Letty,

As far as the budgetary impact/revenues for last year and the balance of revenues, the Treasurer's Office can either confirm my number or give you the exact amount so from the information that I have as per the copy of the receipts that I receive from the Treasurer's Office, \$2,404.92 should be the total budgetary impact for last year. To my knowledge the money is going back into the general fund, and I have attached a copy of last year's agenda item that states the specific Revenue Account number it is gets placed in. Let me know if you need anything else, thank you.
