Attachments: Vanderpool vs Reavis.kmz

Mrs. Garcia,

The Vanderpool Pit approximately 4 miles from the Reavis Pit, but actually 1 mile closer to the intersection of US 83 and FM 2221. Both pits are approximately 2 miles from the entrance gates.

The contract price will remain the same from the Vanderpool Pit.

Frontera Materials expects to be producing material at the Reavis Pit in the next 45-60 days.

I have attached a google earth map of the two pits for your information.

Thank You,

Barry M. Ehlinger

Subject: Flexible Base Material Contract (Crushed Caliche)

Mr. Ehlinger,

Pursuant to your letter that you faxed on January 11, 2010, there are several questions/concerns that need to be addressed.

1. Please state exactly how many miles is the Vanderpool Pit from the Reavis Pit;
2. Prices to remain the same;
3. For how long will this take place;

This definitely will impact the Precinct, so if you can please respond to the above in order for Hidalgo County to be able to determine what is the best solution for Precinct 3. Your response to this concern will be greatly appreciated and I will get back to you once we have gone over your information.

Your current extended contract numbers for your contract are as follows:

E-09-110A-02-09-Pct's 1 & 2 (490 & Reavis Pit)
E-09-110B-02-09-Pct. 3 (Reavis Pit)
E-09-110C-02-09-Pct. 3 (490 Pit)
E-09-110E-02-09-Pct. 4 (490 & Reavis Pit)

Please call me at the following listed telephone number should you have any questions or concerns. Thank you.

Vangie Y. Garcia, Contract's Manager
2802 S. Business Hwy. 281
