RE: Counteroffer Acceptance
CSJ: 0921-02-192
Mile 2 West Project
From: Mile 12 N, South
To: US 83 (Mile 2 West)
Parcel 145

Mr. Pena,

After reviewing the counteroffer submitted to your office by the property owner of the above captioned project and parcel, it is this District Evaluation Team's recommendation to accept said counter offer as being prudent and in the best interest of the Texas Department of Transportation.

Please proceed with your acquisition negotiations based on this acceptance of the property owner's counteroffer.

Should you have any questions or comments please feel free to call Ramon Jimenez Jr. at (956) 702-6287.

Sincerely,

Luana M. Gonzalez
Pharr District ROW Administrator

Re: Mile 2 West Road
Parcel # 145

Dear Mr. Pena,

Pursuant to my earlier conversations with you, we would like to request a counter offer to your earlier proposal concerning the acquisition of the referenced tract. Specifically, I am proposing a price of \$1,500.00 for Parcel # 145. I believe these values are more in line with the recent sales in the immediate vicinity.

I am willing to sign a Warranty Deed and Right of Entry upon my receipt of written acceptance of my counter offer, thereby avoiding the delay and expense of formal condemnation proceedings.

This offer will remain open for acceptance for a 30 day period from date hereof. Please contact me at your earliest convenience should you have any questions or comments regarding the above. With best regards, I remain.

Yours truly,

Modesto Guadalupe Aguirre

VI. Comments and Conclusions on Values in the Appraisal Report

Parcel 145 is a partial taking of 0.020 net acres out of Lot 9, Blk 119 of the Campacuas Addition to the Capisallo District, Llano Grande Grant in Hidalgo County.

The subject property is located along the west line of Mile 2 West Road. The whole property is improved land with its highest and best use for residential development.

The subject property is in an area of sparse development. The part taken does not constitute an economic unit and as such the subject whole property is utilized as the economic unit. Appraiser Leonel Garaz III selected three (3) sales in close proximity to the subject to indicate a value of \$15,000 per acre for the subject economic unit.

Based on a review of the appraisal report and a recent inspection of this parcel and the entire project, it appears that the total compensation of \$300.00 represents current market value.

The appraiser's value of \$300.00 appears to be well supported by information contained within this appraisal report. However, in order to expedite negotiations, and as outlined in Chapter 2, Section 11 of the Appraisal and Review Manual, this reviewer recommends a value of \$500.00 for acquisition of the parcel.

REAL ESTATE APPRAISAL REPORT
TEXAS DEPARTMENT OF TRANSPORTATION

Address of Property:	West side of Mile 2 West Road, located north of Mile 9 Road in Hidalgo County, TX.	District:	N/A
Property Owner:	Modesto Guadalupe Aguirre	Parcel:	145
Address of Property Owner:	RR 1 Box 1002 Mercedes, TX. 78570-9726	CSJ:	0921-01-192
Occupant's Name:	Modesto Guadalupe Aguirre	Federal Project No:	N/A
Whole: <input type="checkbox"/>	Partial: <input checked="" type="checkbox"/> Acquisition	Highway:	Mile 2 West Road County: Hidalgo

Purpose of the Appraisal

The purpose of this appraisal is to estimate the market value of the fee simple title to the real property to be acquired, encumbered by any easements not to be extinguished, less oil, gas and sulphur. If this acquisition is of less than the whole property, then any special benefits and/or damages to the remainder property must be included in accordance with the laws of Texas.

Market Value

Market value is defined as follows: "Market Value is the price which the property would bring when it is offered for sale by one who desires, but is not obliged to sell, and is bought by one who is under no necessity of buying it, taking into consideration all of the uses to which it is reasonably adaptable and for which it either is or in all reasonable probability will become available within the reasonable future."

Certificate of Appraiser

I hereby certify that, it is my opinion the total compensation for the acquisition of the herein described property is \$300 as of May 31, 2007, based upon my independent appraisal and the exercise of my professional judgment; on February 27, 2007, and May 29, 2007 (date)(s), I personally inspected in the field the property herein appraised; I afforded Modesto Guadalupe Aguirre, the property owner or the representative of the property owner, the opportunity to accompany me at the time of the inspection.

The comparables relied upon in making said appraisal were as represented by the photographs contained in the appraisal report and were inspected on January 26, 2007, (date)(s), I have not revealed and will not reveal the findings and results of such appraisal to anyone other than the proper officials of the, County of Hidalgo, Texas Department of Transportation or officials of the Federal Highway Administration until authorized by State officials to do so, or until I am required to do so by due process of law or until I am released from this obligation by having publicly testified to such findings; and, my compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

I certify to the best of my knowledge and belief that the statements of fact contained in this report are true and correct; the reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions and conclusions; I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved; and, my analyses, opinions and conclusions were developed, and this report has been prepared in conformity with the appropriate State laws, regulations, and policies and procedures applicable to the appraisal of right of way for such purposes, and that to the best of my knowledge no portion of the value assigned to such property consists of items which are noncompensable under the established law of said State, and any decrease or increase in the fair market value of subject real property prior to the date of valuation caused by the public improvement other than that due to the physical deterioration within the reasonable control of the owner has been disregarded in estimating the compensation for the property.

Certificate of Appraisal

This appraisal report conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation. The subject property was analyzed utilizing the Cost Approach to value which is a Sales Comparison Approach to the subject as if vacant and includes the estimated depreciated market value of real estate improvements located within the part to be acquired. This is further explained within each section of the appraisal report.

Identification of Client & Intended User of Appraisal Report

The client for this report is identified as Hidalgo County Right-of-Way Department, under the direction of Joe Pena, and others which would be involved with the acquisition of said proposed right-of-way along Mile 2 West Road. The part to be acquired is for the expansion of the existing road right-of-way of Mile 2 West Road with the project limits being Mile 12 North to Mile 7 North within Hidalgo County. The intended use of the report is to assist Joe Pena, Director of the Right-of-Way Department of Hidalgo County and others involved with the project, for future negotiations of acquiring all or part of said property as fee simple in the name of the County of Hidalgo, Texas. This report is not intended for any other use, unless specified by the client. The clients have identified that the report shall be a limited restricted appraisal report, which is to conform with the ROW-A-6 Form Rev. 7/2004.

The intended user of the report is defined as Hidalgo County Right-of-Way Department, and may include other governmental entities which may be participating in the project. Joe Pena is the Director of the Right-of-Way Department of Hidalgo County, who has a local office established at 509 E. Earling San Juan, TX. 78589. Mr. Pena, shall be the project manager for this project under the direction of Honorable Sylvia Handy, County Commissioner of Precinct No. 1. Mr. Pena can be contacted at (956) 283-8134.

Scope of the Assignment

By work order dated December 5, 2006 on behalf of Hidalgo County Right-of-Way Department and Hidalgo County Purchasing Department, request for Leonel Garza Jr. & Associates LLC to prepare an appraisal report of the part to be acquired as described by survey and metes and bounds created by TEDSI Infrastructure Group, Mission, Texas. The scope of the assignment is to appraise the area as fee simple, to be acquired as indicated by the survey as of the date of on-site or off-site inspection as permitted by the owner of record.

Market sales within the market area and comparable market areas are to be identified and analyzed for comparability and for their reliability in determining the estimated market value of the subject property. The comparables have been collected, confirmed and analyzed with respect to comparability to the subject property. These comparable sales were gathered through various sources which included the Greater McAllen Multiple Listing Service, Hidalgo County Appraisal District, local Realtors & Brokers, Real Estate Appraisers, and conversations with various owners along the project. The appraisal report shall indicate the current market value of the subject property as per date of on-site and or off-site inspection. This inspection is limited by the permissibility of the subject owner as per date of report. A copy of a certified letter of intent to inspect said property is located within the addenda of this appraisal report.

Purpose of the Appraisal Report

This appraisal is prepared for the purpose of estimating the current market value of the fee simple estate of the subject property in order to determine the value of the proposed right-of-way to be acquired by the County of Hidalgo, as defined within this report. This appraisal does not include any enhancement in value resulting from items of intangible personal property such as marketing and management skill, an assembled work force, working capital, trade names, franchises, patents, trademarks, contracts, leases, or operating agreements and project influence (if any exist).

The area to be acquired may contain personal property items and or real estate items, which may be compensable for the purpose of right-of-way acquisition only. These items deemed compensable shall be included within the body of the report and itemized for clarity. Any improvements not located within the part to be acquired and outside of the permissibility of inspection as defined by the subject owner, shall be given a stated value based on the assessment established by the Hidalgo County Appraisal District, if they are affected by the part to be acquired.

Property Rights Appraised

The property rights being appraised in this report consist of the fee simple estate of the subject property. Fee Simple Estate is defined by the Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 113, by the Appraisal Institute as being: "Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."

Accessibility To Subject Property

The owner of record of the subject property, as per the Hidalgo County Appraisal District was sent a letter of intent to inspect the subject property. The letter afforded the property owner the opportunity to accompany the appraiser during the on or off-site inspection of the subject property. A copy of the certified letter is located within the addenda of this report.

Analysis of Subject As A Whole

A survey of the property owners entire tract was not performed as the part to be acquired is located along the western frontage of Mile 2 West Road. As per scope of the assignment, the subject property (part to be acquired) shall be analyzed based on the combined information of several sources including, the survey provided, on-site and or off-site inspection, personal interviews, and information gathered from the Hidalgo County Appraisal District. The property was analyzed based on the whole property less any existing road right-of-way of which a pro-rata part of the whole is determined to be the subject of this report. The subject property is a large tract of land of which the remainder shall not be affected nor damaged as a result of the acquisition. Therefore, a valuation of the remainder portion of the subject property was not required.

Economic Unit Analysis

The subject property shall be analyzed based on a 2.1955 acre tract of land. Any existing road right-of-way and easements indicated along Mile 2 West Road, have been excluded as per scope of the assignment. The area for the subject property as a whole is indicated as per survey provided by TEDSI Infrastructure Group, dated October 31, 2003. The comparable sales used for the analysis of the subject property as whole and as the partial taking indicated a range of economic units of 1.83 acres to 10.0 acres. These indicated economic unit values are used for the valuation of the irregular partial taking, as the part to be acquired does not constitute an economic unit. Therefore, the pro-rata part of the whole is applied to the partial taking for the market valuation of the subject property.

Part to be Acquired

The proposed partial acquisition is comprised of fee land in which the gross land area to be acquired is 5,423 square feet (0.1245 acres), in which a portion of 4,552 square feet (0.1045 acres) lies within existing road right of way, leaving a net land area to be acquired is 871 square feet (0.020 acres). The proposed partial acquisition has approximately 151.80 lineal feet of frontage along the western side of Mile 2 West Road. The part to be acquired is an irregular-shaped tract of land which has limited use and site utility due to its location and size as proposed and does not constitute a readily marketable economic unit. Therefore, the part to be acquired, which is the subject of this report, shall be evaluated as a pro-rata part of the whole as determined by the approaches to market value selected. Based on the pro-rata part of the whole, the subject shall be valued based on the highest and best use as a commercial use tract of land which is based on the local market trend along Mile 2 West Road. This highest and best use is further explained on page 1.4 of this report.

Areas of Acquisition	Acres	S.F.
To Be Acquired (Gross)	0.1245	5,423
Existing ROW	0.1045	4,552
To Be Acquired (Net)	0.0200	871

Legal Description of The Part To Be Acquired

A 0.1245 (5,423 square feet) of an acre tract of land, more or less, out of a 2.30 acre tract of land out of Lot 9, Blk. 116, Campacuas Addition to the Capisallo District, Llano Grande Grant, Hidalgo County, Texas.

Remainder Before and After The Acquisition

The remainder before and after the acquisition is defined as the partial acquisition subtracted from the whole property which is described as the subject property. It is determined at the time of appraisal whether or not damages to the remainder are caused by the proposed part to be acquired. The highest and best use of the subject property before and after the proposed partial acquisition is analyzed to determine whether or not the use of the subject property will be altered as a result of the proposed part to be acquired. As for the remainder, it was determined that the highest and best use before and after the acquisition shall remain and not be damaged or changed as a result of the acquisition.

Property Tax Information

This appraiser has examined the property tax information indicated by the Hidalgo County Appraisal District (HCAD) as of the date of appraisal and has found that the subject property is under the ownership of Modesto Guadalupe Aguirre. The part to be acquired was identified as part of a larger tract of land which contained tax identification no. C0700-00-116-0009-20. The subject property land assessment was indicated to be \$18,656. The indicated unit assess rate for the subject property was indicated to be \$8,111 per acre. The property taxes for the subject property appear to be current, however, further research with the Hidalgo County Tax Office shall be required to confirm any outstanding tax liabilities attributable to the subject property.

Environmental Assessment / Adverse Easements / Encroachments / Topography

This appraiser has made an off-site inspection of the subject property, and no obvious adverse environmental concerns or potentially hazardous materials were observed. This appraiser is not qualified to make a detailed environmental study and highly recommends that an inspection be made by a qualified environmental engineer if an environmental concerns exists. Leonel Garza Jr. & Associates LLC has performed this appraisal report under the hypothetical condition and extraordinary assumption that the subject property has not experienced any adverse environmental concerns which may influence it's marketability and or value.

A survey of the remainder of the subject property was not provided by TEDSI Infrastructure Group as per date of report. Therefore, the extraordinary assumption that no adverse easements nor encroachments are located within the remainder before and after the taking which would affect the value of the whole, part to be acquired and the remainder before and after the acquisition. The subject property was observed that the property is generally level and typical of the surrounding market area. No severe low lying areas were observed, however, this appraiser is not an engineer and cannot certify to the topography nor drainage of the subject property as a whole, part to be acquired and the remainder after.

Utility Services Available

The subject property is located in a region, which contains, water, electricity, and phone service, which is typical of the market area.

Identification of Personal Property

As per scope of the assignment, no personal property located within the proposed right-of-way and the remainder before and after the taking shall be included for compensation, unless it was determined by the appraiser that these item shall be affected or damaged by the proposed taking. In the event the selected items are determined to be compensable, then they shall be included within the cost approach section of this report. A value which shall be either the cost to cure and or the cost of replacement shall be delineated for each item for clarity.

Current Listing Status

It appears that the subject property is not listed for sale as of the effective date of this appraisal. No visible "For Sale" signs were located on the subject property and the property was not listed for sale under a Realtor's® Multiple Listing Service.

Estimated Marketing Time Period

The indicated marketing period is based on the marketing periods of the comparable sales used in the Sales Comparison Approach and the surrounding sales found. Based on the research performed, a twelve (12) to twenty-four month (24) marketing time period appears to be adequate. This time period was selected after a review of multiple land sales within the Edinburg and Pharr markets. The analysis included the indicated "DOM" Days on Market as shown on the McAllen Multiple Listing Service which provides local Realtors an avenue to advertise properties located in the Rio Grande Valley, with its primary focus on properties within Hidalgo County.

Exposure Time

Exposure time is defined as the "length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal." Based on research performed within the market area, an indicated twelve (12) to twenty-four month (24) exposure time is indicated for the subject property. This was estimated based on current and past listings located within the market area which were reviewed during our sales search for comparables similar to the subject property.

Statement of Highest & Best Use

The subjects highest and best use as if vacant and as improved is indicated for future residential development. This type of use is concurrent with the recent trends located along Mile 2 West Road and nearby municipalities. This highest and best use is based on the determined economic unit of the subject property as whole as the portion being acquired in the name of the County of Hidalgo, Texas, does not itself constitute an economic unit.

When a property is evaluated the highest and best use must always be considered. In the current case the highest and best use of the whole is determined to be for residential purposes based on several factors. These factors that are taken into consideration are defined by The Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 135, by the Appraisal Institute as being: "The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and there results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity."

The scope of the assignment is to evaluate the subject property as a whole, part to be acquired, and the remainder before and after the taking, excluding project influence as required by Standards Rule 1-4(f) under the Jurisdictional Exception provision as defined by the Uniform Standards of Professional Appraisal Practice (USPAP). The highest and best use is analyzed for each of these scenarios as each parcel shall be evaluated before and after the proposed taking. In order to determine the highest and best use, research was performed within Hidalgo County to determine the legal permissibility of land use along Mile 2 West Road. Along Mile 2 West Road, development is mixed with proposed retail, and single family residential existing.

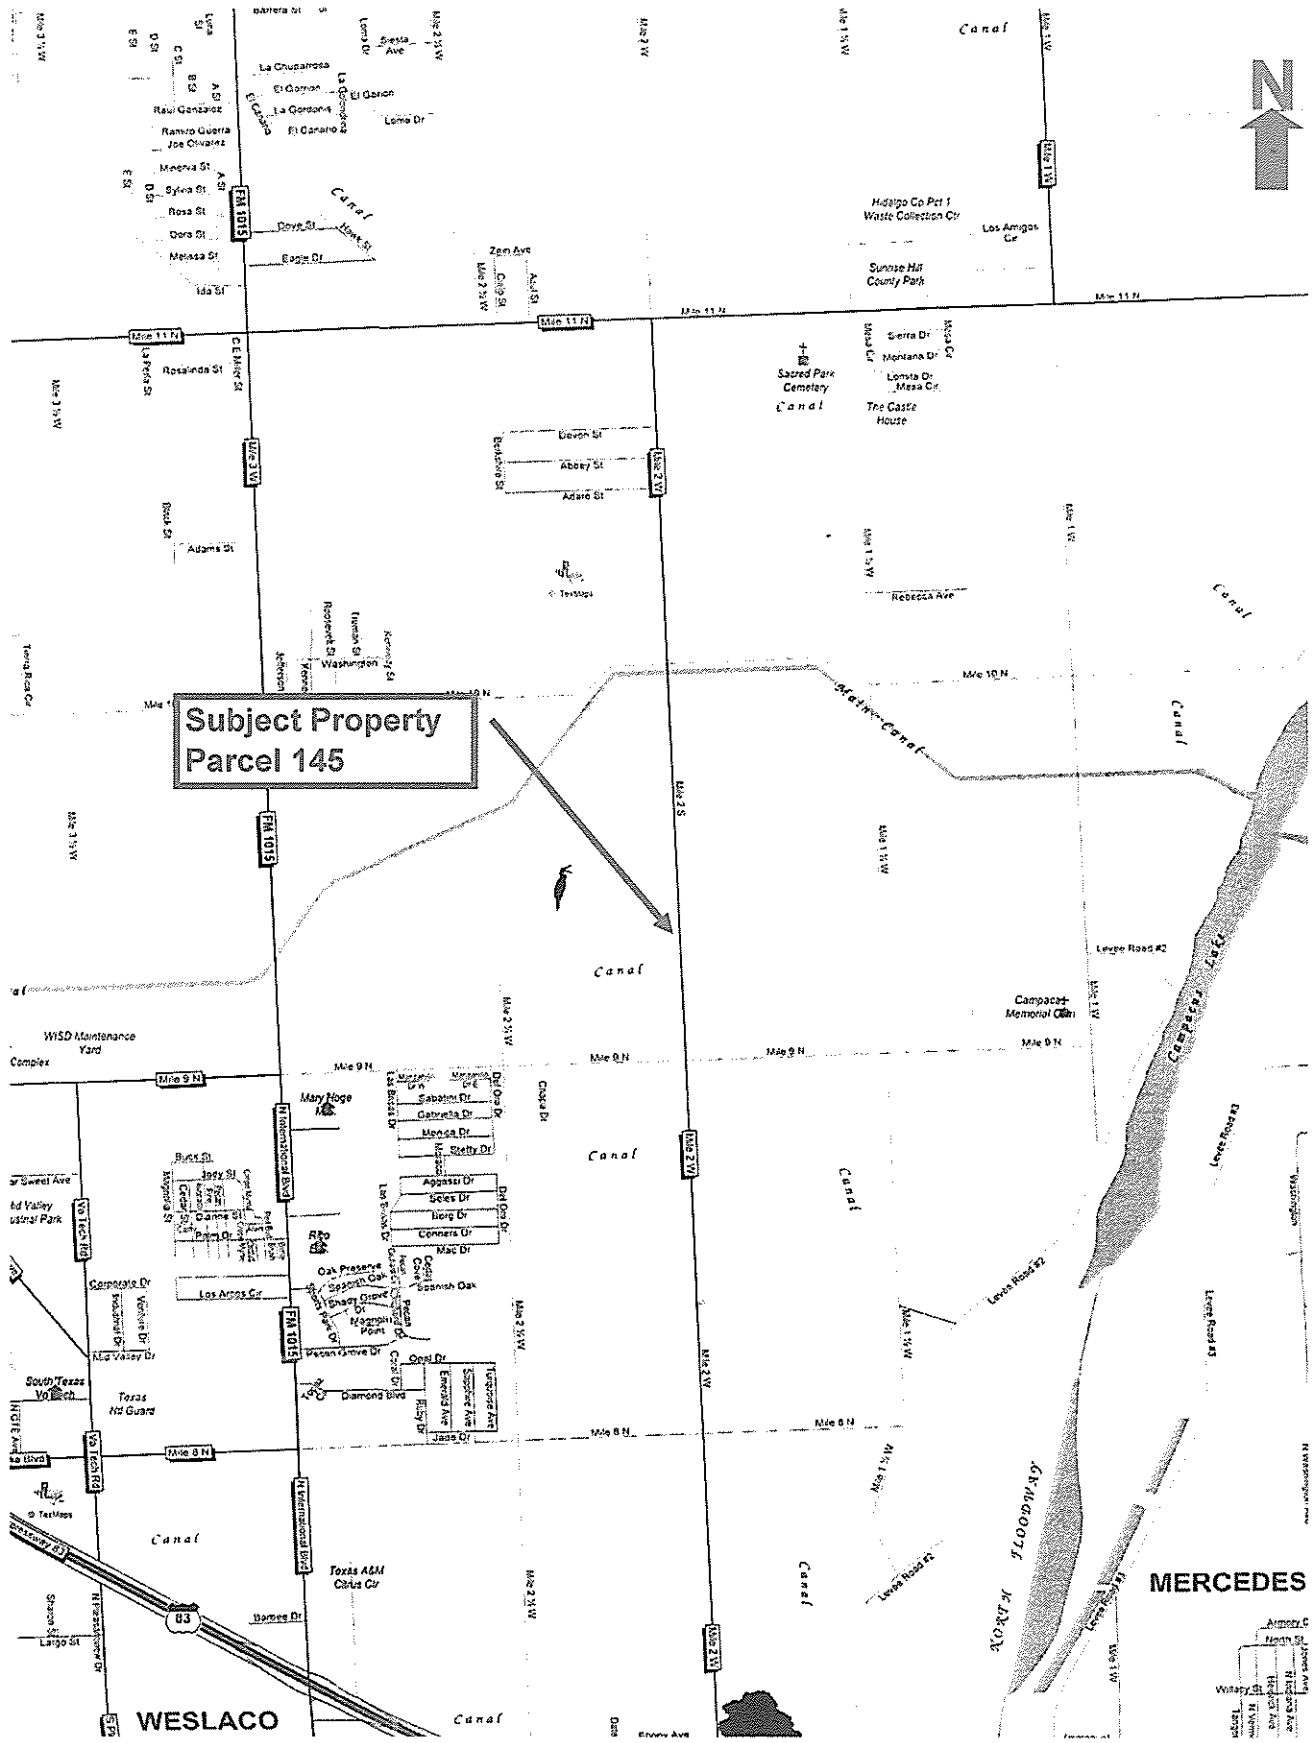

Since the subject lies within the jurisdiction of Hidalgo County, Texas municipal zoning ordinance restrictions are not applicable to the subject as per date of appraisal. This office shall evaluate the subject properties based on the continuing trend along Mile 2 West Road and the existing ordinance which govern the subject property as existing of which should continue its use before and after the proposed right-of-way acquisition. Therefore, the highest and best use of residential use "as if vacant" and "as improved" would therefore be legally permissible as of the date of this report.

The physical characteristics of the subject property as a whole are typically found throughout the eastern region of Hidalgo County. The subject property contains adequate land area and frontage along Mile 2 West Road to allow the future residential development before and after the proposed acquisition. Based on the size and shape of the subject property as a whole and the remainder before and after the acquisition, the property shall maintain a residential highest and best use. As for the part to be acquired, it contains limited use based on its proposed size and shape and therefore does not constitute an economic unit in itself and must be used in conjunction with the whole. Since the valuation of the part to be acquired is based on the pro-rata part of the whole, then the part to be acquired shall be evaluated with a similar highest and best use as the whole. This highest and best use shall not be affected for the remainder before and after the acquisition.

The financial feasibility and maximally productive use of the subject property is based on the continued growth along Mile 2 West Road, which includes single family residential, commercial, and light to heavy industrial uses. Based on the continued growth along Mile 2 West Road, it is estimated that the subject can be financially feasible to contain a residential use "as if vacant" and "as improved". This determination of financial feasibility and productivity is also attributed to the remainder before and after the taking which will not be affected nor damaged as a result of the part to be acquired.

After careful review of the four approaches to the highest and best use test, it is concluded that the subject property "as if vacant" and "as improved" shall be for residential development use. This conclusion is correlated to the property as a whole, part to be acquired and the remainder before and after the acquisition.

DESCRIPTION OF PROPERTY:

The subject property, as a whole, is a 2.30 acre tract of land currently being utilized for residential use located along western side of Mile 2 West Road in Hidalgo County, Texas. The subject is located within the County of Hidalgo, Texas. According to the survey provided by TEDSI Infrastructure Group, dated October 31, 2003, the part to be acquired is approximately 0.1245 acres (5,423 square feet) gross of which a portion of 0.1045 acres lies within existing road right-of-way, leaving a net area to be acquired of 0.020 acres (871 square feet). This land area currently in fee simple shall be calculated at 100% of the unit value derived from the sales comparison approach as if vacant, which shall exclude any existing road right-of-way in order to derive the net area within the acquisition. This is performed in order to determine the pro-rata part of the whole for the purchase of said tract by the Hidalgo County Right-of-Way Department.

AREA OR NEIGHBORHOOD ANALYSIS:

The subject neighborhood along Mile 2 West Road is a mixture of agricultural use, single family residential and small commercial developments. Several properties along Mile 2 West Road and the near by areas are in a state of development as new subdivisions are being created as indicated by the Hidalgo County Planning Department. Leonel Garza Jr. & Associates LLC has inspected the market area along Mile 2 West Road and has found that the market is in a state of positive development of which is concentrated at the intersection of Expressway 83 and Mile 2 West Road.

SITE ANALYSIS:

Five Year Sales History: The subject property is indicated to be under the ownership of Modesto Guadalupe Aguirre, as indicated by survey and field notes provided by TEDSI Infrastructure Group. Further investigation of the subjects history through the Hidalgo County Appraisal District and the Hidalgo County Clerks Office confirmed the current owner of record to be Modesto Guadalupe Aguirre. The subject property was transferred from Marisela A. Rodriguez (Grantor) to Modesto Guadalupe Aguirre (Grantee) on March 7, 2006. Therefore, the subject has been in the name of Modesto Guadalupe Aguirre for over one (1) year.

**Legal Description:
(Whole Property)** A 2.30 acre tract of land out of Lot 9, Blk. 116, Campacuas Addition to the Capisallo District, Llano Grande Grant, Hidalgo County, Texas.

**Legal Description:
(Part to be Acquired)** A 0.1245 (5,423 square feet) of an acre tract of land, more or less, out of a 2.30 acre tract of land out of Lot 9, Blk. 116, Campacuas Addition to the Capisallo District, Llano Grande Grant, Hidalgo County, Texas.

Improvements: During the off-site inspection of the subject property, no building improvements or site improvements were indicated within nor affected by the part to be acquired. Any utilities located within the part to be acquired shall be relocated as an item of construction and shall not be included within the compensation of the subject property as per scope of the assignment.

Explanation of Adjustments with Reconciliation:

During the analysis of the part to be acquired, the value for the subject property as a whole was determined. This determination of market value is utilized for the valuation of the part to be acquired which is a pro-rata part of the whole. The local market was searched for comparable sales of which contained similar frontage along Mile 2 West and other similar nearby thoroughfares. Each of the sales utilized are located within 2.0 miles from the subject property with similar highest and best uses as residential development. Several sales were located within this parameter of which had occurred within the past two years. Three sales were selected which were the most comparable to the subject property and required the least number of adjustments. The following three comparable sales were reviewed for location, available utilities, financing, site utility, topography and other factors of which the real estate market shall recognized for the purchase of said tracts.

Sale No. 1 is located at the along the north line of Mile 11 North Road east of FM 1015. The property was purchased for residential development. The comparable sale is located in a superior market area as the subject property and as such a downward adjustment of -20% for location is indicated. No other adjustments were indicated for the comparable sale. Based on the adjustments indicated for the comparable sale, the subject property indicated unit value is \$16,612 per acre.

Sale No. 2 is located on the south line of Mile 15 North Road west of FM 88. The property was purchased for future residential development. Due to the sales inferior location as compared to the subject property, a upward adjustment of 20% was indicated for the sale. The comparable sale is a larger tract of land as compared to the subject and an adjustment of 5% is indicated. No other adjustments were indicated for the comparable sale. Based on the adjustments indicated for the comparable sale, the subject property indicated unit value is \$6,250 per acre.

Sale No. 3 is located on the north line of Mile 14 1/2 North Road east of FM 88. The property was purchased for future residential development. Due to the sales inferior location as compared to the subject property, a upward adjustment of 20% was indicated for the sale. The comparable sale is a larger tract of land as compared to the subject and an adjustment of 10% is indicated. No other adjustments were indicated for the comparable sale. Based on the adjustments indicated for the comparable sale, the subject property indicated unit value is \$9,750 per acre.

After reviewing the comparable sales selected, an unadjusted unit range of market value of \$5,000 per acre to \$20,675 per acre was indicated. After adjustments were made in paired sales analysis of the comparable to the subject property, an adjusted range of market value of \$6,250 per acre to \$16,612 per acre was determined. Based on the existing developments within the immediate market area and the current trends found along Mile 2 West Road, a unit value near the upper range was selected, \$15,000 per acre.

Certification of Appraisal

I certify that, to the best of my knowledge and belief:

- * The statements of fact contained in this report are true and correct.
- * The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- * I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest with respect to the parties involved.
- * I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- * My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- * My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- * My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice in conjunction with the standards accepted by the Texas Department of Transportation.
- * I have made a personal observation of the property that is the subject of this report. Assisting in the gathering of on-site information during the date of inspection were Luis Carlos Garza, Appraiser Trainee, and Thomas M. Davis, General Certified Real Estate Appraiser. Their specific use during this project was limited to the measuring of improvements located within taking and those items which may be damaged by the part to be acquired, aiding in the photography of the subject property and partial analysis. The full analysis and data gathering of sales information and other information concerning the subject property was performed by Leonel Garza III, General Certified Appraiser. Comparable data information was further confirmed by Thomas M. Davis including partial cost approach analysis and data gathering for the cost scheduled utilized throughout the project.
- * I certify that, to the best of my knowledge and belief, the reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
- * I certify that the use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representative and for the purpose of right-of-way acquisition only and does not meet the standards required by certain financial institutions for the purpose of acquiring a loan.
- * The employment and compensation of this appraiser in completing this appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of the client to begin negotiations of said property for acquisition.

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared with the following general assumption:

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.
2. The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.
3. Responsible ownership and competent property management are assumed.
4. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.
5. All engineering, title reports and surveys provided are assumed to be correct. The survey and field notes and other illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or un-apparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.
8. It is assumed that all required licenses; certificates of occupancy, consents, or other legislative or administrative authority from any local state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.
9. It is assumed that the use of the land and improvements is confined within the boundaries or property line of the property described and that there is no encroachment or trespass unless noted in the survey provided.
10. Unless otherwise stated in this report, this appraiser did not observe the existence of hazardous material, which may or may not be present on the property. The appraiser does not have any knowledge of the existence of such material on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

This appraisal report has been made with the following general limiting conditions:

1. Any allocation of the total value of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
2. Possession of this report, or a copy thereof, does not carry with it the right of publication without the written permission of Leonel Garza Jr. & Associates LLC.
3. The appraiser, by reason of this appraisal, is not required to give further consultation, testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.
4. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser and or the client of this report.
5. If the property rights appraised are the "Leased Fee Estate", then the final indicated market value estimate is based on the continued performance under the lease terms.
6. All original appraisal reports have been signed in blue. Any other copy, which is not signed in blue, may have been altered, and this appraiser is not responsible for its contents or values indicated.

Assumptions and Interpretations Made of the Marketing Period

1. Marketing Time Period: Begins with the date of value estimate and with the indicated exposure time.
2. Exposure to the open market: listing the property on the market for sale with a Realtor, member of Multiple Listing Service, or a licensed Real Estate Broker, that will properly expose the property to the market. This appraiser does not consider a sign placed by a property owner on the property as proper marketing. If the property is presently listed for sale on the market, this appraiser must be notified prior to the completion of the appraisal.
3. Exposure Time: The length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.

QUALIFICATIONS OF APPRAISER - LEONEL GARZA III

EDUCATION

- * Graduate, 1995, Texas A&M University, College Station, Texas
Bachelor of Science in Biomedical Science
- * Graduate, 1991 McAllen Memorial High School, McAllen, Texas

LICENSE HELD

- * State Certified General Real Estate Appraiser
- * License Number TX - 1328375-General
- * December 31, 2006 Through December 31, 2008 (Active)

PUBLIC SERVICE & PROFESSIONAL ORGANIZATIONS

- * **Associate Member of the Appraisal Institute (Not an MAI Designated Appraiser)**
Currently taking courses toward the designation of MAI through the Appraisal Institute. Approximate time of completion, 2 years)
- * **Chairman of the City of McAllen Zoning Board of Adjustments & Appeals**
The ZBOA protects enforces and reviews the current city zoning ordinances for all types of properties within the boundaries of the City of McAllen. Cases heard are first brought to the City Planning and Zoning Commission and then to the ZBOA if a variance is required. The ZBOA shall review the previous boards decision and upon a super-majority vote shall decide whether or not the applicants request for overturning the previous boards action is required.
- * **Chairman of the Hidalgo County Subdivision Review Board**
The county commission on subdivision review's primary goal is to ensure that proper standards, set by Texas State Law and the Texas State Attorney Generals Office, are mandated by each proposed subdivision developer and or land owner who resides within the County of Hidalgo and or Extraterritorial Jurisdiction of municipalities throughout the County of Hidalgo.
- * **Chairman of the Hidalgo County Building Line of Adjustments Board**
This county advisory board reviews applications of those who have recently constructed or contain non-conforming structures of which are not in compliance with a recorded subdivision plat nor the Hidalgo County Planning Departments minimum set back requirements. These requirements are govern by the Texas Water Development Board and the Texas Model Subdivision Rules.
- * **Former Executive Board Member of the Lower Rio Grande Boy Scout Council**
The goal of the council is to maintain membership and the continued progress of the boy scouts within the Lower Rio Grande Valley. The council shall maintain progress reports of financial status of the council and plan for events world wide which local children may participate as a representative of the council. These events include the World Jamboree and the National Jamboree.
- * **Former Vice Chairman and Member of the City of McAllen Ambulance Advisory Committee**
The Ambulance Advisory Committee is responsible for review the current contract provider for 911 services within the City of McAllen and attend to any concerns and or complaints toward the contractor.
- * **Former Member of the City of McAllen Building Board of Adjustment and Appeals**
The BBOA reviews the decision of City Staff for the demolition of properties deemed unsafe through the City for a variety of reasons. The board review all facts and concerns and make the decision to secure or proceed with demolition based upon the safety of the neighboring property owners and occupants. The greatest concern for the commission is the safety of the surrounding neighborhood occupants.
- * **Former Member of the Pharr Municipal Park Charter Committee**
Appointed in 1998-1999, our goal was to establish a 103-acre master planned recreational park to the City of Pharr during our membership with the City of Pharr Leadership Class X. The project is still on-going.

To Whom It May Concern:

Leonel Garza Jr. & Associates LLC has been contracted by Hidalgo County Right-of-Way Department to appraise various properties along Mile 2 West Road for the purpose of acquiring additional right-of-way. The purpose of such "right-of-way" is for the expansion and renovation of Mile 2 West Road. The project limits for the expansion is Mile 12 North to Mile 7 North. The County of Hidalgo is interested in acquiring a small portion of the frontage of your property for this expansion. Marked on the attached exhibit is the portion of land, which is to be appraised and purchased by the Hidalgo County right-of-Way Department. This is the beginning process for future negotiations to acquire the land. Our office will inspect the subject property from the existing right-of-way on the week of January 22, 2007 thru February 17, 2007. If you or your representative wish to meet with us to discuss the purpose of the appraisal and join me for an on-site inspection of your land, I can be reached at (956) 687-7295. I will be researching the market area for any and all real estate sales, and would appreciate any leads or information in which you may have. If you have any questions please call the office of Leonel Garza Jr. & Associates LLC at (956) 687-7295.

With this letter I request permission to perform an on-site inspection and photograph your property. If you have any objections to our inspection of your property please call the office of Leonel Garza Jr. and Associates LLC at (956) 687-7295 prior to the proposed inspection date. Thank you.

Sincerely,

Leonel Garza III

Weslaco, Texas 78596

GRANTEES: Modesto Guadalupe Aguirre
RR 1 Box 1002
Mercedes, Texas 78570

CONSIDERATION:

For and in the consideration of the sum of TEN (\$10.00) DOLLARS.

PROPERTY (including any improvements):

All of my undivided interest in and to the following described property to wit:

A tract of land out of Lot 9, Block 116, Campacuas Addition, Hidalgo County, Texas, according to Map thereof recorded in Volume 1, page 2 of the Map Records, Hidalgo County, Texas.

GRANTOR, for the consideration, grants, sells and conveys to Grantee the property, together with all and singular the rights and appurtenances thereto in any wise belonging, to have and hold it to Grantee, Grantee's heirs, executors, administrators, and successors to warrant and forever defend all and singular the property to Grantee, Grantee's heirs, executors, administrators, and successors, and assigns every person whomsoever lawfully claiming or to claim the same or any part thereof, except as to any reservations from and exceptions to conveyance and warranty, when the claim is by, through, or under Grantor but not otherwise.

EXECUTED this 7th day of March, 2006.

MARICELA AGUIRRE RODRIGUEZ
