Amvaut High Security Safes

THE ULTIMATE IN BURGLARY AND FIRE PROTECTION

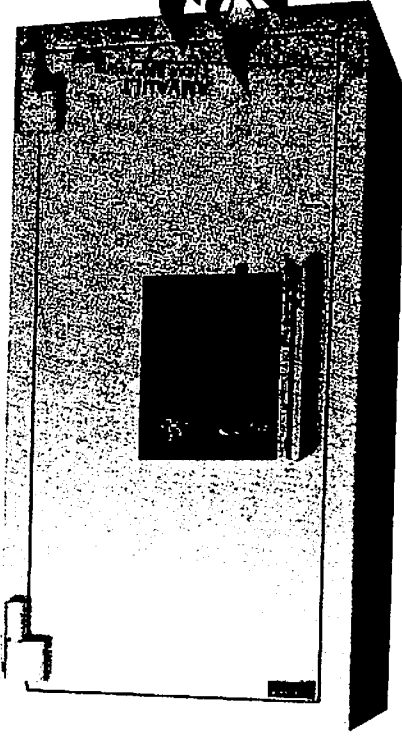

Engineered for Complete Security!

- During the most recent U.L. testing procedures, Amvaut high security safes withstood severe attacks by experienced U.L. experts using high powered tools, and without exception, were awarded the TL-15 and TL-30 labels.

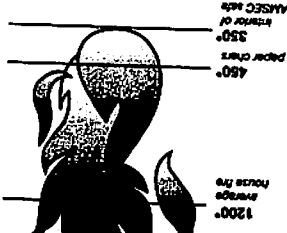

- Amvaut's defense barrier is constructed of inner and outer plates enclosing a proprietary amalgamation of nuggets and steel fibers to withstand the most concentrated attacks.

- All Amvaut composite safes offer a 350°F, two hour factory certified fire rating, protecting your valuables from temperatures up to 1850°F.

- Every Amvaut is finished in a durable parchment textured paint, chrome plated dial and fascia plate. Other textured and Premier high gloss finishes are available.
