THE HISTORY OF THE

CHAPTER I

The first part of the history of the world is the history of the human race. It is a history of progress and of struggle. It is a history of the triumph of the human mind over the forces of nature and of the human will over the forces of fate.

The second part of the history of the world is the history of the human mind.

The third part of the history of the world is the history of the human will.

The fourth part of the history of the world is the history of the human heart.

The fifth part of the history of the world is the history of the human soul.

The sixth part of the history of the world is the history of the human spirit.

The seventh part of the history of the world is the history of the human body.

The eighth part of the history of the world is the history of the human life.

The ninth part of the history of the world is the history of the human death.

The tenth part of the history of the world is the history of the human resurrection.

The eleventh part of the history of the world is the history of the human glory.

The twelfth part of the history of the world is the history of the human kingdom.

The thirteenth part of the history of the world is the history of the human eternity.

B. LINE ITEM TRANSFER

The first part of the report deals with the general situation in the country. It is a very interesting and informative study of the economic and social conditions of the country at that time. The author has done a great deal of research and has gathered a wealth of material which is presented in a clear and concise manner. The report is well written and is a valuable contribution to the knowledge of the country.

The second part of the report deals with the specific details of the country's economy. It covers the various industries and the role of each in the national economy. The author has provided a detailed analysis of the economic structure and has identified the strengths and weaknesses of the country's economy. This part of the report is particularly useful for those who are interested in the economic development of the country.

The third part of the report deals with the social conditions of the country. It discusses the various social problems and the role of the government in addressing them. The author has provided a detailed analysis of the social structure and has identified the needs of the population. This part of the report is particularly useful for those who are interested in the social development of the country.

The fourth part of the report deals with the political situation in the country. It discusses the various political parties and the role of the government. The author has provided a detailed analysis of the political structure and has identified the needs of the population. This part of the report is particularly useful for those who are interested in the political development of the country.

7A

Steve Austin stated that there was money in the budget to pay for this comp. time. A motion was made by Commissioner Sanchez and was seconded by Commissioner Garces to pay accumulated comp. time as per the attachment.

MOTION CARRIED
(SEE EXHIBIT M)

7B

Steve Austin stated that this transfer was from 03 to 25 and also the overtime request. The transfers are in the amount of \$2,000 & \$6,122.59. After further comments as to whether the action of the overtime could be done at this time, a motion was made by Commissioner Garces and was seconded by Commissioner Rosel to approve the line item transfer.

MOTION CARRIED
(SEE EXHIBIT M)

ITEM 8. SHERIFF'S DEPARTMENT:

A. STEP GRANT:

1. BUDGET AMENDMENT OF MATCHING FUNDS IN THE AMOUNT OF \$10,785
2. ACCEPTANCE & APPROVAL OF GRANT
3. APPROPRIATE BUDGET

8A1

Lt. Jasso stated that this grant is for \$18,750 and the match of \$10,785. Commissioner Rosel stated that he was not to satisfied with the program because there was not enough accountability for these grant monies with regards to how the grant or program is coming along. After further comments, a motion was made by Commissioner Rosel and was seconded by Commissioner Garces to approve the amendment for the matching funds for the STEP Grant in the amount of \$10,785.

MOTION CARRIED
(SEE EXHIBIT N)

8A2

ITEM 9. DICK DICKINSON:

- A. DECLARE EQUIPMENT SURPLUS - COMPUTER DEPARTMENT
- B. BILLING ON CELLULAR PHONES - WARRANT OFFICERS
- C. BUDGET AMENDMENT - BUILDINGS AND GROUNDS

9A

A motion was made by Commissioner Garces and was seconded by Commissioner Rosel to declare equipment surplus.

MOTION CARRIED
(SEE EXHIBIT O)

9B

Mr. Dickinson stated that this item related to the item that had been approved the previous week on the phones for the Warrant Officers. He stated that he had received a phone call from the Auditor's Office in which it was stated that the bill would not be paid unless all the paperwork concerning the phones, was submitted along with the invoices. Mr. Dickinson stated that all the paperwork was not turned in so that they can preserve the confidentiality of the officers. After further comments, a motion was made by Commissioner Sanchez to exempt the Warrant Officers from the requirements of submitting all the paperwork and have them at the same level as the Sheriff's Office and submit these affidavits and the bills be paid immediately. Commissioner Rosel seconded the motion for discussion. He asked Steve Austin what his problems were with this item and Steve Austin responded by stating that he did not feel that the work of the Warrant Officers was as covert as the Sheriff's Office or the D.A.'s Office and that they did not warrant such confidentiality. The Commission however, disagreed and put the motion to a vote. All voted in favor of the motion.

Mr. Dickinson stated that this was an amendment for the repair of an elevator and an Air Conditioner. \$10,000 is for the Air Conditioner and \$30,000 is for the Elevator. The cost to repair the elevator is \$29,600 to repair the piston and the hydraulics. After further comments concerning the contract for repairs that might allow for these repairs and no monies be expended, although it has not been reviewed by legal counsel, Commissioner Sanchez made a motion and was seconded by Commissioner Garces to approve a \$40,000 amendment to Buildings and Grounds.

ITEM 10. HIDALGO COUNTY JUVENILE CENTER:

- A. APPROVAL OF INTERLOCAL AGREEMENT FOR McALLEN ISD SPECIALIZED TREATMENT & REHABILITATION PROJECT (S.T.A.R.)

10A

Buddy Silva stated that this was a cooperative effort between Hidalgo County Juvenile Department, Juvenile Board of Judges and the McAllen ISD. This is for Jr. High students who often find themselves in trouble. This is to provide a type of boot camp for this age group since this group tends to be more influential at this age. The McAllen ISD will provide the funding for this program. After further comments, a motion was made by Commissioner Garces and was seconded by Commissioner Rosel to approve the Interlocal Agreement for McAllen ISD Specialized Treatment and Rehabilitation Project otherwise known as S.T.A.R.

The first part of the paper discusses the general theory of the subject. It is shown that the theory is based on the principle of least action. The second part of the paper discusses the application of the theory to the case of a particle in a magnetic field. It is shown that the theory predicts the existence of a magnetic moment for the particle. The third part of the paper discusses the experimental verification of the theory. It is shown that the theory is in good agreement with the experimental results.

The theory is based on the principle of least action. The action is defined as the integral of the Lagrangian over time. The Lagrangian is defined as the difference between the kinetic energy and the potential energy. The principle of least action states that the path taken by a particle is the one that minimizes the action. This principle can be used to derive the equations of motion for a particle in a magnetic field.

It is shown that the theory predicts the existence of a magnetic moment for the particle. The magnetic moment is defined as the derivative of the energy with respect to the magnetic field. The theory predicts that the magnetic moment is proportional to the spin of the particle. This prediction is in good agreement with the experimental results. The theory also predicts that the magnetic moment is proportional to the mass of the particle. This prediction is also in good agreement with the experimental results.

Joe Lopez opened by stating that back in August, a makeshift budget was put together because they did not know how the State was going to provide funding. Upon notification of the 7% increase, the money to cover the increase was incorporated to the various departments which changed everything around again. The budgets before the Court at this time, are the budgets after everything was finalized by the State. These budgets had already been approved by the Board of Judges and it was suggested to Mr. Lopez that he make the 7% increase effective December 1 since their fiscal year begins September 1. A motion was made by Commissioner Sanchez and was seconded by Commissioner Rosel to accept the budget adjustments for fiscal year '96 for State Funds for the Adult Probation Department as presented by Mr. Lopez.
