Ester:

I spoke with Saul Barrera with the local office this morning, he said he was waiting on Duane Price from El Paso. We spoke with Duane Price this afternoon, he needed one additional clarification from Dan Atwood (their engineer) regarding, if the maintenance plan had to be part of the license agreement. We will keep calling them on a daily basis, wish I had better news.

Mr. Gonzalez,

Just checking in to see if there is any new news on the permit and if we will have possession of it soon.

Thank you,

Good Morning. Just got off the phone with El Paso, the permit has been cleared by all departments (Environmental, Operations and Engineering).

Mr. Price is drafting the license, he needs name and title of person who is going to sign the license. Also, will it be under the County, Urban County or Drainage District?

Once we provide him that information, he will send to Mercedes Office, Rodolfo Montero (IBWC) will sign 3 originals and would give to the County for their signature.

Please advise.

Thanks

Hugo
