Mr. Molina stated that these people are considered independent contractors. Mr. Crain addressed the Court and stated that there may be a problem in that they are classifying these people as independent contractors and they are not. They are employees. He stated that the way Mr. Molina addressed the issue and they way it is listed on the agenda, there could be some misunderstanding. He stated that these individuals might not qualify as contractors since they are getting paid by the hour and he suggested that they be referred to as temporary or part time employees. Commissioner Garces stated that this was for haulers that have not been paid for several weeks. They all fall within the \$15,000 cap. Steve Austin stated that the problem with no payment is that quotes have not been submitted. Commissioner Sanchez expressed his discontent with this issue. He stated that he has always submitted his quotes and that he had raised this point the last time someone had their haulers approved without the quotes. Steve Austin stated that in order for him to pay these quotes, he needed the Court to waive the County Purchasing Policy. Commissioner Arcaute stated that if the policy is read, it is said that they do not provide any quotes, they provide estimates and the Purchasing Department provides quotes. Steve Crain addressed the Court and stated that if these were claims against the County, they could wait and get it in a lawsuit or just pay them but he would not recommend that the policies be waived. Commissioner Garces then made a motion and was seconded by Commissioner Arcaute to approve the payment of haulers for Pct. 4 thru February 8, 1996. Commissioner Sanchez opposed.

Mary Maldonado stated that there were 5 bids. Vaquero Equipment for \$93,860 with a trade of \$86,860, J.C. Brown for \$126,974 with a trade in for \$117,474, Anderson Equipment for \$92,200 with a trade in for \$85,200, Nueces Power Equipment for \$99,617 with a trade in of \$94,117. She recommended Anderson Equipment for \$85,200 with a trade in. A motion was made by Commissioner Arcaute and was seconded by Commissioner Sanchez to accept the bid of Anderson Equipment.

MOTION CARRIED  
(SEE EXHIBIT T)

14A2

Ms. Maldonado stated that there were two bids from Ralph Jackson in the amount of 70 cents per square foot and BIC Realty for 95 cents per square foot. She recommended Dr. Ralph Jackson being the low bid and meeting all specifications. Commissioner Rosel asked that since this stated a five year term, was that part of the specs? Ms. Maldonado stated that this was not part of the specs. but Ms. Longoria was in agreement. He then wanted to know if this was a stipulation on his behalf or was on behalf of WIC. Steve Crain then addressed the Court and stated that he had not read the specs. and asked what they said. Commissioner Garces stated that the specs. read two years and Ms. Longoria stated that it could be two or it could be five. If it is a brand new building, they'll sometimes want a longer commitment of five years. If it is an existing building, then they do two years. Commissioner Sanchez then recommended that the term of the lease should be in the specs. so that everyone is bidding on the exact same thing. What they decide to do after that is up to the bidder. During further comments, Steve Crain stated that he still had not reviewed the specs. and that the Commission had a choice of how to approach this. There was some confusion from the Commission as to whether they could award or not the way it was listed because the agenda read rental space and what was in front of them was a lease agreement that called for five years. In the lease, it read for a proposed term of five years or more with an option for renewal to include a cost of living increase commencing on or about July 1, '96 for a total monthly rent of 70 cents per square foot. There was still some confusion among the Commission and they decided to take this under advisement. Commissioner Sanchez so moved and was seconded by Commissioner Arcaute.
