**North Alamo Water Supply Corporation
Service Agreement**

AGREEMENT made on this _____ day of _____, 2011 between North Alamo Water Supply Corporation, a Corporation organized under the laws of the State of Texas (here in after call The Corporation) and Hidalgo County Act 4.

The Corporation agrees to sell and deliver water to the Member and Member agrees to purchase and receive water from the Corporation, for general farm use and domestic purposes, in accordance with the bylaws and rules of the Corporation as amended from time to time by the Corporation's Board of Directors.

The member shall pay the Corporation for service hereunder at the rates and upon the terms and conditions set forth in the rate schedule adopted from time to time by Corporation's Board of Directors

The Board of Directors shall have the authority to cancel the membership of any member in the event of nonpayment of any water charges or assessments owing by said member within thirty (30) days after demand for payment by mail, properly addressed to such delinquent member.

All water shall be metered by Water Meters furnished and installed by the Corporation.

In the event the total water supply shall be insufficient to meet all the needs of the Members, or in the event there is a shortage of water, the Corporation may pro-rate the water available among the various Members on such basis as is deemed suitable by the Board Of Director, and may also prescribe a Schedule of hours covering the use of water for any purposes by particular Members and require adherence thereto or prohibit the use of water for any purposes; provided that, if at any time the total water supply by insufficient to meet all the needs of all the members the Corporation must first satisfy all the needs of all Members for domestic purposes before supplying any water for livestock purposes and must satisfy all the needs of all Members for both domestic and livestock before supplying any water for garden purposes.

The member shall allow his property to be inspected for possible cross-connections and other potential contamination hazards. These inspections shall be conducted by the Corporation or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other potential contamination hazards exist; or after any major changes to the water distribution. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device. No cross-connection between the public drinking water supply and a private water system is permitted. No connection which allows water to be returned to the public drinking water supply is permitted. No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection which provides water for human use. No solder or flux which contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection which provides water for human use.

The Member shall install and maintain at his own expense a service line from the meter to the point of use.

The Member shall hold the Corporation harmless from any and all claims or demands for damages to real-estate or personal property occurring from the point of Member ties on to the Corporation meter to the final destination of the line installed by Member. The Member agrees to grant to the Corporation an easement of right-of-way for the purpose of installing, maintaining, and operating such pipelines, meter valves and any other such equipment which may be deemed necessary for the Corporation on such form as is required by the Corporation. Failure to provide such requested easements may result in the termination of water service.

The Corporation shall have the right to locate a water service meter and pipe, necessary to connect the meter on the property of the Member at a point to be chosen by the Corporation and shall have access to its property on the Member's premises at all time for any purpose connected with or in the furtherance of its business operations, and on discontinuance of service shall have the right to remove any of its property from the Members premises.

If the customer fails to comply with the terms of the Service Agreement, the Corporation may at its option, either terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the customer.
