Subject: Sample Letter: To Acquire Permits frm TXDot Dept. to wrk on Expressway Illumination
Attachments: Hidalgo County SAMPLE Ltr forTXDot to get permits.doc

Hi, Olga Montero:

I have attached a doc copy of the sample letter.

This is a blanket letter that is being requested by TxDot, the representative for TxDot is Mr. Pete Alvarez his position is Director of Maintenance department. This letter is just saying that Hidalgo County is giving us permission to request a permit under thier name from TxDot to work on any area that has & needs the Illumination system to be repair or worked on. reason for asking for a blanket letter is to avoid delays on any repairs needed and to avoid to request a letter every time we need to work on the illumination system for the Hidalgo County.

If you wish to mofify this blanket letter please feel free do so and please send us a copy on your letter head where we can keep in file to use when needed with your approval to processed with this letter.

Thank you,

Victor T Rios
Owner

SAMPLE LETTER

Hidalgo County
Letter Head

To: Permit Department

RE: Hidalgo County

As per the agreement between TX Dot and Hidalgo County: to be performed on maintenance of continuous illumination system on US 83.

This is to inform you that Lumatec Lighting Service, P O Box 2225, McAllen TX 78502, was awarded a contract to maintain the Expressway illumination on the area that pertains to the Hidalgo County; we authorize Lumatec Lighting Service to acquire permits necessary to repair Expressway illumination when request is made with P O #.

Thank you,
