County of Hidalgo-
Juvenile Probation Department
Attn: Board of Judges
Edinburg, Texas 78539

We are pleased to confirm our understanding of the services we are to provide to the Texas Juvenile Probation Commission Grant Funds of the County of Hidalgo for the year ended August 31, 2010. We will audit the combined balance sheet – regulatory basis of the Texas Juvenile Probation Commission Grant Funds of the County of Hidalgo as of August 31, 2010 and the related combining statements of revenues, expenditures and changes in fund balance – regulatory basis for the year then ended. Also the combined statement of revenues, expenditures and changes in fund balance – budget and actual – regulatory basis will be presented and considered additional information accompanying the financial statements and will be subjected to the auditing procedures applied in our audit of the financial statements upon which will provide an opinion in relation to the financial statements.

Audit Objectives

The objective of our audit is the expression of opinions as to whether the financial statements are fairly presented, in all material respects, in conformity with the basis of accounting used for reporting to the Texas Juvenile Probation Commission, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the grant funds and other procedures we consider necessary to enable us to express such opinion. If our opinion on the financial statements is other than unqualified, we will fully discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and compliance will include a statement that the report is intended solely for the information and use of management, the body or individuals charged with governance, others within the entity, and specific legislative or regulatory bodies and is not intended to be and should not be used by anyone other than these specified parties. If during our audit we become aware that the grant funds is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Management Responsibilities

Management is responsible for the financial statements and all accompanying information as well as all representations contained therein. As part of the audit, we will assist with preparation of your financial statements and related notes. You are responsible for making all management decisions and performing all management functions relating to the financial statements and related notes and for accepting full responsibility for such decisions. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you are required to designate an individual with suitable skill, knowledge, or experience to oversee any nonaudit services we provide and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; for the selection and application of accounting principles; and for the fair presentation in the financial statements of the Texas Juvenile Probation Commission Grant Funds of the County of Hidalgo in conformity with the basis of accounting used for reporting to the Texas Juvenile Probation Commission; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for ensuring that management and financial information is reliable and properly recorded. Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants for taking timely and appropriate steps to remedy any fraud, illegal acts, violations of contracts or grant agreements, or abuse that we may report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because an audit is designed to provide reasonable, but not absolute assurance and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform you of any material errors and any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform you of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Audit Procedures—Internal Controls

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Texas Juvenile Probation Commission Grant Funds of the County of Hidalgo's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to the Board of Judges of the County of Hidalgo Juvenile Probation Department; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Burton McCumber & Cortez, LLP and constitutes confidential information. However, pursuant to authority given by law or regulation, we may be requested to make certain audit documentation available to Texas Juvenile Probation Commission or its designee, a federal or state agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Burton McCumber & Cortez, LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Texas Juvenile Probation Commission. If we are aware that a federal or state awarding agency or auditee is contesting an audit finding, we will contact the party contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit on approximately December 6, 2010 and to issue our reports no later than March 1, 2011. Ricky Longoria is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. We estimate that our fees for these services will approximate \$24,000. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 45 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel to provide an adjusted trial balance for audit and assist in the timely preparation of audit schedules and information as requested. Also, we assume that unexpected circumstances will not be encountered during the audit.

If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate using the hourly rates outlined below before we incur the additional costs.

<u>Experience Level</u>	<u>Hourly Rate</u>
Partner	\$265
Manager	\$170
Supervisor/In-Charge	\$95
Staff	\$75

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract. Our 2007 peer review report accompanies this letter.

We appreciate the opportunity to be of service to the County of Hidalgo and the Board of Judges and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,
BURTON MCCUMBER & CORTEZ, LLP

Ricky Longoria
Partner

Attachment to the Peer Review Report of Burton McCumber & Cortez, L.L.P.

Description of the Peer Review Process

Overview

Firms enrolled in the AICPA Center for Public Company Audit Firms (the Center) Peer Review Program must have their system of quality control periodically reviewed by independent peers. These reviews are system and compliance oriented with the objective of evaluating whether:

The reviewed firm's system of quality control for its accounting and auditing practice applicable to non-SEC issuers has been designed to meet the requirements of the Quality Control Standards established by the AICPA.

The reviewed firm's quality control policies and procedures applicable to non-SEC issuers were being complied with to provide the firm with reasonable assurance of complying with professional standards.

A peer review is based upon selective tests and directed at assessing whether the design of and compliance with the firm's system of quality control for its accounting and auditing practice applicable to non-SEC issuers provides the firm with reasonable, not absolute, assurance of complying with professional standards. Consequently, a peer review on the firm's system of quality control is not intended to, and does not, provide assurance with respect to any individual engagement conducted by the firm or that none of the financial statements audited by the firm should be restated.

The Center's Peer Review Committee (PRC) establishes and maintains review standards. At regular meetings and through report evaluation task forces, the PRC considers each peer review, evaluates the reviewer's competence and performance, and examines every report, letter of comments, and accompanying response from the reviewed firm that states its corrective action plan before the peer review is finalized. The Center's staff plays a key role in overseeing the performance of peer reviews working closely with the peer review teams and the PRC.

Once the PRC accepts the peer review reports, letters of comments, and reviewed firms' responses, they are maintained in a file available to the public. In some situations, the public file also includes a signed undertaking by the firm agreeing to specific follow-up action requested by the PRC.

Firms that perform audits or play a substantial role in an audit of one or more SEC issuers, as defined by the Public Company Accounting Oversight Board (PCAOB), are required to be registered with and have their accounting and auditing practice applicable to SEC issuers inspected by the PCAOB. Therefore, we did not review the firm's accounting and auditing practice applicable to SEC issuers.

Planning the Review for the Firm's Accounting and Auditing Practice Applicable to Non-SEC Issuers

To plan the review of Burton, McCumber & Cortez, L.L.P., we obtained an understanding of (1) the nature and extent of the firm's accounting and auditing practice, and (2) the design of the firm's system of quality control sufficient to assess the inherent and control risks implicit in its practice. Inherent risks were assessed by obtaining an understanding of the firm's practice, such as the industries of its clients and other factors of complexity in serving those clients, and the organization of the firm's personnel into practice units. Control risks were assessed by obtaining an understanding of the firm's system of quality control, including its audit methodology, and monitoring procedures. Assessing control risk is the process of evaluating the effectiveness of the reviewed firm's quality control system in preventing the performance of engagements that do not comply with professional standards.

OCT 14 2008

Performing the Review for the Firm's Accounting and Auditing Practice Applicable to Non-SEC Issuers

Based on our assessment of the combined level of inherent and control risks, we identified practice units and selected engagements within those units to test for compliance with the firm's system of quality control. The engagements selected for review included engagements performed under FDICIA, the Government Auditing Standards and audits of Employee Benefit Plans. The engagements selected for review represented a cross-section of the firm's accounting and auditing practice with emphasis on higher-risk engagements. The engagement reviews included examining working paper files and reports and interviewing engagement personnel.

The scope of the peer review also included examining selected administrative and personnel files to determine compliance with the firm's policies and procedures for the elements of quality control pertaining to independence, integrity, and objectivity; personnel management; and acceptance and continuance of clients and engagements. Prior to concluding the review, we reassessed the adequacy of scope and conducted an exit conference with firm management to discuss our findings and recommendations.

Brownsville, TX 78523-5238

Dear Mr. McCumber:

It is my pleasure to notify you that on October 8, 2008, the Center Peer Review Committee accepted the report on the most recent peer review of your firm. The report will now be placed in the public files of the Center for Public Company Audit Firms. The due date for your next review is June 30, 2011. This is the date by which all review documents should be completed and submitted.

As you know, the reviewer's opinion was unmodified. The Committee asked me to convey its congratulations to the firm.

Sincerely,

Robert Rohweder, Chair
CPCAF Peer Review Committee

AND CONSULTANTS

OCT 14 2008

To the Partners of
BURTON McCUMBER & CORTEZ, L.L.P.
and the Center for Public Company Audit Firms Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Burton McCumber & Cortez, L.L.P. (the firm) applicable to non-SEC issuers in effect for the year ended December 31, 2007. The firm's accounting and auditing practice applicable to SEC issuers was not reviewed by us since the Public Company Accounting Oversight Board (PCAOB) is responsible for inspecting that portion of the firm's accounting and auditing practice in accordance with PCAOB requirements. A system of quality control encompasses the firm's organizational structure and the policies adopted and procedures established to provide it with reasonable assurance of complying with professional standards. The elements of quality control are described in the Statements on Quality Control Standards issued by the American Institute of Certified Public Accountants (the AICPA). The design of the system, and compliance with it, are the responsibilities of the firm. Our responsibility is to express an opinion on the design of the system, and the firm's compliance with that system based on our review.

Our review was conducted in accordance with standards established by the Peer Review Committee of the Center for Public Company Audit Firms and included procedures to plan and perform the review that are summarized in the attached description of the peer review process. Our review would not necessarily disclose all weaknesses in the system of quality control or all instances of lack of compliance with it since it was based on selective tests. Because there are inherent limitations in the effectiveness of any system of quality control, departures from the system may occur and not be detected. Also, projection of any evaluation of a system of quality control to future periods is subject to the risk that the system of quality control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the system of quality control for the accounting and auditing practice applicable to non-SEC issuers of Burton McCumber & Cortez, L.L.P. in effect for the year ended December 31, 2007, has been designed to meet the requirements of the quality control standards for an accounting and auditing practice established by the AICPA, and was complied with during the year then ended to provide the firm with reasonable assurance of complying with professional standards.
