RE: Economically Disadvantaged County Program Application
FY 2010 Highway Safety Improvement Program (HSIP), formerly known as Hazard
Elimination Program (HES)

Dear Honorable Ramirez:

The County of Hidalgo has been designated as an Economically Disadvantaged County which qualifies the County for a reduction to the required local participation for the above mentioned projects. Attached please find the Project Information Sheets and Affidavit which should be completed and returned to my office for further processing.

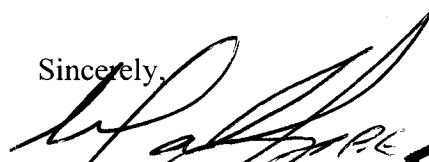

Resources used in filling out the EDC application are as follows:

- Adjustment Rationale (TX Trans. Commission Minute Order 112018)
- Economic Development Sales Tax Information (2010 listing)
- Population (2007)

We ask that the draft information we have already included be checked to see that it still applies for these submittals and note any corrections. In order to receive consideration for assistance, it is critical that the Project Information Sheet and Affidavit, along with a cover letter from the County, indicating your interest in the program, be received as soon as possible.

If you have any questions or need additional information, please feel free to contact me or Robin Boone, District Planning Engineer at 702-6100.

Sincerely,

Mario R. Jorge, P.E.
District Engineer
