Dear Ms. Knox:

Hidalgo County, Texas strives to provide state-of-the-art technology for training of all employees to facilitate the integration of evolving technologies that will transform the teaching and learning process and allow greater levels of interest in computer technology, creativity, services, and increased productivity. Technical education is impossible without adequate computer hardware and software and we function on a modest budget, we are requesting a donation for the below computer equipment to train our County employees in a classroom environment.

Computers enable us to meet the needs of our diverse population in the County, who provide valuable services to all County residents. The use of these computers will enhance to learning process for over two thousand employees. With your help, we can offer greater services to County residents and learning opportunities for our employees. We will be able to better prepare our employees to contribute and compete in the 21<sup>st</sup> century. The computer hardware you donate to us will support technical and service activities while providing employees with hands-on technical training.

Hidalgo County respectfully submits a donation request for the following equipment:

Desktop Computer: 50  
Desktop Monitor: 50

These computers systems will be used for training County employees in the use of computer hardware and software to better serve our County residents. These systems will allow us to provide enhanced training to all employees on new technology.

Thank you in advance for your attention to this request.

Sincerely

Mike Robledo  
Information Technology Manager
