PROCEEDS TO BENEFIT DELTA AREA AUTISM SOCIETY
AND TEXAS PARENT TO PARENT

July 30, 2012

To Commissioner Quintanilla:

Please accept this is our formal request to use the Delta Lake Park on September 21st and 22nd, 2012, for our 3rd Annual Ride for Autism and BBQ Cookoff.

Our two previous events were held at a location in Elsa but we have grown and feel that Delta Lake Park is the perfect location. We have averaged about 1,500 people in attendance within our two-day event and feel that this year we will definitely exceed that. We are aware that the park has their entrance fee to the park, we would like to charge a total of \$5.00 per car. Also, we would like to offer the public free admission on Saturday if they pay on Friday. This is to motivate the public to return on Saturday for the main events.

This event is being presented by the Villistas Motorcycle Club - Edinburg. This event was started, in part, to provide awareness about Autism to the surrounding communities. 100% of the proceeds go to one or more local non-profit organizations dedicated to improving the lives of children with ASD's (Autism Spectrum Disorders).

Our event has several activities but the main activity is the BBQ Cookoff. This Cookoff has brought an average of 30 teams each year. Teams come for all over the Valley and even as far as Corpus Christi. Teams begin to arrive on Friday and usually depart Saturday evening, with a couple of teams staying until Sunday morning. They provide their own electricity. Some teams do bring RV's.

Another activity is the Autism Activities for the children affected with ASD's and their families. These activities will take place on Saturday from 10 a.m. to 1:30 at the pavilion. During this time we have health organizations (doctors, therapists, etc) providing pamphlets and other educational information.

Some of the other activities planned for these two days are: Little Miss September Pageant, paintball, roller derby, wrestling, boxing, trail riders, car and bike show. We will also have live music and both food and merchandise vendors.

We are also requesting to sell alcohol at our event. We are willing to comply with any of the parks requirements to make this possible. We will make this a safe and successful event by any means possible.

We are currently working on a rendering that we will have available when we are scheduled to go before Commissioner's Court.

Should you have any questions or need any further information please do not hesitate to call me at (956) 262-7106 or (956) 246-0364. We will have an itinerary and rendering available for all necessary parties for Commissioner's Court.

Thank You.

Melissa Perez, Project Coordinator (956) 262-7106

About Us

Texas Parent to Parent (TxP2P) is committed to improving the lives of Texas children who have disabilities, chronic illness, and/or special health care needs. TxP2P empowers families to be strong advocates through parent-

to-parent support, resource referral, and education. In addition, TxP2P educates professionals about the unique needs of our children with the goal of improving care and opportunities for our children. Lastly, TxP2P is dedicated to championing the efforts of a diverse set of parent support groups and advocacy on behalf of our children's well-being.

The heart of TxP2P is the parent-to-parent peer support model--parentic volunteering to provide support and information to other parents. The parent-to-parent model (Link to P2P Best Practices PDF) has been developed by and for parents to address the powerful emotions, new responsibilities, stress and isolation that parents and families face in caring for a child with special health care needs. Parent-to-parent support sustains parents as they develop the skills to manage the new demands on their families and themselves and to advocate effectively for their children.

We encourage you to learn more about our organization, programs for parents, professionals, and parent groups, and get involved. Learn more about our [History](#), [Stewardship](#), [Family Stories](#), [Research](#), [Partnerships](#), [Board & Staff](#), and [Employment/Internships](#).

"It is such a powerful gift to find another parent who knows disability-specific what your own child is like. That connection is priceless... it is truly priceless. You can't find it in any other person unless they've walked in your steps. They don't know what it really feels like - the joys, the hopes, the loss of a dream. Only another parent who has lost a similar dream can understand what you're going through and can be a source of strength in perhaps a moment of weakness. For a short period of time, you may feel down but that other parent can help you walk through those times until you can get yourself back up on your feet."

-Val Sutorius, Parent
