Description

This FY 2011 grant announcement seeks to build upon data-driven, evidence-based policing by encouraging state, local, and tribal law enforcement agencies to develop effective, economical, and innovative responses to precipitous or extraordinary increases in crime, or in a type or types of crime within their jurisdictions. This program is funded under both the Edward Byrne Memorial Competitive Grant Program (Byrne Competitive Program) and the Edward Byrne Memorial Justice Assistance Grant (JAG) Program. The Byrne Competitive Program helps local communities improve the capacity of state and local criminal justice systems and provides for national support efforts including training and technical assistance programs strategically targeted to address local needs. The JAG Program (42 U.S.C. 3751(a)) is the primary provider of federal criminal justice funding to state and local jurisdictions, and

JAG funds support all components of the criminal justice system. The JAG Program authorization also provides that "the Attorney General may reserve not more than 5 percent, to be granted to 1 or more States or units of local government, for 1 or more of the purposes specified in section 3751 of this title, pursuant to his determination that the same is necessary—(1) to combat, address, or otherwise respond to precursors or extraordinary increases in crime, or in a type or types of crime" (42 U.S.C. 3756). Under JAG, there is also a 3 percent set aside for training and technical assistance programs.
