

BIRCH SUBDIVISION PHASE II

A 138.96 ACRES TRACT OF LAND BEING ALL OF BLOCK 141, 142, 143 AND 144, LA BANDA ANNEEXURA, QUINTANA ROO, MEXICO, ACCORDING TO THE MAP OF PLAT DIRECTLY RECORDED IN VOLUME 8, PAGE 48, MAP RECORDS, HIGHLAND COUNTY, TEXAS, AND ACCORDING TO VARIOUS OTHER MAPS RECORDED UNDER COUNTY CLERK'S OFFICES NUMBER 170357, 87704, RECORDS, HIGHLAND COUNTY, TEXAS.

SCALE: 1" = 200' MAP OF WATER DISTRIBUTION SYSTEM/ MAPA DE DISTRIBUCION DE AGUA

THE ENGINEER'S REPORT ON THIS PROJECT IS:

1. DESIGN BASIS:

The design basis for this project is based on the information provided by the client and the engineer's field observations. The design is based on the assumption that the water supply is adequate for the proposed development and that the water quality is suitable for domestic use.

2. DESIGN ASSUMPTIONS:

The design is based on the following assumptions:

- The water supply is adequate for the proposed development.
- The water quality is suitable for domestic use.
- The terrain is relatively flat and the proposed development is located in an area with good drainage.
- The proposed development is located in an area with good access to the water supply.

3. DESIGN DETAILS:

The design details for this project include the following:

- The layout of the water distribution system, including the main line, branch lines, and service lines.
- The location and size of the valves and hydrants.
- The location and size of the water storage tanks.
- The location and size of the water treatment plant.

4. CONCLUSIONS:

The design for this project is based on the information provided by the client and the engineer's field observations. The design is based on the assumption that the water supply is adequate for the proposed development and that the water quality is suitable for domestic use. The design details for this project include the layout of the water distribution system, the location and size of the valves and hydrants, the location and size of the water storage tanks, and the location and size of the water treatment plant.
