**Importance:** High

Ms. Marty-

Pursuant to a brief conversation with Ms. Mercedes (Atlas & Hall), she advised that you please proceed to call the Hon. Steve Crain (Atlas & Hall) or herself to further discuss the referenced project in connection to: "The New Constable Offices at Pct 1" and whether to proceed or to seize the negotiation process, due to the selection process and delays this project has had. The Architect for this project was selected in 2007 and she recommended that it would need to go through the selection process again in order to proceed with this project.

Please advise if I should proceed with placing something on the next CC agenda to seize and re-select.

Thanks.
