Subject: Retail Fuel Card Contract - Extension Notice

The Council on Competitive Government (CCG) approved an extension of the current retail fuel card contract with Comdata at the July 21, 2011 open meeting.

The extension will be for 6 months, permitting us to rebid the contract and have a smooth transition to the winning contractor. As TransMontaigne will not be participating in the extension, Comdata will be providing all remaining services starting September 1, 2011 until the end of the extension period.

We will provide further communication as we progress. Thank you for your patience as we work on this important initiative.

For questions regarding the contract and the contract rebid, please contact CCG:
