Regulatory Notice: BuyBoard contract pricing does not inclu
their individual projects to determine the i
limitation such workers' compensation ins
or policy. If required, it is the responsibilit
insurance or confirmation of coverage, as

Also, each entity must assess their individual projects to determine whether subject to prevailing wage rate requirements under the federal Davis Bacon local law. If any such requirements apply, it is the responsibility of each entity to take appropriate action to determine compliance by the vendor.

The Texas Professional Services Procurement Act, Chapter 2254 of the Texas Government Code ("Act"), prohibits a governmental entity from using a competitive bid process that initially considers price in the procurement of professional services covered by the Act. "Professional services" under the Act includes, but is not limited to, professional engineering, architecture, accounting, landscape architecture, land surveying, and real estate appraisal services. Additionally, the Texas Interlocal Cooperation Act prohibits a governmental entity from using an interlocal contract to procure professional engineering or architectural services (Texas Government Code, Section 2254.001(h)). BuyBoard® contracts do not, and are not intended to, include professional services that must be procured in accordance with the Act. Cooperative members and their members must comply with the Act whenever a contract includes a professional services component part, and may not procure professional engineering or architectural services through a BuyBoard contract.
