Good Afternoon,

Regarding your concerns, the MUA will be used as a county equipment staging area, and there will also be the construction of a monument, installation of flag poles, lighting, irrigation and fencing. Mr. Crain had reviewed the MUA and approved as to form, however if the first page needs to state the following then we will provide the first page tomorrow to be reviewed by Steve Crain and will replace the existing page.

Sincerely,

Hi Manuel,

Auditor's Office had some comments on agenda item **37373**. Could you please follow-up with their concerns?

Thank you.

According to the Agreement, the County is requesting permission for “the construction, maintenance, and operation of a public County equipment staging area on the highway right of way.”

**What exactly is the purpose of the Multi Use Agreement? Is the County constructing something? If so, what is being constructed? It appears by the above noted sentence that all we are requesting is permission to use State land for a “County equipment staging area.” If this is the case, then there is a lot of terms on the agreement that are not applicable.**
