Re: Vanderpool Pit

Frontera Materials, Inc. no longer has caliche available at the Vanderpool Pit. Our contract with the property owner has expired; we may or may not have caliche available in the future at this location.

We do however have caliche available immediately at the Reavis Pit, located on FM 2221 (about 3 miles closer), which meets the same specifications and requirements as Vanderpool.

If you have any questions or comments, please call.
