Texas Division of Emergency Management
 Hurricane Preparedness Guidelines
 Preparing for Hurricane Season: June 1- Nov.30

Evacuation Planning: When a hurricane threatens, listen for instructions from local officials. When they call for an evacuation in your area, get going without delay.

- Discuss evacuation plans with your family BEFORE hurricane season June 1 - Nov. 30. Make a checklist of what you need to do before you leave town and review it.
- Monitor NOAA weather radio and local TV and radio broadcasts during storm season.
- Prepare an emergency supply kit including: radio, flashlight, extra batteries, extra eye glasses, bottled water, non-perishable food, dry clothes, bedding, insurance information, important documents, medications, copies of prescriptions and special products for babies, the elderly and medically fragile family members.
- Learn evacuation routes before storm season. When there's a hurricane in the Gulf, keep your gas tank as full as possible. Expect traffic delays in an evacuation.
- Dial 2-1-1 to register if you have special health care needs or if you simply do not have transportation: Gulf coast residents in evacuation zones with special health care needs -- who do not have friends or family to help -- should register in advance for a ride by dialing 2-1-1 in advance. Residents with no other transportation can register for a ride in advance by dialing 2-1-1. (B651)
