Re: Contract No. 09-011-09-15 "Auctioneer Services" Extension on Agreement

Dear Mrs. Abrego,

The Hidalgo County Drainage District No.1 will request approval by the Board of Directors on Tuesday, August 3, 2010, to exercise the option to extend Agreement No. 09-011-09-15 for one (1) year as stated on "Exhibit A Terms and Conditions". Effective date (if approved) will be September 15, 2010 under the same rates, terms and conditions and will expire on September 16, 2011.

Please acknowledge receipt of this notice of intent to extend by signing below. Please fax signed copy to (956) 292-7089 Attn: Jaime J. Salazar. Mail original to Hidalgo County Drainage District No. 1 902 N. Doolittle Edinburg, TX. 78542.

Yes, I hereby agree to extend the contract one (1) year under the same rates, terms and conditions as stated in the specifications of the current contract.

No, I do not agree to the one (1) year extension of the current contract under the same rates, terms, and conditions as stated in the specifications of the current contract.

**RE: Godwin DPC300
 Sale Quotation 121001103**

Dear Mr. Salazar:

Godwin Pumps of America has team member's available 24-hours a day for your emergency or contingency needs. We are available to do job site visits for consulting, designing and supplying equipment to meet your needs.

Our extensive rental inventory has over 6,000 pumps, including:

Godwin Dri-Prime pump is an automatic self-priming pump that will lift up to twenty-eight feet. Our priming system is unique, in that it utilizes compressed air (driven directly off the engine) through a set of venturi. The air is then evacuated to atmosphere, priming the pump. The compressor runs continually, therefore, the pump primes and reprimed quickly. With its oil bath mechanical seal it can run dry for extended periods of time without damage. The Dri-Prime with its superior materials of construction, i.e. cast chromium impeller, provides longer wear resistance. The Godwin Dri-Prime pump ranges in size from three-inch to eighteen-inch.

The Godwin Dri-Prime pump is available in close-grain cast iron or stainless steel.

Godwin Hydraulic Submersible pumps are available in three, four, six, eight, and twelve-inch size. The power packs are available in diesel or electric drive.

Godwin Hush Power diesel generators are available from 20 Kw to 250 Kw.

Godwin Lights are towable portable light towers with four- 1,000 watt metal halide lights that can illuminate five to seven acres.

Pipe, hose and fittings through eighteen-inch, including fused HDPE systems. Godwin Bauer quick disconnect pipe, light weight galvanized steel pipe available in four, six, eight and twelve-inch.

Familiar applications include:

- Environmental Control, i.e. Sewer by-pass, process water
- Storm water management

Home Office:
 84 Floodgate Road, Bridgeport, NJ 08014 • www.godwinpumps.com • (856) 467-3636 • (856) 467-4841
Think Orange. Think Godwin. Great Pumps. Great People.
