ARTICLE 1. Employment of Engineer. Engineer agrees to perform professional engineering services as assigned by Owner for and on behalf of Owner for a period of one year, beginning on the effective date of this Agreement, and for as long thereafter as is necessary to complete the

projects assigned to Engineer, as further specified in Article 3. During the one-year term of this Agreement, Owner may assign to Engineer work related to road and bridge, right-of-way, sanitation, parks and environmental assessments type projects (each herein referred to as a "Project") to be undertaken by Owner's Precinct No. 2. The general scope of services which Engineer shall perform with respect to Projects assigned to it are as stated in **Exhibit "A"** which is attached hereto and incorporated herein by reference for all purposes, and in the sections to follow. Upon assignment of a Project to Engineer, Engineer and Owner agree to execute a Work Order in substantially the form contained in **Exhibit "B"** which is attached hereto and incorporated herein for all purposes, which form shall set forth the specific scope of Engineer's services to be performed in connection with such Project. Owner agrees to pay Engineer compensation as stated herein in exchange for such services.

ARTICLE 2. NON-EXCLUSIVE SERVICES OF ENGINEER. Hidalgo County reserves the right to request these services from other sources other than the engineer and shall not be in violation of any terms or conditions of this Agreement.

ARTICLE 3. SCOPE OF SERVICES. The Engineer's services, as more fully described generally in **Exhibit "A"**, and specifically in each Work Order, shall be divided into the following phases, and compensation of the Engineer based on completion of the milestones specified for such phase;

A. Preliminary Phase:

A specific description of the services to be rendered by the Engineer in the Preliminary Phase is included in **Exhibit "A"**.

B. Design Phase:

A specific description of the services to be rendered by the Engineer in the Design Phase is included in **Exhibit "A"**.

C. Construction Phase:

A specific description of the services to be rendered by the Engineer in the Construction Phase included in **Exhibit "A"**.

ARTICLE 4. Period of Service. The services called for in Article 2A (Preliminary Phase) of this Agreement shall be completed and the report submitted immediately following the receipt by the Engineer of notice to proceed for a Project.

After receipt from the Owner of acceptance of the preliminary study and report for a project indicating any specific modifications or changes in scope desired by the Owner, and upon written authorization from the Owner, the Engineer will proceed with the performance of the services called for in Article 2.B (Design Phase) of this Agreement, so as to deliver completed contract drawings, specifications and estimates of cost for construction of the Project. Engineer will, upon the execution of a work order for a Project, proceed to obtain all necessary permits and prepare any applications or studies which Owner may need to submit to any federal, state or local authority in order to comply with any laws, regulations, ordinances, building codes and/or guidelines.

Following the award by the Owner of a construction contract or contracts, the Engineer will proceed with the performance of the services called for in Article 2.C (Construction Phase) of this Agreement.

This Agreement shall remain in force, with respect to any particular Project, (1) for a period which may reasonably be required for the design, award of contracts, construction each Project, and supervision of the initial operation of each Project, including extra work and any required extensions thereto; or (2) for a period of 12 months after the completion of the services for each Project called for either in Section 2.A (Preliminary Phase) or B (Design Phase), which ever

may be pertinent, in case construction is not commenced. The final acceptance by the Owner of each construction contract in each Project shall serve as evidence of completion, on the part of the Engineer, of all services under this Agreement insofar as they pertain to that section of each Project.

ARTICLE 5. Coordination with the Owner. The Engineer shall hold conferences with the Owner, or his representatives as often as necessary, to the end that the Project, as perfected, shall have full benefit of the Owner's experience and knowledge of existing needs and facilities, and be consistent with Owner's current policies and standards. To implement this coordination, the Owner shall make available to the Engineer for use in planning the Project, all existing plans, maps, field notes, statistics, computations and other data in his possession relative to existing facilities and to the Project.

ARTICLE 6A. Fees. For and in consideration of the services to be rendered by the Engineer, the Owner shall pay Engineer a percentage fee equal to 8 % of construction costs for engineering services and an additional 2 ½ % of construction costs for the additional services of topographic surveying work and elevation determination for the Preliminary, Design and Construction Phases of the work. At Engineer's completion and Owner's approval of Engineer's services under the Preliminary Phase as defined in Article 2 hereof, Owner shall pay, in accordance with Article 8 hereof, 50% of the fees for engineering services and topographic surveying work based on the Engineer's estimated construction costs. At Engineer's completion and Owner's approval of the Engineer's services under the Design Phase, as defined in Article 2 hereof, Owner shall pay 30% of the fees for Engineering Services and topographic surveying work based on the lowest responsible and qualified bid for the Project. At Engineer's completion and Owner's approval of the Engineer's services under the Construction Phase as defined in Article 2 of this Agreement, Owner shall pay the remainder due for of the Engineering services and

topographic surveying work based on the actual construction cost of the Project. . If no contract is awarded, or if no proposals or bona fide bids are received, the Engineer shall be paid for the Design Phase as though Engineer had completed the Design Phase and Owner shall have no further liability to Engineer for any such particular Project under this Agreement.

B. Services Not Included in Above Fees: The fees above described shall provide compensation to the Engineer for all services called for under this Agreement to be performed by him, or under his direction, except the services set forth below. ARTICLE 7. Revision to Drawings and Specifications. The Engineer will make, without expense to the Owner, such revisions of the preliminary drawings as may be required to meet the needs of the Owner, but after a definite plan has been approved by the Owner, if a decision is subsequently made by the Owner, which for its proper execution, involves extra services and expenses for changes in, or additions to the drawings, specifications or other documents which do not concern reducing expenses to allow the Project's cost to be within the amount estimated by Engineer, or if the Engineer is put to labor or expense by delays imposed on him from causes not

within his control, such as by the re-advertisement of bids or by the delinquency or insolvency of contractors, the Engineer shall be compensated for such extra services and expense, which services and expense shall not be considered as covered by the fee stipulated in Article 5B this Agreement. Compensation for such extra services shall be determined in accordance with Article 5B. Notwithstanding any provision herein to the contrary, in the event it is necessary for Owner to require changes in the final plan of the Project to enable it to reduce the cost of a Project to an amount within the sum estimated by Engineer, Engineer will make such revisions or changes without charge to Owner.

Original drawings and specifications are the property of the Engineer; however, the Project is the property of the Owner, and Engineer may not use the drawings and specifications therefor for any purpose not relating to the Project without Owner's consent. Owner shall be furnished with such reproductions of drawings and specifications as Owner may reasonably require. Upon completion of the work or any earlier termination of this Agreement under Article 19, Engineer will revise drawings to reflect changes made during construction and will promptly furnish the Owner with one complete set of reproducible record prints. Additional prints shall be furnished, as an additional service, at any other time requested by Owner. All such reproductions shall be the property of the Owner who may use them without Engineer's permission for any proper purpose relating to the Project, including, but not limited to, additions to or completion of the Project.

ARTICLE 9. Request for Payment. On or before noon of the first Monday of each month during the performance of the services, Engineer shall submit to Owner for its approval a request for payment ("Request for Payment") in form and substance satisfactory to Owner. Each Request for Payment shall set forth the amount due for Engineer's services rendered, together with a detailed breakdown of the amount and the sum of all prior payments. Owner shall review each

such Request for Payment and may make such exceptions as Owner reasonably deems necessary or appropriate under the circumstances then existing. About ten (10) working days after the Commissioners Court of Owner meets approving such payment, the Owner shall make payment to Engineer in the amount approved as aforesaid subject to Article 8.4 below.

9.2 Final Payment. After final completion of the work and acceptance thereof by Owner, Engineer shall submit a final request ("Final Request") which shall set forth all amounts due and remaining unpaid to Engineer and upon approval thereof by Owner, Owner shall pay to Engineer the amount due ("Final Payment") under such Final Request in accordance with the provisions of Article 8.1.

9.3 The Final Request for Payment shall not be made until Engineer delivers to Owner an affidavit that so far as Engineer has knowledge or information any and all amounts due for materials and services over which Engineer has control have been paid.

9.4 Qualification on Obligations to Pay. Any provision hereof to the contrary notwithstanding, Owner shall not be obligated to make any payment (whether a payment under Article 8.1 hereof or Final Payment) to Engineer hereunder if any one or more of the following conditions precedent exist:

- (1) Engineer is in default of any of its obligations hereunder or otherwise is in default under this Agreement or under any contract documents related to this Agreement;
- (2) Any part of such payment is attributable to Engineer's services which are not performed in accordance with this Agreement; provided, however, such payment shall be made as to the part thereof attributable to Engineer's services which were performed in accordance with this Agreement;
- (3) Engineer has failed to make payments promptly to consultants or other third parties used in connection with the Engineer's services for which Owner has made payment to

Engineer;

- (4) If Owner, in its good faith judgment, determines that the portion of the compensation then remaining unpaid will not be sufficient to complete the Engineer's services in accordance with this Agreement, no additional payments will be due Engineer hereunder unless and until Engineer, at its sole cost, performs a sufficient portion of the Engineer's services so that such portion of the compensation then remaining unpaid is determined by Owner to be sufficient to so complete the Engineer's services.

9.5 No partial payment made hereunder shall be or construed to be final acceptance or approval of that part of the Engineer's services to which such partial payment related or relieves Engineer of any of its obligations hereunder with respect thereto.

9.6 Engineer shall promptly pay all bills for labor and material performed and furnished by others in connection with the performance of the Engineer's services.

9.7 **Waiver.** The making of the Final Payment shall constitute a waiver of all claims by the Owner except those arising from (1) faulty or defective services of Engineer appearing after completion of the Project, (2) failure of Engineer's services to comply with the requirements of this Agreement or any contracts or agreements related to the Project, or (3) terms of any special warranties required by this Agreement or provided at law or in equity. The acceptance of Final Payment shall constitute a waiver of all claims by the Engineer except those previously made in writing and identified by the Engineer as unsettled at the time of the Final Request for payment.

ARTICLE 10. Discounts, Rebates, Refunds. In connection with procurement services rendered by Engineer, if procurement services are required of Engineer in **Exhibit "A"**, all discounts, rebates and refunds shall accrue to Owner. For some purchases, Engineer may deem that payment within the discount period is not safe; and/or inspection, guarantees, or other

considerations may dictate delay. In such cases, Engineer shall promptly notify Owner so that a course of action may be mutually agreed upon by Owner and Engineer.

ARTICLE 11. Records, Accounting, Inspection. Engineer shall keep full and detailed records and accounts in a manner approved by Owner. Engineer shall afford Owner's authorized personnel and independent auditors, if any, full access to the work performed by Engineer regarding the Project and to all of Engineer's books, records, correspondence, instructions, drawings, receipts, vouchers and other documents relating to such work under this Agreement, and Engineer shall preserve all such records for three (3) years after final payment. Engineer shall deliver to Owner upon completion of such work, a statement of the cost of such work detailed according to the accounting procedure and requirements of Owner.

ARTICLE 12. Subcontracting and Assignment. This Agreement may not be assigned or encumbered by Engineer nor may Engineer subcontract any work hereunder in whole or in part, unless written permission is first obtained from Owner except as provided in **Exhibit "A"**. Owner shall have the right to approve any of Engineer's subcontracts of any portions of the work hereunder as Owner may deem advisable. Engineer will bind every subcontractor by written contract to observe all the terms of this Agreement to the extent that they may be applicable to such subcontractors.

ARTICLE 13. Patents. Engineer shall indemnify and save Owner harmless from all liability for alleged or actual infringement of any patent resulting from the use of apparatus or equipment furnished or designed by Engineer or from the use of any process designed by Engineer or effected by said apparatus or equipment, and Engineer shall indemnify and save Owner harmless from and against all costs, legal fees, expenses and liabilities incurred in or about any claim of or action for such infringement; provided, however, that Owner shall promptly transmit to Engineer all papers served on Owner in any suit involving such claim of infringement, and provided further,

that Owner permits Engineer to have entire charge and control of the defense of any such suit. If because of actual infringement the use of such apparatus, equipment, or process is enjoined, Engineer shall refund the purchase price thereof in proportion to the length of service uncompleted, the life of such apparatus or equipment being assumed as five years.

Engineer hereby grants to Owner a non-exclusive, royalty-free license under patents now or hereafter owned by Engineer covering any machines, apparatus, processes, articles, or products included in Engineer's work hereunder.

ARTICLE 14. Confidential Information, Inventions and Other Restrictions.

(a) Engineer shall not use in any way, commercial or otherwise, except to the extent required by the proper performance of this Agreement; and shall hold in confidence and not disclose to any person, for any reason or at any time, any information relating to the secret processes, products, compositions, machinery, apparatus or trade secrets of Owner, or any other confidential information given to Engineer by any of Owner's commissioners, elected officials, employees, or representatives or acquired by Engineer during the term of or as a result of this Agreement. Any information not generally available to the public shall be considered secret and confidential for the foregoing purposes; provided, however, that any technical information which was lawfully in Engineer's possession prior to such disclosure to Engineer by Owner or which is or shall lawfully be published or become part of general knowledge from sources other than Engineer or which otherwise shall lawfully become available to Engineer from a source other than Owner, shall not be subject to these provisions. All the foregoing stipulations shall apply to such information and work hereunder as well as to any information and ideas originated or developed by Engineer in performing such work. Such information may, of course, be disclosed to the proper officials or employees of Owner if necessary to perform the work hereunder. Engineer shall, however, inform each of its employees who receive such information of these restrictions

and Engineer shall take all reasonable precautions and exert all reasonable efforts to assure conformance with such restrictions by all of its officers, employees, and agents, obtaining from them if necessary, agreements satisfactory to Owner, effectuating the purposes of this Article.

(b) Engineer shall communicate to Owner at once, and require Engineer's employees assigned to this Project to communicate to Owner all inventions and improvements which any of Engineer's employees, either alone or in conjunction with any of Owner's employees may conceive, make or discover during the course of or as a result of work on this Project under this or any ensuing agreement with Owner that relates to the processes, products, compositions, machinery or plants of Owner, or relating in any way to any of the operations in which Owner has been or is engaged at the time, and such inventions and improvements shall become the sole, exclusive property of Owner without any obligation on its part to make any payment therefor in addition to any sums which Owner may be obligated to pay to Engineer as compensation for services rendered by Engineer under contract with Owner. Engineer shall require its employees to execute patent applications and assignments thereof to Owner or its nominees, and powers of attorney relating thereto for any county Owner may designate, and shall take all other actions as Owner may request to maintain and protect such inventions and improvements. Owner shall pay all costs or charges incurred in protecting such inventions and improvements if Owner desires to protect them. Before assigning any of Engineer's employees to work under any contract with Owner concerning this Project, Engineer shall obtain from them agreements satisfactory to Owner effectuating the purposes of this paragraph.

(c) The rights and obligations set forth in this Article 13 shall survive the performance of this Agreement, or any termination, discharge or cancellation thereof.

ARTICLE 15. Warranties.

(a) Engineer warrants that engineering design work performed by it hereunder shall be in

accordance with good engineering design practices and in conformance with applicable code and standards established for such work.

(b) Notwithstanding anything to the contrary contained in this Agreement, Owner and Engineer agree and acknowledge that Owner is entering into this Agreement in reliance on Engineer's experience and abilities with respect to performing the Engineer's services hereunder. The Engineer accepts the relationship of trust and confidence established between it and the Owner by this Agreement. Engineer covenants with Owner to use its **best** efforts, skill, judgment and abilities to design the Project and to further the interests of Owner in accordance with Owner's requirements and procedures, in accordance with all professional standards, and in compliance with all applicable national, federal, state, county and municipal laws, regulations, codes, ordinances, orders and with those of any other body having jurisdiction. Prior to the commencement of construction, Engineer shall certify in writing to Owner that the Drawings and Specifications and all drawings and the improvements when built in accordance therewith conform to all applicable governmental regulations, statutes and ordinances then in effect. Engineer represents, covenants and agrees that there are no obligations, commitments or impediments of any kind that will limit or prevent performance of the Engineer's services.

(c) The Engineer represents, covenants and agrees that all of Engineer's services to be furnished by the Engineer under or pursuant to this Agreement from the inception of the Agreement until the Project has been fully completed, shall be of the standard and quality which prevail among engineers of similar experience, knowledge, skill and ability engaged in engineering practice throughout Texas under the same or similar circumstances involving the design and construction of a project such as the Project with all the amenities as set forth in the Drawings and Specifications.

(d) The Engineer represents, covenants and agrees that its special talent, training and

experience cause it to be the prime professional on the Project and that because of such talent and training, Engineer envisions the construction of the Project in its entirety and possesses the special skills which enable it to recognize dangerous conditions that a reasonable, prudent Engineer having such special skills could anticipate may arise from the proper use of the Project after acceptance by Owner; as the design professional, it has some measure of control over any such dangerous conditions; it has knowledge which will enable it to recognize specific dangers that may arise from the proper use of the Project after acceptance by Owner; and, it recognizes that any commissioners, elected officials, employees, and agents of the Owner, plus guests and visitors are within a class of foreseeable persons who will be relying on the Project being designed in a professional and safe manner.

(e) Engineer represents, covenants and agrees that its drawings and specifications of the Project (the "Project Drawings") will be accurate and free from any material errors and the shop drawings that Engineer shall approve will be accurate and free from any material errors relating to design intent. Engineer additionally represents, covenants, and agrees to the following: that the design of the Project will conform to its foreseeable use as a project with all the amenities as set forth in the Project Drawings; that the result of the Project Drawings, if built in accordance therewith, will be suitable for purposes for which the Project is designed; that the result of Engineer's inspection of the Project will be suitable for purposes for which the Project is designed; and, the Project will be designed and construction will be inspected in a workmanlike, professional manner and will be suitable for its intended purpose. The Engineer's responsibilities as set forth herein shall at no time be in any way diminished by reason of any approval by the Owner of the Project Drawings nor shall the Engineer be released from any liability by reason of such approval by the Owner, it being understood that the Owner at all times is ultimately relying upon the Engineer's skill and knowledge in preparing the Project Drawings.

In connection with Engineer's performance of procurement services hereunder, if any, Engineer shall use its best efforts to obtain from all vendors of equipment and materials, fullest possible warranties against defective materials and workmanship for the benefit Owner.

ARTICLE 16. Indemnification. To the fullest extent permitted by applicable law, the Engineer and its agents, partners, and consultants (collectively "Indemnitors") shall and do agree to indemnify, protect, defend and hold harmless the Owner, Owner's respective Commissioners, elected officials, employees and agents (collectively "Indemnitees") from and against all claims, damages, losses, liens, causes of action, suits, judgments and expenses, including attorney fees, of any nature, kind or description (collectively "Liabilities") of any person or entity whomsoever arising out of, caused by or resulting from the performance of Engineer's services or any part thereof provided that any such Liabilities (1) are attributable to bodily injury, personal injury, sickness, disease or death of any person, or to the injury to or destruction of tangible personal property including the loss of use and consequential damages resulting therefrom and (2) are caused in whole or in part by any negligent act or omission of the Engineer, anyone directly or indirectly employed by it or anyone for whose acts it may be legally liable. In this connection, it is agreed and understood that Engineer shall not be responsible for any portion of the liability proximately caused by Owner's negligence.

ARTICLE 17. Joint and Several Liability. In the event more than one of the Indemnitors are connected with an accident or occurrence covered by the indemnification in Article 15 hereof, then each of such Indemnitors shall be jointly and severally responsible to the Indemnitees for indemnification and the ultimate responsibility among such Indemnitors for the loss and expense of any such indemnification shall be settled by separate proceedings and without jeopardy to any Indemnitee. The provisions of this Article shall not be construed to eliminate or reduce any other indemnification or right which Owner or any of the Indemnitees has by law.

ARTICLE 18. Insurance.

(a) Engineer shall comply with the insurance obligations set forth in **Exhibit "C"** entitled "**Insurance to be Carried by Engineer**", attached hereto and incorporated in the Agreement.

(b) Engineer currently maintains a general and professional liability insurance policy to cover the liability of Engineer connected with the performance of the Services or any service covered by this Agreement in an amount equal to or exceeding \$1,000,000.00 and Engineer covenants and agrees to use its best efforts to obtain renewals of such policy until one (1) year following date of the acceptance of the Project by the Owner. Engineer agrees to furnish Owner certificates of the insurance showing the said policy to be in full force and effect at all times during the period this Agreement is in effect.

ARTICLE 19. Notices. All notices hereunder shall be deemed to be made properly if sent by mail to Engineer at 130 East Park Avenue, Pharr, Texas 78577 and to County at 1615 S. Closner, Suite J, Edinburg, Texas 78539. The address may be changed by either party by similar notice. Notice so mailed shall be effective upon mailing. Either party giving such notice shall also notify promptly the other party's Engineer, as appropriate.

ARTICLE 20. Termination. The Owner may terminate this Agreement at any time by a notice in writing to the Engineer. Upon receipt of such notice, the Engineer shall, unless the notice directs otherwise, immediately discontinue all services in connection with the performance of this Agreement and shall proceed to be relieved of any further obligation under the Agreement, and shall cancel promptly all existing orders and contracts, except the construction contract and other orders and contracts which Owner may designate in the notice, insofar as such orders or contracts are chargeable to this Agreement. As soon as practicable after receipt of notice of termination, the Engineer shall submit a statement, showing in detail the services performed under this Agreement to the date of termination. Owner shall then approve all or the portion of the services which Owner may consider appropriate under the circumstances. Owner shall then pay

Engineer promptly that proportion of the prescribed fee which the services actually performed under this Agreement as determined by Owner bear to the total services called for under this Agreement, less such payments on account of the fee as have been previously made. Copies of all completed or partially completed designs, plans and specifications prepared under this Agreement shall be delivered to the Owner when and if this Agreement is terminated.

ARTICLE 21. Miscellaneous Provisions.

- (a) This Agreement constitutes the entire agreement between Engineer and Owner relating to the work herein described. There are no previous or contemporary representations or warranties of Owner or Engineer not set forth herein.
- (b) Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement or of any terms thereof shall be binding on Owner unless in writing and executed by an officer or employee of Owner specifically authorized to do so.
- (c) No waiver of any provision of or a default under this Agreement shall affect the right of Owner thereafter to enforce said provision or to exercise any right or remedy in the event of any other default, whether or not similar.
- (d) No modification, waiver, termination, discharge or cancellation of this Agreement or of any terms thereof shall impair Owner's rights with respect to any liabilities, whether or not liquidated, of Engineer to Owner theretofore accrued.
- (e) All rights and remedies of Owner specified in this Agreement are in addition to Owner's other rights and remedies.
- (f) Engineer shall remain an independent contractor and shall have no power, nor shall Engineer represent that Engineer has any power, to bind Owner or to assume or to create any obligation express or implied on behalf of Owner except as specifically authorized in advance by the Owner.

HISTORICALLY UNDERUTILIZED BUSINESS (HUB) DECLARATION

The primary objective of the Hidalgo County HUB Program is to ensure Historically Underutilized Businesses receive a fair and equal opportunity for participation in the County's procurement process. This fact holds true for Services (Professional & Non-Professional), Commodities, and Construction contracts and any subcontracts thereto. The program strongly encourages Prime Contractors to provide subcontracting opportunities to Certified Hub Contractors/Vendors. Our goal for HUB contractor/vendor participation, as well as HUB subcontractor participation is 30%. To be considered as a "Certified HUB Contractor/Vendor" the contractor/vendor must have been certified by, and hold a current and valid certification with any of the three agencies listed below.

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Sign Here	Signature of U.S. person ▶	Date ▶
------------------	---	---

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or

• Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments (after December 31, 2002). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester, or
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details), or
3. The IRS tells the requester that you furnished an incorrect TIN, or
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your social security card on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line. Check the appropriate box for your filing status (sole proprietor, corporation, etc.), then check the box for "Other" and enter "LLC" in the space provided.

Other entities. Enter your business name as shown on required Federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt From Backup Withholding

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).
 2. The United States or any of its agencies or instrumentalities,
 3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
 4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
 5. An international organization or any of its agencies or instrumentalities.
- Other payees that may be exempt from backup withholding include:
6. A corporation,

- 7. A foreign central bank of issue,
- 8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
- 9. A futures commission merchant registered with the Commodity Futures Trading Commission,
- 10. A real estate investment trust,
- 11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
- 12. A common trust fund operated by a bank under section 584(a),
- 13. A financial institution,
- 14. A middleman known in the investment community as a nominee or custodian, or
- 15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt recipients 1 through 7

See Form 1099-MISC, Miscellaneous Income, and its instructions.

However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 5045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a Federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, *Application for a Social Security Card*, from your local Social Security Administration office or get this form online at www.socialsecurity.gov/online/ss-5.pdf. You may also get this form by calling 1-800-772-1213. Use Form W-7, *Application for IRS Individual Taxpayer Identification Number*, to apply for an ITIN, or Form SS-4, *Application for Employer Identification Number*, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses/ and clicking on Employer ID Numbers under Related Topics. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 30 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Writing "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see Exempt From Backup Withholding on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.
