SUBJ: Region 1 ESC -South Texas Cooperative Contract Extension

We would like to continue the use of the South Texas Cooperative Inter-local agreement with Region One Education Service Center for another year. This inter-local agreement was originally signed and approved on October 4, 2005. This program has helped Head Start Child Nutrition Program save time and money.

This cooperative program performs the bidding process on the food, kitchen/janitorial supplies, and services used by the Head Start Child Nutrition Program.

The inter-local agreement has been beneficial for Head Start and the Child Nutrition Program. It is highly recommended by the Procurement Department and the Child Nutrition Department to extend this inter-local agreement.

Should you have any questions please let us know. Thank you.

Region One ESC welcomes you to the Child Nutrition Program-South Texas Cooperative (CNP-STC). Thank you for your interest and desire to do business with us!

The South Texas Cooperative was established on September 8, 1999, and continues to play an integral part in achieving healthy school meals and efficient business practices by ensuring high quality, customer satisfying, cost effective food and supplies for its members. The primary focus of the CNP-STC is to assist participating members in the administration of a fiscally sound Child Nutrition Program, and compliance with bid law requirements. The CNP-STC acts as a coordinating center for all bids/proposals; authority for such services is granted by section 8.053 of the Texas Education Code.

The South Texas Cooperative administers approximately fifteen (15) food service related bids and proposals, to meet the needs of school district Child Nutrition Programs. These proposals are advertised in local newspapers and posted on our Web site. Click here to view current [bid opportunities!](#)

Processing of USDA Foods

CNP-STC consolidates further processing requests of USDA Food allocations for its members. Small or medium sized schools could not do this on their own because further processing requests must be done in truckload quantities. By aggregating the members further processing requests through the CNP-STC, all schools, regardless of size, are provided the opportunity to take advantage of this valuable service.

CNP-STC Food Service Product Expo 2013

The South Texas Cooperative will host its next Processing Forum and Food Service Product Expo on October 16-17, 2013 at the South Padre Island Convention Centre. The Processing Forum provides manufacturers the opportunity to present further processed USDA food items available to school district CNP personnel. The Food Service Product Expo anticipates approximately 400 students and district staff in attendance to see and savor various products and equipment geared towards Child Nutrition Programs from over 120 different vendors.
