driven. The department provides access to information, manages elections impartially and with integrity, enables informed decisions for community governance, and preserves the city's history.

Administration

The City Clerk's Office prepares, assembles, and distributes the City Council agenda packet; records all City Council actions; prepares minutes of meetings; coordinates follow-up from the City Council meetings; supports the functions of City Council-appointed boards, commissions, and committees; processes all applications for special events and liquor licenses; accepts and processes all claims against the city; administers the oaths of office; provides notary services to internal and external customers; fulfills legal public notice posting requirements; and adheres to the Open Meeting Law.

The Administrative Division also acts as historian and is responsible for managing the department's records, as well as overseeing the development, training, organization, and maintenance of an ongoing citywide records management program to make certain the city's records are collected, maintained, destroyed, or archived in a methodical, efficient, and cost-effective manner to ensure compliance with State Public Records Statutes. The division also tracks and fulfills all records requests and maintains the city code.

Elections

The City Clerk's Office conducts city elections on a non-partisan basis, and elections were recently changed to the fall of even years (August and November). The City Clerk's Office partners with the Maricopa County Elections Department to provide election information to our residents. Candidate packets are prepared for citizens who are interested in running for City Council and the Clerk's office is the filing office for all candidate documents including all Goodyear candidate campaign finance reports. Voter information is shared with the public via the website, the InFocus, the West Valley View, and the Southwest Section of the Arizona Republic. The City Clerk's Office may serve as an early voting site for citizens who wish to vote early or in person, or need to obtain a replacement ballot and may serve as a polling place on Election Day for elections involving Goodyear voters.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$1.2 million, which is 42% more than the FY2022 revised budget. The increase is primarily due to the every other year election cycle with FY2023 being an election year. In addition, the variance includes citywide wage and compensation market adjustments plus supplemental requests for a new City Clerk Specialist position and a program to digitize all city records.

DEPARTMENT OVERVIEW

The Finance Department provides timely and accurate financial services for city departments, citizens, and area businesses. The department is responsible for all aspects of financial services for the city including; the budget process, procurement, utility billing and collections, long-term financial planning and forecasting, investments, customer service, debt management, accounting, accounts payable, accounts receivable, cash handling, annual audit process, business registration and maintaining city financial records.

Administration

The division manages the department, the city's debt and investment portfolios, coordinates the financing of city projects, manages special projects and evaluates their potential fiscal impact for Goodyear. The division is responsible for the strategic vision of the department, process improvement and for ensuring compliance with established financial policies for the organization.

Budget & Research

The division directs the preparation and administration of the annual operating and capital budgets. Budget & Research is responsible for integrating development and planning activities of the city into all of our financial plans and forecasts. Additional responsibilities include; revenue/expenditure estimating and forecasting, long-range fiscal planning, development impact fee management and conducting organizational and management studies. This division also administers the sales tax programs for the city.

Financial Services

The division maintains the financial integrity of the city through effective fiscal oversight. This is achieved by implementing accounting policies, procedures, systems and fiscal controls for all financial activities of the city. Financial Services provides guidance to staff regarding financial controls, laws, policies and ensuring compliance with generally accepted accounting principles. Financial Services is also responsible for producing the city's annual audited financial statements; including the annual comprehensive financial report and ensuring all grants and expenditure limitations comply with Arizona Revised Statutes and City Code.

Revenue & Utilities

The division provides for all utility billing and customer service issues for the city's water, wastewater, and solid waste services as well as citywide cash handling and revenue collection. Our customer service team serves as the single point of contact for the majority of resident issues utilizing a multi-faceted approach including online, mobile, phone and in-person. The utility team manages accounts, including the processing of all utility payments from customers and performing collections for delinquent accounts. This division also administers business licensing activities for the city.

Procurement/Mailroom

The division provides purchasing and contract support while overseeing the procurement of a great variety of products, services, supplies, and equipment for all departments in accordance with the city's procurement code. All formal solicitations for bids/proposals are managed through the Procurement Office. Procurement manages all mail room processes including mail distribution and running larger print jobs requested by departments.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$5.0 million, which is 14% more than the FY2022 budget. This increase is due to our citywide wage and compensation market adjustments plus supplemental requests for an audit of capital projects, procurement software, debt management software and an application programming interface (API) link between Fusion and Munis.

The budget does not include any CIP projects.

FY2023 GOALS & OBJECTIVES

- Develop, implement and communicate funding strategies that will meet short, medium and long-term needs (Transportation, Utilities, Water Supply, DIFs, Bonds, Rates).
- Establish consolidated reporting and communication on status of CIP projects that meets needs of budget, procurement, departments and management.
- Utilizing Shingo Model and StrengthFinder tools – establish a leadership culture based upon principles of operational excellence consistently understood and utilized by management.

FY2022 ACCOMPLISHMENTS

- Continuous Process Improvement Team completion and certification of LEAN-123 training, identifying new areas in need and communicating and implementing necessary changes within department divisions. Improvements made over the following year include:
 - Added cross street locations in the billing system for hydrant meters, which eliminated a high level of frustration among our Public Works technicians in locating the correct meter when locating non-reads.
 - Reduced the time required to fully complete a start service application by not waiting 15-days for receipt of the proof of lease. Very few accounts do not submit the proof of lease timely, the few accounts that do not submit are then turned off.
 - Began cross-divisional LEAN efforts with Human Resources and Finance to improve the payroll processes.
 - Developed several critical to quality characteristics (CTQC) documents within the budget department to streamline processes by focusing on consistent messaging of needs.
 - Refined the budget development process by consolidating several separate processes and removing unnecessary segmentation between different elements of department submittals. Budgets are now submitted and reviewed holistically.
 - Completion of LEAN-123 certification of an additional eight employees.
 - Began LEAN training for all managers and supervisors.
- Reduce the number of calls with hold times in excess of five minutes by 50%.
 - 35% reduction in calls on hold in excess of five-minutes from CY2020 to CY2021.
 - 94.6% of calls answered within five-minutes in CY2021 compared to 91.7% in CY2020.
- Installation of the Customer Self -Service Kiosk.
- Successful upgrade of the Munis system.

DEPARTMENT OVERVIEW

The Human Resources Department supports the organization's efforts to develop and maintain a highly engaged workforce by providing resources and development strategies that focus on the "whole person". We collaborate organizationally to create environments where team members can do their best work. The Human Resources Department also provides organizational leadership, strategic partnership, continuous improvement/lean thinking support and quality, fair and impartial services that ensure we implement best practices and are compliant with legislative requirements.

Administration

The division facilitates continuous improvement and lean thinking initiatives, partners with stakeholders on employee relations and labor relations matters, maintains the master employee records, administers reporting and analysis of applicant and employee information, updates and maintains records in the payroll/human resources information system, manages benefit programs, administers compensation programs, coordinates the volunteer program and provides recruitment services. The division also provides organizational development services to maximize organizational effectiveness, change management, continuous improvement support and learning, and development opportunities that attract, retain, develop, and motivate employees to give their best performance in support of city of Goodyear goals.

Enterprise Risk Management

The division is responsible for the development, implementation, and administration of the city's safety, and risk management programs. These include workers' compensation, safety, auto, property, general liability, and other federally mandated compliance programs. The identification and preparation for exposures, reduction of controllable losses and protection of the city's personnel and financial assets is also the responsibility of Risk Management.

City of Goodyear, Arizona
Human Resources**

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$5.5 million, which is 7% lower than the FY2022 budget. This decrease is primarily due to a one-time transfer into risk management for ballpark roof repairs that occurred in FY2022 and to the completion of the Performance Management CIP project. The FY2023 budget includes the addition of one full-time senior HR business partner, a part-time staff assistant, liability insurance contract rate increase, monthly cost for Goodyear Employee Orientation (GEO) transportation and one-time citywide training budget dollars.

The Risk Reserve fund is maintained at three times the uninsured level of liability losses in the city's liability insurance. The policy established requires the fund to be replenished each fiscal year if spent below the desired balance of \$750,000.

The FY2023 budget for Water, Wastewater and Solid Waste Operating Funds reflect budget for insured losses that occur within the Enterprise Funds.

This budget does not include any new CIP projects.

DEPARTMENT OVERVIEW

The Information Technology (IT) Department is a vital component of the city's mission to deliver efficient, effective, and expected citizen services. From network infrastructure and security, Geospatial Information Systems (GIS), IT project management to business system data management, integration, and support, the IT Department provides strategic business information and technology solutions so that city departments can meet their goals and enhance the city/citizen experience. In its operations, the IT Department considers the needs and wants of citizens and city departments, the ever-changing technology landscape, and the city's fundamental responsibility for financial stewardship. IT provides access to technology, innovation, data, process improvements, and the means to manage, geospatially demonstrate, and analyze city assets. IT's objectives for city departments is to reduce cost of service, increase speed of service delivery, and improve service offerings.

Administration

The division provides strategic planning and operations for the information, innovation, geospatial, and technology needs of all city departments and oversees all other IT divisions. The division also monitors customer service, adherence to technology standards and best practices, and related fiscal accountability.

Infrastructure

The division provides all city departments and staff with user technology support services, datacenter operations, unified network design and implementation, network operations, city phone system administration, user voicemail, internet connectivity, call recording, physical and virtual server administration, data storage and backup, user technology maintenance, conference room technology implementation and support, city email and user account administration, mobile device administration and support, IT asset management, print services, file shares, and access to unified network services, guest Wi-Fi, and helpdesk and infrastructure support services.

City of Goodyear, Arizona
Information Technology**

Information Security

The division provides cyber security, security architecture, policies, logging, and monitoring of security events, incident response, security awareness training, security systems management, compliance and auditing, and investigations.

Application Development & Support

The division provides all city departments with business analysis, application design and development, application implementation, training and support for commercial and in-house applications in use and database administration for all on site applications.

Project Management Office (PMO)

The PMO provides enterprise-wide support for prioritizing and managing strategic technology projects for all departments. Using best-practice methodologies, the PMO partners with city departments to conduct thorough planning to enable successful execution of technology projects. The PMO also provides a citywide project management training and Project Management Professional (PMP) exam preparation program designed to support a path to certification for project managers in all departments.

Geospatial Information

The division provides city departments and the public with the capability to access and visualize location-based data. Geospatial information enables the quick analysis of city assets for making accurate, efficient, cost-effective, data-driven decisions that improve service delivery and improve the quality of life in our community.

DEPARTMENT BUDGET OVERVIEW

The Information Technology FY2023 General Fund budget is \$8.1 million, which is an increase of 3% from the FY2022 budget. This increase is due to our citywide wage and compensation market adjustments and three supplemental requests, which include a Public Safety Technology Manager, Network Engineer and an Application Development Consultant.

The Technology Asset Management Reserve fund pays for hardware replacements programmed in a 10-year plan. The FY2023 budget is \$1.2 million and includes network and phone system replacements. The FY2023 budget is \$1.1 million and includes desktop computers, laptops, and infrastructure replacements. The FY2023 Water and Wastewater Enterprise Funds budget splits the cost for the Information Technology SCADA Engineer position. This budget for the Technology Water and Wastewater combined is 8% higher than the prior year due to citywide salary changes.

The FY2023 budget includes one CIP project for the replacement of Enterprise Storage Hardware.

DIGITAL COMMUNICATIONS

Annual Budget

\$ 1,631,700 General Fund

DEPARTMENT OVERVIEW

Digital Communications plans and directs citywide communications and marketing. This is accomplished through media relations, public outreach campaigns, audio-visual/video productions and publications, such as the InFocus magazine, the Growing Goodyear podcast and various brochures and flyers. Digital Communications launched a new, user-friendly website in FY2021, which has approximately 1,150 pages of information for residents, out-of-town visitors and employees. The department manages six social media accounts and provides oversight for all other departmental social media accounts. Digital Communications also acts as the city spokesperson, oversees the market research function and assists with internal communications.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$1.6 million, which is 29% higher than the FY2021 budget. The increase is driven by citywide wage and compensation market adjustments coupled with supplemental requests for a new Video Production Specialist, media database access and marketing/branding items for the city. This budget does not include any CIP projects.

Sense of Community

FY2023 GOALS & OBJECTIVES

- Continue to grow audiences across all social media platforms by a minimum of ten percent by creating interesting and compelling videos to showcase the increasing growth and success of the city of Goodyear and promote online.
- Prioritize communications of economic development news and signature events in our city to promote why Goodyear is a top choice for business and living.
- In accordance with the FY2022-2024 Strategic Plan, monitor neighborhood and quality of life issues through social media and report them on a regular basis to aid with decision making.

FY2022 ACCOMPLISHMENTS

- **GROWTH:** The city's social media platforms saw a 21.5% increase in the total number of social media followers in FY2021 and is on track in FY2022 to see a similar increase. The greatest growth in FY2021 was on Instagram with a 32.8% increase.
- **[FACEBOOK:](#)** Growth was positive in FY2021, with a 21.1% increase in Facebook followers. Similar growth is expected in FY2022. Strategy includes providing more high-quality content, including live and engaging topics, contests, creative videos and 3D animations and city news.
- **[INSTAGRAM:](#)** Instagram followers grew by 32.8% in FY2021. Similar growth is expected in FY2022. Strategy changes include posting consistently, more visual content, less text and more hashtags.
- **[TWITTER:](#)** Twitter followers were up 4.5% in FY2021. Similar growth in the number of followers is expected in FY2022. Strategy changes include more consistent, relevant posts and less text.
- **[GOODYEARAZ.GOV:](#)** The city's newly enhanced website was launched in October of 2020 with an emphasis on the user experience via a mobile-friendly design and an improved overall look and feel. Website traffic saw a 5.3% increase in unique page views in FY2020 after several years of steady numbers with no increases or decreases. We anticipate FY2021 will remain steady or see a slight increase in unique page views.

DEPARTMENT OVERVIEW

The purpose of the Goodyear Fire Department is to preserve lives and property in the community, while maintaining the highest standards of professionalism, efficiency, and effectiveness. The department serves by providing exceptional care, emergency mitigation, prevention, education and community outreach. There are currently seven strategically located fire stations throughout Goodyear and is an all-hazards response fire department.

Administration

The division connects the services of the Fire Department to the city's senior leadership team and division activities support citywide and department mission and values. Community and labor relations and effectiveness of operations are major responsibilities of the office. Additionally, the role of administration is to support front-line service providers by creating an environment for success. Administration is the link between the department, the City Council, and the community. The division also provides support in the areas of customer service, human resources, information management, fiscal management, policy development, and planning.

Emergency Services

The division responds to various types of emergency and non-emergency incidents including emergency medical services (EMS), fire suppression, transportation-related accidents, hazardous materials incidents, and specialty response. Additionally, essential activities include operating in an advisory capacity for and participating in activities related to departmental training, health/safety, pre-incident planning, fire prevention, and community education.

Emergency Management /Homeland Security

The division is responsible for providing mitigation, preparedness, response, recovery, and coordination for large-scale emergencies and disasters, both natural and man-made, for the citizens of Goodyear for the purpose of saving lives and preventing property damage.

Fire Prevention

The division handles fire code and inspection services for existing businesses. Fire Prevention is also responsible for the annual permit program involving high risk occupancies and works closely with the state for completing school and prison inspections. The division is also responsible for the investigation of the cause and origin of fires and works closely with the Police Department on suspicious or arson related fires. Additionally, Community Risk Reduction provides public education to the community on numerous topics, including water safety, helmet safety, smoke alarms and more. They participate in all major city events with displays and information, work with organizations and schools in the area to host safety fairs, participate in neighborhood activities, and provide child safety seat inspections.

Support Services

The division provides the maintenance of equipment frequently used by first responders and is responsible for supplying the stations and trucks with the proper inventory of supplies. The division also works toward improving the effectiveness of the department's logistical resources through research and planning in the areas of protective equipment, new fire apparatus, janitorial supplies, fleet and facility maintenance, and new facility construction.

Facilities Operations & Maintenance (O&M)

The division encompasses a broad spectrum of services required to assure the facilities will perform the functions for which the facility was designed and constructed. O&M typically includes daily operation functions and systems/equipment in the building. Due to the 24-hour nature of the facilities, maintenance is critical to ensure continuity of operations, such as HVAC, swamp coolers, generators, kitchen and household appliances, exhaust removal systems, gates and general building maintenance. This budget is managed by the Public Works Department.

Wildland

The division works as an adjunct to our Emergency Services division, under the management of the Arizona Department of Forestry and Fire Management, by providing personnel and apparatus to assist in suppressing wildfires across Arizona and in the United States. Team members maintain "Red Card" wildland firefighter certification through the state of Arizona, and the Central Area Wildfire Response Team (CAWRT) dispatches Goodyear Fire Department Type 3 and Type 6 engines to wildfires. Other members can deploy as "single resource" assets to fire incident management teams. All expenses incurred from wildfire deployments are reimbursed to the city through the Arizona Department of Forestry and Fire Management. Wildland team members provide vital expertise in combatting brush and interface fires here in the city of Goodyear.

Ambulance Services

This is a new division which will provide the community with quality patient care and transport of sick or injured citizens. The application for Certificate of Necessity (CON) was submitted to the State of Arizona Bureau of Emergency Medical Services (EMS) and granted on January 27, 2022. Planning has begun for program implementation, which is anticipated to go live in early 2023.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$27.8 million, which is 3.8% more than the FY2022 budget. The budget includes a base budget increase for Fire Station 188 operating costs and citywide wage and compensation market adjustments.

Approved supplemental requests include the following:

- Accreditation & Compliance Coordinator (+1 FTE)
- EMS Refresher Training Equipment
- F-500 Encapsulating Agent
- Hire Second Responding Battalion, one Captain (BSO), and Response Vehicle (+2 FTE)
- Paramedic Training for two additional Firefighters
- Preventative Cancer Screenings for Sworn and Fire Investigation Personnel
- Fire Station 187 Recruitment, Staffing and Communication Equipment (+8 FTE) *

* Request assumes grant funding of \$1.0 million relating to Fire Station 187 personnel costs only.

The FY2023 Asset Management budget is \$0.2 million, which is primarily used to replace equipment such as dual band mobile radios, cameras, mass casualty system, portable (HAZMAT) equipment and other miscellaneous equipment.

The FY2023 Volunteer Firefighter trust fund budget is \$0.8 million and the use is restricted to conditions of the trust.

The Ambulance Fund is a special revenue fund that receives funding from ambulance services provided and is subsidized by the General Fund. The FY2023 expenditure budget is \$1.0 million, which is partially offset by forecasted revenue projections.

The AZ Smart & Safe Fund is a special revenue fund that receives revenue from Proposition 207 and used to pay for sworn personnel expenses via a transfer to the General Fund.

FY2023 CIP Project Highlights

The FY2023 major capital project for this department is Fire Station 183 renovations and added ambulance section. Also programmed are the completion of Fire station 188 (funded by development impact fees) and design expenditures for Fire Station 182 renovations and battalion chief quarters.

DEPARTMENT OVERVIEW

The Goodyear Police Department is a professional and progressive organization that takes great pride in providing excellent customer service to our community. Department staff realizes the importance of excellence in service provision, accountability, and quality communication with the community we serve. The Goodyear Police Department leads our profession with integrity, transparency, and strives to be a model agency in the law enforcement community.

Administration

Administration accounts for the Office of the Chief and Administrative Services functions. The Office of the Chief leads the department in policy direction and special projects and encompasses the Public Information Officer. Administrative Services is responsible for budget, planning and research, grants management, and other areas of administrative support across the department.

Facilities Operations & Maintenance (O&M)

The Facilities O&M coordinates services with Public Works Facilities to ensure timely repairs, maintenance, and effective operations at all police facilities. This includes utility services, as well as repairs and maintenance in support of police building operations.

Fleet Operations & Maintenance (O&M)

Fleet operations is also managed in coordination with the Public Works Fleet division to ensure the efficient management and deployment of the department's vehicles. This includes all ongoing vehicle asset replacement schedules and management of contracts and commodities for equipment maintenance and repair, fuel, car wash, and other professional services.

Field Operations Bureau

The bureau is assigned to monitor and patrol jurisdictional areas of Goodyear, respond to calls for service, act as a deterrent to crime, enforce state and local laws, and respond to emergencies 24/7. The bureau includes six patrol squads: two-day, two-swing and two-night shifts. Non-sworn Police Assistants will respond to certain types of non-emergency calls that do not require a sworn officer.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Police**

Specialized Patrol

The division is comprised of units with specific areas of focus that work alongside patrol to fulfill the mission of deterring crime and apprehending criminals. These include the K9 Unit, School Resource Officers (SROs), and Homeless Outreach/Behavioral Health. The K9 unit's K9/handler teams support patrol by conducting narcotics searches, building or area searches, suspect tracks and suspect apprehensions. School Resource Officers (SROs) maintain a steady presence at city of Goodyear schools, promoting a positive image of law enforcement, and keeping children safe and focused on school. Two of our School Resource Officers are funded 50% through a partnership with the Agua Fria Union High School District. The Homeless Outreach Team provides a unique resource in dealing with ancillary issues that arise from this particular population, including nuisance behaviors such as panhandling and urban camping.

Traffic Unit

The unit encompasses both marked and unmarked patrol and motorcycle enforcement. All officers in the unit are highly trained and several are Drug Recognition Experts (DRE's), who can identify drivers impaired by alcohol or drugs. The unit also includes Towing Administration, which administers police programs in support of state statutes that require law enforcement to impound a motor vehicle under certain circumstances.

Community Services Unit (CSU)

The CSU is another specialized function that works to maintain and enhance the community and reduce the likelihood of citizens becoming victims of crime through the strengthening of neighborhoods, communication, and dedicating time and resources to community programs. Community Services implements and guides proactive crime prevention and community policing concepts, serving as a bridge between the citizens of Goodyear and the police department. CSU officers also manage the department's Volunteers in Police Service (VIPS) program, and the Police Explorers youth leadership program.

Support Services Bureau

The bureau encompasses several support and administrative functions that directly impact department operations. These include the Records Unit, the Property and Evidence Unit and the Station Officer, who manages the public lobby window at the main police operations center, and coordinates access and services to all police facilities. The Court Officer, a patrol officer assigned to the Goodyear Municipal Court, also assists with courtroom and City Council security, immediate bookings, defendant compliance payments, counseling and any other court-ordered mandates.

Professional Standards

The division encompasses hiring and recruiting, policy administration, audits and inspections, and internal investigations. It also includes the Training Unit, which is dedicated to maintaining and enhancing the skills of sworn officers, and the Special Assignments Unit (SAU).

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Police**

Telecommunications

The division is responsible for all operations regarding 911, non-emergency phones, and the radio system. Through these activities, the operators and supervisors in the division maintain the critical link between the public and officers in the field. The communications center functions as the first point of contact in most situations, ranging from in progress violent calls and traffic accidents to noise complaints and general information.

Criminal Investigations

The division is responsible for follow-up investigations on criminal cases. Division personnel provide specialized law enforcement response to assist Field Operations personnel in high-risk situations. The Investigations Division is divided into six sections based on areas of responsibility: Violent Crimes Unit, Property Crimes Unit, Special Investigations Unit, Special Victims Unit, Crisis Services Unit, and Crime and Intelligence Analysis Unit. The mission of the Criminal Investigations Division is to identify, target, arrest, and successfully prosecute individuals involved in criminal activity as well as recover any stolen property.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$37.8 million, which is 5% higher than the FY2022 budget.

Approved supplemental requests include the following:

- Automated Fingerprint Identifications Systems (AFIS) Remote Site (CIP ongoing costs)
- Phoenix Rescue Mission Contract
- Officers - Investigations Assignment (+3 FTE)
- Personnel Study
- Policy & Accreditation Manager (+1 FTE)
- Squads (2) - Patrol Assignment (+10 FTE)
- Substation Renovation (CIP ongoing costs)
- Telecommunications Operators (+3 FTE)

The Impound Fund is restricted to expenditures associated with the operations and administration of state-mandated tow and impound of vehicles for specific offenses. The FY2023 ongoing budget is \$87,000. 40% of position responsibilities are related to the General Fund.

The Officer Safety Fund for \$12,000 is a restricted fund with revenue provided from a share of each civil fine collected by the courts. Expenditures are for safety equipment.

The AZ Smart & Safe Fund is a special revenue fund that receives revenue from Proposition 207. This is used to pay for sworn personnel expenses via a transfer to the General Fund.

Police grant funding primarily comes from federal and state sources. The state funded Vehicle Theft Task Force (VTTF) grant from the Department of Public Safety helps supplement task force activities. The department also receives grants from the Governor's Office of Highway Safety (GOHS) for DUI enforcement, work zone safety activities and equipment. Other grants include the Urban Area Security Initiative (UASI) through the Department of Homeland Security and the Bullet Proof Vest Program (BVP) through the Department of Justice.

City of Goodyear, Arizona
Police**

FY2022 ACCOMPLISHMENTS

- Completed update to the department's law enforcement records management system and achieved certification through the FBI's National Incident Based Reporting System (NIBRS).
- Completed first phase of an upgrade to security and access control systems in police facilities.
- Completed design specifications and procurement of new public safety command vehicle.
- Expanded in-vehicle printer program to include all patrol and traffic units.

PERFORMANCE MEASURES

Focus Area	Sense of Community			
Measure	Commercial vehicle inspections			
Description	In order to reduce the number of commercial vehicle complaints from the public and maintain safety on City of Goodyear streets, the department will be performing level 1 vehicle inspections on a regular basis. A level 1 inspection is the most thorough DOT inspection, and includes detailed evaluation of both the truck and the driver. This includes examinations of seat belts, tail lights, steering, exhaust systems, and everything required to drive safely.			
FY2020 Actual	FY2021 Actual	FY2022 Target	FY2022 Estimate	FY2023 Target
New	New	36	40	48

Focus Area	Quality of Life			
Measure	Vehicle collisions			
Description	Reduce the total number of vehicle collisions by 2.5% by increasing the total number of traffic contacts made. These could include educational presentations and participation at community events 1-2 times per quarter, DUI saturation patrols and producing targeted social media public service announcements regarding traffic safety topics.			
FY2020 Actual	FY2021 Actual	FY2022 Target	FY2022 Estimate	FY2023 Target
New	New	810	1150*	1,125

*Construction on I-10, people returning to work following the lifting of COVID restrictions, and an increase in jobs within the city are believed to be contributing to a higher than anticipated number of vehicle collisions. Traffic enforcement has been increased and the Police Department is seeing a decrease in traffic-related complaints.

Focus Area	Quality of Life			
Measure	Average pro-active patrol time per officer			
Description	Ensure a safe community by increasing police officer pro-active time to 40%. Proactive policing is the practice of deterring criminal activity by showing police presence, targeting community issues, and engaging the public to hear their concerns. This is in contrast to responding to a complaint after a crime has been committed.

DEPARTMENT OVERVIEW

The Development Services Department encompasses Planning & Zoning, Building Safety, Code Compliance, Plan Review, Permit Processing, and Civil Inspections. The department is responsible for the administration of city zoning, planning, and development policies. In addition, the department is responsible for the preparation, adoption, and implementation of the City of Goodyear General Plan, which provides community goals and development policies to effectively guide and manage the long-term growth of the city.

Administration

The division coordinates the activities of all divisions within the department, ensures that activities and programs are consistent with the department's mission, provides necessary resources and information services support, and provides staff support. This division also prepares monthly reports, manages the city's Kiosk Signage Program, responds to public records requests, and manages the department budget.

Planning & Zoning

The division is responsible for preparing and implementing various zoning and development related codes and ordinances, such as the Zoning Ordinance, Subdivision Regulations, Design Guidelines, and General Plan. Specific duties include reviewing and processing general plan amendments, rezone applications, variances, subdivision plats, use permits, special use permits, site plans, and development agreements to ensure compliance with city ordinances. Staff is also responsible for reviewing development plans, analysis of population and socioeconomic data, and providing support to the Planning & Zoning Commission and Board of Adjustment. The division also maintains all planning and zoning records.

Building Safety

The division ensures quality construction for the city's residents by regulating building construction and building occupancy. Building Safety encompasses both plan review and inspections to enforce the city's building, electrical, mechanical, plumbing, and zoning ordinances. This division also enforces other applicable state and local laws and ordinances.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Development Services**

Code Compliance

The division's goal is to keep our neighborhoods beautiful. Code Compliance works to educate citizens on city property code requirements, build relationships, and facilitate mediation when necessary. Code Compliance conducts proactive field inspections, encourages voluntary compliance, and responds to city code violation complaints.

Development Engineering Plan Review

The division is responsible for the examination and approval of development and construction plans for improvements in the city right-of-way and site improvements on private property including construction drawings, and water, sewer, traffic, and drainage master plans. The division is also integral to the review and approval of cases and entitlement documents processed through the Planning & Zoning division, e.g., site plans, preliminary and final plats, rezoning requests, and special use permits. Lastly, the division is responsible for maintaining the City of Goodyear Engineering Design Standards.

Development Counter

The division serves as a one-stop shop to city residents and business owners by providing information over the phone, via email, and at the Engineering & Development Services counter, about development review processes and permitting requirements. The division is also responsible for accepting all development applications for review, as well as collecting fees and issuing construction permits. In addition, staff processes and releases all Certificates of Occupancy.

Development Engineering Inspections

The division inspects the construction of new public and private infrastructure to ensure that construction of city right-of-way and private site improvements meet the requirements of the Engineering Design Standards and Policies Manual, and other applicable standards. The division reviews and approves traffic control plans, manages temporary control devices placed in the city right-of-way, oversees the construction and maintenance activities of private utilities installed in the public rights-of-ways, and monitors newly accepted improvements through the end of the warranty period. In addition, this division assists the Public Works Department with monitoring storm water pollution prevention on construction sites and provides construction site inspections.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget of \$13.1 million is 14.5% more than the FY2022 budget. While CIP decreased due to the completion of projects in the prior year, the department underwent a reorganization and added three divisions previously housed in Engineering. The FY2023 budget also includes supplemental requests for three new positions and for contract dollars to assist with plan review and inspection services.

DEPARTMENT OVERVIEW

The Economic Development Department enhances the city's economic vitality and quality of life through the attraction and retention of commercial and industrial businesses, which create and sustain the community's employment base, tax revenues, and financial stability.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget of \$4.7 million is 23% lower than the FY2022 budget. While the CIP budget decreased due to the completion of projects in the prior year, this decrease is offset by the addition of supplemental requests for a new Economic Development Specialist position and citywide wage and compensation market adjustments.

The FY2023 CIP budget is for the Franklin Pierce University – GMC Building A Tenant Improvements – Phase II project.

Quality of Life

FY2023 GOALS & OBJECTIVES

- Implement the strategic economic development plan in a manner that results in increased local jobs and creates demand for supporting businesses and fostering a sustainable tax base.
- Enhance the quality and quantity of development in Goodyear and promote the market as an excellent location for target industries including Aerospace and Aviation, Medical and Healthcare, Advanced Manufacturing and Logistics, Technology, Higher Education, Retail and Entertainment, and Small Business Development.
- Continue to develop relationships with established Goodyear businesses through regular communication and outstanding service.
- Support the attraction of retail and entertainment venues in Goodyear and increase the sales tax revenue and the number of businesses reported in the retail category.

FY2022 ACCOMPLISHMENTS

ECONOMIC VITALITY

- Continued to attract significant growth in advanced manufacturing and logistics operations with expansions of existing Goodyear companies and the announcement of new companies including Abercrombie & Fitch/GXO, Best Buy, Factor, Fed Ex, Helix Electric, KeHE, and Meyer-Burger. Announced projects will create more than 2,900 new jobs, \$903 million in capital investment, and 5.4 million square feet of new development.
- Supported two institutions of higher education growth in Goodyear. Franklin Pierce University completed a 3,500 square foot expansion to grow their Doctor of Physical Therapy and Physician Assistant programs. United Aviate Academy opened a pilot training facility at the Phoenix-Goodyear Airport.
- Seven Economic Development projects obtained their Certificate of Occupancy in FY2022 including Amazon, Christian Brothers Automotive, Old Chicago, Quetico Logistics, UPS HUB, and two Starbucks.
- Assisted with the attraction of five new retail and entertainment businesses, including Old Chicago, Salad and Go, and Shooter's World.

AWARDS

- Recognized by the International Economic Development Council (IEDC) with a Silver Award in the Digital Media category for the Holiday Shop Local Campaign and a Silver Award in the Multi Economic Development Program in recognition of the PV|303 Business Park – Loop 303 Industrial Corridor in partnership with Merit Partners, Inc.
- Received two Golden Prospector Awards of Merit, both in the Multimedia Promotion category, from the Arizona Association for Economic Development (AAED). The awards were for the department's "COVID-19 Restaurant Support" campaign and "Shop Local. Shop Safe." holiday shop local campaign.

GYR Elevates Small Business Relief Grant and Technical Assistance Programs

- Researched, developed, implemented, and monitored two small business grant programs utilizing the American Rescue Plan Act (ARPA) Funds.
 - The Small Business Relieve Grant preprogram provides COVID-19 related expense reimbursement to qualified small businesses.
 - The Technical Assistance Grant provides small business technical assistance in partnership with Co+Hoots/Huub for qualified small businesses.

INNOVATIONHUB@GOODYEARAZ

- ASU Startup School returned to an in-person format. Eight entrepreneurs completed the fall course; six were already in business, and one new business launched. The spring series had 24 participants.
- Business Builders returned to an in-person format. Staff facilitated five fall meetings totaling 54 participants. In the spring, the InnovationHub is once again partnering with SCORE to provide no-cost programming to InnovationHub participants.

MARKETING

- Increased our digital presence by engaging targeted audiences with social media, Biz Buzz articles, e-blast announcements, and adding new projects to the Development Map, all drawing traffic to our website.
- Continued the coordination of digital marketing campaigns targeting key corporate decision-makers in the aviation and aerospace, technology, advanced business services (office), technology, and retail markets. The ongoing optimization of the campaigns lead to a 19% increase in impressions on our website.
- Our "Get Connected" form continues to be a popular addition to our website. The form automatically pops up on the developgoodyearaz.com webpage, encouraging visitors to sign up for the economic development mailing list. Over 1,100 new contacts have been added since launching in July of 2020.
- Launched a social media series of entrepreneurial stories called "Launching Local," featuring local entrepreneurs and small businesses. The series was inspired by our beloved Mayor, Georgia Lord, and the first story was launched on June 29, 2021, featuring Scott Knight of Soda Bomb & Knight Academy.

DEPARTMENT OVERVIEW

The Engineering Department is responsible for managing the city's Capital Improvement Program (CIP), street transportation and traffic operations, assisting existing and future residents, and businesses in Goodyear.

Administration

Administration is the nexus of support between the City Manager's Office and each of the Engineering divisions. This division responds to inquiries from the elected officials, public, coordinates resources between internal service providers and department staff, and provides managerial oversight by issuing directives based on City Council's policy direction.

CIP Project Management

This division manages the city's CIP. The Project Managers housed in this division work in partnership with their internal and external customers to ensure high-quality design and construction services of city projects that benefit Goodyear residents and visitors. Goodyear is growing rapidly on the private side, and we are also building our public infrastructure through CIP projects to manage our growth responsibly and in a balanced manner.

The CIP division is responsible for managing all citywide projects over \$100,000 or more. Prominent projects managed include city hall, surface water treatment plant, recreation campus, fire stations, police operations phase II, Estrella Parkway bridge, and Camelback Road.

Sweeper Operations

This division is responsible for sweeping city streets, which improves air quality by removing debris from roadways to help prevent particulates from becoming airborne. Street sweeping also helps keep gutters and storm drains free of debris.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Engineering**

Traffic Signals

This division performs preventive maintenance on the city's traffic signals to ensure safe operation for motorists, pedestrians, and emergency responders.

Traffic Management

This division manages the city's traffic signal system to ensure the city's roadway network functions effectively and efficiently to serve the traveling public.

Transit

The city contracts with Valley Metro to provide fixed route bus service, express bus service Monday through Friday, Americans with Disabilities Act paratransit (Dial A Ride) and RideChoice service. Engineering manages and coordinates maintenance of the Goodyear Park and Ride with the Public Works Facilities Division.

Pavement Management

This division is responsible for assessing existing pavement conditions, planning and implementing pavement preservation, and rehabilitation projects on over 1,000 lane-miles of roadways.

Street & Markings

This division is responsible for the safety of the traveling public by ensuring that the traffic signs and striping in Goodyear meet current federal, state, and local standards.

Street Maintenance

This division is responsible for maintaining city streets and sidewalks, and repairs of asphalt and concrete.

Street Lights

This division is responsible for maintenance of over 9,000 city-owned streetlights.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$35.6 million, which is 177% higher than the FY2022 budget. The department underwent a reorganization in FY2022 and transferred three divisions to Development Services. Despite this move, the budget increased by \$24.6 million due primarily to the addition of new streets CIP projects. Supplemental requests include contract dollars for project management as well as a new Senior Project Manager position.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Engineering**

The HURF FY2023 budget is \$9.2 million, which is 15% less than the FY2022 budget. This decrease is due to the completion of CIP projects in the prior year. The operational budget increased and was driven by supplemental requests for a new Pavement Management Inspection II position and preemption replacement devices for city public safety vehicles.

The Arizona Lottery Fund pays for transit and park-and-ride expenses. The FY2023 budget is \$0.3 million, which is 33% less than the prior year due to the removal of one-time funding.

The Park & Ride marquee budget is \$500,000. This fund pays \$200,000 per year for the RideChoice program, which was previously a two-year pilot program. An ongoing supplemental request is included in the budget for the Microtransit Phase I Program.

The Traffic Signals Asset Management Fund is \$1.0 million and based on our ten-year plan to replace traffic signal components.

CIP Project Highlights

The department's major CIP projects include Camelback Road – SR303 to 152nd Avenue, Sarival Avenue (west half) Yuma Road to Elwood Street, Estrella Parkway Bridge - Vineyard Avenue to MC85, Estrella Parkway/PebbleCreek Parkway and I-10 Interchange.

FY2023 GOALS & OBJECTIVES

Capital Improvements Program (CIP)

- Continued focus on a five-year CIP that is fully funded and deliverable.
- Complete special projects programmed for this goal cycle: Temporary Sidewalk at Vanderbilt Farms (Winter 2022), Civic Square and North Subdivision Street Lights (both Summer 2022).

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Engineering**

- Provide quarterly updates of the progress and accomplishments achieved with our CIP.

Transportation

- Create a work plan for transportation priorities.
- Pursue opportunities to accelerate projects through the cost recovery policy.
- Develop a Signal Timing Optimization Plan.
- Develop a proposed five-year bridge repair and maintenance schedule.
- Complete four intelligent transportation system projects supplemented with federal funding through Maricopa Association of Governments (MAG).

Transit & Building Partnerships for Regional Collaboration

- Initiate a pilot Micro Transit program to address the unmet needs of our residents.
- Provide regional leadership by serving as the Vice-Chair position of MAG Transportation Review Committee. This will allow us to share resources strategically, and solve complex issues extending beyond the city borders.

FY2022 ACCOMPLISHMENTS

- Improved process for tracking and reporting of CIP projects.
- Made progress on the project management manual to align with changing policies and procedures.
- Completed the construction of three traffic signal projects (Sarival and Camelback, Sarival and Perryville, and Estrella Foothills)
- Completed design of Police Operations Building Phase II.
- Completed design of Estrella Parkway/Pebble Creek Parkway and I-10 Interchange.
- Completed alignment study for Estrella Parkway, Vineyard Avenue to MC85 (Estrella Bridge).
- Completed construction of the North Subdivision streetlights.
- Completed design of the space solutions for Public Works Facility.
- Completed construction of the Civic Square park. Construction of new city hall and library is anticipated to be completed in June 2022.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Engineering**

- Completed construction of the Goodyear Community Park maintenance building improvements.
- Completed construction of Goodyear's first surface water treatment plant.
- Opened the Goodyear Recreation Campus.
- Completed Franklin Pierce University tenant improvement project to accommodate their academic and programmatic expansion.
- Completed the Municipal Court tenant improvement project to comply with the regulatory requirements of the state of Arizona.
- Completed the planned pavement management projects that maintain the life of roads and improve the city's pavement condition index.
- Received the results of the citywide bridge inspection study.
- Updated traffic signal optimization plan.
- Completed the planned traffic signal asset management projects to replace equipment that has fulfilled its service life.
- Completed three intelligent transportation system projects, supplemented with federal funding through Maricopa Association of Governments (MAG).
- Completed all non-emergency asphalt repairs less than 1,000 square feet using city staff.
- Completed the building improvements at the Park and Ride.
- Completed the RideChoice Pilot Program.

Contract Services for Project Management	Contract Project Management services continue to be a need for CIP to fill in the gaps and keep CIP projects moving forward. Council has given the policy directive that staff should identify and develop CIP projects that will increase transportation efficiencies, safety, reduce congestion, and eliminate scalloped streets. Approximately 36 new transportation improvement projects are being added to the 5-year CIP, which is a substantial increase to an already robust CIP. Managing these projects will demand a significant increase in our workload. Contract funds will allow us to utilize the services of professional Senior PMs, who are familiar with City of Goodyear plan review & permitting processes, and understand the needs of the Engineering department, for our CIP to succeed.	\$ -	\$ 500,000	-	-	\$ -	\$ 300,000	-	-
Capital Improvement Program Workflow in ProjectDox	Allows for DSD staff to review plans of CIP Projects at multiple stages of the design process (30%, 60%, and 90%) prior to making a formal plan review submittal, potentially working out significant issues earlier in the process, and allowing for a more efficient/shorter formal plan review. This would also incorporate the process into our current electronic plan review system, which in the future will include permanent plan retention requirements of city assets.	\$ -	\$ 50,000	-	-	\$ -	\$ -	-	-

Preemption Replacement for City Fleet Vehicles	Goodyear's Strategic Traffic Optimization Plan (STOP) has been prepared to address the needs of our residents, as communicated by the Council, and will lead to minimizing traffic stops and delays, fuel consumption by vehicles and air pollution. There are three main components of our STOP plan: (1) Intelligent Transportation Systems (ITS) Projects (2) Changing lagging green arrows to leading (3) Prevent unnecessary Traffic Signal Preemptions Preemptive control has a profound effect on signal timing because, in the controller, it totally replaces normal timing and logic with preemptive timing and logic to serve a specific vehicle type. In the City of Goodyear, we had 11,802 preemption events across 91 traffic signals in the 30-day duration (from 09-22-2021 to 10-22-2021).	\$ -	\$ 111,000	-	-	\$ -	\$ 111,000	-	-

DEPARTMENT OVERVIEW

Through quality programs, services, and facilities, the Parks & Recreation Department enhances the quality of life, fosters a sense of community, and contributes to the city's economic vitality, while exercising sound fiscal and resource management practices. Programs, activities, and facilities instill a sense of community pride by providing opportunities for the community to gather, recreate, and develop lasting relationships in a well-maintained and attractive city.

The department is responsible for operating and maintaining public parks and rights-of-way, recreation and aquatic programs, library services, and arts and culture. The department also operates the Goodyear Ballpark and associated state-of-the-art baseball facilities. These facilities host Major League Baseball (MLB) Spring Training as well as public/private events year-round. Working with the Parks and Recreation Advisory Commission and the Arts and Culture Commission, the department provides safe parks and diverse programs that promote active lifestyles and community events.

Arts & Culture

The division enhances the sense of community and quality of life in Goodyear. This is accomplished through the promotion and organization of public and community art projects, exhibitions, community and regional events, and the celebration of the fine and performing arts.

Library Operations

The Georgia T. Lord Library, located at the new Goodyear Civic Square, will open August 2022. The two-story, 24,000-square-foot library will feature a dedicated children's area, exterior patio, café, public computers, dedicated teen space, study/meeting rooms, and multiple collaboration spaces.

The Georgia T. Lord Library is one of 17 branches in the Maricopa County Library District, providing customers access to nearly 713,000 physical materials district-wide and more than 19.5 million downloadable materials.

City of Goodyear, Arizona
Parks & Recreation**

Park Operations

The division manages and maintains 250 acres in 18 public parks. The division ensures parks and amenities are clean, safe, attractive and well-maintained. Amenities include athletic fields, sport courts, picnic areas, open turf, tot lots, pump track, splash pad, skate park, and off-leash dog areas. The division also oversees park planning/development, renovation and land acquisition.

Right-of-Way (ROW)

The division is responsible for the maintenance and care of over 23 million square feet of city-maintained right-of-way and medians. The division also oversees the maintenance and care of over 900 acres of unimproved city property. The ROW division maximizes resources by utilizing a contract service provider as well as the Perryville inmate program to ensure these areas are clean, safe, and aesthetically pleasing.

Recreation Operations

The division is responsible for the delivery of programs and services that positively impact the quality of life and enhance a sense of community for the citizens of Goodyear. The division serves nearly 35,000 participants in more than 800 programs annually. Program areas include youth and adult sports, active adult activities, community special events, classes and facility rentals. This division also operates the 48,000-square-foot Recreation and Aquatics Center, which features a teen center, multiuse gymnasium, indoor walking track, multipurpose rooms, fitness areas, play pool with spray features, lazy river, slides and a competition pool.

Aquatics

The division is responsible for the operation of the Loma Linda neighborhood pool, as well as the new aquatics facility at the Goodyear Recreation Campus. Programs include swim lessons, swim/dive teams, open swim, fitness classes and private pool rentals. The division provides more than 9,600 swim lessons annually. The division also ensures the highest safety standards with regards to operational and lifeguarding best practices, general pool maintenance, and compliance with Maricopa County regulations.

Ballpark Operations

The division is responsible for business operations of Goodyear Ballpark and associated state-of-the-art baseball facilities. The 108-acre site is the Spring Training and year-round player development home of the Cleveland Guardians and Cincinnati Reds. The site is comprised of a 10,311 seat ballpark and related facilities and amenities. Business operations include tickets sales, concessions, corporate partnerships and marketing, as well as event solicitation, development, coordination and facilitation. In addition to attracting more than 166,000 fans to MLB Spring Training this past year, the facility also hosts more than 85 events annually, such as youth and adult regional and national baseball tournaments, city signature events, graduations, festivals and adventure runs.

City of Goodyear, Arizona
Parks & Recreation**

Ballpark Maintenance

The division is responsible for the maintenance and horticultural care of Goodyear Ballpark and associated state-of-the-art baseball facilities. The 108-acre site is comprised of a 10,311 seat ballpark and related facilities, 13 full-sized baseball fields, four half-sized baseball fields, two agility fields, four pitching galleries, four batting tunnels, two 43,000-square-foot club houses, four multipurpose fields, three paved parking lots, common areas, and surrounding right-of-way.

DEPARTMENT BUDGET OVERVIEW

The FY2023 General Fund budget is \$19.7 million, which is 11% more than the FY2022 budget. This increase is primarily due to base budget increase for citywide wage and compensation market adjustments and for existing contract rate increases.

Approved supplemental requests include the following:

- Chemical Sprayer
- Civic Square Landscape Maintenance - City Hall & Library
- Enhanced Safety Equipment and Arrow Boards
- Georgia T. Lord Library Extension of Hours (additional 12 hours per week)
- Goodyear Civic Square Holiday Decorations
- Light Pole Banner Replacement and Expansion – (Public Art)
- Operation Readiness Coordinator (+1 FTE)
- Park Rangers (+1.75 FTE)
- Park Worker I (+1 FTE)
- Public Art - Traffic Signal Cabinets
- Recreation Campus Operating Staff (+3 FTE)
- Recreation Programming - Adult Sports (+0.26 FTE)
- Recreation Programming - School Break Camps (+0.56 FTE)
- ROW - Maintenance Contract
- Special Events (Expansion and Enhancements) (+2 FTE)
- Sponsorship - Mavericks Food Truck Roundup of Charity Event
- Toro Carts for Neighborhood Parks
- Vacant Property Maintenance Services
- Veterans Day Event for Employees (citywide)

The FY2023 Ballpark Fund budget is \$7.5 million, which is 9% more than FY2022. This increase is driven by CIP projects, our citywide wage and compensation market adjustments and contract increases. Ballpark has its own Capital Replacement Fund, that works similar to an asset management fund, and is programmed at \$0.2 million for FY2023 and pays for expenses such as stadium seating, canopies, batting cages, etc. These items are contractually obligated by the use agreements with the two major teams.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Parks & Recreation**

Approved ballpark supplemental requests include

- Field Maintenance Equipment
- Infield Soil Amendment
- Right Field Entrance Signage

In addition, Parks has its own asset management replacement fund which is a ten-year plan that includes replacement dollars for right-of-way, parks and rolling stock assets. The FY2023 budget is \$1.9 million, \$0.9 million is programmed in the operating budget and \$1.0 million in the CIP.

The Proposition 302 Tourism Fund is a special revenue fund with a budget of \$0.3 million to be used for advertising per the proposition guidelines.

CIP Project Highlights

FY2023 CIP projects total \$3.6 million and include the Goodyear Recreation Campus Phase II study, ballpark safety repairs, Loma Linda pool asset replacement, MLB field renovations and public art for Bullard Wash Park.

Parks & Recreation Supplemental Requests and Recommendations

Department Request						City Manager's Recommended Budget			
Title	Description	Ongoing Cost	One-Time Cost	FT Positions	PT (FTE's)	Ongoing Cost	One-Time Cost	FT Positions	PT (FTE's)
General Fund									
Recreation Campus Operating Staff (3 FTE)	Provide the necessary support to sustain the ongoing operations of the Goodyear Recreation & Aquatics Center. This request includes the addition of (2) recreation programmers to support operations at both the recreation & aquatics center and (1) aquatics pool technician. If this supplemental is not approved, GRC FTE sustainable work/life balance will not be achieved and overall customer service delivery will be negatively impacted.	\$ 337,300	\$ 10,200	3.00	-	\$ 337,300	\$ 10,200	3.00	-
Park Worker I (2 FTE)	Add two Parks Worker I positions to support the increased level of service through additional programming and park use. Field, sports court and ramada reservations continue to increase each year making it difficult for staff to keep up with park and field maintenance. If this supplemental request is not approved, the city will not be able to perform the increased maintenance demands of park facilities.	\$ 150,100	\$ 43,700	2.00	-	\$ 78,200	\$ 45,800	1.00	-
Operation Readiness Coordinator (1 FTE)	Add a position to ensure consistent implementation, evaluation, and oversight of the department's comprehensive safety program and ensure compliance with occupational safety (OHS Guidelines). This position aligns with the organizational consistency within the citywide safety program.	\$ 137,000	\$ 38,500	1.00	-	\$ 137,800	\$ 40,600	1.00	-
Special Events (Expansion and Enhancements)	Provide funding for logistics, programming, equipment and staffing to add new events/activities at the Civic Square Park as well as provide additional resources to enhance and accommodate attendance growth at 30 events/activities Goodyear hosts throughout the year.	\$ 305,000	\$ 42,600	1.00	1.00	\$ 305,800	\$ 42,600	1.00	1.00

Park Rangers (2.75 FTE)	Add two Park Ranger positions and part time hours to monitor daily activities in the parks, ensure rule compliance, and provide on-site customer service to provide all residents a high quality park experience. Park facilities are open from 6am-10pm daily, 112 hours/week and currently one park ranger (with a pool of PT support) provides only partial coverage. The additional park rangers will provide full coverage from Monday-Friday, 2pm-10pm and Weekends, 8am-10pm. The Park Ranger Program performs routine patrols, which assists in the effort to reduce vandalism, address behavior issues and provide high quality customer service to park patrons.	\$ 210,600	\$ 85,000	2.00	0.75	\$ 123,200	\$ 44,700	1.00	0.75
Vacant Property Maintenance Services	Provide the necessary resources required for annual maintenance of all city-owned vacant property. These resources will enable the city to compete an annual mowing and as-needed trash/debris removal of all areas. Current resources only allow for the servicing of approximately 25% of city-owned vacant property on an annual basis. This request includes contractual maintenance funds, a Foreman, and work vehicle to service all areas. If this supplemental is not approved, the city will have difficulty remaining compliant with all vacant property code obligations. Recommendation: One-time funding without the position or vehicle.	\$ 421,600	\$ 61,000	1.00	-	\$ -	\$ 312,000	-	-
Civic Square Landscape Maintenance - City Hall & Library	Provide landscape maintenance services for the new city hall and library facilities at GSQ. This request also includes funding for maintenance of the water feature located at city hall as well as annual flower bed installations throughout the facilities.	\$ 139,100	\$ -	-	-	\$ 139,100	\$ -	-	-
Enhanced Safety Equipment and Arrow Boards	Purchase two arrow boards, portable safety signs, cones and other equipment used for traffic control while staff perform landscape maintenance tasks within the cities ROW.	\$ -	\$ 35,000	-	-	\$ -	\$ 35,000	-	-

ROW - Maintenance Contract	Add on-going funds necessary to continue to contract the landscape maintenance in city right-of-ways that were previously maintained by the Perryville inmate program. This funding was approved in FY22 as a one-time budget supplemental in response to the Perryville inmate program restrictions during Covid-19.	\$ 373,000	\$ -	-	-	\$ -	\$ 373,000	-	-
Georgia T. Lord Library Extension of Hours (additional 12 hours per week)	Add 12 additional hours of operation per week at the new library. This will result in the library being open Monday - Thursday (9 am - 8 pm), Friday - Saturday (9 am - 5 pm) and Sunday (1 - 5 pm).	\$ 75,000	\$ -	-	-	\$ 75,000	\$ -	-	-

Public Art Specialist	Add a part-time Public Art Specialist position to support contract management, asset management, maintenance and conservation of city public art collections, and implement public art tour program.	\$ 64,400	\$ 3,000	-	0.75	\$ -	\$ -	-	-
Toro Carts for Neighborhood Parks	Purchase two Toro MDX cart that would improve efficiency while staff perform park maintenance duties in neighborhood parks. Some neighborhood parks are one (1) mile in length and take significant time to navigate. The carts would be used to assist staff with cleaning, irrigation checks and horticultural activities. If this supplemental request is not approved, the neighborhood park maintenance crew would not be able to perform their duties as efficiently as possible.	\$ 8,000	\$ 40,000	-	-	\$ -	\$ 40,000	-	-
Recreation Programming - School Break Camps	Expand school break camps (spring, fall, winter) for the community. These school break camps will be offered each spring & fall, as well as, during the annual winter break. These break camps have been highly requested from the community and local schools for an opportunity to provide the kids a fun, safe, supervised environment when their parents are working. The kids would participate in structured activities instead of being unsupervised in the park. If this supplemental request is not approved, the Recreation Division will not have the resources needed to offer these school break programs.	\$ 22,600	\$ -	-	0.56	\$ 22,600	\$ -	-	0.56

DEPARTMENT OVERVIEW

The Public Works Department provides essential services to our residents in the areas of utilities, residential trash/bulk/recycling collection, and stormwater. Additionally, internal services to support other city departments include maintenance of city-owned vehicles and facilities.

Administration

The division provides managerial oversight to all divisions in Public Works. This division also administers budget, procurement, and data management and oversees safety, employee development and overall operational readiness of the department.

Water

The division manages, protects, and ensures the city's water resources portfolio will efficiently and effectively provide needed water supplies for the existing and committed development and future projected growth. Operates the water system including the production, treatment, and delivery of safe drinking water to our customers in order to protect public health, support the economy, protect life and property from the threat of fire, and contribute to the overall quality of life.

Water Resources

The division oversees the annual availability of water and works on providing long-term water resources in compliance with the Assured Water Supply regulations. The team balances water supply and water consumption through the conservation program.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Public Works**

Wastewater

The division ensures proper management of the wastewater collections system, while providing effective treatment for discharge to streams or used for recharge and reuse purposes. Wastewater is treated to a level that can be safely recharged (allowed to percolate down into the water table). Cleaned recharged water has the potential to improve the groundwater quality and is a renewable resource for future recovery.

Solid Waste

The division performs the essential tasks of mandated inspections, bulk collections, and enhanced recycling through education and oversight of the contracted residential container refuse/recycling collections. The division manages the distribution and replacement of refuse and recycling containers and also coordinates and administers household hazardous waste collection.

Program Management

The division is responsible for managing programs that protect and enhance the public health and environment in the areas of water and wastewater quality, pretreatment, and stormwater. This team oversees compliance of the department with Arizona Department of Environmental Quality (ADEQ) and Environmental Protection Agency (EPA) regulations.

Fleet Services

The division manages all aspects of forecasting, budgeting, and executing a comprehensive asset management and maintenance program for city fleet vehicles and rolling stock equipment for all departments including Public Safety (Police and Fire). Fleet is also responsible for in-house parts inventory management, as well as procurement and dispensation of the city's bulk fuel sites.

Facilities Management

The division manages all aspects of delivering a facility maintenance program for city facilities and related equipment and systems, and tenant services. Examples include fire and life safety systems, custodial, landscaping, cooling and heating systems, plumbing, pest control, small facility improvement projects, asset management, and handling of special requests.

DEPARTMENT BUDGET OVERVIEW

The Public Works Department's FY2023 budget of \$127.6 million is primarily funded from General Fund for administration, program management and fleet services; Water Fund for operations, distribution, and production; Wastewater Fund for collections system management, effective treatment, and discharge; Solid Waste Fund for inspections, bulk and recycling collections; and Fleet Asset Management for vehicle replacements.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Public Works**

The Public Works FY2023 General Fund budget of \$15.9 million supports Administration, Program Management, Facility Administration and Fleet Services and is 150% higher than the prior year. The increase is primarily due to the addition of new CIP projects in the amount of \$7.8 million. In the operating budget, increases relate to citywide wage and compensation market adjustments plus the addition of a Fleet Mechanic III and a Stormwater Technician.

The Water Fund budget of \$48.0 million is 32% lower than the prior year. This decrease is driven by the completion of CIP projects in the prior year, which accounts for a decrease of \$28.3 million. The operating budget increased due to the addition of a Water Distribution Field Customer Service position.

The Wastewater Fund budget of \$49.2 million increased by 89% from the prior year. This is primarily attributable to the addition of CIP projects in FY2023, which accounts for an increase of \$22.2 million. The operating budget increased due to the addition of two Sewer Line Maintenance Crew positions.

The Solid Waste budget of \$8.6 million decreased by 1% largely due to completion of a CIP project last year. The operating budget increased due to the addition of a Solid Waste Equipment Operator.

The Fleet Asset Management Plan is programmed at \$2.7 million and is based on a 10-year plan for the replacement of vehicles citywide. In FY2022, a Facilities Asset Management Plan was created and is programmed in FY2023 for \$487,500.

CIP Project Highlights

The FY2023 major CIP projects in Public Works include Brine Disposal, Site 21 Treatment Improvements, Bullard Wash Tailwater Improvements and Historic Goodyear Water Replacements.

STRATEGIC GOALS

Quality of Life

Fiscal and Resource Management

FY2023 GOALS & OBJECTIVES

- Develop and implement a basic formal training protocol that addresses each position and individual work assignment needs.
- Each team will identify core services and develop operational readiness/redundancies strategies to support core services.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Public Works**

- Each team will identify and implement at least one active continuous improvement initiative every quarter.
- Use technology thoughtfully and strategically.
- Highlight current sustainability efforts and include sustainability concepts into existing and new strategies.
- Participation by every employee in at least one of the following annually: professional development opportunities, organizational efforts that include interdepartmental initiatives, and professional/industry organizations.
- Achieve Voluntary Protection Program (VPP) Star recognition from Arizona Department of Safety and Health (ADOSH).
- Create a long-term citywide space strategy for facilities.
- Improve key performance indicators to better manage information in areas such as safety, operations, regulatory compliance, and financial.
- Implement new solid waste bulk collection routes.
- Complete an evaluation of the recycling program and develop recommendations that support community and fiscal goals and implement any new strategies by end of FY2024.
- Complete a comprehensive study of water in the Rainbow Valley basin.
- Perform self-assessment of Public Works using the American Public Works Association (APWA) Management Practices manual.

FY2022 ACCOMPLISHMENTS

- The Surface Water Treatment Plant started producing potable water that was distributed into the city potable water system. Operations is ramping up to the full 8 MGD production capacity by the beginning of FY2023.
- Public Works prides itself on having a culture of safety. The department was invited by the Arizona Department of Safety and Health (ADOSH) to apply to the prestigious Voluntary Protection Program (VPP). Goodyear is the first municipality in Arizona offered this opportunity.
- New technologies that increase safety, add efficiencies, and promote environmental benefits were implemented. This includes a third eye system in our bulk collection equipment that monitors driver and vehicle performance, and the installation of a biological odor control system in the Rainbow Valley lift station.

**Fiscal Year 2023 Annual Budget
City of Goodyear, Arizona
Public Works**

- Created a position-based training project, which identified required industry certifications and training to support daily operations and help staff develop career progression pathways, identify cross-training requirements for other divisions, and succession planning within divisions.
- Implemented the VelocityEHS safety management system, through a cross-divisional change management team, which centralizes all safety documentation in one location.
- Facilities assisted Parks and Recreation with the opening of the recreation campus in July 2021 and continues to provide ongoing support in the punch list and warranty period; as well as providing onsite technician support for ongoing maintenance needs.
- Facilities staff led the effort to procure moving services and coordinate the move of existing staff from City Hall and Goodyear Municipal Complex to Civic Square.
- Implemented the first year of the Facilities Asset Management Plan.
- Facilities managed approximately \$350,000 worth of project work at the Goodyear Ballpark and the Major League Baseball Player Development complexes including new flooring and interior painting of the entire Cincinnati Reds complex, roof resurfacing at the Cleveland Guardians, and restoration painting at Goodyear Ballpark.
- Fleet was awarded the Blue Seal of Excellence by the National Institute of Automotive Service Excellence, which requires at least 75% of technicians in an organization to be certified Automotive Service Excellence (ASE). In Goodyear, 100% of our technicians are ASE Certified.
- Fleet was also recognized as one of only 50 Leading Fleets in the United States for government fleets. The Leading Fleets award recognizes the top 50 fleets in the nation that are performing at a high level, particularly in fleet leadership, competitiveness and efficiency, planning for the future, and overcoming challenges.
- Fleet established a partnership with Napa Integrated Business Solutions to run an onsite parts management service, operating out of the Fleet parts room.
- Solid Waste worked with the contracted vendor to conduct recycling waste audits, the first since the pandemic started. The data received will help us gauge how much and what type of contamination is in our recycling stream to provide targeted education to residents.
- Solid Waste completed a bulk route study to increase operational efficiencies and better equalize the collection zones. Following communication, the new routes will be implemented in early FY2023.
- Added a new feature to the Waste Wizard app on the city website, which allows residents the ability to see their collection day in a calendar view and sign up for reminders and notifications related to changes due to observed holidays or storm events.

- Water Resources and Digital Communications worked together to prepare messaging and FAQs for the Tier 1 Colorado River Shortage Declaration, which is a result of Lake Mead projected water elevations falling below 1,075 feet and will not impact municipalities.
- Entered into a Memorandum of Understanding (MOU) with Salt River Project and other entities to work on a steering committee and a cost-sharing agreement for the Feasibility Study for the Bartlett Dam modification.
- Water Resources Conservation is offering a variety of tech devices, available free to Goodyear residents, to assist with water efficiency and restarted home irrigation check-ups.

Recruiting Services for Vacant Positions	Development Services has struggled throughout the year to bring in quality candidates for hire for particular positions. Several vacant positions have been open for years, resulting in contract services money being requested repeatedly for the past several fiscal years. The vacant positions that have been hardest to fill include (1) Civil Engineer, (1) Deputy Building Official, (5) Building Inspector III & II, and (2) Plans Examiner. This supplemental is to hire an outside recruiting firm to fill these vacant positions.	\$ -	\$ 101,600	-	-	\$ -	\$ -	-	-
2021 International Code Council (ICC) Update for Building Safety Division	The Building Safety Division utilizes the International Code Council (ICC) as the source for model codes and standards that establish the baseline for buildings and communities. These codes are updated every few years through the ICC and the 2021 update is now available. In order to be implemented into the Building Safety Division, various books, software updates, and training are required for the city to adopt the 2021 codes.	\$ -	\$ 30,000	-	-	\$ -	\$ 30,000	-	-
