Re: Engineering Proposal – City of Palmview - Urban County Program 2012 Street Improvements Project – Abram Road Bridge

Mr. Barco

We are pleased to provide this proposal, to the Urban County Program, for providing Professional Engineering Services in relation to the proposed City of Palmview 2012 Street Improvements Project. As per our understanding of this project, the improvements consist of repairing/reconstructing the existing Abram Road Bridge which spans the Hidalgo County Irrigation District No. 1 Canal.

We have visited the project site and have generated a complete probable cost package for the proposed construction. Enclosed please find the following exhibits;

- Exhibit A: Scope of Services
- Exhibit B: Fee Proposal
- Exhibit C: Cost Estimate
- Exhibit D: Engineering Fee Table
- Exhibit E: Geotechnical & CMT Proposal

At your request, we will begin working on the plan design phase for this project. Project coordination meetings with your staff will be established prior to commencement and throughout the life of the project. SAMES highly skilled staff will work diligently with your staff to provide all the necessary documentation and submittals required to successfully execute this project.

Proposal-Bridge

The attached engineering cost estimate of \$29,105.50 which consists of engineering design fees (\$21,117.50) fees, geotechnical/construction material testing fees (\$7,988.00) **constitutes our best and final offer to complete this project.** We will commence with this project upon receipt of a written notice to proceed and are available at your earliest convenience to discuss this project.

Respectfully Submitted,

Saul D. Maldonado, P.E.

Principal

Exhibit A

Scope of Services

City of Palmview-Urban County Program 2012 STREET IMPROVEMENTS PROJECT ABRAM ROAD BRIDGE REPAIR/RECONSTRUCTION

This project consists of the removal of deteriorating concrete rails along the bridge deck, and the removal of deteriorating wing walls located on both embankments. The widening of the bridge deck will require the installation of new concrete abutments, new concrete wing walls, and new pre-stressed concrete piles. The existing piles and new piles will include stone rip-rap around the existing pile base. Additionally, due to the possibility of scour on the face of the existing piles, repairs may be necessary to rehabilitate the concrete face to "like-new" condition. The deteriorating concrete rip-rap along the north and south abutments will require replacement with new concrete rip-rap. New concrete caps will be placed on top of the new concrete piles. The new concrete abutments and new concrete caps will provide the foundation for the new 8-inch thick concrete deck and concrete traffic railing, type SSTR. Finally, a 2-inch thick layer of hot mixed asphaltic concrete paving will be placed on top of the new concrete deck and will serve as the driving surface. Guard rails with traffic delineators shall be installed on the north and south bridge approaches (both sides of street).

The basic services proposed include project planning, geotechnical, engineering design, preparation of bidding documents, bidding and award phase services.

The list below details the major components required for the project, but is not intended to be an all-inclusive list of all the services provided/required to see that the project is completed;

- a. Meet with staff to define the project limits and basic project requirements;
- b. Perform preliminary engineering design plans;
- c. Perform final engineering design plans;
- d. Prepare Bidding Documents;
- e. Coordinate with vendors for bidding;
- f. Coordinate the advertising and bidding phase;
- g. Assist the City/ucp with Pre-Bid Meeting and Bid Opening;
- h. Provide Bid Tabulation, and recommendation to award;
- i. Complete adherence to Urban County Program Protocol and requirements for project;

Fee Proposal

City of Palmview – Urban County Program
2012 STREET IMPROVEMENTS PROJECT
ABRAM ROAD BRIDGE REPAIR/RECONSTRUCTION

We propose to provide the above-mentioned services for a lump sum amount of \$29,105.50, which represents an estimate of hourly services to be provided by our staff. It should be noted that the above stated line item includes several related services that are required to complete the proposed improvements and listed as follows:

Task 1: Surveying Phase Services	\$7,982.50
Task 2: Geotechnical and Construction Material Testing	\$7,988.00
Task 3: Engineering Design Plans & Specification	\$13,135.00

Re: Proposal for Geotechnical Engineering Services
Abram Road Bridge Repair/Reconstruction
Palmview, Hidalgo County, Texas
Terracon Proposal No. P88120474

Dear Mr. Maldonado:

As a follow up to our meeting with Jose Rodriguez with your firm on December 6, 2012, Terracon Consultants, Inc. (Terracon) appreciates the opportunity to submit this proposal to provide geotechnical engineering services for the above referenced project. The purpose of this study will be to evaluate the pertinent geotechnical conditions at the site and to develop geotechnical parameters, which will assist in the design and construction of a bridge repair and reconstruction at the project site. The new bridge is proposed to replace the existing bridge at the site. This proposal outlines our understanding of the project and scope of services, and provides a lump sum fee for our services. We understand that we have been chosen to provide these services for this publicly funded project. Therefore, by providing cost information we are not in violation of the Texas Professional Services Procurement Act.

A. PROJECT INFORMATION

Site Location

ITEM	DESCRIPTION
Location	This project site is located in the vicinity of a canal crossing over Abram Road in Palmview, Texas.
Existing Improvements	Existing bridge over a canal on Abram Road.
Current ground cover	Paved road and native soils.
Existing topography	Relatively flat and level.

Terracon Consultants, Inc. 1506 Mid-Cities Drive Pharr, Texas 78577
P [956] 283 8254 F [956] 283 8279

Project Description

ITEM	DESCRIPTION
Structures	New bridge to replace existing bridge.
Construction	New bridge to be supported by deep foundation (drilled shafts).

Should any of the above information or assumptions be inconsistent with the planned construction, please let us know so that we may make any necessary modifications to this proposal.

B. SCOPE OF SERVICES

The services to be provided by Terracon are summarized in the following paragraphs.

A brief summary of the services to be provided by Terracon is described in the following paragraphs.

Field Program – Based on the proposed structure to be constructed we propose to perform two borings to depths between 50 feet and 60 feet , one on each side of the bridge.

Sampling will be in general accordance with industry standard procedures wherein Shelby tube samples or split-barrel samples are obtained. Five samples will be obtained in the upper ten feet of each of the deep borings and at intervals of five feet thereafter. In addition we will observe and record groundwater levels during and after drilling.

Once the samples have been collected and classified in the field, they will be placed in appropriate sample containers for transport to our laboratory.

Conditions/Items to be provided by Client: Items to be provided by the client include the right of entry to conduct the exploration and an awareness and/or location of any private subsurface utilities existing in the area. We will contact State One Call Service (SOCS) for location of utilities in public easements. Location of private lines on the property is not part of the SOCS or Terracon scope. All private lines should be marked by others prior to commencement of drilling.

Terracon will take reasonable efforts to reduce damage to the property. However, it should also be understood that in the normal course of our work some such disturbance could occur. We have not budgeted to restore the site beyond backfilling and patching our boreholes. If there are any restrictions or special requirements regarding this site or exploration, these should be known prior to commencing field work.

Our fee is based on the site being accessible to our truck-mounted drilling equipment and Terracon providing layout of the borings; additional costs may result if this is not the case. It does not include services associated with site clearing, wet ground conditions, tree or shrub clearing, damage of existing crops / landscape or location of underground utilities beyond contacting a "one-call" locate service. If such conditions are known to exist on the site, Terracon should be notified so that we may adjust our scope of services and fee, if necessary.

For safety purposes, all borings will be backfilled immediately after their completion and patched with asphalt or concrete. Excess auger cuttings would be disposed of on the site. Because backfill material often settles below the surface after a period of time, we recommend the boreholes be checked periodically and backfilled if necessary. We could provide this service at your request or grout the holes, but this would involve additional cost.

Laboratory Testing – The samples will be tested in our laboratory to determine physical engineering characteristics. Testing will be performed under the direction of a geotechnical engineer and will include visual classification, moisture content, Atterberg limit, grain size analyses, and strength tests as appropriate.

Engineering Analysis and Report – The results of our field and laboratory programs will be evaluated by a professional geotechnical engineer licensed in the State of Texas. Based on the results of our evaluation, an engineering report will be prepared that details the results of the testing performed, provides logs of the borings, and a diagram of the site/boring layout. The report will include the following:

- Computer generated boring logs with soil stratification based on visual soil classification.
- Summarized laboratory data.
- Groundwater levels observed during and after completion drilling.
- Boring location plan.
- Subsurface exploration procedures.
- Encountered soils conditions.
- Parameters for deep foundation design.
- Estimated settlement of foundations;
- Seismic site Class; and
- Subgrade preparation/earthwork recommendations.

Schedule - We can generally begin the field exploration program within five days after receipt of our signed Agreement for Services, if site and weather conditions permit. We estimate the final geotechnical report can be completed within three weeks after the soil borings are completed. In situations where information is needed prior to submittal of our report, we can provide verbal information or recommendations for specific project requirements after we have completed our field and laboratory programs.

C. COMPENSATION

For the scope of geotechnical services outlined in this proposal that includes drilling, laboratory testing, and an engineering report, the lump sum total fee would be as follows:

Field Activities (drilling).....	\$2,800.00
Laboratory Testing.....	\$1,200.00
Engineering Report.....	\$1,950.00
Sub-Total.....	\$5,950.00
Foundation Design (additional services – if requested).....	\$2,000.00

Unless instructed otherwise, the invoice will be sent to your attention at the above address.

Should it be necessary to expand our services beyond those outlined in this proposal, we will notify you, then send a supplemental proposal stating the additional services and fee. We will not proceed without your written authorization.

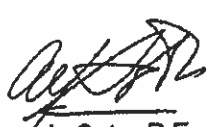

D. AUTHORIZATION

We have included a copy of our standard Agreement for Services. If you agree to the conditions set forth in this proposal, please sign and return a copy of the accompanying Agreement for Services to our office. If you have any questions regarding the terms and conditions in the agreement, or any other aspect of this proposal, please feel free to contact us.

We appreciate the opportunity to provide this proposal and look forward to the opportunity of working with you. If you have any questions regarding this proposal, please feel free to contact us.

Sincerely,
Terracon Consultants, Inc.

Distribution Sheet

AUTHORIZATION TO PROCEED CONSTRUCTION MATERIALS ENGINEERING AND TESTING SERVICES

This **AUTHORIZATION TO PROCEED** ("Authorization") is between Sam Engineering and Surveying, Inc. ("Client") and Terracon Consultants, Inc. ("Consultant") for Services to be provided by Consultant for Client on the Abram Road Bridge Repair/Reconstruction Project.

Scope of Services. The scope of Consultant's services is set forth below ("Services"). If frequency of testing is not specified below, it shall be as requested by Client; Scheduling will be done by Client or contractor if Client so designates. Consultant will not be responsible for tests not performed due to a failure to schedule Consultant's services or any resulting effect on construction.

- Field testing and laboratory evaluation of concrete, observation of reinforced concrete;
- Field testing and laboratory evaluation of asphalt concrete materials used during pavement construction.

Compensation. Unless different rates are specified below, all charges will be billed on a time and materials basis pursuant to Consultant's Standard Fee Schedule. The construction schedule, weather conditions, construction workmanship, etc. will determine the actual cost of Consultant's Services. If the actual quantities exceed any estimated quantities at the request of the Client or its designated contractor, additional fees will be billed in accordance with the fee schedule below.

CONCRETE

Estimate 24 hours concrete testing and sample pickup @ \$40.00/hour	\$960
Estimate 16 compressive strength tests @ \$13.00/each	\$208
Estimate 8 vehicle trips @ \$30.00/trip	\$240
Sub-Total (Concrete)	\$1,408

ASPHALT

Estimate 3 hours asphalt observation @ \$40.00/hour	\$120
Estimate 1 asphalt mix verification tests @ \$300.00/test	\$300
Estimate 1 vehicle trips @ \$30.00/trip	\$30
Sub-Total (Asphalt)	\$450
Estimate 2 hours project management @ \$90.00/hour...	\$180
Total Estimated Cost	\$2,038

TERMS AND CONDITIONS

- 1. Testing and Observations.** Client understands that testing, inspection, and observation are discrete sampling procedures, and that such procedures indicate conditions only at the depths, locations, and times the procedures were performed. Consultant will provide test results and opinions based on tests and field observations only for the work tested. Client understands that testing and observation are not continuous or exhaustive, and are conducted to reduce - not eliminate - project risk. Client agrees to the level or amount of testing performed and the associated risk. Client is responsible (even if delegated to contractor) for notifying and scheduling Consultant so Consultant can perform these Services. Consultant shall not be responsible for the quality and completeness of Client's contractor's work or their adherence to the project documents, and Consultant's performance of testing, inspection, and observation services shall not relieve Client's contractor in any way from its responsibility for defects discovered in its work, or create a warranty or guarantee. Consultant will not supervise or direct the work performed by Client's contractor or its subcontractors and is not responsible for their means and methods.
- 2. Warranty.** Consultant will perform the Services in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions in the same locale. EXCEPT FOR THE STANDARD OF CARE STATED ABOVE, CONSULTANT MAKES NO WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, RELATING TO CONSULTANT'S SERVICES AND CONSULTANT DISCLAIMS ANY IMPLIED WARRANTIES OR WARRANTIES IMPOSED BY LAW, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

By signing this Authorization or ordering the commencement of Services you are affirming that you are authorized to bind Client to the Terms and Conditions of this Authorization and have read and accepted the Terms and Conditions, including restrictions and limitations, as set forth on this page and the subsequent page of Additional Terms and Conditions.

ADDITIONAL TERMS AND CONDITIONS

3. **LIMITATION OF LIABILITY.** CLIENT AND CONSULTANT HAVE EVALUATED THE RISKS AND REWARDS ASSOCIATED WITH THIS PROJECT, INCLUDING CONSULTANT'S FEE RELATIVE TO THE RISKS ASSUMED, AND AGREE TO ALLOCATE CERTAIN OF THE ASSOCIATED RISKS. TO THE FULLEST EXTENT PERMITTED BY LAW, THE TOTAL AGGREGATE LIABILITY OF CONSULTANT (AND ITS RELATED CORPORATIONS AND EMPLOYEES) TO CLIENT AND THIRD PARTIES GRANTED RELIANCE IS LIMITED TO \$10,000 FOR ANY AND ALL INJURIES, DAMAGES, CLAIMS, LOSSES, OR EXPENSES (INCLUDING ATTORNEY AND EXPERT FEES) ARISING OUT OF CONSULTANT'S SERVICES OR THIS AGREEMENT. UPON WRITTEN REQUEST FROM CLIENT, CONSULTANT MAY NEGOTIATE A HIGHER LIMITATION FOR ADDITIONAL CONSIDERATION. THIS LIMITATION SHALL APPLY REGARDLESS OF AVAILABLE PROFESSIONAL LIABILITY INSURANCE COVERAGE, CAUSE(S) OR THE THEORY OF LIABILITY, INCLUDING NEGLIGENCE, INDEMNITY, OR OTHER RECOVERY. THIS LIMITATION SHALL NOT APPLY TO THE EXTENT THE DAMAGE IS PAID UNDER CONSULTANT'S COMMERCIAL GENERAL LIABILITY POLICY.
4. **CONSEQUENTIAL DAMAGES.** NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR LOSS OF PROFITS OR REVENUE; LOSS OF USE OR OPPORTUNITY; LOSS OF GOOD WILL; COST OF SUBSTITUTE FACILITIES, GOODS, OR SERVICES; COST OF CAPITAL; OR FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT, PUNITIVE, OR EXEMPLARY DAMAGES.
5. **Change Orders.** Client may request changes to the scope of Services by altering or adding to the Services to be performed. If Client so requests, Consultant will return to Client a statement (or supplemental proposal) of the change setting forth an adjustment to the Services and fees for the requested changes. Following Client's review, Client shall provide written acceptance. If Client does not follow these procedures, but instead directs, authorizes, or permits Consultant to perform changed or additional work, the Services are changed accordingly and Consultant will be paid for this work according to the fees stated or its current fee schedule. If project conditions change materially from those observed at the site or described to Consultant at the time of Authorization, Consultant is entitled to a change order equitably adjusting its Services and fee.
6. **Compensation and Terms of Payment.** Client shall pay compensation for the Services performed at the fees stated in the Compensation section of the Proposal unless fees are otherwise stated in Exhibit C to this Agreement (which section or Exhibit is incorporated into this Agreement). If not stated in either, fees will be according to Consultant's current fee schedule. Fee schedules are valid for the calendar year in which they are issued. Fees do not include sales tax. Client will pay applicable sales tax as required by law. Consultant may invoice Client at least monthly and payment is due upon receipt of invoice. Client shall notify Consultant in writing, at the address below, within 15 days of the date of the invoice if Client objects to any portion of the charges on the invoice, and shall promptly pay the undisputed portion. Client shall pay a finance fee of 1.5% per month, but not exceeding the maximum rate allowed by law, for all unpaid amounts 30 days or older. Client agrees to pay all collection-related costs that Consultant incurs, including attorney fees. Consultant may suspend Services for lack of timely payment. It is the responsibility of Client to determine whether federal, state, or local prevailing wage requirements apply and to notify Consultant if prevailing wages apply. If it is later determined that prevailing wages apply, and Consultant was not previously notified by Client, Client agrees to pay the prevailing wage from that point forward, as well as a retroactive payment adjustment to bring previously paid amounts in line with prevailing wages. Client also agrees to defend, indemnify, and hold harmless Consultant from any alleged violations made by any governmental agency regulating prevailing wage activity for failing to pay prevailing wages, including the payment of any fines or penalties.
7. **Third Party Reliance.** This Authorization and the Services provided are for Consultant and Client's sole benefit and exclusive use with no third party beneficiaries intended. Reliance upon the Services and any work product is limited to Client, and is not intended for third parties. For a limited time period not to exceed three months from the date of the report, Consultant will issue additional reports to others agreed upon with Client, however Client understands that such reliance will not be granted until those parties sign and return Consultant's reliance agreement and Consultant receives the agreed-upon reliance fee.
8. **Indemnity/Statute of Limitations.** Consultant and Client shall indemnify and hold harmless the other and their respective employees, from and against legal liability for all claims, losses, damages, and expenses to the extent such claims, losses, damages, or expenses are caused by their negligent acts, errors, or omissions. In the event such claims, losses, damages, or expenses are caused by the joint or concurrent negligence of Consultant and Client, they shall be borne by each party in proportion to its own negligence under comparative fault principles; provided however, Client shall indemnify, defend and hold harmless Consultant and its employees, from and against any and all liabilities for any third party claim arising from or alleged to arise from Consultant's performance under this Authorization, except to the extent such claims directly result from Consultant's negligence. Client's duty to defend Consultant for third-party claims shall arise at the time of a filing of a notice of claim or litigation. Consultant shall reimburse Client for reasonable costs of Consultant's defense only if Consultant is adjudicated as negligent by a trier of fact. Except as otherwise expressly provided herein, neither party shall have a duty to defend the other party, and no duty to defend is hereby created by this indemnity provision and such duty is explicitly waived under this Authorization. Causes of action arising out of Consultant's services or this Authorization regardless of cause(s) or the theory of liability, including negligence, indemnity or other recovery shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of Consultant's substantial completion of services on the project.
9. **Choice of Law.** This Authorization shall be governed by and construed according to Texas law.
10. **Subsurface Explorations.** Consultant will take reasonable precautions to reduce damage to the site when performing Services; however, Client accepts that invasive services such as drilling or sampling may damage or alter the site. Site restoration is not provided unless specifically included in the Services.
11. **Sample Disposition, Affected Materials, and Indemnity.** Samples are consumed in testing or disposed of upon completion of tests (unless stated otherwise in the Services).
12. **Utilities.** Consultant shall utilize a utility locating service for public utilities. Client shall provide the location and/or arrange for the marking of private utilities and subterranean structures. Consultant shall take reasonable precautions to avoid damage or injury to subterranean structures or utilities. Consultant shall not be responsible for damage to subterranean structures or utilities that are not called to Consultant's attention, are not correctly marked, including by a utility locate service, or are incorrectly shown on the plans furnished to Consultant.
13. **Site Access and Safety.** Client shall secure all necessary site related approvals, permits, licenses, and consents necessary to commence and complete the Services and will execute any necessary site access agreement. Consultant will be responsible for supervision and site safety measures for its own employees, but shall not be responsible for the supervision or health and safety precautions for any other parties, including Client, Client's contractors, subcontractors, or other parties present at the site.
14. **Termination.** Either party may terminate this Authorization or the Services upon written notice to the other. In such case, Consultant shall be paid costs incurred and fees earned to the date of termination plus reasonable costs of closing the project.
15. **Insurance.** Consultant represents that it now carries, and will continue to carry: (i) workers' compensation insurance in accordance state, and employer's liability (\$1,000,000); (ii) commercial general liability (\$1,000,000 occ/ \$2,000,000 agg); (iii) automobile liability (\$1,000,000 B.I. and P.D. combined single limit); excess liability (\$5,000,000 occ/ agg); and (iv) professional liability (\$1,000,000 claim / agg). Client and Consultant shall waive subrogation against the other party on general liability. Client is additional insured with respect to general and auto liability.

AGREEMENT FOR SERVICES

This **AGREEMENT** is between Sam Engineering and Surveying, Inc. ("Client") and Terracon Consultants, Inc. ("Consultant") for Services to be provided by Consultant for Client on the Abram Road Bridge Repair/Reconstruction project ("Project"), as described in the Project information section of Consultant's Proposal dated December 7, 2012 ("Proposal") unless the Project is otherwise described in Exhibit A to this Agreement (which section or Exhibit is incorporated into this Agreement).

1. **Scope of Services.** The scope of Consultant's services is described in the Scope of Services section of the Proposal ("Services"), unless Services are otherwise described in Exhibit B to this Agreement (which section or exhibit is incorporated into this Agreement). Portions of the Services may be subcontracted. When Consultant subcontracts to other individuals or companies, then Consultant will collect from Client on the subcontractors' behalf. Consultant's Services do not include the investigation or detection of, nor do recommendations in Consultant's reports address occupant safety issues, such as vulnerability to natural disasters, terrorism, or violence. If Services include purchase of software, Client will execute a separate software license agreement. Consultant's findings, opinions, and recommendations are based solely upon data and information obtained by and furnished to Consultant at the time of the Services.
2. **Acceptance/ Termination.** Client agrees that execution of this Agreement is a material element of the consideration Consultant requires to execute the Services, and if Services are initiated by Consultant prior to execution of this Agreement as an accommodation for Client at Client's request, both parties shall consider that commencement of Services constitutes formal acceptance of all terms and conditions of this Agreement. Additional terms and conditions may be added or changed only by written amendment to this Agreement signed by both parties. In the event Client uses a purchase order or other form to administer this Agreement, the use of such form shall be for convenience purposes only and any additional or conflicting terms it contains are stricken. This Agreement shall not be assigned by either party without prior written consent of the other party. Either party may terminate this Agreement or the Services upon written notice to the other. In such case, Consultant shall be paid costs incurred and fees earned to the date of termination plus reasonable costs of closing the project.
3. **Change Orders.** Client may request changes to the scope of Services by altering or adding to the Services to be performed. If Client so requests, Consultant will return to Client a statement (or supplemental proposal) of the change setting forth an adjustment to the Services and fees for the requested changes. Following Client's review, Client shall provide written acceptance. If Client does not follow these procedures, but instead directs, authorizes, or permits Consultant to perform changed or additional work, the Services are changed accordingly and Consultant will be paid for this work according to the fees stated or its current fee schedule. If project conditions change materially from those observed at the site or described to Consultant at the time of proposal, Consultant is entitled to a change order equitably adjusting its Services and fee.
4. **Compensation and Terms of Payment.** Client shall pay compensation for the Services performed at the fees stated in the Compensation section of the Proposal unless fees are otherwise stated in Exhibit C to this Agreement (which section or Exhibit is incorporated into this Agreement). If not stated in either, fees will be according to Consultant's current fee schedule. Fee schedules are valid for the calendar year in which they are issued. Fees do not include sales tax. Client will pay applicable sales tax as required by law. Consultant may invoice Client at least monthly and payment is due upon receipt of invoice. Client shall notify Consultant in writing, at the address below, within 15 days of the date of the invoice if Client objects to any portion of the charges on the invoice, and shall promptly pay the undisputed portion. Client shall pay a finance fee of 1.5% per month, but not exceeding the maximum rate allowed by law, for all unpaid amounts 30 days or older. Client agrees to pay all collection-related costs that Consultant incurs, including attorney fees. Consultant may suspend Services for lack of timely payment. It is the responsibility of Client to determine whether federal, state, or local prevailing wage requirements apply and to notify Consultant if prevailing wages apply. If it is later determined that prevailing wages apply, and Consultant was not previously notified by Client, Client agrees to pay the prevailing wage from that point forward, as well as a retroactive payment adjustment to bring previously paid amounts in line with prevailing wages. Client also agrees to defend, indemnify, and hold harmless Consultant from any alleged violations made by any governmental agency regulating prevailing wage activity for failing to pay prevailing wages, including the payment of any fines or penalties.
5. **Third Party Reliance.** This Agreement and the Services provided are for Consultant and Client's sole benefit and exclusive use with no third party beneficiaries intended. Reliance upon the Services and any work product is limited to Client, and is not intended for third parties. For a limited time period not to exceed three months from the date of the report, Consultant will issue additional reports to others agreed upon with Client, however Client understands that such reliance will not be granted until those parties sign and return Consultant's reliance agreement and Consultant receives the agreed-upon reliance fee.
6. **LIMITATION OF LIABILITY. CLIENT AND CONSULTANT HAVE EVALUATED THE RISKS AND REWARDS ASSOCIATED WITH THIS PROJECT, INCLUDING CONSULTANT'S FEE RELATIVE TO THE RISKS ASSUMED, AND AGREE TO ALLOCATE CERTAIN OF THE ASSOCIATED RISKS. TO THE FULLEST EXTENT PERMITTED BY LAW, THE TOTAL AGGREGATE LIABILITY OF CONSULTANT (AND ITS RELATED CORPORATIONS AND EMPLOYEES) TO CLIENT AND THIRD PARTIES GRANTED RELIANCE IS LIMITED TO THE GREATER OF \$25,000 OR CONSULTANT'S FEE, FOR ANY AND ALL INJURIES, DAMAGES, CLAIMS, LOSSES, OR EXPENSES (INCLUDING ATTORNEY AND EXPERT FEES) ARISING OUT OF CONSULTANT'S SERVICES OR THIS AGREEMENT. UPON WRITTEN REQUEST FROM CLIENT, CONSULTANT MAY NEGOTIATE A HIGHER LIMITATION FOR ADDITIONAL CONSIDERATION. THIS LIMITATION SHALL APPLY REGARDLESS OF AVAILABLE PROFESSIONAL LIABILITY INSURANCE COVERAGE, CAUSE(S) OR THE THEORY OF LIABILITY, INCLUDING NEGLIGENCE, INDEMNITY, OR OTHER RECOVERY. THIS LIMITATION SHALL NOT APPLY TO THE EXTENT THE DAMAGE IS PAID UNDER CONSULTANT'S COMMERCIAL GENERAL LIABILITY POLICY.**
7. **Indemnity/Statute of Limitations.** Consultant and Client shall indemnify and hold harmless the other and their respective employees from and against legal liability for claims, losses, damages, and expenses to the extent such claims, losses, damages, or expenses are legally determined to be caused by their negligent acts, errors, or omissions. In the event such claims, losses, damages, or expenses are legally determined to be caused by the joint or concurrent negligence of Consultant and Client, they shall be borne by each party in proportion to its own negligence under comparative fault principles. Neither party shall have a duty to defend the other party, and no duty to defend is hereby created by this indemnity provision and such duty is explicitly waived under this Agreement. Causes of action arising out of Consultant's services or this Agreement regardless of cause(s) or the theory of liability, including negligence, indemnity or other recovery shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of Consultant's substantial completion of services on the project.
8. **Warranty.** Consultant will perform the Services in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions in the same locale. **EXCEPT FOR THE STANDARD OF CARE STATED ABOVE, CONSULTANT MAKES NO WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, RELATING TO CONSULTANT'S SERVICES AND CONSULTANT DISCLAIMS ANY IMPLIED WARRANTIES OR WARRANTIES IMPOSED BY LAW, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

9. **Insurance.** Consultant represents that it now carries, and will continue to carry: (i) workers' compensation insurance in accordance with the laws of the states having jurisdiction over Consultant's employees who are engaged in the Services, and employer's liability insurance (\$1,000,000); (ii) commercial general liability insurance (\$1,000,000 occ / \$2,000,000 agg); (iii) automobile liability insurance (\$1,000,000 B.I. and P.D. combined single limit); and (iv) professional liability insurance (\$1,000,000 claim / agg). Certificates of insurance will be provided upon request. Client and Consultant shall waive subrogation against the other party on all general liability and property coverage.
10. **CONSEQUENTIAL DAMAGES. NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR LOSS OF PROFITS OR REVENUE; LOSS OF USE OR OPPORTUNITY; LOSS OF GOOD WILL; COST OF SUBSTITUTE FACILITIES, GOODS, OR SERVICES; COST OF CAPITAL; OR FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT, PUNITIVE, OR EXEMPLARY DAMAGES.**
11. **Dispute Resolution.** Client shall not be entitled to assert a Claim against Consultant based on any theory of professional negligence unless and until Client has obtained the written opinion from a registered, independent, and reputable engineer, architect, or geologist that Consultant has violated the standard of care applicable to Consultant's performance of the Services. Client shall provide this opinion to Consultant and the parties shall endeavor to resolve the dispute within 30 days, after which Client may pursue its remedies at law. This Agreement shall be governed by and construed according to Kansas law.
12. **Subsurface Explorations.** Subsurface conditions throughout the site may vary from those depicted on logs of discrete borings, test pits, or other exploratory services. Client understands Consultant's layout of boring and test locations is approximate and that Consultant may deviate a reasonable distance from those locations. Consultant will take reasonable precautions to reduce damage to the site when performing Services; however, Client accepts that invasive services such as drilling or sampling may damage or alter the site. Site restoration is not provided unless specifically included in the Services.
13. **Testing and Observations.** Client understands that testing and observation are discrete sampling procedures, and that such procedures indicate conditions only at the depths, locations, and times the procedures were performed. Consultant will provide test results and opinions based on tests and field observations only for the work tested. Client understands that testing and observation are not continuous or exhaustive, and are conducted to reduce - not eliminate - project risk. Client agrees to the level or amount of testing performed and the associated risk. Client is responsible (even if delegated to contractor) for requesting services, and notifying and scheduling Consultant so Consultant can perform these Services. Consultant is not responsible for damages caused by services not performed due to a failure to request or schedule Consultant's services. Consultant shall not be responsible for the quality and completeness of Client's contractor's work or their adherence to the project documents, and Consultant's performance of testing and observation services shall not relieve Client's contractor in any way from its responsibility for defects discovered in its work, or create a warranty or guarantee. Consultant will not supervise or direct the work performed by Client's contractor or its subcontractors and is not responsible for their means and methods.
14. **Sample Disposition, Affected Materials, and Indemnity.** Samples are consumed in testing or disposed of upon completion of tests (unless stated otherwise in the Services). Client shall furnish or cause to be furnished to Consultant all documents and information known or available to Client that relate to the identity, location, quantity, nature, or characteristic of any hazardous waste, toxic, radioactive, or contaminated materials ("Affected Materials") at or near the site, and shall immediately transmit new, updated, or revised information as it becomes available. Client agrees that Consultant is not responsible for the disposition of Affected Material unless specifically provided in the Services, and that Client is responsible for directing such disposition. In the event that test samples obtained during the performance of Services (i) contain substances hazardous to health, safety, or the environment, or (ii) equipment used during the Services cannot reasonably be decontaminated, Client shall sign documentation (if necessary) required to ensure the equipment and/or samples are transported and disposed of properly, and agrees to pay Consultant the fair market value of this equipment and reasonable disposal costs. In no event shall Consultant be required to sign a hazardous waste manifest or take title to any Affected Materials. Client shall have the obligation to make all spill or release notifications to appropriate governmental agencies. The Client agrees that Consultant neither created nor contributed to the creation or existence of any Affected Materials conditions at the site. Accordingly, Client waives any claim against Consultant and agrees to indemnify and save Consultant, its agents, employees, and related companies harmless from any claim, liability or defense cost, including attorney and expert fees, for injury or loss sustained by any party from such exposures allegedly arising out of Consultant's non-negligent performance of services hereunder, or for any claims against Consultant as a generator, disposer, or arranger of Affected Materials under federal, state, or local law or ordinance.
15. **Ownership of Documents.** Work product, such as reports, logs, data, notes, or calculations, prepared by Consultant shall remain Consultant's property. Proprietary concepts, systems, and ideas developed during performance of the Services shall remain the sole property of Consultant. Files shall be maintained in general accordance with Consultant's document retention policies and practices.
16. **Utilities.** Client shall provide the location and/or arrange for the marking of private utilities and subterranean structures. Consultant shall take reasonable precautions to avoid damage or injury to subterranean structures or utilities. Consultant shall not be responsible for damage to subterranean structures or utilities that are not called to Consultant's attention, are not correctly marked, including by a utility locate service, or are incorrectly shown on the plans furnished to Consultant.
17. **Site Access and Safety.** Client shall secure all necessary site related approvals, permits, licenses, and consents necessary to commence and complete the Services and will execute any necessary site access agreement. Consultant will be responsible for supervision and site safety measures for its own employees, but shall not be responsible for the supervision or health and safety precautions for any other parties, including Client, Client's contractors, subcontractors, or other parties present at the site.
