**Subject:** RE: Pct.2 Hall Acres Pond and Thomas Road

Mr. Gutierrez

In addition to the information that Ms. Katia is asking for below, I would like to ask you for some information related to the Thomas Road AFA.

Although the AFA is for preliminary engineering, the project limits are from FM 2061 (Jackson Road) to FM 2557 (Stewart Road), and the project fall within the city limit of the City of Pharr, then a portion of County only and finally a portion of the City of San Juan.

As you know, the County Auditor requires that all cost be categorized according to the percentage of the project that fall within each entity. As such, we are requesting that you provide us those percentages for this project. That is, what is the distance from Jackson Road (City Of Pharr) to the County area, then what is the distance from the County area to the area that falls within the City of San Juan.

In summary some percent of the project will fall within the City of Pharr, some percent wholly within the

County, and some percent will fall within the City of San Juan.

This information is needed in order for the AFA to be considered for approval by Commissioners' Court on Tuesday, February 12, 2013.

Your assistance, as always, is appreciated.

Raul Silguero
