Re: Upgrade the current mail machine

Effective May 2007, United States Postal Services (USPS) mandated Shape Based Pricing. In order to comply the Neopost mailing machine will need an upgrade. Attached you will find some forms from Neopost sole source vendor on pricing and installation on mail machine, scale, printer and First Class Mail rate categories for different mail shapes on letters, large envelopes (flats) and packages. An additional upgrade (computer type programs) will also be provided, due to County Auditor requested monthly reports. Should you have any questions contact my office at 289-7855
