**Subject:** Justification for Pool Supplies

Linda,

You are correct the pumps for the pool will be changed from 1 hp pumps to 2 hp pumps. This will allow a longer lasting life for the pumps since they will not be operating as hard as 1 hp pumps to keep the pool operational.

On the safety difference of the new lights for the pool, Noe Castillio will working on emailing you some information on the pool lights after he contacts DCC, Inc. for the information on Wednesday morning. I will make sure that he provides it to you before your noon deadline on Wednesday, June 6, 2007.

Thank you

Paul
