Attn: Judge Ramon Garcia

Dear Judge Garcia,

In acquiring property for the highway systems of Texas, the Texas Department of Transportation follows a definite procedure for appraising the land needed and for handling personal negotiations with each owner. As explained by the State's negotiator, Joe A. Califa, your property located on FM 681 is to be acquired.

We believe at this stage of the purchase process it is mutually beneficial to confirm that based on an appraisal(s) made by an independent appraiser and an analysis by the appraisal review staff in this office, the State is authorized to offer you \$37,256.00 for your property, which includes \$37,256.00 for the property to be purchased and \$0.00 for damages to your remaining property. This amount is the total amount of just compensation for the property, as determined in accordance with State law, less oil, gas and sulphur. Except for any utility easements that will be handled separately by the Department, you will be responsible for negotiating with any other parties who may own an interest in the land or improvements.

As stated above, the State has obtained an independent fee appraisal. If you wish to accept the offer based upon this appraisal, please contact your negotiator; toll free, at 1-866-585-1909 as soon as possible so the payment procedure to obtain your payment may be started. If you are not willing to accept this offer, you may submit a written request for administrative settlement/counteroffer, setting forth a counteroffer amount and the basis for such amount, provided such settlement request is received in writing within 30 days from the date of this letter.

Please note that your right to submit an administrative settlement shall be forfeited if such a settlement request is not received within the 30 day time deadline.

In the event the condition of the property changes for any reason, the State shall have the right to withdraw this offer.

After the date of payment of the purchase price, or the date of deposit in court of funds to satisfy the award of compensation as determined through eminent domain proceedings to acquire real property, you will be reimbursed for any fair and reasonable incidental expenses necessarily incurred in transferring title to the property for use by the Texas Department of Transportation. Expenses eligible for reimbursement may include (1) recording fees, transfer taxes and similar expenses incidental to conveying the real property to the Department and (2) penalty costs for prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property. Voluntary unnecessary expenses or expenses incurred in clearing questionable title will not be eligible for reimbursement. Eligible incidental expenses will be reimbursed upon submission of a claim supported by receipted bills or other evidence of actual expenses incurred. You may file a written request for review if you believe that the Department failed to properly determine the eligibility for, or the amount of, incidental expenses to be reimbursed. There is no standard form on which to request a review of a claim; however, the claim must be filed with this office within six months after you are notified of the Department's determination on any claim for reimbursement.

You may be entitled to additional payments and services under the State's Relocation Assistance Program. It is emphasized, however, that any benefits to which you may be entitled under this program will be handled entirely separate from and in addition to this transaction. You will receive a brochure entitled "*Relocation Assistance*" which will inform you of eligibility requirements, payments and services which are available.

Attached is a copy of the Texas Department of Transportation brochure entitled "*Right of Way Purchase*" which we trust will give you a better understanding of the procedures followed by the Department in purchasing property. If you have any questions regarding the details as to the type of facility to be built or concerning the purchase transaction, please do not hesitate to ask your negotiator, Mr. Califa, to answer them.

Sincerely,

Luaha M. Gonzalez/Fernando Herrera, Jr.

Purpose of the Appraisal

The purpose of this appraisal is to estimate the market value of the fee simple title to the real property to be acquired, encumbered by any easements not to be extinguished, less oil, gas and sulfur. If this acquisition is of less than the whole property, then any special benefits and/or damages to the remainder property must be included in accordance with the laws of Texas.

Market Value

Market value is defined as follows: "Market Value is the price which the property would bring when it is offered for sale by one who desires, but is not obliged to sell, and is bought by one who is under no necessity of buying it, taking into consideration all of the uses to which it is reasonably adaptable and for which it either is or in all reasonable probability will become available within the reasonable future."

Certificate of Appraiser

I hereby certify that, it is my opinion the total compensation for the acquisition of the herein described property is \$37,256.00 as of May 11, 2011, based upon my independent appraisal and the exercise of my professional judgment; on May 11, 2011, (date)(s), I personally inspected in the field the property herein appraised; I afforded Hidalgo County, the property owner or the representative (s) of the property owner, the opportunity to accompany me at the time of the inspection. The comparables relied upon in making said appraisal were as represented by the photographs contained in the appraisal report and were inspected on May 3, 2011, I have not revealed and will not reveal the findings and results of such appraisal to anyone other than the proper officials of the, Texas Department of Transportation, L&G Engineering Transportation Consultants or officials of the Federal Highway Administration until authorized by State officials to do so, or until I am required to do so by due process of law or until I am released from this obligation by having publicly testified to such findings; and, my compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

I certify to the best of my knowledge and belief that the statements of fact contained in this report are true and correct; the reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions and conclusions; I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved; and, my analyses, opinions and conclusions were developed, and this report has been prepared in conformity with the appropriate State laws, regulations, and policies and procedures applicable to the appraisal of right of way for such purposes, and that to the best of my knowledge no portion of the value assigned to such property consists of items which are non-compensable under the established law of said State, and any decrease or increase in the fair market value of subject real property prior to the date of valuation caused by the public improvement other than that due to the physical deterioration within the reasonable control of the owner has been disregarded in estimating the compensation for the property.

Certificate of Appraisal

This appraisal report conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation. The subject property was analyzed utilizing the Cost Approach to value which is a Sales Comparison Approach to the subject as vacant and includes the estimated depreciated market value of real estate improvements and site improvements located within the part to be acquired. This is further explained within each section of the appraisal report.

Client & Intended User

The client for this report is identified as L&G Engineering Transportation Consultants, under the direction of Hidalgo County Precinct No. 3 Honorable Hidalgo County Commissioner Joe M, Flores and the Texas Department of Transportation, Southern Region. The part to be acquired is for the expansion of the existing road right-of-way of Farm to Market Road 681. The intended use of the report is to assist Luana Gonzalez, Co-Right-of-Way Administrator for L&G Engineering Transportation, for future negotiations of acquiring a portion of said property as fee simple in the name of the State of Texas. This report is not intended for any other use, unless specified by the client. The clients have identified that the report shall be a summary appraisal report, which is to conform to the ROW-A-6 Form Rev. 3/2011. The intended user of the report is defined as L&G Engineering Transportation Consultants, and may include governmental entities which may be participating in the project. Luana Gonzalez shall be the project manager for this project under the direction of Texas Department of Transportation, Southern Region. Ms. Gonzalez has a local office located at 900 S. Stewart Road, Suite No. 9, Mission, Texas and can be contacted at (956) 585-1909.

Scope of the Assignment

By work order dated April 20, 2011 on behalf of the Texas Department of Transportation, Southern Region, L&G Engineering Transportation Consultants, requested for Leonel Garza Jr. & Associates LLC to prepare an appraisal report of the part to be acquired as described by survey and metes and bounds created by CVQ Land Surveyors, LLC. located at 2104 North Ware Road, McAllen, Texas and engineered by Javier Hinojosa Engineering, consulting engineer located at 416 E. Dove Avenue, McAllen, Texas 78504.

Leonel Garza III is the owner of Leonel Garza Jr. & Associates, LLC located at 1419 Dove Avenue Ste 1, McAllen, Texas. The office of Leonel Garza Jr. & Associates has been in operation for over 30 years of which Leonel Garza III, became owner of the family operation after the passing of Leonel Garza Jr. in 1998. Creating Leonel Garza Jr. & Associates LLC, Leonel Garza III specialized in right-of-way acquisition field for over 13 years. Various right-of-way projects have been performed in the following County's: Cameron County, Hidalgo County, Starr County, Zapata County, Webb County, Nueces County and Brooks County.

The scope of the assignment is to appraise the area as fee simple in its present "as is condition" subject to governmental regulation, and in terms of a cash transaction. In addition, the scope is requiring the appraiser to make the extraordinary condition that the subject property is free from contamination of which could affect the overall market value of the subject property as a whole and the part to be acquired. The property owner shall be sent a letter of intent to inspect the subject property and offer any additional inspections on-site and in the presence of the owner(s) and or owner(s) representative (as requested in writing). In the event access is not granted to enter the subject area, the appraiser is to proceed off-site along existing road right-of-way as indicated by survey. The scope of the assignment requires that comparable market sales within the area be identified and analyzed for comparability and for their reliability in determining the estimated market value of the subject property. The sales have been collected, confirmed and analyzed with respect to comparability to the subject property. These comparable sales were gathered through various sources which included the Greater McAllen Multiple Listing Service, local Realtors & Brokers, Real Estate Appraisers, and conversations with various owners along the project. Listings along Farm to Market Road 681 were also reviewed in order to determine the current market asking prices for property along the project. The appraisal report shall indicate the current market value of the subject property as per date of on-site and or off-site inspection without project influence as indicated by scope. The inspection is limited by the permissibility of the subject owner as per date of report. In the event an on-site inspection was not permitted, the appraiser continued the inspection off-site along existing road right of way. The property owner shall always reserve the right for a re-inspection of the subject parcel at a later date if requested in writing.

Purpose of the Appraisal Report

This appraisal is prepared for the purpose of estimating the current market value of the fee simple estate of the subject property in order to determine the value of the proposed right-of-way to be acquired in the name of the State of Texas. This appraisal does not include any enhancement in value resulting from items of intangible personal property such as marketing and management skill, an assembled work force, working capital, trade names, franchises, patents, trademarks, contracts, leases (mineral and or ground lease), or operating agreements and project influence (if any exist). The area to be acquired may contain personal property items which are not compensable and or may be handled through the Texas Department of Transportation Relocation Program. These items deemed compensable shall be included within the body of the report and itemized for clarity by the appraiser. Any improvements not located within the part to be acquired and outside of the permissibility of inspection as defined by the subject owner, shall be given a stated value based on the assessment established by the corresponding Appraisal District and or by off-site estimation by appraiser as they are not affected by the acquisition.

Property Rights Appraised

The property rights being appraised in this report consist of the fee simple estate of the subject property. Fee Simple Estate is defined by the Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 113, by the Appraisal Institute as being: "Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat." As per scope of the assignment, this is the manner of which the subject property shall be appraised for purposes of this report. If there are any questions or concerns as to this definition of fee simple estate, please feel free to contact Leonel Garza III at (956) 687-7295 or leonel3@garza-associates.com for further explanation.

Accessibility To Subject Property

As per scope of the assignment, the subject property shall be inspected in order to verify any and all improvements affected by the part to be acquired. In the event the remainder after the acquisition is affected by the proposed acquisition, the remainder shall be inspected in order to determine damages (diminution) to market value if any exist. The property owner of record shall be sent a letter of intent to inspect and offer the opportunity for an on-site inspection in the presence of the appraiser, Leonel Garza III. The owner of record, as per the Hidalgo County Appraisal District was sent a letter of intent to inspect the subject property on the week of April 22, 2011. A copy of the certified letter is located within the addenda of this report. In the event no written or verbal permission was granted to the office of Leonel Garza Jr. & Associates LLC prior to date of inspection, the inspection proceeded off-site along existing road right-of-way as per scope. The property owner shall always reserve the right to contact the office of Leonel Garza Jr. & Associates LLC (956) 687-7295 or leonel3@garza-associates.com, after the date of inspection for an additional on-site inspection in their presence with appraiser, Leonel Garza III.

Analysis of Subject As A Whole

A survey of the property owners entire tract was not performed as the part to be acquired incorporates a portion of land located along the southern frontage of Farm to Market Road 681. As per scope of the assignment, the subject property shall be analyzed based on the combined information of several sources including, the survey provided, on-site and or off-site inspection, personal interviews, and information gathered from the local appraisal district. The property was analyzed based on the whole property less any existing road right-of-way. Based on the inspection of the subject property and the evaluation of the subject as a whole, the remainder shall not be affected by the part to be acquired and therefore shall not be included within the valuation of this report.

Economic Unit Analysis

The subject property shall be analyzed based on a 19.09 acre tract of land as indicated by survey. The area for the subject property as a whole is indicated as per survey provided by CVQ Land Surveyors LLC dated July 13, 2009. The comparable sales used for the analysis of the subject property as whole and as the partial acquisition indicated a range of economic units of 1.00 acre to 3.088 acres. These indicated economic unit values are used for the valuation of the proposed acquisition as the part to be acquired does not constitute an economic unit. Therefore, the pro-rata part of the whole is applied as the market valuation of the part to be acquired.

Part To Be Acquired

The proposed acquisition is comprised of fee land in which the net land area to be acquired is 0.489 acres (21,289 square feet). The proposed acquisition has approximately 450.00' lineal feet of frontage along the southern side of FM 681. The proposed acquisition, which is the subject of this report, shall be evaluated as a whole as determined by the approaches to market value selected. The subject shall be valued based on the highest and best use as a commercial use tract of land, which is based on the local market trends along FM 681 & FM 2221. This highest and best use is further explained on page 3.1 of this report.

To Be Acquired	0.489 Acres
	21,289 Square Feet

Legal Description: Part To Be Acquired

A tract of land containing 0.489 acre (21,289 square feet), situated in Hidalgo County, Texas and also being part or portion of Lot 48-3, West Addition to Sharyland, recorded in Volume 1, Page 56, H.C.M.R. Hidalgo County, Texas.

Remainder Before and After Acquisition

The remainder, before and after the acquisition, is defined as the partial acquisition subtracted from the whole property which is described as the subject property. It is determined at the time of appraisal whether or not damages to the remainder are caused by the proposed part to be acquired. The highest and best use of the subject property before and after the proposed partial acquisition is analyzed to determine whether or not the use of the subject property will be altered as a result of the proposed part to be acquired.

Property Tax Data

The property tax assessment was reviewed online and can also be accessed via www.hidalgoad.org. According to the information provided by the Hidalgo County Appraisal District located at 4405 S. Professional Dr., Edinburg, Texas. The subject property was indicated to be under the ownership of Hidalgo County. This was found under the tax account R723179.

General Site Assessment Statement

This appraiser has made an off-site inspection of the subject property, and no obvious adverse environmental concerns or potentially hazardous materials were observed. This appraiser is not qualified to make a detailed environmental study and highly recommends that an inspection be made by a qualified environmental engineer if any environmental concerns exist. Leonel Garza Jr. & Associates LLC has performed this appraisal report under the hypothetical condition and extraordinary assumption that the subject property has not experienced any adverse environmental concerns which may influence its marketability and or value. The extraordinary assumption is that neither adverse easements nor encroachments are located within the subject property which would affect the value of the whole. The subject property was observed to be generally level and typical of the surrounding market area. No severe low lying areas were observed, however, this appraiser is not an engineer and cannot certify to the topography or drainage of the subject property.

Utility Services Available

The subject property is located in a region, which contains, potable water, electricity, cable, and phone service, which is typical of the market area. The client, as per previous agreement with the public utility provider, informed the appraiser that all private utilities will be relocated, if affected by the part to be acquired and all necessary reconnections will be the responsibility of the utility provider. As such said relocation and reconnection cost shall not be included in the valuation of the part to be acquired.

Identification of Personal Property

As per scope of the assignment, no personal property located within the proposed right-of-way and the remainder before and after the acquisition shall be included for compensation, unless it was determined by the appraiser that these item shall be affected or damaged by the proposed acquisition. In the event the selected items are determined to be compensable, then they shall be included within the cost approach section of this report. A value which shall be either the cost to cure and or the cost of replacement shall be delineated for each item for clarity.

Current Listing Status

Based on the off-site inspection of the subject property no visible "For Sale" signs were located on-site indicated the subject property listed for sale. Additional research was conducted with local Realtor's® Multiple Listing Services and the subject property was not listed.

Exposure Time

Exposure time is defined as the "length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal." Based on research performed within the market area, an indicated twelve (12) month exposure time is indicated for the subject property. This was estimated based on current and past listings located within the market area which were reviewed during our sales search for comparables similar to the subject property.

DESCRIPTION OF PROPERTY:

The subject property, as a whole, is a 19.09 acre vacant tract of land located along the south side of FM 681. According to the survey provided by CVQ Land Surveyors LLC, dated July 13, 2009, the part to be acquired is approximately 0.489 acres (21,289 square feet). This land area currently in fee simple shall be calculated at 100% of the unit value derived from the sales comparison approach as vacant. This is performed in order to determine the unit value for the proposed acquisition for the purchase of said tract in the name of the State of Texas.

AREA OR NEIGHBORHOOD ANALYSIS:

The subject neighborhood along FM 681/FM 2221, north of the community Alton, Texas, is utilized for a mixture of residential, commercial and agricultural uses. Development of land in this area is predominately for single family residential developments located near and along Tom Gill Road and Farm to Market 681. The areas along Tom Gill, 4 Mile Line Road, and FM 2221 have seen recent development of single family residential communities as utilities become available in the area. Rudy Flores of the Agua Specialty Utility District indicated that water lines along Tom Gills Road are currently being upgraded to support the area along Tom Gill Road. Mr. Flores also indicated that the area along 4 Mile Line Road had access to water, no sewer services are provided to the area. Due to recent construction by the La Joya ISD, a 12 inch water line has been extended from Iowa Road to Salida Del Sol Road. This water line will improve the pressure and volume received in the area by linking three water treatment plants together. This water line links the Havana Water Plant, FM 492 water plant, and the Abrams Road water treatment plant, giving the area the ability to draw from any source within the loop. To the north of the project is a newly constructed 500,000 gallon, 160 foot tall elevated water tower located along FM 2221 and Salida Del Sol Road. The tower will provide a base delivery pressure of 60 pounds per square inch, aiding in the developmental potential to the area. In addition to the water tower, a 6.0 MGD (Million Gallons per Day) water treatment facility, known as the Abrams Road water treatment plant, has been constructed increasing the water treatment capacity from 8.0 MGD (Million Gallons per Day) to 14.0 MGD (Million Gallons per Day). Leonel Garza Jr. & Associates LLC has inspected the market area along FM 681 and has found that the market contains stable growth.

SITE ANALYSIS

Five Year Sales History:

During the course of the appraisal, research was performed through the Hidalgo County Appraisal District to verify the current ownership of the subject property along with title information provided by the client. The property was transferred from Leonel G. Bazan and Maria N. Bazan to Hidalgo County, Texas on August 10, 2007 and recorded under Special Warranty Deed Document No. 1810864 for an undisclosed consideration. A copy of the appraisal card is located in the Addenda of this report.

Legal Description: (Whole Property)

A tract of land containing 19.09 acres situated in Hidalgo County, Texas and also being a part or portion of Lot 48-3, West Addition To Sharyland Subdivision, Map reference Volume 1, pages 56, H.C.M.R. Hidalgo County, Texas.

Legal Description: (Part to be Acquired)

A tract of land containing 0.489 acre (21,289 square feet), situated in Hidalgo County, Texas and also being part or portion of Lot 48-3, West Addition to Sharyland, recorded in Volume 1, Page 56, H.C.M.R. Hidalgo County, Texas.

Improvements:

During the off-site inspection of the subject property no building improvements were indicated within the part to be acquired. The subject is a vacant tract and as such contains no structural site improvements. No damages are indicated for the remainder, however, several site improvements are located within the proposed acquisition and shall be itemized on page 5.0 of this report for purposes of determining compensation. These site improvements within the acquisition are valued based on their depreciated cost value. In the event site improvements must be re-established within the remainder, a cost to cure shall apply and be added to the total compensation calculated. The cost for the site improvements are gathered from a variety of sources of which include Marshall Valuation Services, local contractors and a variety of retail stores located in the Rio Grande Valley. In addition, any utilities located within the part to be acquired of which are affected by the acquisition, shall be relocated as an item of construction and shall not be included within the compensation of the subject property.

Highest & Best Use Analysis:

The subject's highest and best use as vacant and as if improved is indicated for a mixed use of residential and commercial use. This type of use is concurrent with the recent trends located along FM 681 within Hidalgo County, Texas. This highest and best use is based on the determined economic unit of the subject property as whole which is being acquired in the name of the State of Texas. When a property is evaluated, the highest and best use must always be considered. In the current case, the highest and best use of the whole is determined to be for residential for the interim and future commercial based on several factors. Factors taken into consideration are defined by The Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 135, by the Appraisal Institute as being: "The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and there results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity." The scope of the assignment is to evaluate the subject property as a whole, part to be acquired, and the remainder before and after the acquisition, while excluding project influence and is reported under the conditions set forth by Standards Rule 1-4(f) under the Jurisdictional Exception provision as defined by the Uniform Standards of Professional Appraisal Practice (USPAP). The highest and best use is analyzed for each of these scenarios as each parcel shall be evaluated before and after the proposed acquisition.

COMPARABLE SALES MAP

Explanation of Adjustments with Reconciliation:

During the analysis of the acquisition area, the value for the subject property as a whole or economic unit was determined. This determination of market value is utilized for the valuation of the proposed acquisition which is a pro-rata part of the whole. The local market and extended market was searched for comparable sales of which contained similar frontage along FM 681 and other similar and intersecting thoroughfares. Each of the sales utilized are located within the market area and are the most comparable located in the market place of which all information pertinent to the transaction could be verified. Several sales were located within this parameter of which had occurred within the past three years. Three sales were selected which were the most comparable to the subject property and required the least number of adjustments. The following three comparable sales were reviewed for location, available utilities, financing, site utility, topography and other factors of which the real estate market shall recognized for the purchase of said tracts.

Sale No. 1 is located along the southern side of FM 681 just east of Inspiration Road in Hidalgo County, Texas. The subject property was purchased in 2009 for \$325,000. The subject at the time of sale was improved with several metal warehouses and improved with a perimeter fence. The contributory value of the improvements are estimated to be \$105,000 as per HCAD. The adjusted sales price for the site as vacant is indicated to be \$220,000. This equates to a unit value of \$1.64 per square foot for the 3.088 acres. Due to the difference in size a negative -10% adjustment is indicated to the unit rate. Due to the similarity of the subject property and this sale, no other adjustments were indicated. Therefore, the unit rate for the subject property is indicated to be \$1.48 per square foot.

Sale No. 2 is located along the north side of FM 2221 east of Western Road in Hidalgo County, Texas. The subject property was purchased in 2009 for \$130,000 or \$2.98 per square foot. The site was vacant at the time of sale. The property was purchased for the development of a day care center. The subject is in a developing area of which is superior to the subject property. An adjustment of -20% is indicated for the superior location of the sale. A final adjustment for the difference in size of -15% was also indicated. Due to the overall comparability of the subject property and the sale, no further adjustments were indicated. Therefore, the unit rate for the subject property is indicated to be \$1.94 per square foot.

Sale No. 3 is located at the southeast corner of Mile 7 North Road (FM 2221) and La Homa Road. The property was purchased in 2008 for \$460,726 or \$3.99 per square foot. This property was purchased for the development of a Family Dollar and O'Reilly Auto Parts Store. Due to the superior location of the sale a downward adjustment of -30% was indicated. This sale is located at the corner of FM 681 and La Homa provides superior corner influence of which a downward adjustment of -20% is indicated. A final adjustment of -10% is indicated for the difference in size. Due to the overall comparability of the subject property and the sale, no further adjustments were indicated. Therefore, the unit rate for the subject property is indicated to be \$1.60 per square foot.

After reviewing the comparable sales selected, an unadjusted unit range of market value of \$1.64 per square foot to \$3.99 per square foot was indicated. After adjustments were made in paired sales analysis of the comparable to the subject property, an adjusted range of market value of \$1.48 per square foot to \$1.94 per square foot was determined. Based on the existing developments and surrounding land use within the immediate market area and the current trends found along FM 681 and intersecting thoroughfares, a unit value near the mid range of the adjusted unit range was selected; \$1.75 per square foot.

Calculation For Part To Be Acquired
21,289 Square Feet x \$1.75 / Square Foot = \$37,256

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared with the following general assumptions:

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.
2. The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.
3. Responsible ownership and competent property management are assumed.
4. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.
5. All engineering is assumed to be correct. The plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
6. It is assumed that there are no hidden or un-apparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
7. It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.
8. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.
9. It is assumed that the use of the land and improvements is confined within the boundaries or property line of the property described and that there is no encroachment or trespass unless noted in the report.
11. Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, was not observed by this appraiser. The appraiser does not have any knowledge of the existence of such material on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

General Limiting Conditions:

1. Any allocation of the total value of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
2. Possession of this report, or a copy thereof, does not carry with it the right of publication.
3. The appraiser, by reason of this appraisal, is not required to give further consultation, testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.
4. Neither all or any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser.
5. If the property rights appraised are the "Leased Fee Estate", then the Final Indicated Market Value Estimate is based on the continued performance under the lease terms.
6. The original and one copy of this report have been signed in blue ink. Any other copy, which is not signed in blue may have been altered, and this appraiser is not responsible for its contents or value indicated.

Assumptions and Interpretations Made by Appraiser of the Marketing Period

1. Indicated Marketing Time: Begins with the date of value estimate and the exposure time indicated.
2. Exposure to the Open Market: Listing the property on the market for sale with a Realtor, member of Multiple Listing Service, or a licensed Real Estate Broker, that will properly expose the property to the Market. This appraiser does not consider a sign placed by a bank on the property as proper marketing. If the property is presently listed for sale on the market, this appraiser must be notified prior to the completion of the appraisal.
3. Exposure Time: The length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.

Project: FM 681 Expansion Project

Parcel 58
Hidalgo County
100 E Cano 2nd Floor
Edinburg, TX 78539

To Whom It May Concern:

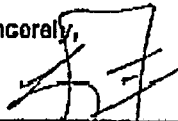

Leonel Garza Jr. & Associates LLC has been contracted by L&G Engineering, Inc., who is a subcontractor of Hidalgo County, Texas in conjunction with the Texas Department of Transportation, Southern Region, to appraise various properties along Farm To Market 681 (FM 681 / 2221) as fee simple. This proposed acquisition is for the purpose of acquiring additional road right-of-way for the expansion and renovation of Farm to Market 681. Attached is a survey of the property to be acquired. This office shall be inspecting the subject property from existing road right-of-way until verbal or written permission from you is granted to enter the subject property. We would like to extend the opportunity to meet with our office at your site in order to explain the project and the purpose of the appraisal report.

The L&G Engineering Inc. shall be negotiating the purchase of such proposed right-of-way believed to be in the name of Hidalgo County. If you or your representative wish to meet with us to discuss the purpose of the appraisal and join me for an on-site inspection of your land, I can be reached at (956) 687-7295 or leonel3@garza-associates.com.

I will be researching the market area for any and all real estate sales, and would appreciate any leads or information in which you may have. If this letter does not pertain to you and you have sold said property, please notify our office as soon as possible so that the proper ownership identification can be performed. If you have any questions please call the office of Leonel Garza Jr. & Associates LLC at (956) 687-7295.

With this letter I request permission to perform an on-site inspection and photograph your property. If you have any objections to our inspection of your property please call the office of Leonel Garza Jr. and Associates LLC at (956) 687-7295 as soon as possible. Thank you.

Sincerely,

Leonel Garza II

DELETION OF ARBITRATION PROVISION
(Not applicable to the Texas Residential Owner Policy)

ARBITRATION is a common form of alternative dispute resolution. It can be a quicker and cheaper means to settle a dispute with your Title Insurance Company. However, if you agree to arbitrate, you give up your right to take the Title Company to court and your rights to discovery of evidence may be limited in the arbitration process. In addition, you cannot usually appeal an arbitrator's award.

Your policy contains an arbitration provision (shown below). It allows you or the Company to require arbitration if the amount of insurance is \$2,000,000 or less. If you want to retain your right to sue the Company in case of a dispute over a claim, you must request deletion of the arbitration provision before the policy is issued. You can do this by signing this form and returning it to the Company at or before the closing of your real estate transaction or by writing to the Company.

The Arbitration provision in the Policy is as follows:

“Either the Company or the Insured may demand that the claim or controversy shall be submitted to arbitration pursuant to the Title Insurance Arbitration Rules of the American Land Title Association (“Rules”). Except as provided in the Rules, there shall be no joinder or consolidation with claims or controversies of other persons. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, any service in connection with its issuance or the breach of a policy provision, or to any other controversy or claim arising out of the transaction giving rise to this policy. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured, unless the Insured is an individual person (as distinguished from an Entity). All arbitrable matters when the Amount of Insurance is in excess of \$2,000,000 shall be arbitrated only when agreed to by both the Company and the Insured. Arbitration pursuant to this policy and under the Rules shall be binding upon the parties. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court of competent jurisdiction.”

I request deletion of the Arbitration provision.

WE DO NOT DISCLOSE ANY NONPUBLIC PERSONAL INFORMATION ABOUT YOU WITH ANYONE FOR ANY PURPOSE THAT IS NOT SPECIFICALLY PERMITTED BY LAW.

We restrict access to nonpublic personal information about you to those employees who need to know that information in order to provide products or services to you. We maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard your nonpublic personal information.

THE STATE OF TEXAS
LANDOWNER'S
BILL OF RIGHTS

PREPARED BY THE

OFFICE OF THE
ATTORNEY GENERAL OF TEXAS

This Landowner's Bill of Rights applies to any attempt by the government or a private entity to take your property. The contents of this Bill of Rights are prescribed by the Texas Legislature in Texas Government Code Sec. 402.031 and Chapter 21 of the Texas Property Code.

1. You are entitled to receive adequate compensation if your property is taken for a public use.
2. Your property can only be taken for a public use.
3. Your property can only be taken by a governmental entity or private entity authorized by law to do so.
4. The entity that wants to take your property must notify you about its interest in taking your property.
5. The entity proposing to take your property must provide you with an assessment of the adequate compensation for your property.
6. The entity proposing to take your property must make a good faith offer to buy the property before it files a lawsuit to condemn the property.
7. You may hire an appraiser or other professional to determine the value of your property or to assist you in any condemnation proceeding.
8. You may hire an attorney to negotiate with the condemning entity and to represent you in any legal proceedings involving the condemnation.
9. Before your property is condemned, you are entitled to a hearing before a court appointed panel that includes three special commissioners. The special commissioners must determine the amount of compensation the condemning entity owes for the taking of your property. The commissioners must also determine what compensation, if any, you are entitled to receive for any reduction in value of your remaining property.
10. If you are unsatisfied with the compensation awarded by the special commissioners, or if you question whether the taking of your property was proper, you have the right to a trial by a judge or jury. If you are dissatisfied with the trial court's judgment, you may appeal that decision.

CONDEMNATION PROCEDURE

Eminent Domain is the ability of certain entities to take private property for a public use. Private property can include land and certain improvements that are on that property.

Private property may only be taken by a governmental entity or private entity authorized by law to do so. Your property may be taken only for a public use. That means it can only be taken for a purpose or use that serves the general public. However, Texas law prohibits condemnation authorities from taking your property to enhance tax revenues or foster economic development.

Your property cannot be taken without adequate compensation. Adequate compensation includes the market value of the property being taken. It may also include certain damages, if any, to your remaining property caused by the acquisition itself or by the way the condemning entity will use the property.

HOW THE TAKING PROCESS BEGINS

The taking of private property by eminent domain must follow certain procedures. First, the entity that wants to condemn your property must provide you a copy of this Landowner's Bill of Rights before or at the same time the entity first represents in any manner to you that it possesses eminent domain authority.

Second, if it has not been previously provided, the condemning entity must send this Landowner's Bill of Rights to the last known address of the person in whose name the property is listed on the most recent tax roll at least seven days before the entity makes a final offer to acquire your property.

Third, the condemning entity must make a good faith offer to purchase the property. The condemning entity's offer must be based on an investigation and an assessment of adequate compensation for the property. At the time the offer is made, the governmental condemning entity must disclose any appraisal reports it used to determine the value of its offer to acquire the property. You have the right to either accept or reject the offer made by the condemning entity.

CONDEMNATION PROCEEDINGS

If you and the condemning entity do not agree on the value of the property being taken, the entity may begin condemnation proceedings. Condemnation is the legal process for the taking of private property. It begins with a condemning entity filing a claim for your property in court. If you live in a county where part of the property being condemned is located, the claim must be filed in that county. Otherwise, the claim can be filed in any county where at least part of the property being condemned is located. The claim must describe the property being condemned, the intended public use, the name of the landowner, a statement that the landowner and the condemning entity were unable to agree on the value of the property, and that the condemning entity provided the landowner with the Landowner's Bill of Rights statement.

SPECIAL COMMISSIONERS' HEARING

After the condemning entity files a claim in court, the judge will appoint three landowners to serve as special commissioners. These special commissioners must live in the county where the condemnation proceeding is filed, and they must take an oath to assess the amount of adequate compensation fairly, impartially, and according to the law. The special commissioners are not authorized to decide whether the condemnation is necessary or if the public use is proper. After being appointed, the special commissioners must schedule a hearing at the earliest practical time and place and provide you written notice of that hearing.

You are required to disclose to the governmental condemning entity, at least ten days before the special commissioners' hearing, any appraisal reports used to determine your opinion about adequate compensation for the property. You may hire an appraiser or real estate professional to help you determine the value of your private property. You may also hire an attorney regarding these proceedings.

At the hearing, the special commissioners will consider evidence on the value of the property, the damages to remaining property, any value added to the remaining property as a result of the project, and the uses to be made of the property being taken.

SPECIAL COMMISSIONERS' AWARD

After hearing evidence from all interested parties, the special commissioners will determine the amount of money to be awarded as adequate compensation. You may be responsible for the costs if the Award is less than or equal to the amount the condemning entity offered before the condemnation proceeding began. Otherwise, the condemning entity will be responsible for the costs. The special commissioners will give a written decision to the court that appointed them. That decision is called the "Award." The Award must be filed with the court and the court must send written notice of the Award to all parties.

After the Award is filed, the condemning entity may take possession of the property being condemned, even if either party appeals the Award of the special commissioners. To take possession of the property, the condemning entity must either pay you the amount of the Award or deposit the amount of the Award into the registry of the court. You have the right to withdraw the deposited funds from the registry of the court.

OBJECTION TO THE SPECIAL COMMISSIONERS' AWARD

If either you or the condemning entity is dissatisfied with the amount of the Award, either party can object to the Award by filing a written statement of objection with the court. If neither party timely objects to the Award, the court will adopt the Award as the final judgment of the court. If a party timely objects to the special commissioners' Award, the court will hear the case in the same manner as other civil cases.

If you object to the Award and ask the court to hear the matter, you have the right to a trial by judge or jury. The allocation of costs is handled in the same manner as with the special commissioners' Award. After that trial, either party may appeal any judgment entered by the court.

DISMISSAL OF THE CONDEMNATION ACTION

A condemning entity may file a motion to dismiss the condemnation proceeding if it decides it no longer needs your property. If the court grants the motion to dismiss, the case is over and you are entitled to recover reasonable and necessary fees for attorneys, appraisers, photographers, and for other expenses incurred to the date of the hearing on the motion to dismiss.

You may also file a motion to dismiss the condemnation proceeding on the ground that the condemning entity did not have the right to condemn the property, including a challenge as to whether the property is being taken for a public use. If the court grants your motion, the court may award you reasonable and necessary fees for attorneys, appraisers, photographers, and for other expenses incurred to the date of the hearing or judgment.

RELOCATION COSTS

If you are displaced from a residence or place of business, you may be entitled to reimbursement for reasonable expenses incurred while moving personal property from the residence or relocating the business to a new site. You are not entitled to these relocation costs if they are recoverable under another law. If you are entitled to these costs, they cannot exceed the market value of the property being moved and can only be reimbursed for moving distances within 50 miles.

RECLAMATION OPTIONS

If private property was condemned by a governmental entity, and the purpose for which the property was acquired is canceled before the 10th anniversary of the date of the acquisition, you may have the right to seek to repurchase the property for the fair market value of the property at the time the public use was canceled. This provision does not apply to property acquired by a county, a municipality, or the Texas Department of Transportation.
