RE: REIMBURSEMENT

On November 25, 2008, Angel Pedroza, was trying to fuel at Stripes #9137 however was having difficulty with the fuel card. So Mr. Pedroza went inside and explained to the cashier he was having problems with the fuel card and asked if the pumps were working properly. The cashier asked for his fuel card and she began to swipe it, Mr. Pedroza tried to explain to her she could not do that. So then the pump turned on and Mr. Pedroza had to pump \$25.00 worth of gas to the County Vehicle, Unit 88, L.P. 104-1553, VIN # 1FTYR14U88PBO6503.

Mr. Pedroza came into the office and explained to Irma Castillo, Fuel Manager, what had happened and she called Ovidio Gonzalez. Mr. Gonzalez searched as to why Mr. Pedroza was having problems with his fuel card and noticed Mr. Pedroza was not punching his correct employee ID number.

This expenditure was necessary in order for Mr. Pedroza to continue with his on-site inspections. If you have any questions please call me at (956)318-2840.
