Dear Ms. Cortez,

Pursuant to our earlier conversation today, Pinnacle Medical Management will NOT hold Hidalgo County financially responsible for any drug or alcohol tests collected prior to Monday, February 12, 2007. Enclosed, please find our amended invoice reflecting a zero balance.

On February 6, 2007, 8 drug and alcohol tests were done of which 4 of the drug collections were lost en-route to our certified lab. On Monday, February 12, 2007, Pinnacle Medical Management will recollect these 4 at any location of your choice and at no cost to Hidalgo County. We apologize for any inconvenience to Hidalgo County and prospective employees.

Per Department of Transportation standards, all safety sensitive employees must have breath alcohol testing. Urine Alcohol is not allowed by The Department of Transportation; however, Blood Alcohol Testing is allowed under extreme rare instances.

Per Martha L. Salazar CPPB, Hidalgo County Purchasing Agent's request:
