Stephen: I am having no luck getting information from the engineer regarding a better explanation on the paving procedures. Do you want to revise to make it the way you understand it should be and I will run it by my client?

I talked with TWDB and the best answer I got was that they have every intention of funding the grant but they won't put anything in writing.

Agua needs to get this resolved this week because of contractors needs. Do you think we can get this done? I appreciate your help on this. Thanks, Katy

Stephen: Thanks for speaking with me. Attached please find a comparison and a clean version of the Interlocal. I am not sure why there was a delay in getting it to you. I am trying to find out why, internally, this happened and until I know, I am reserving the right to make changes based upon my client's instruction. Thanks, Katy
