Dear Eduardo:

The Texas Association of Local Health Officials, (TALHO), provides many valuable services to local health departments and the populations that they serve. TALHO's members are diverse in nature but share a common goal of improving the health of Texans. TALHO provides information and education to Texas Legislature and the US Congress to ensure that the best interests of Local Health Departments and Districts and the communities they represent are heard and understood. TALHO promotes the use of best practices for members, networking both among members and across governmental and business sectors to increase efficiency and effectiveness of local health departments and districts in improving the overall health of the communities they serve.

Attached to this letter, you will find a list of our services showing what is included in your membership dues as well as your invoice for your department's 2013 TALHO dues. We hope that you find TALHO and our services valuable and encourage you to suggest new services TALHO could provide that will help you to keep Texas healthy.

We are constantly working to improve our services and to bring new and innovative solutions to our members in a cost-effective manner. If you need more information on any of our services, or have ideas for new services, please contact us at info@talho.org or by phone at (512) 814-2546.

The TALHO staff and I are here to serve you and to make Texas the healthiest place there is, we look forward to working with you over the coming year.

Regards,

Michael Hill, MPH, MPA, FACHE
Chief Executive Officer
