**RE: *Alamo Drain Master Drainage Project Phase II
Engineers Project Award Recommendation***

Dear Mr. Garza,

On Wednesday, August 15, 2007 at 9:30 A.M. at your office the bid opening for the above referenced project took place. A total of six (6) proposals were received and opened.

The following three (3) lowest bids were received in order from lowest to highest, Jimmy Closner & Sons Construction Company, Inc. with a base bid of \$1,295,495.00 and an alternate bid of \$1,396,995.00, McAllen Construction, Inc. with \$1,395,099.10 base bid and \$1,561,349.10 alternate bid and Cris Equipment Company, Inc. with a base bid of \$1,615,573.91 and \$1,898,023.91 as an alternate bid. Attached are two bids tabulations for all bids received. One tabulation showing only the base bid, alternate bid item (concrete rip-rap) and the total base bid with alternate. The second is a complete tabulation, showing all bid items.

We have spoken with Mr. Jamie Closner, Project Manager for Jimmy Closner and Sons Construction, Inc. the low bidder and he has indicated that he is ready to start construction of this project as soon as it is awarded and the preconstruction and NTP is issued.

Dannenbaum Engineering as project engineer has reviewed all bid documents and bid bonds and finds all proposals to be acceptable. We are recommending that the Hidalgo County Drainage District award this project to the lowest bidder, Jimmy Closner & Sons Construction, Inc. We further recommend that the award be based on the base bid plus the alternative bid item (concrete rip-rap) in the amount of \$1,396,995.00. Our recommended award amount is contingent on approval by your office after reviewing your available budget.

We have also enclosed a copy of the sign-in sheets showing the persons present at the bid opening for your information and records. Your office staff has all the original proposals bid documents and bid bonds.

Please feel free to call our office if you have any questions.

Sincerely,

Louis H. Jones Jr., P.E.
Principal
