

## Performance Statement

### County of Hidalgo

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in the budget.

As a result of Hurricane Dolly on July 23, 2008, the county sustained flooding that resulted in drainage infrastructure failure. The existing drainage system infrastructure failed to function because the current systems were unable to convey the volume of water generated during Hurricane Dolly. The failure of the drainage systems to function threatened the public health, safety, and welfare of all served by these facilities due to flooding. The County is in need of adequately-sized drainage infrastructure to reduce flooding.

#### Flood and Drainage Facilities-5

##### Penitas Drain Round 2.1

Grantee shall purchase and install approximately eight hundred twenty-five feet (825 ft.) of storm pipe (box and RCP) along with an associated outfall for the proposed system within the Colonias of Puerta Blanca, Daniel Ozuna, Reina, and Ramona. Work will include the installation of drainage inlets, manholes, driveway and pavement repairs, ditch excavation, concrete riprap, headwalls, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from Rodriguez Road to U.S. Expressway 83. Proposed improvements will significantly increase the capacity of the storm sewer system and reduce flooding.

These activities shall benefit six thousand two hundred eighty-three (6,283) persons, of which four thousand four (4,004), or sixty-three percent (63%), are of low to moderate income.

##### South Fork Drain

Grantee shall purchase and install drain check valves for existing outfall structures in the South Floodwater Channel and provide a new storm lateral to drain the South Fork Colonia and surrounding area. Work will include existing ditch clearing/grubbing, channel and trench excavation, riprap, installation of storm and irrigation pipe (box and RCP), headwalls, concrete weir, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from west Cage Boulevard to the USIBWC Floodway. Proposed improvements will increase the capacity of the drainage system and reduce flooding.

These activities shall benefit fourteen thousand six hundred twenty-five (14,625) persons, of which eleven thousand three hundred seventy-five (11,375), or seventy-seven percent (77%), are of low to moderate income.

#### Delta Area Connector and Lateral Round 2.1

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls at Colonias Bernal Heights, Bar, Chapa North, Chapa South, Olivarez#10, Olivarez#4, Puesta del Sol, Sunrise Subdivision, Olivarez #7, Olivearez #9, Olivarez #18, Tijerina Estates, and Mesquite Acres. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from Mile 12 ½ Road to the Hidalgo County Drainage District No. 1 Ditch. Proposed improvements will increase the capacity of the drainage system and reduce flooding.

These activities shall benefit sixty-four thousand six hundred ninety (64,690) persons, of which forty-four thousand three hundred twenty-one (44,321), or sixty-eight percent (68%), are of low to moderate income.

#### Acquisition-24

Grantee shall acquire easements as needed to accommodate proposed drainage system improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*) and HUD implementing regulations (24 CFR Part 42).

#### Engineering-30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for engineering in the Budget.

#### Planning / Project Delivery-33

Grantee shall ensure the amount of the funds expended for all eligible project-related "planning / project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Planning / Project Delivery in the Budget.

Round 2.2

Pct. 4 Alberta Drain

Grantee shall construct a new east-west lateral drainage system to outfall into the HCDD drainage system. Grantee shall purchase and install new culverts ranging in size from eighteen inches to sixty inches (18 in. - 60 in.), along with associated drainage inlets, junction boxes, manholes, and repair pavement as needed. Grantee shall also perform ditch excavation, install concrete riprap, regrade and excavate roadside ditches, make utility and irrigation adjustments, and perform site work associated with construction. Proposed improvements will ensure proper conveyance of storm water and significantly reduce flooding. Construction shall take place at the following location in Edinburg, Texas:

<u>Flood and Drainage Facilities:</u>	<u>Location:</u>	<u>HUD Performance Measure:</u>	<u>Approximate Units:</u>
Drainage channel and storm sewer improvements	From: An existing channel approx. 0.89 miles east of Tower Road, between Alberta Road and Owassa Road To: West to a point approx. 0.25 miles west of Tower Road	Linear Feet	6,040

These activities shall benefit one thousand eight hundred sixty-one (1,861) persons, of which one thousand six hundred sixty-nine (1,669), or eighty-nine percent (89%), are of low to moderate income.

Acquisition - 24

Grantee shall acquire easements as needed to accommodate the Pct. 4 Alberta Drain drainage improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 et seq.) and HUD implementing regulations (24 CFR Part 42).

Engineering - 30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for Engineering in the Budget.

Project Delivery - 33

Grantee shall ensure the amount of the funds expended for all eligible project-related "project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Project Delivery in the Budget.
