Roland,

As per Ken Jones, Executive Director of the RGRWA, the letter of support does not constitute a commitment of the county to be a partner in funding the grant match. In the future, they will be asking the county to contribute to the match requirement, but that will be only if their proposal is approved and it will be up to the county to participate financially.

Hope this helps,
E

Erika,

Is there required funding for this agenda item?

Please Advise.
