Vangie,

I apologize for the delay. I was waiting on some events to occur in order to decide what the next step was.

Let's meet tomorrow. We are going to take a different direction on this. Shortel is now available thru DIR.

I will take Eli with me. When do have time?

THIRD NOTICE

Renan,

Reminder that I need the following information from Lee (Lava Concepts) in order to proceed with an agenda item. I can't place an agenda item to request renewal of another year with Lava Concepts if the scanned insurances that we

have in place have expired plus he needs to submit that updated catalog pricing also, if not I could use the same one in place but then we will run into the same situation as last time, having to take it back to court for clarification. If not, your current contract in place will expire on June 16, 2011. Then there will be no contract in place for the phone system. Appreciate it if you can get in contact with Lee and see if you can get requested documentation especially the insurances or Auditor's will not pay any invoices due to non-compliance on the insurances.

Please call me should there be any questions regarding this matter.

Thank you

Renan,

I have not received any response from Lee on the following request, which is the signed acknowledgment letter on the renewal of another year, updated insurances (current ones on filed have expired again) including the updated revised price catalog list. I wanted to place an agenda item for May 24, 2011 and requested for all of this information for proper backup but as stated, I have not received any response. Current contract will expire as on June 16, 2011 and we are getting closer to this date and there will be no contract for the phone system. Please see if you can obtain the requested information and forward to me so that I may proceed forward.

Thanks
