The Honorable Rosa Treviño

Ref: Review of *Monthly Fines and Fees Reports* and Supporting Documentation
For the month of January 2013

Dear Judge Treviño:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of January 2013 pursuant to Local Government Code §115.002(a), §115.002(b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of January 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within 5 days after the last day of each month.
- Reviewed receipts, Close-Out Reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of January 2013 were $132,023.45. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 18 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that mail logs for mail-in payments were not prepared on a daily basis.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. The mail log should include the following information for each mail-in payment received: date received, the name of the payer, the amount of the remittance, the form of the remittance (e.g., cash or check), and, if applicable, the check number.

Formal monitoring procedures were not in place to ensure that a daily mail log was maintained to record payments received through the mail. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a daily mail log is maintained to record payments received through the mail. Please refer to the mail log section of the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for processing mail-in payments.

Observation No. 3:
We noted during our review that deposit slips were not identified by noting the receipt sequence for which the deposit was being made on the face of the deposit slip.

The County Auditor's Office requires that deposit slips be identified by noting the receipt sequence for which the deposit is being made on the face of the deposit slip.

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. Failure to properly prepare the deposit slips increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

Observation No. 4:
We noted during our review that procedures for voiding receipts were not always properly followed. At times, voided receipts did not contain the signature of the Cashier requesting the void.

The County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The Cashier must obtain approval by his/her supervisor prior to voiding the receipt. In addition, the Cashier must provide the reason for the void, date of void, and their signature on the voided receipt.
b. The supervisor must sign and date the void sheet to document responsibility for verifying that the void was properly completed (i.e., all copies of the receipt are marked "VOID" on the face of the receipt, contain an explanation for the void, contain the date the receipt was voided and signature of the employee requesting the void).
c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together and submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have been developed and implemented to ensure receipts are properly voided. This may result in the loss or misuse of County funds.

Recommendation:
Management should continue to ensure that receipts are properly voided. At a minimum, the procedures noted above should continue to be implemented.

Please provide written management responses to the observations noted above by April 19, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

EDINBURG, TEXAS 78539

April 26, 2013

The Honorable Rosa Treviño
Hidalgo County Justice of the Peace Pct. 2, Pl. 2
300 W. Hall Acres, St. B
Pharr, Texas 78577

Ref: Review of *Monthly Fines and Fees Reports* and Supporting Documentation
For the month of February 2013

Dear Judge Treviño:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of February 2013 pursuant to Local Government Code §115.002(a), §115.002(b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of February 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Reviewed randomly selected receipts and traced method of payment to validated deposit slip to test for lapping.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within 5 days after the last day of each month.
- Reviewed receipts, Close-Out Reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2013 were $117,153.20. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 14 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that mail logs for mail-in payments were not prepared on a monthly instead of a daily basis.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. In addition, the individual responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Formal monitoring procedures were not in place to ensure that mail-in payments were properly processed. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that mail-in payments are properly processed. At a minimum, the procedures noted above should be implemented. Please refer to the "Mail Log" section of the "Cash Handling Policy, Guidelines, and Procedures" prescribed by the County Auditor for the specific procedures to be implemented in order to ensure adequate internal controls for the safeguarding of public funds.

Observation No. 3:
We noted during our review that deposit slips were not identified by noting the receipt sequence for which the deposit was being made on the face of the deposit slip.

The County Auditor's Office requires that deposit slips be identified by noting the receipt sequence for which the deposit is being made on the face of the deposit slip.

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. Failure to properly prepare the deposit slips increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

Observation No. 4:
We noted during our review that procedures for voiding receipts were not always properly followed. Receipts did not contain the signature of the Court Clerk requesting void and/or Supervisor's signature of approval.

The County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The Court Clerk must obtain approval by his/her supervisor prior to voiding the receipt and note the reason for void, date of void and sign on the voided receipt.
b. The supervisor must sign and date the void sheet to document responsibility for verifying that the void was properly completed, all copies of the receipt are marked "VOID" on the face of the receipt, contain an explanation for the void, and contain the date the receipt was voided and signature of the employee requesting the void.
c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together and submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have been developed and implemented to ensure computer generated receipts are properly voided, which reduces the loss or misuse of County funds.

Recommendation:
Management should continue to ensure that computer generated receipts are properly voided. At a minimum, the procedures noted above should continue to be implemented.

Please provide written management responses to the observations noted above by May 17, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Respectfully,

The Honorable Rosa Treviño
Hidalgo County Justice of the Peace Pct. 2, Pl. 2
300 W. Hall Acres, St. B
Pharr, Texas 78577

Ref: Review of *Monthly Fines and Fees Reports* and Supporting Documentation
For the month of March 2013

Dear Judge Treviño:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of March 2013 pursuant to Local Government Code §115.002(a), §115.002(b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of March 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Reviewed randomly selected receipts and traced method of payment to validated deposit slip to test for lapping.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within 5 days after the last day of each month.
- Reviewed receipts, Close-Out Reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2013 were $121,524.99. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 21 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that mail logs for mail-in payments were not prepared on a daily basis.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. In addition, the individual responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Formal monitoring procedures were not in place to ensure that mail-in payments were properly processed. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that mail-in payments are properly processed. At a minimum, the procedures noted above should be implemented. Please refer to the "Mail Log" section of the "Cash Handling Policy, Guidelines, and Procedures" prescribed by the County Auditor for the specific procedures to be implemented in order to ensure adequate internal controls for the safeguarding of public funds.

Observation No. 3:
We noted during our review that deposit slips were not identified by noting the receipt sequence for which the deposit was being made on the face of the deposit slip.

The County Auditor's Office requires that deposit slips be identified by noting the receipt sequence for which the deposit is being made on the face of the deposit slip.

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. Failure to properly prepare the deposit slips increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

The Honorable Rosa Treviño
Hidalgo County Justice of the Peace Pct. 2, Pl. 2
300 W. Hall Acres, St. B

Ref: Review of *Monthly Fines and Fees Reports* and Supporting Documentation
For the month of April 2013

Dear Judge Treviño:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of April 2013 pursuant to Local Government Code §115.002(a), §115.002(b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of April 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the report was received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the *Monthly Fines and Fees Report* agreed to the *Ableterm's* Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of April 2013 were $109,079.10. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 18 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that mail logs for mail-in payments were not prepared on a daily basis.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. In addition, the individual responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Formal monitoring procedures were not in place to ensure that mail-in payments were properly processed. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that mail-in payments are properly processed. At a minimum, the procedures noted above should be implemented. Please refer to the "Mail Log" section of the "Cash Handling Policy, Guidelines, and Procedures" prescribed by the County Auditor for the specific procedures to be implemented in order to ensure adequate internal controls for the safeguarding of public funds.

Observation No. 3:
We noted during our review that deposit slips were not properly prepared. At times, deposit slips were not identified by noting the receipt sequence for which the deposit was being made on the face of the deposit slip. In addition, at times, money order numbers were listed twice or not listed on the face of the deposit slip, in error.

The County Auditor's Office requires that deposit slips contain sufficient information to identify the cash receipts for which the deposit is being made. Deposit slips must include the date of deposit, receipt sequence for which the deposit is being made, amount of currency and coins, a listing of check/money order numbers and amounts, and the total dollar amount of the deposit. If it is not possible to list all the checks/money orders collected, copies of the checks must be maintained and attached to the Close-Out Report.

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. Failure to properly prepare the deposit slips increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

Observation No. 4:
We noted during our review that procedures for voiding receipts were not always properly followed. Receipts did not contain one or more of the following: date of void and the supervisor's signature of approval.

The County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The Cashier must obtain approval by his/her supervisor prior to voiding the receipt. In addition, the Cashier must provide the reason for the void, date of void, and their signature on the voided receipt.
b. The supervisor must sign & date the void receipt to document responsibility for verifying that the void was properly completed (i.e., all copies of the receipt are marked "VOID", contain an explanation for the void, contain the date the receipt was voided and signature of the employee requesting the void).
c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together &submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have been developed and implemented to ensure receipts are properly voided. This may result in the loss or misuse of County funds.

Recommendation:
Management should continue to ensure that receipts are properly voided. At a minimum, the procedures noted above should continue to be implemented.

Observation No. 5:
We noted during our review that the Close-Out Report was not always properly completed. *Part III Acknowledgment and Approval*, at times, did not contain the signature of the individual responsible for witnessing the reconciliation and ensuring the Close-Out Report was completed in its entirety.

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the Close-Out Report. As part of the reconciliation procedures, the signature of the individual responsible for witnessing the reconciliation and ensuring the Close-Out Report is completed in its entirety should be noted on *Part III Acknowledgment and Approval.*

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Observation No. 6:
We noted during our review that the updated Close-Out Report and *Schedule of Receipts and Deposits* forms prescribed by the County Auditor's Office were not utilized to account for funds collected. Consequently, online credit card collections were not accounted for on the forms currently being utilized.

Local Government Code Section 112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor prescribed the Close-Out Report and *Schedule of Receipts and Deposits* forms, among others, for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Formal monitoring procedures have not been developed and implemented to ensure that the most updated Close-Out Report and *Schedule of Receipts and Deposits* forms are utilized by the Justice of the Peace Office. Failure to utilize the updated Close-Out Report and *Schedule of Receipts and Deposits* resulted in the improper accounting the funds collected by the Justice of the Peace Office.

Recommendation:
Management should begin to utilize the updated Close-Out Report and *Schedule of Receipts and Deposits* forms provided by the County Auditor's Office. Please contact the County Auditor's Office for any questions concerning the use of the updated Close-Out Report and *Schedule of Receipts and Deposits* forms.

Please provide written management responses to the observations noted above by June 28, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Alyssa Trevino, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of January 2013

Dear Judge Ochoa:

We have conducted a limited scope review of the *Monthly Fines and Fees Reports* and supporting documentation for the month of January 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedures Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of January 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal date of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of January 2013 were $75,316.99. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the period in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 47 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date; and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that procedures for voiding receipts were not always properly followed. At times, voided receipts did not contain the Supervisor's signature of approval.

The County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The Cashier must obtain approval by his/her supervisor prior to voiding the receipt. In addition, the Cashier must provide the reason for the void, date of void, and their signature on the voided receipt.
b. The supervisor must sign and date the void sheet to document responsibility for verifying that the void was properly completed (i.e., all copies of the receipt are marked "VOID" on the face of the receipt, contain an explanation for the void, contain the date the receipt was voided and signature of the employee requesting the void).
c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together and submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have been developed and implemented to ensure receipts are properly voided. This may result in the loss or misuse of County funds.

Recommendation:
Management should continue to ensure that receipts are properly voided. At a minimum, the procedures noted above should continue to be implemented.

Observation No. 3:
We noted during our review that a daily mail log was not consistently prepared to record payments received through the mail.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. The mail log should include the following information for each mail-in payment received: date received, the name of the payer, the amount of the remittance, the form of the remittance (e.g., cash or check), and, if applicable, the check number.

Formal monitoring procedures were not in place to ensure that a daily mail log was consistently prepared to record payments received through the mail. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a daily mail log is consistently prepared to record payments received through the mail. Please refer to the mail log section of the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for processing mail-in payments.

Please provide a written management response to the observations noted above by April 19, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Respectfully,

Ray Bufracio, CPA
County Auditor

The Honorable Ismael Ochoa
Hidalgo County Justice of the Peace Pct. 3, Pl. 2

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of February 2013

Dear Judge Ochoa:

We have conducted a limited scope review of the *Monthly Fines and Fees Reports* and supporting documentation for the month of February 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedures Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of February 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal date of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2013 were $111,641.79. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the

system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the period in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 67 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date; and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that a daily mail log was not consistently prepared to record payments received through the mail.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. The mail log should include the following information for each mail-in payment received: date received, the name of the payer, the amount of the remittance, the form of the remittance (e.g., cash or check), and, if applicable, the check number.

Formal monitoring procedures were not in place to ensure that a daily mail log was consistently prepared to record payments received through the mail. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a daily mail log is consistently prepared to record payments received through the mail. Please refer to the mail log section of the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for processing mail-in payments.

Please provide a written management response to the observations noted above by May 17, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Respectfully,

Ray Eduracio, CPA

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of March 2013

Dear Judge Ochoa:

We have conducted a limited scope review of the *Monthly Fines and Fees Reports* and supporting documentation for the month of March 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedures Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of March 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal date of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2013 were $130,102.75. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the

system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the period in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 58 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date; and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that a daily mail log was not consistently prepared to record payments received through the mail.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. The mail log should include the following information for each mail-in payment received: date received, the name of the payer, the amount of the remittance, the form of the remittance (e.g., cash or check), and, if applicable, the check number.

Formal monitoring procedures were not in place to ensure that a daily mail log was consistently prepared to record payments received through the mail. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a daily mail log is consistently prepared to record payments received through the mail. Please refer to the mail log section of the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for processing mail-in payments.

Please provide a written management response to the observations noted above by May 24, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Respectfully,

Ray Eufracio, CPA

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of April 2013

Dear Judge Ochoa:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of April 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedures Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of April 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether any adjustments were made.
- Verified that procedures for voided receipts were properly followed.

- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report*.
- Verified the sequence of receipts per the *Monthly Fines and Fees Report* agreed to *Ableterm's* Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Reports) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, *Schedule of Receipts and Deposit* form, mail logs, and the *Monthly Fines and Fees Report*, among other reports, to verify proper completion.
- Verified if cash bonds posted by the defendants who failed to appear before the Justice of the Peace were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of April 2013 were $111,002.11. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We noted that the April 2013 *Monthly Fines and Fees Report* was filed with the County Auditor's Office on May 14, 2013. The report should have been filed with the County Auditor's Office by May 5, 2013. In addition, copies of the revised Office of Court Administration's "Official JP Monthly Report" for January 2013 through April 2013 have not been filed with the County Auditor's Office, as of today.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month. In addition, Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of the *Monthly Fines and Fees Report* and a copy of the Office of Court Administration's "Official JP Monthly Report" among other reports, for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Formal procedures have not been implemented to ensure that the *Monthly Fines and Fees Report* and a copy of the Office of Court Administration's "Official JP Monthly Report" are filed with the County Auditor's Office within 5 days after the last day of each month. Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should develop and implement formal procedures to ensure that the *Monthly Fines and Fees Report* and a copy of the Office of Court Administration's "Official JP Monthly Report" are filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 2:
We reviewed all receipts for the period in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 43 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date; and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 3:
We noted during our review that a daily mail log was not consistently prepared to record payments received through the mail.

The County Auditor's Office requires that mail-in payments be listed on a daily mail log. The mail log should include the following information for each mail-in payment received: date received, the name of the payer, the amount of the remittance, the form of the remittance (e.g., cash or check), and, if applicable, the check number.

Formal monitoring procedures were not in place to ensure that a daily mail log was consistently prepared to record payments received through the mail. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a daily mail log is consistently prepared to record payments received through the mail. Please refer to the mail log section of the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for processing mail-in payments.

Observation No. 4:
We noted during our review that 5 credit card transactions received on April 15, 2013 (1), April 22, 2013 (3), and April 23, 2013 (1) were not promptly receipted. Consequently, the applicable case dispositions were not recorded in *AbleTerm* in a timely manner. The credit card transactions were subsequently receipted on May 7, 2013.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Formal procedures have not been developed and implemented to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner. This may result in the loss or misuse of County funds. In addition, failure to timely enter case dispositions may result in the arrest of the defendant, in error.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner

Observation No. 5:
We noted during our review that, at times, collections were not deposited at the bank on a daily basis. For example, the collections for April 2, 2013 ($8,332.20), April 3, 2013 ($5,097.60), April 4, 2013 ($5,951.40),

and April 5, 2013 ($4,192.80) were not deposited until April 8, 2013. In addition, the collections for April 10, 2013 ($4,598.35) were not deposited until April 12, 2013.

Pursuant to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office, cash receipts must be deposited intact on a daily basis, unless the amount collected is less than $100.00.

Formal monitoring procedures have not been implemented to ensure that collections are deposited at the bank on a daily basis. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that collections are deposited at the bank on a daily basis.

Observation No. 6:
We noted during our review that the *Cashier's Daily Close-Out Reports* (Close-Out Report) submitted to the County Treasurer's Office were not properly completed. *Section III Acknowledgement and Approval* of the Close-Out Reports did not contain the Justice's of the Peace signature of approval. According to staff, approval by the Justice of the Peace is obtained at least every two weeks.

The County Auditor's Office requires that cashiers reconcile cash on hand to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report* (Close-Out report). As part of the procedures while completing the Close-Out Report, the Justice of the Peace must approve the Close-Out Report by providing his/her signature on the appropriate line of *Part III Acknowledgment and Approval* of the Close-Out Report.

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. Failure to properly prepare the Close-Out Report increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Observation No. 7:
We noted during our review that receipts containing the control numbers 2596724, 2596902, 2596924, 2596925, 2596926, and 2597048 were not submitted to the County Auditor's Office. According to the Court Coordinator, five of the six receipts were voided due to printer errors and one receipt could not be accounted for.

Departments must return a copy of all receipts issued to the County Auditor's Office after a reconciliation of the receipts issued has been completed. In addition, the County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The cashier must obtain approval by his/her supervisor prior to voiding the receipt.
b. The supervisor must sign and date the voided receipt to document responsibility for verifying that all copies of the receipt are marked "VOID" on the face of the receipt, contain an explanation for the void, and contain the date the receipt was voided.
c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together and submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have not been developed and implemented to ensure a copy of each receipt issued is returned to the County Auditor's Office after a reconciliation of the receipts issued has been completed. In addition, proper procedures for voiding receipts have not been implemented. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure that a copy of each receipt issued is returned to the County Auditor's Office after a reconciliation of the receipts issued has been completed. In addition, management should develop and implement formal procedures for properly voiding receipts. At a minimum, the procedures noted above should be implemented.

Please provide a written management response to the observations noted above by June 28, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Alyssa Trevino, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. EDINBURG, TEXAS 78539

June 19, 2013

The Honorable Luis Garza
Hidalgo County Justice of the Peace Pct. 3, Pl. 1
730 N. Breyfogle, Suite C
Mission, Texas 78572

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation For the Month of April 2013

Dear Judge Garza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of April 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objectives of the review were to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of April 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following is a summary of some of the procedures that were performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether any adjustments were made.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.)

total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the *Monthly Fines and Fees Report* agreed to *Ableterm's* Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Reports) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, *Schedule of Receipts and Deposit* form, mail logs, and the *Monthly Fines and Fees Report*, among other reports, to verify proper completion.
- Verified if cash bonds posted by the defendants who failed to appear before the Justice of the Peace were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of April 2013 were $82,441.26. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued for the month ended April 30, 2013 to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 23 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Reports* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm.*

Observation No. 2:
We noted during our review that 3 cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were not forfeited (liquidated) by the 10th workday following the date released from jail. The bonds were received on January 4, 2011 (1 bond) and March 5, 2013 (2 bonds) (see Exhibit B). The 2 bonds received on March 5, 2013 were subsequently liquidated on May 14, 2013.

Code of Criminal Procedure Article 45.044 9 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their

release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th workday following the date of their release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th workday following the date of their release from jail.

Observation No. 3:
We noted during our review that the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report) was not properly completed. The total receipted credit card collections were not included under *Part I Recap of Receipts from Balance Report.*

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report). As part of the reconciliation procedures, the receipted credit card collections must be included under *Part I Recap of Receipts from Balance Report.*

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Observation No. 4:
We noted during our review that 3 credit card transactions received on March 26, 2013, April 15, 2013, and April 21, 2013 were not promptly receipted. Consequently, the applicable case dispositions were not recorded in *AbleTerm* in a timely manner. The credit card transactions received were subsequently receipted on June 12, 2013, June 3, 2013, and April 30, 2013, respectively.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Formal procedures have not been developed and implemented to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner. This may result in the loss or misuse of County funds. In addition, failure to timely enter case dispositions may result in the arrest of the defendant, in error.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner.

Please provide written a management response to the observations noted above by June 28, 2013. If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Alyssa Trevino, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

For the Month of May 2013

Dear Ms. Chapa:

We have conducted a limited scope review of the *Monthly Fees Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code §115.002 (a) and §115.002 (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following procedures were performed:

- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Daily Remittance/Close-Out Forms* to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fees Report* to the County Auditor's Office to determine if the reports had been received in a timely manner.
- Reviewed receipts, *Daily Remittance/Close-Out Forms,* and *Monthly Fees Report* to verify proper completion.

Ref: Review of *Monthly Report* and Supporting Documentation
For the Month of May 2013

Dear Mr. Martinez:

We conducted a limited scope review of the *Monthly Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code §115.002 (a), and §115.002 (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope and Methodology:
The scope of our review was limited to collections reported by the Fire Marshal's Office on the *Monthly Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following procedures were performed:

- Reviewed receipts issued to determine whether proper fee amounts were collected and reported.
- Verified that receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Daily Remittance Reports* to determine whether fees collected were properly accounted and deposited with the County Treasurer on or before the seventh business day after the day on which the funds were received.
- Verified that the collections per the *Monthly Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Report* to the County Auditor's Office to determine if the reports had been received in a timely manner.
- Reviewed receipts, *Daily Remittance Reports*, and the *Monthly Report* to verify proper completion.

Conclusion:
Total collections for the month of May 2013 were $7,885.50. Based on the results of our review, we have concluded that generally fees collected were properly accounted and reported; however, improvements could be made to the system of internal controls as noted in the following observations.

Observation No. 1:
We noted during our review that, at times, receipts were not properly completed. Receipts, at times, did not include the form of payment and check number.

The County Auditor's Office requires that official receipt forms contain sufficient information to create an adequate audit trail. At a minimum, the official receipt must include the date, payer name, address, name of business, city, form of payment (e.g., cash, check, or credit card), check number, amount, account name to be credited, description (e.g., account number, owner name, etc.), and the initials or signature of the cashier.

Formal procedures have not been implemented to ensure that official receipt forms contain sufficient information to create an adequate audit trail. This may result in the loss or misuse of County funds.

Recommendation:
Management should implement formal procedures to ensure that official receipt forms contain sufficient information to create an adequate audit trail. At a minimum, the procedures noted above should be implemented.

Observation No. 2:
We noted during our review that receipts were not properly voided. At times, void receipts did not contain on the face of the receipt an explanation for the void, the date receipt was voided, and the supervisor's signature of approval.

The County Auditor's Office requires that approval of a void receipt be obtained prior to voiding a receipt. Approval of void receipts should be limited to supervisors. The supervisor should ensure the original and all copies of the void receipt contain on the face of the receipt the word "void", an explanation for the void, the date receipt was voided, and the supervisor's signature of approval. In addition, the supervisor should ensure that the original and all other copies of the voided receipt are securely attached together.

Formal monitoring procedures have not been implemented to ensure that receipts are properly voided. This may result in the loss of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that receipts are properly voided. At a minimum, the procedures noted above should be implemented.

Please provide written management responses to the observations noted above by July 19, 2013.

If you should have any questions or would like to schedule a meeting to discuss this report, please do not hesitate to call Yvonne Torres, Revenue Audit Supervisor, at 318-2511 ext. 4642, or Arcy B. Duran, CPA, Director of Audit, at ext. 4645.

Respectfully,

Ray Eufracio, CPA
County Auditor

Re: May 2013 *Monthly Fees Report*

Dear Mr. Olivarez:

We have conducted a limited scope review of the Environmental Health Division *Monthly Fees Report* for the month of May 2013 pursuant to Local Government Code §115.002 (a) and §115.002 (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the Environmental Health Division *Monthly Fees Report* for the month of May 2013. Our review was not intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for sound internal controls rests with management.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following procedures were performed:

- Reviewed the submittal dates of the *Monthly Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the reports and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001(b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fees were collected and reported in the proper amounts.
- Verified that procedures for voided receipts were properly followed.
- Verified the sequence of receipts per the *Monthly Fees Report* agreed to the receipts issued. In addition, verified that receipts followed sequential order.
- Reviewed receipts, *Daily Remittance/Close-Out Reports*, and the *Monthly Fees Report*, among other supporting documentation, to verify proper completion.

- Reviewed *Daily Remittance/Close-Out Reports* to determine whether fees collected were properly accounted and deposited with the County Treasurer on or before the fifth day after the day on which the funds were received.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.

Conclusion:
Total collections for the month of May 2013 were $34,825.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, improvements could be made to the system of internal controls as noted in the following observations.

Observation No. 1:
Collections received on May 1, 2013 were short by $10.00. It appears that the shortage resulted when receipt number 66062 was issued in the amount of $60.00; however, only $50.00 were collected.

The County Auditor's Office requires that employees responsible for receiving collections count the money in front of the person remitting the money before the receipt is issued. The receipt should be written for the actual amount received.

Formal monitoring procedures were not in place to ensure that collections were counted in front of the person remitting the payment before the receipt was issued. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that collections are counted in front of the person remitting the payment before the receipt is issued. Management should also monitor all shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, re-training of personnel, or disciplinary action. In addition, the shortage should be immediately replenished.

Observation No. 2:
We noted that the daily procedures for reconciling cash on hand to receipts issued and the change fund requires improvement. Although a cash shortage of $10.00 occurred on May 1, 2013, the shortage was not documented and accounted for on the *Daily Remittance Report/Close-Out Form*. The person responsible for documenting the actual receipts issued for the day on *Part I Recap of Receipts* listed receipt number 66062 as $50.00 instead of $60.00.

The County Auditor's Office requires that cash on hand be reconciled to receipts issued for the day and the change fund utilizing the *Daily Remittance Report/Close-Out Form* (Close-Out Report). The reconciliation must be witnessed by another person. The following procedures must be performed when preparing the Close-Out Report:

a. The cashier must count the money and record the appropriate amounts on *Part II Cash on Hand by Actual Count.*

b. The witness must list the actual receipts issued for the day on *Part I Recap of Receipts*. For each receipt issued, the witness must document the following: receipt number, method of payment (i.e., cash, check number, etc.), name of establishment, type and amount of fee collected (i.e., restaurant permit fee ($100/$50/$25), food handler's certificate ($10), mobile unit decal ($5), and total cash collected. In addition, the witness must record the total of the receipt numbers issued on *Part I Recap of Receipts.*

c. The witness must confirm that the amount recorded by the cashier on *Part II Cash on Hand by Actual Count* agrees to the receipts issued and the change fund. Any variances must be noted on the *Comments Section* with a detailed explanation.

d. Both the cashier and the witness must verify that the Close-Out Report is completed in its entirety. Both the cashier and witness must sign under *Part III Acknowledgment and Approval* to document their responsibility for this verification.

e. The witness must enter the deposit slip number, the total amount to be deposited, and the general ledger account number to which the funds should be credited on *Part IV Summary of Deposits.*

f. After the deposit has been made, the County official or his/her designee must verify that the total amount on the bank validated deposit slip agrees to the total amount to be deposited on the Close-Out Report. The County official or his/her designee must sign under *Part III Acknowledgment and Approval* to document responsibility for this verification.

g. If the department makes deposits in the County Treasury a copy of the Close-Out Report and bank validated deposit slip must be submitted via fax to the County Treasurer's Office. The County Treasurer's Office must issue a receipt and fax a copy of the receipt to the department. The County Treasurer may mail the original receipt to the department.

Formal monitoring procedures have not been implemented to ensure that the daily procedures for reconciling cash on hand to receipts issued and the change fund are properly followed. This resulted in the loss of County funds and the improper reporting of funds collected on the *Monthly Fees Report.*

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the daily procedures for reconciling cash on hand to receipts issued and the change fund are properly followed. At a minimum, the procedures noted above should be implemented. In addition, a revised *Daily Remittance Report/Close-Out Form* for May 1, 2013 and revised *Monthly Fees Report* for the month of May 2013 should be submitted to the County Auditor's Office. Furthermore, management should consider the re-training of personnel and/or taking disciplinary action.

Please provide a written management response to the observations noted above by July 30, 2013.

If you should have any questions or would like to schedule a meeting to discuss this report, please do not hesitate to contact Yvonne Torres, Revenue Audit Supervisor, at 318-2511 ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Re: Review of the *Monthly Fees Report* and Supporting Documentation
For the Month of May 2013

Dear Constable Avila:

We have conducted a limited scope review of the Constable Precinct 1 *Monthly Fees Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code § 115.002 (a), § 115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following are some of the procedures performed:

- Reviewed the submittal dates of the *Monthly Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Weekly Remittance Forms* to determine whether fees collected were properly accounted and deposited with the County Treasurer in a timely manner.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed receipts, *Weekly Remittance Forms*, and *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of May 2013 were $2,090.00. Based on the results of our review, we have concluded that generally fees collected were properly accounted and reported; however, the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observation.

Observation No. 1:
Odyssey, the County's justice/receipting information system, was installed and training regarding its use was provided to the Constable's staff. However, we noted that *Odyssey* was not utilized to receipt collections. Instead, manual official County receipts were issued. In addition, the manual receipts were not subsequently entered into *Odyssey*.

The County Auditor's Office requires that a computerized receipting system be used, if available, to receipt collections. Manual receipts should only be utilized if the computerized receipting system is non-operational. If a department with a computerized receipting system uses manual receipts, those manual receipts must be entered into the computerized receipting system as soon as possible, but in no event later than the next business day after the computerized receipting system is operational. Each manual receipt and corresponding computer-generated receipt should be cross-referenced.

Formal procedures have not been developed and implemented to ensure *Odyssey* is utilized to receipt collections.

Recommendation:
Management should develop and implement formal procedures to ensure that *Odyssey* is utilized to receipt collections. Management should contact the Information Technology Department to request their assistance regarding the use of *Odyssey* to receipt collections.

Please provide a written management response to the observation noted above by July 15, 2013.

If you should have any questions or would like to schedule a meeting to discuss this report, please do not hesitate to contact Yvonne Torres, Revenue Audit Supervisor at 318-2511 ext. 4642 or Arcy B. Duran, CPA, Director of Audit, at ext. 4645.

Respectfully,

Ray Enfracio, CPA

Ref: Review of *Monthly Fees Report* and Supporting Documentation
For the Month of May 2013

Dear Constable Cantu:

We have conducted a limited scope review of the Constable Precinct 2 *Monthly Fees Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code § 115.002 (a), § 115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following are some of the procedures performed:

- Reviewed the submittal dates of the *Monthly Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Report/Daily Remittance Form* to determine whether fees collected were properly accounted and deposited with the County Treasurer in a timely manner.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.

- Reviewed receipts, *Cashier's Daily Close-Out Report/Daily Remittance Form,* and *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of May 2013 were $1,310.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, improvements could be made to the system of internal controls as noted in the following observations.

Observation No. 1:
We noted during our review that a complete and correct *Monthly Fees Report* was not submitted to the County Auditor's Office. The report, at times, did not contain the County Treasurer receipt numbers issued for collections deposited with the County Treasurer. In addition, voided receipts were not included on the *Monthly Fees Report*

The County Auditor's Office requires that a complete and correct *Monthly Fees Report* be submitted to the County Auditor's Office. The *Monthly Fees Report* should contain the following information:

1. The month and year for which collections are being reported.
2. Receipt numbers issued during the month in chronological order (including void receipts), containing the following:
    a. Receipt Date
    b. Plaintiff and Defendant Names
    c. Cause Number
    d. Type of Service
    e. Indicate whether service request was from "In County" or "Out of County"
    f. Type of Court
    g. County Treasurer's receipt number
    h. Amount of Fee Collected
3. Total amount of fees collected during the month
4. Preparer's signature on the appropriate line of *Monthly Fees Report*
5. Constable's or his Designee's signature of approval on the appropriate line of the *Monthly Fees Report*

Formal monitoring procedures have not been developed and implemented to ensure that a complete and correct *Monthly Fees Report* is submitted to the County Auditor's Office. Failure to submit a properly complete and correct *Monthly Fees Report* may result in the improper reporting of fees collected.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a complete and correct *Monthly Fees Report* is submitted to the County Auditor's Office. At a minimum, the procedures noted above should be implemented.

Observation No. 2:
We noted during our review that deposit slips, at times, did not contain, a listing of check/money order numbers and amounts on the face of the deposit slip. However, the check and money orders were deposited.

The County Auditor's Office requires that deposit slips include the date of deposit, receipt sequence, amount of currency and coins, a listing of check/money order numbers and amounts, and the total dollar amount of the deposit. If it is not possible to list all the checks/money orders collected, copies of the checks/money orders must be maintained and attached to the *Cashier's Daily Close-Out Report/Daily Remittance Form.*

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

Observation No. 3:
We noted during our review that receipt numbers 9204 and 9205 were not properly voided. The receipts lacked an explanation for the void, the date receipt was voided, and the supervisor's signature of approval.

Although the information for the void was not noted on the face of the receipt, this information was noted on the *Cashier's Daily Close-Out Report/Daily Remittance Form.*

The County Auditor's Office requires that approval of a void receipt be obtained prior to voiding a receipt. Approval of void receipts should be limited to supervisors. The supervisor should ensure the original and all copies of the void receipt contain on the face of the receipt the word "void", an explanation for the void, the date receipt was voided, and the supervisor's signature of approval.

Formal monitoring procedures have not been implemented to ensure that receipts are properly voided. This may result in the loss of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that receipts are properly voided. At a minimum, the procedures noted above should be implemented.

Please provide written management response to the observations noted above by July 19, 2013.

If you should have any questions or would like to schedule a meeting to discuss this report, please do not hesitate to contact Yvonne Torres, Revenue Audit Supervisor, at 318-2511 ext. 4642 or Arcy B. Duran, CPA, Director of Audit, at ext. 4645.

Re: Review of *Monthly Fees Reports* and Supporting Documentation
For the month of May 2013

Dear Constable Gallardo:

We have conducted a limited scope review of the Constable Precinct 3 *Monthly Fees Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code § 115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following procedures were performed:

- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Weekly Remittance Reports* to determine whether fees collected were properly accounted and deposited with the County Treasurer on or before the seventh business day after the day on which the funds were received.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fees Report* to the County Auditor's Office to determine if the reports had been received in a timely manner.
- Reviewed receipts, *Weekly Remittance Reports* and *Monthly Fees Report* to verify proper completion.

June 27, 2013

The Honorable Eddie Guerra
Hidalgo County Constable, Precinct 4
2814 S. Business Highway 281
Edinburg, TX 78539

Ref: Review of *Monthly Fees Report* and Supporting Documentation
For the Month of May 2013

Dear Constable Guerra:

We have conducted a limited scope review of the Constable Precinct 4 *Monthly Fees Report* and all supporting documentation for the month of May 2013 pursuant to Local Government Code § 115.002 (a), § 115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by the Constable Precinct 4 Office on the *Monthly Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and fee schedules. The following procedures were performed:

- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Report/Daily Remittance Form* to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fees Report* to the County Auditor's Office to determine if the reports had been received in a timely manner.
- Reviewed receipts, *Cashier's Daily Close-Out Report/Daily Remittance Form,* and *Monthly Fees Report* to verify proper completion.

The Honorable Sheriff Guadalupe Trevino

Re: Review of Sheriff's "Discharge" Trust Balance Sheet and applicable supporting documentation
As of January 31, 2013, February 28, 2013, March 31, 013, and April 30, 2013

Dear Sheriff Trevino:

We conducted a limited scope review of the statement of net assets (balance sheet) and applicable supporting documentation of the "Discharge" Trust Fund Account as of January 31, 2013, February 28, 2013, March 31, 2013, and April 30, 2013 pursuant to Local Government Code §115.001. The objective of the review was to obtain limited assurance whether any material modifications needed to be made to the balance sheets.

Management is responsible for the preparation of the financial statements and for designing, implementing, and maintaining internal control relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that there are no material modifications that need to be made to the financial statements.

Based on our review, we are not aware of any material modifications that should be made to the statement of net assets and applicable supporting documentation. However, we noted that the system of internal controls for the voiding of receipt/checks requires improvement as noted below:

Observation No. 1:

We noted during our review that receipts/checks were not properly voided. Although, voided receipts/checks are marked "void", approval for the void is not obtained from a supervisor. In addition, the date of void and an explanation for the void is not noted on the face of the receipt/check.

The County Auditor's Office requires that approval of a void receipt/check be obtained prior to voiding. Approval of void receipt/check should be limited to supervisors. The supervisor should ensure the original and all copies of the void receipt/check contain on the face of the receipt/check the word "void", an explanation for the void, the date of void, and the supervisor's signature of approval. In addition, the supervisor should ensure that the original and all other copies of the voided receipt/check are securely attached together.

Formal procedures have not been developed and implemented to ensure receipt/checks are properly voided. This may result in the loss or misuse of County funds.

Recommendation:

Management should develop and implement formal procedures to ensure that receipt/checks are properly voided. At a minimum, the procedures noted above should be implemented.

If you have any questions, please contact Yvonne Torres, Revenue Audit Supervisor I, at 318-2511, ext 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the Months of January 2013 through April 2013

Dear Sheriff Trevino:

We have conducted a limited scope review of the *Monthly Fees Report* and supporting documentation for the months of January 2013 through April 2013 pursuant to Local Government Code §115.002 (a) and §115.002 (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the months of January 2013 through April 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fee schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fees Reports* and applicable supporting documentation to the County Auditor's Office to determine if the reports and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001(b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fees were allocated and reported in the proper amounts and verified whether any adjustments were made.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fees Report* agreed to: 1.) total receipts issued, 2.) total deposits made with the County Treasurer, and 3.) total deposits posted to *alio's* various general ledger accounts.
- Reviewed direct deposits noted on the bank statement to ensure the direct deposits were timely remitted to the County Treasurer's Office.
- Verified the sequence of receipts per the *Monthly Fees Report* agreed to the receipts issued. In addition, verified that receipts followed sequential order.

- Reviewed the *Weekly Remittance Report* and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer's Office on a weekly basis.
- Reviewed receipts and the *Monthly Fees Report*, among other supporting documentation, to verify proper completion of the monthly report.

Conclusion:
Total collections for the months of January 2013, February 2013, March 2013, and April 2013 were $88,231.92, $101,662.39, $116,077.82, and $81,791.92, respectively. Based on the results of our review, we have concluded that fees were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fees requires improvement as noted in the following observation.

Observation No. 1:
We noted that the January 2013, March 2013, and April 2013 *Monthly Fees Reports* were not filed with the County Auditor's Office within five days after the last day of each month as required by Local Government Code §114.001 (b).

Formal procedures have not been implemented to ensure that the *Monthly Fees Report* is filed within 5 days after the last day of each month as required by Local Government Code. Timely submittal of the *Monthly Fees Report* helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should develop and implement formal procedures to ensure that the *Monthly Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Please provide written a management response to the observation noted above by July 26, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observation, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4645, Yvonne Torres, Revenue Audit Supervisor, at 318-2511 ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Re: Cash Count
Report No. 2013-41

Dear Ms. Chapa:

We conducted a surprise cash count of the cash held at your office on June 18, 2013, as required by Local Government Code §115.0035. The objective of the cash count was to determine whether total cash on hand reconciled to the total receipts issued for the day up to the time of the cash count and the approved change fund.

Scope:
The scope of our review was limited to a count of the cash on hand as of the time of the cash count. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

As part of our procedures, we verified that cash on hand agreed to the total receipts issued up to the time of the cash count. We also reviewed the internal control structure in order to verify that cash on hand was safeguarded against loss from unauthorized use and that only authorized transactions were executed, recorded, and reported in accordance with applicable laws and procedures. The internal controls reviewed during our walkthrough included but were not limited to the following: custody of cash, use of locked cash drawers, proper authorization of voided transactions, and segregation of duties.

Conclusion:
Total cash on hand at the time of the cash count was $166.50. Based on the results of our review, we have concluded that total cash on hand did reconcile to the total receipts issued for the day up to the time of the cash count of $16.50 and the approved change fund of $150.00; however, we noted that the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observations.

Observation No. 1:
We noted during our review that segregation of duties over the collection and recording of cash requires improvement. In addition, compensating controls to cover the lack of basic internal controls have not been implemented. The Law Librarian performs the following incompatible duties:

- Custody: Receives collections, issues receipts, balances receipts issued to cash on hand, maintains a cash drawer, and has access to inventory of unused receipts
- Recording: Prepares monthly reports

- Authorization: Approves the monthly report, verifies that voided original receipts are kept and reviewed, and accounts for numerical sequence of receipts

The responsibility for sound internal controls rests with management. Segregation of duties is a basic, key internal control in any organization. Segregation of duties prevents one individual from performing a transaction from beginning to end. In addition, it provides an individual with the opportunity to catch an error before a transaction is fully executed. Duties that should be segregated include: custody of assets, recording transactions, and authorization. The individual responsible for receiving collections, issuing receipts, balancing receipts issued to cash on hand, maintaining the cash drawer, and having access to the inventory of unused receipts should be different from the individual responsible preparing the monthly report. In addition, the individual responsible for the responsibilities previously noted should be different than the individual responsible for approving the monthly report, verifying that voided original receipts are kept and reviewed, and accounting for numerical sequence of receipts.

Maintaining segregation of duties is especially challenging for units with a small number of employees. In these cases, it is important that management institute compensating controls to cover for the lack of a basic control. In an environment with limited numbers of clerical and administrative personnel, management needs to be involved in documenting, reviewing, and approving transactions, reports, and reconciliations. Adequate and timely supervision is especially important in small departments, where limited personnel may inhibit a thorough segregation of duties.

Formal monitoring procedures have not been developed and implemented to ensure that incompatible duties are adequately segregated or that compensating controls are implemented. Failure to have adequate segregation of duties increases the risk of loss or misuse of County revenues.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that incompatible duties are adequately segregated such as those noted above. If incompatible duties cannot be adequately segregated, management should ensure that compensating controls are implemented.

Observation No. 2:
We noted during our review that a notice stating "A $__ fee will be collected on all returned checks" was not posted in a conspicuous location for the public's view.

The County Auditor's Office requires that a notice stating "A $__ fee will be collected on all returned checks" be posted in a conspicuous location for the public's view.

Formal monitoring procedures have not been developed and implemented to ensure that the required notice is posted in a conspicuous location for the public's view. Failure to post the notice increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement procedures to ensure that a notice stating "A $__ fee will be collected on all returned checks" is posted in a conspicuous location for the public's view.

Observation No. 3:
We noted during our review that several manual receipts were pre-dated with the current date (date the cash count was performed) prior to receiving collections. According to the Law Librarian, the manual receipts were pre-dated to avoid writing the incorrect receipt date and to reduce the time it takes to issue a receipt. The Law Librarian also stated that the practice of pre-dating receipts would be discontinued.

The County Auditor's Office requires that the receipts be dated at the time of issuance when the collections are received. Pre-dating receipts may result in the incorrect accounting of collections.

Formal monitoring procedures have not been implemented to ensure that receipts are dated at the time of issuance when collections are received.

Recommendation:
Management should implement formal monitoring procedures to ensure that receipts are dated at the time of issuance when collections are received.

Please provide written management response to the observations noted above by July 31, 2013.

In addition, information regarding the items listed below was previously provided to our office; however, please provide any updated procedures, if applicable, by July 31, 2013. These procedures should include, at a minimum, the following:

a. An office organizational chart;
b. Location of cash collection points;
c. Types of collections made by each cash collection point;
d. A list of those positions involved with the handling of cash, a description of their duties, and description of how segregation of duties will be maintained;
e. A complete start to finish description of the following:
    1. Process for accounting and safeguarding of the change fund, if any;
    2. Process for safeguarding cash until it is deposited;
    3. Process for accounting and safeguarding mail-in payments;
    4. Process for reconciling collections, including frequency of reconciliation;
    5. Bookkeeping system used, and how it is maintained; and
    6. Computer hardware and software used;
f. List of the reports prepared/generated for the collection and the reporting of funds, including procedures for preparing the reports, who the reports should be submitted to, and when the reports are due;
g. A schedule of how often deposits will be made; and
h. Copies of any related forms/reports.

We would like to express our sincere appreciation to you and your staff for the courtesy, cooperation, and assistance provided to us during the cash count. If you have any questions or would like to schedule a meeting to discuss this surprise cash count, please contact Alex Martinez, Internal Auditor I, at 318-2511 ext. 4653, Letty Chavez, Compliance Audit Supervisor, at ext. 4651, or Arcy B. Hidalgo County Precinct No. 1
1902 Joe Stephens Suite 101

Re: Cash Count
Report No. 2013-42

Dear Commissioner Cuellar:

We conducted a surprise cash count of the cash held at the Delta Lake Park on June 18, 2013 as required by Local Government Code §115.0035. The objective of the cash count was to determine whether total cash on hand reconciled to the total receipts issued for the day up to the time of the cash count and the approved change fund.

Scope:
The scope of our review was limited to a count of the cash on hand as of the time of the cash count. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

As part of our procedures, we verified that cash on hand agreed to the total receipts issued up to the time of the cash count. We also reviewed the internal control structure in order to verify that cash on hand was safeguarded against loss from unauthorized use and that only authorized transactions were executed, recorded, and reported in accordance with applicable laws and procedures. The internal controls reviewed during our walkthrough included but were not limited to the following: custody of cash, use of locked cash drawers, proper authorization of voided transactions, and segregation of duties.

Conclusion:
At the time of the cash count, receipts had not been issued and collections had not been made. Based on the results of our review, we concluded that total cash on hand reconciled to the approved change fund of $100.00. In addition, we noted that the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observations.

Observation No. 1:
We noted during our review that segregation of duties over the handling of cash requires improvement. The Community Liaison employee performs the following incompatible duties:

- Custody: Receives collections, issues receipts, balances copies of receipts against cash drawer, maintains a cash drawer, prepares bank deposit, and has access to the inventory of unused park entrance tickets

HIDALGO COUNTY DISTRICT JUDGES

- Recording: Accounts for the numerical sequence of park entrance tickets and prepares monthly collection reports
- Approval: Verifies that voided original park entrance tickets are kept and reviewed

The responsibility for sound internal controls rests with management. Segregation of duties is a basic, key internal control in any organization. Segregation of duties prevents one individual from performing a transaction from beginning to end. In addition, it provides an individual with the opportunity to catch an error before a transaction is fully executed. Duties that should be segregated include: custody of assets, recording transactions, and authorization. The individual responsible for receiving collections, issuing receipts, balancing copies of receipts against cash drawer, maintaining a cash drawer, preparing the bank deposit, and having access to the inventory of unused park entrance tickets should be different from the individual responsible for accounting for the numerical sequence of park entrance tickets, and preparing the monthly report. In addition, the individuals previously noted should be different from the individual responsible for verifying that voided original park entrance tickets are kept and reviewed.

Maintaining segregation of duties is especially challenging for units with a small number of employees. In these cases, it is important that management institute compensating controls to cover for the lack of a basic control. In an environment with a limited number of clerical and administrative personnel, management needs to be involved in documenting, reviewing, and approving transactions, reports, and reconciliations. Adequate and timely supervision is especially important in small departments, where limited personnel may inhibit a thorough segregation of duties.

Formal monitoring procedures have not been implemented to ensure that incompatible duties are adequately segregated or that compensating controls are implemented. Failure to have adequate segregation of duties increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal monitoring procedures to ensure that incompatible duties are adequately segregated such as those noted above. If incompatible duties cannot be adequately segregated, management should ensure that compensating controls are implemented.

Observation No. 2:
We noted during our review that not all employees responsible for handling cash were required to sign the "Cash Handling Guidelines and Procedures" acknowledgement receipt.

The County Auditor's Office requires that departments train all employees responsible for handling cash regarding proper cash handling procedures. The employees handling cash must read the "Cash Handling Guidelines and Procedures" and sign a receipt acknowledging their understanding of these guidelines and procedures. The acknowledgment receipt should be kept on file.

Formal monitoring procedures have not been developed and implemented to ensure that employees handling cash are required to read and sign a receipt acknowledging their understanding of the guidelines and procedures. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that employees handling cash are required to read and sign a receipt acknowledging their understanding of the guidelines and procedures. In addition, the acknowledgment receipt should be maintained on file.

Observation No. 3:
According to the Delta Lake Park staff, effective July 21, 2012 the park entrance fees have been waived from Monday through Saturday. The park entrance fee is only collected on Sundays.

Local Government Code §316.001(4) states "the commissioners court of a county may set and collect fees for admission to a county park, if approved by a majority of the qualified voters of the county voting on the issue at a referendum election, which the commissioners court may order and hold for that purpose. Local Government Code §316.004 further states that "the commissioners court may set and collect the fees in different amounts or may waive the fees in consideration of the following factors: (1) the time of the day at which or the day of the week on which a facility or service is used; (2) the size of a group wishing to use a

facility or service; (3) the special circumstances of certain classes of persons, including elderly persons and indigent persons; or (4) other factors that the court considers to justify a different fee or the waiver of a fee."

Commissioner's Court approval to waive the park entrance fee was not obtained.

Recommendation:
Commissioners Court approval to waive the park entrance fee should be obtained.

Observation No. 4:
A notice stating, "Make sure you receive an official County receipt when making payments at this office", along with a sample official County receipt, was not posted where the park entrance fees are collected (toll booth) for the public's view.

The County Auditor's Office requires departments to post a notice visible to the public stating "Make sure you receive an official County receipt when making payments at this office". A sample of the official County receipt issued by the park should be posted by the notice in order to indicate to the payee what he/she should expect to receive.

Formal monitoring procedures are not in place to ensure that the required notice, along with a sample official County receipt, are posted in a place visible to the public. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal monitoring procedures to ensure the required notice, along with the sample official County receipt, are posted in a place visible to the public.

Observation No. 5:
We noted during our review that a notice stating "Gifts, gratuities, and/or tips will not be accepted" was not posted where the park entrance fees are collected (toll booth) for the public's view.

The County Auditor's Office requires a notice stating "Gifts, gratuities, and/or tips will not be accepted" be posted in a place visible to the public near cashiers.

Formal monitoring procedures have not been developed and implemented to ensure that a notice stating "Gifts, gratuities, and/or tips will not be accepted" is posted in a place visible to the public near cashiers. Failure to post this notice increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement procedures to ensure that a notice stating "gifts, gratuities, and/or tips will not be accepted" is posted in a place visible to the public near cashiers.

Observation No. 6:
We noted during our review that when collections are transferred from one cashier to another during a shift change (i.e., lunch break), a transfer form is not prepared.

To establish individual responsibility for cash receipts, the County Auditor's Office requires that if a cash drawer is transferred from one cashier to another, even for a short period of time (i.e. shift change), the cash must be counted in the presence of both parties. The amount of cash in the cash drawer must be recorded on a transfer form. The transfer form must be signed by the cashier accepting custody in order to establish responsibility in case of a shortage.

Formal procedures have not been developed and implemented to ensure a transfer form is prepared when collections are transferred from one cashier to another during a shift change. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure a transfer form is prepared when collections are transferred from one cashier to another during a shift change. At a minimum, the procedures noted above should be implemented.

Observation No. 7:
We noted during our review that procedures for voiding receipts were not properly followed. Void receipts, at times, did not contain the supervisor's signature of approval, date of void, and an explanation for the void.

The County Auditor's Office requires that approval of a void receipt be obtained prior to voiding a receipt. Approval of void receipts should be limited to supervisors. The supervisor should ensure the original and all copies of the void receipt contain on the face of the receipt the word "void", an explanation for the void, the date receipt was voided, and the supervisor's signature of approval.

Formal monitoring procedures have not been implemented to ensure that receipts are properly voided. This may result in the loss of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that receipts are properly voided. At a minimum, the procedures noted above should be implemented.

Please provide written management responses to the observations noted above by July 19, 2013.

We would like to express our sincere appreciation to you and your staff for the courtesy, cooperation, and assistance provided to us during the cash count. If you have any questions regarding this cash count or would like to schedule a meeting to discuss this cash count, please contact Alex Martinez, Internal Auditor, at ext. 4653, Letty Chavez, Compliance Audit Supervisor, at ext. 4651, Arcy B. The Honorable Martin Cantu
Hidalgo County Constable, Precinct 2
300 W. Hall Acres, Ste. E
Pharr, TX 78577

Re: Cash Count
Report No. 2013-43

Dear Constable Cantu:

We conducted a surprise cash count of the cash held at your office on June 20, 2013, as required by Local Government Code §115.0035. The objective of the cash count was to determine whether total cash on hand reconciled to the total receipts issued for the day up to the time of the cash count.

Scope:
The scope of our review was limited to a count of the cash on hand as of the time of the cash count. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

As part of our procedures, we verified that cash on hand agreed to the total receipts issued up to the time of the cash count. We also reviewed the internal control structure in order to verify that cash on hand was safeguarded against loss from unauthorized use and that only authorized transactions were executed, recorded, and reported in accordance with applicable laws and procedures. The internal controls reviewed during our walkthrough included but were not limited to the following: custody of cash, use of locked cash drawers, proper authorization of voided transactions, the use of a log for mail-in payments, and segregation of duties.

Conclusion:
At the time of the cash count, receipts had not been issued and collections had not been made. However, we noted that the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observations.

Observation No. 1:
We noted during our review that segregation of duties over the handling of collections requires improvement. The Administrative Secretary performs the following incompatible duties:

- Custody: Receives collections, issues receipts, lists mail receipts, balances receipts issued to cash on hand, maintains a cash drawer, and has access to inventory of unused receipts
- Recording: Maintains inventory log of unused receipts, prepares daily collection reports, and prepares the *Monthly Fees Report*

The responsibility for sound internal controls rests with management. Segregation of duties is a basic, key internal control in any organization. Segregation of duties prevents one individual from performing a transaction from beginning to end. In addition, it provides an individual with the opportunity to catch an error before a transaction is fully executed. Duties that should be segregated include: custody of assets, recording transactions, and authorization; The individual responsible for receiving collections, issuing receipts, listing mail receipts, balancing receipts issued to cash on hand, maintaining the cash drawer, and having access to inventory of unused receipts should be different from the individual responsible for maintaining an inventory log of unused receipts, preparing daily collection reports, and preparing the *Monthly Fees Report*.

Maintaining segregation of duties is especially challenging for units with a small number of employees. In these cases, it is important that management institute compensating controls to cover for the lack of a basic control. In an environment with a limited number of clerical and administrative personnel, management needs to be involved in documenting, reviewing, and approving transactions, reports, and reconciliations. Adequate and timely supervision is especially important in small departments, where limited personnel may inhibit a thorough segregation of duties.

Formal monitoring procedures have not been implemented to ensure that incompatible duties are adequately segregated or that compensating controls are implemented. Failure to have adequate segregation of duties increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal monitoring procedures to ensure that incompatible duties are adequately segregated such as those noted above. If incompatible duties cannot be adequately segregated, management should ensure that compensating controls are implemented.

Observation No. 2:
We noted during our review that security cameras were not utilized where cash is received and safeguarded.

The County Auditor's Office recommends that security alarms and/or security cameras be installed in areas where cash collections are received and safeguarded. Camera images must be stored on the type of media (e.g., digital recording box, tape, DVD, etc.) and retained for the period of time recommended by the Information Technology Department. If, however, the camera images are part of an ongoing investigation, they must be retained for the period of time determined by the investigating agency. Furthermore, a notice stating that an area is being monitored by a security camera must be posted at the entrance to the area being monitored.

Formal procedures have not been developed and implemented to ensure that security cameras are properly utilized. Failure to properly utilize security cameras increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal procedures to ensure that security cameras are properly utilized. At a minimum, the procedures noted above should be implemented. Management should contact the Information Technology Department to request their assistance regarding the utilization of security cameras.

Observation No. 3:
We noted during our review that not all employees responsible for handling cash were required to sign the "Cash Handling Guidelines and Procedures" acknowledgement receipt.

The County Auditor's Office requires that departments train all employees responsible for handling cash regarding proper cash handling procedures. The employees handling cash must read the "Cash Handling Guidelines and Procedures" and sign a receipt acknowledging their understanding of these guidelines and procedures. The acknowledgment receipt should be kept on file.

Formal monitoring procedures have not been developed and implemented to ensure that employees handling cash are required to read and sign a receipt acknowledging their understanding of the guidelines and procedures. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that employees handling cash are required to read and sign a receipt acknowledging their understanding of the guidelines and procedures. In addition, the acknowledgment receipt should be maintained on file.

Observation No. 4:
According to staff, cashiers are not prohibited from receipting payments from relatives or personal friends.

The County Auditor's Offices requires that cashiers not receipt payments from their relatives or personal friends. Cashiers must notify their supervisors so that the supervisor may assign the receipting of the payment to another cashier.

Formal procedures have not been developed and implemented to ensure that cashiers do not receipt payments from their relatives or personal friends. Failure to ensure that cashiers do not receipt payments from their relatives or personal friends may result in the loss of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure that cashiers do not receipt payments from their relatives or personal friends.

Please provide written management responses to the observations noted above by July 31, 2013.

In addition, management should develop and implement procedures for the handling of cash and cash equivalent transactions. These procedures should include, at a minimum, the following:

a. An office organizational chart;
b. Location of cash collection points;
c. Types of collections made by each cash collection point;
d. A list of those positions involved with the handling of cash, a description of their duties, and description of how segregation of duties will be maintained;
e. A complete start to finish description of the following:
    1. Process for accounting and safeguarding of the change fund, if any;
    2. Process for safeguarding cash until it is deposited;
    3. Process for accounting and safeguarding mail-in payments;
    4. Process for reconciling collections, including frequency of reconciliation;
    5. Bookkeeping system used, and how it is maintained; and
    6. Computer hardware and software used;
f. List of the reports prepared/generated for the collection and the reporting of funds, including procedures for preparing the reports, who the reports should be submitted to, and when the reports are due;
g. A schedule of how often deposits will be made; and
h. Copies of any related forms/reports.

Please provide a copy of the written procedures by July 19, 2013.

We would like to express our sincere appreciation to you and your staff for the courtesy, cooperation, and assistance provided to us during the cash count. If you should have any questions or would like to schedule a meeting to discuss this cash count, please do not hesitate to contact Alex Martinez, Internal Auditor, at 318-2511 ext. 4653, Letty Chavez, Compliance Audit Supervisor, at ext. 4651, or Arcy B. The Honorable Hector "Tito" Palacios, Commissioner
Hidalgo County Precinct No. 2
300 W. Hall Acres Suite G
Pharr, Texas 78577

Ref: Cash Count
Report No. 2013-44

Dear Commissioner Palacios:

We conducted a surprise cash count of the cash held at the Precinct 2 Swimming Pool on June 20, 2013, as required by Local Government Code §115.0035. The objective of the cash count was to determine whether total cash on hand reconciled to the total receipts issued for the day up to the time of the cash count and the approved change fund.

Scope:
The scope of our review was limited to a count of the cash on hand as of the time of the cash count. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

As part of our procedures, we verified that cash on hand agreed to the total tickets issued up to the time of the cash count. We also reviewed the internal control structure in order to verify that cash on hand was safeguarded against loss from unauthorized use and that only authorized transactions were executed, recorded, and reported in accordance with applicable laws and procedures. The internal controls reviewed during our walkthrough included but were not limited to the following: custody of cash, use of locked cash drawers, proper authorization of voided transactions, and segregation of duties.

Conclusion:
At the time of the cash count, receipts had not been issued and collections had not been made. Based on the results of our review, we concluded that total cash on hand reconciled to the approved change fund of $10.00. However, we noted that the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observations.

Observation No. 1:
We noted during our review that a separate locked cash drawer was not maintained by each Pool Attendant responsible for handling collections. In addition, we were informed that if a shift change is necessary and collections are transferred from one employee to another, the collections are counted in the presence of both parties; however, a receipt signed by the employee who accepted custody is not prepared.

The County Auditor's Office requires that separate locked cash drawers be assigned to each employee responsible for handling collections. Only one cashier should be allowed access to a specific cash drawer during a single shift. Furthermore, when cash is transferred from one person to another, it should be counted

in the presence of both parties. The amount should be recorded on a receipt, and the receipt should be signed by the employee accepting custody. This is necessary for the purposes of establishing responsibility relating to a shortage.

Formal monitoring procedures have not been developed and implemented to ensure that a separate locked cash drawer is assigned to each employee responsible for handling collections. In addition, formal monitoring procedures have not been developed and implemented to ensure the transfer of collections during a change in shifts is recorded on a receipt and the receipt is signed by the employee accepting custody. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement procedures to ensure that a separate locked cash drawer is assigned to each employee responsible for handling collections. Only one cashier should be allowed access to a specific drawer during a single shift. In addition, management should develop and implement formal monitoring procedures to ensure the transfer of collections during a change in shifts is recorded on a receipt and the receipt is signed by the employee accepting custody.

Observation No. 2:
We noted during our review that segregation of duties over the handling of cash requires improvement. It was noted that the Pool Attendants perform the following incompatible duties:

- Custody: Receive collections, issue receipts, balance copies of receipts against the cash drawer, maintain the cash drawer, prepare bank deposits, and have access to inventory of unused receipts
- Recording: Account for numerical sequence of receipts, maintain inventory log of unused receipts, and prepare reports of cash received

The responsibility for sound internal controls rests with management. Segregation of duties is a basic, key internal control in any organization. Segregation of duties prevents one individual from performing a transaction from beginning to end. In addition, it provides an individual with the opportunity to catch an error before a transaction is fully executed. Duties that should be segregated include: custody of assets, recording transactions, and authorization. The individual responsible for receiving collections, issuing receipts, balancing copies of receipts issued against the cash drawer, maintaining the cash drawer, preparing bank deposits, and having access to the inventory of unused receipts should be different from the individual responsible for accounting for the numerical sequence of receipts, maintaining the inventory log of unused receipts, and preparing reports of cash received.

Maintaining segregation of duties is especially challenging for units with a small number of employees. In these cases, it is important that management institute compensating controls to cover for the lack of a basic control. In an environment with limited numbers of clerical and administrative personnel, management needs to be involved in documenting, reviewing, and approving transactions, reports, and reconciliations. Adequate and timely supervision is especially important in small departments, where limited personnel may inhibit a thorough segregation of duties.

Formal monitoring procedures have not been implemented to ensure that incompatible duties are adequately segregated or that compensating controls are implemented. Failure to have adequate segregation of duties increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal monitoring procedures to ensure that incompatible duties are adequately segregated such as those noted above. If incompatible duties cannot be adequately segregated, management should ensure that compensating controls are implemented.

Observation 3:
We noted during our review that swimming pool ticket numbers 837, 838, and 839 were not issued in sequential order. According to the swimming pool attendant, ticket numbers 837, 838, and 839 had been misplaced. The tickets were detached from the ticket book and placed underneath the ticket book. The tickets were located during the cash count and voided.

The County Auditor requires that tickets be issued in sequential order. In addition, a secure area for safeguarding unissued tickets must be provided and restricted to authorized personnel. Failure to issue tickets in sequential order and safeguarding unissued tickets in a secure area may result in the loss of County funds.

Recommendation:
We recommend that formal procedures be developed and implemented to ensure that tickets are issued in sequential order and safeguarded in a secure area.

Observation No. 4:
Although security cameras are in place, they are not installed where cash collections are receipted and safeguarded.

The County Auditor's Office recommends that security alarms and/or security cameras be installed in areas where cash collections and receipts are received and safeguarded. Camera images must be stored on the type of media (e.g., digital recording box, tape, DVD, etc.) and retained for the period of time recommended by the Information Technology Department. If, however, the camera images are part of an ongoing investigation, they must be retained for the period of time determined by the investigating agency. Furthermore, a notice stating that an area is being monitored by a security camera must be posted at the entrance to the area being monitored.

Formal monitoring procedures have not been developed and implemented to ensure that security cameras are properly utilized. Failure to properly utilize security cameras increases the risk of loss or misuse of County funds.

Recommendation:
Management should implement formal procedures to ensure that security cameras are properly utilized. At a minimum, the procedures noted above should be implemented. Management should contact the Information Technology Department to request their assistance regarding the utilization of security cameras.

Observation No. 5:
According to staff, cashiers are not prohibited from receipting payments from relatives or personal friends.

The County Auditor's Offices requires that cashiers not receipt payments from their relatives or personal friends. Cashiers must notify their supervisors so that the supervisor may assign the receipting of the payment to another cashier.

Formal procedures have not been developed and implemented to ensure that cashiers do not receipt payments from their relatives or personal friends. Failure to ensure that cashiers do not receipt payments from their relatives or personal friends may result in the loss of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure that cashiers do not receipt payments from their relatives or personal friends.

Please provide written management responses to the observations noted above by July 19, 2013.

In addition, management should develop and implement procedures for the handling of cash transactions. These procedures should include, at a minimum, the following:

a. An office organizational chart;
b. Location of cash collection points;
c. Types of collections made by each cash collection point;
d. A list of those positions involved with the handling of cash, a description of their duties, and description of how segregation of duties will be maintained;
e. A complete start to finish description of the following:
    1. Process for accounting and safeguarding of the change fund, if any;
    2. Process for safeguarding cash until it is deposited;
    3. Process for accounting and safeguarding mail-in payments;
    4. Process for reconciling collections, including frequency of reconciliation;
    5. Bookkeeping system used, and how it is maintained; and
    6. Computer hardware and software used;

f. List of the reports prepared/generated for the collection and the reporting of funds, including procedures for preparing the reports, who the reports should be submitted to, and when the reports are due;
g. A schedule of how often deposits will be made; and
h. Copies of any related forms/reports.

Please provide our office with copies of the procedures by July 19, 2013.

We would like to express our sincere appreciation to you and your staff for the courtesy, cooperation, and assistance provided to us during the cash count. Re: City of Alton TIRZ No. 1
Report No. 2013-25

Dear Mr. Arcaute:

We conducted a limited scope review of the interlocal agreement between the City of Alton, Hidalgo County, and Reinvestment Zone (Alton TIRZ) Number One, City of Alton, Texas. The objectives of the review were to determine the accuracy of the Alton TIRZ 2012-2013 (collections from February 1, 2012 through January 31, 2013) payment amount and compliance with Section IV (B)(2), Section VII (J) of the interlocal agreement and Tax Code §311.016.

The scope of our review was limited to the Alton TIRZ tax accounts for tax roll 2012 and prior tax rolls. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for sound internal controls rests with management.

The results of our review revealed the following:

1. The County Auditor's Office determined that the amount due to Alton TIRZ No. 1 for collections that occurred from February 1, 2012 through January 31, 2013 for tax years 2010, 2011, and 2012, is $33,492.47 (see Exhibit A).
2. The annual report, fact sheet, and annual financial review were submitted in compliance with Section IV (B)(2), Section VII (J) of the interlocal agreement and Tax Code §311.016. According to the Alton TIRZ No. 1, they did not have any contracts with disadvantaged businesses; therefore, the applicable report was not provided.

Please keep in mind that the information listed below, which is required to process a payment for collections that occurred from February 1, 2010 through January 31, 2012 for tax years 2010 and 2011, has not been received by the County Auditor's Office:

1. Fact sheet - pursuant to Section IV (B)(2) of the interlocal agreement;
2. TIRZ annual financial audit - pursuant to Section VII (J) of the interlocal agreement;
3. Report on contracts awarded to disadvantaged businesses - pursuant to Section VII (J) of the interlocal agreement; and
4. Annual report required under Tax Code §311.016 and Section VII (J) of the interlocal agreement.

A payment for collections that occurred from February 1, 2010 through January 31, 2012 for tax years 2010 and 2011 will not be processed until the information listed above is received.

If you have any questions, feel free to call Carlos Ramirez, Internal Auditor I, at 318-2511 ext. 4654, Letty Chavez, Compliance Audit Supervisor, at ext. 4651, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Ref: Audit of Sheriff's Jail Commissary Account
For the year ended December 31, 2012
Audit No. 2013-01

Dear Sheriff Treviño:

We have completed an audit of the Sheriff's Jail Commissary account for the year ended December 31, 2012 in accordance with Local Government Code §351.0415 and our annual audit plan. The objectives of the audit were to determine whether:

1. Purchases made from the Jail Commissary account were in compliance with Local Government Code §351.0415;
2. Collections and disbursements from the Jail Commissary account were properly accounted and safeguarded; and
3. Assets (merchandise inventory, minor assets, and capital assets) were properly accounted and safeguarded.

The scope of the audit was limited to randomly selected transactions and the Jail Commissary merchandise and asset inventory listings as of December 31, 2012. Our audit was not designed nor intended to be a detailed study of every relevant internal control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that purchases, collections and disbursements from the Jail Commissary account are properly accounted and safeguarded.

Based on the results of the audit, we have concluded that procedures were in place for ensuring that purchases from the Jail Commissary account are made in compliance with Local Government Code §351.0415 (c), prices paid for merchandise inventory items were equal to or lower than the specified contract price. In addition, procedures were in place to ensure that daily sales were deposited to the Jail Commissary bank account in a timely manner. Furthermore, procedures were in place for properly voiding transactions and for properly accounting for and safeguarding minor and capital assets. However, improvements could be made to the procedures in place for the accounting and safeguarding of merchandise inventory.

In our opinion, these improvements could be easily achieved by implementing formal policies and procedures that will ensure an effective financial accounting and reporting system.

This report consists of an executive summary; a background; a list of findings, recommendations, and management responses; the audit objectives, scope, and methodology; and exhibits.

We would like to express our appreciation to you and your staff for the courtesy, cooperation, and assistance provided to us during our audit. EXECUTIVE SUMMARY

We have completed an audit of the Sheriff's Jail Commissary account for the year ended December 31, 2012 in accordance with Local Government Code §351.0415 and our annual audit plan. The objectives of the audit were to determine whether:

1. Purchases made from the Jail Commissary account were in compliance with Local Government Code §351.0415;
2. Collections and disbursements from the Jail Commissary account were properly accounted and safeguarded; and
3. Assets (merchandise inventory, minor assets, and capital assets) were properly accounted and safeguarded.

The scope of the audit was limited to randomly selected transactions and the Jail Commissary merchandise and asset inventory listings as of December 31, 2012. Our audit was not designed nor intended to be a detailed study of every relevant internal control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

In planning and performing our audit, we conducted interviews with Jail Commissary staff and reviewed applicable statutes, regulations, contracts, rules, policies, and procedures. The following procedures were performed:

- Reviewed randomly selected invoices to determine if purchases were made in compliance with Local Government Code §351.0415 (c).
- Reviewed randomly selected paid invoices to determine if the prices paid for merchandise inventory items were equal to or lower than the specified contract prices.
- Reviewed randomly selected merchandise inventory items to determine if the items were added to the *AbleTerm* inventory.
- Reviewed randomly selected daily "Commissary Sales" reports and validated deposit slips to determine if the sales amount listed on the "Commissary Sales" reports were deposited to the Jail Commissary bank account in a timely manner.
- Reviewed voided transactions contained in randomly selected daily "Commissary Sales" reports to determine if procedures for voiding transactions were properly followed.
- Reviewed judgmentally selected voided transactions to determine if the merchandise inventory items were added to the *AbleTerm* inventory system on the same day the transaction was voided.
- Reviewed the Jail Commissary asset listing and selected all assets for physical identification in order to verify the accuracy and completeness of the inventory listing and to determine whether the assets were properly tagged.
- Conducted a physical count of randomly selected Jail Commissary merchandise inventory categories to determine if the inventory quantities per *AbleTerm* agreed to the quantities on hand.
- Reviewed the "Jail Commissary Inventory Adjustments Control Form Damage/Losses" and the "Jail Commissary Inventory Adjustments Control Form Over/Short" for the year ended December 31, 2012 to determine if the inventory adjustments were made in *AbleTerm* and if the adjustments were approved by a supervisor.

Overall Conclusion

Based on the results of the audit, we have concluded that procedures were in place for ensuring that purchases from the Jail Commissary account are made in compliance with Local Government Code §351.0415 (c), prices paid for merchandise inventory items were equal to or lower than the specified contract price. In addition, procedures were in place to ensure that daily sales were deposited to the Jail Commissary bank account in a timely manner. Furthermore, procedures were in place for properly voiding transactions and for properly accounting for and safeguarding minor and capital assets. However,

improvements could be made to the procedures in place for the accounting and safeguarding of merchandise inventory.

In our opinion, these improvements could be easily achieved by implementing formal policies and procedures that will ensure an effective financial accounting and reporting system.

The following is a summary of our findings and recommendations. The detailed findings and recommendations follow the summary.

Summary of Findings:

1. Procedures are in place to ensure that purchases from the Jail Commissary account are made in compliance with Local Government Code §351.0415 (c).
2. Procedures are in place to ensure that prices paid for merchandise inventory items are equal to or lower than the specified contract price and purchases of merchandise inventory items are added to the *AbleTerm* inventory system.
3. Procedures are in place to ensure that daily sales are deposited to the Jail Commissary bank account in a timely manner.
4. Procedures are in place for voiding transactions and adding back related merchandise inventory items to the *AbleTerm* inventory system.
5. Procedures are in place for the proper accounting and safeguarding of minor and capital assets.
6. Improvements could be made to the procedures in place for the accounting and safeguarding of merchandise inventory.

Summary of Recommendations:

1. Continue with established procedures to ensure that Jail Commissary account purchases are made in compliance with LGC §351.0415 (c).
2. Continue with established procedures to ensure that merchandise inventory items are purchased exclusively from the contracted vendors at a price equal to or lower than the specified contract prices and that merchandise inventory items purchased are added to the *AbleTerm* inventory system.
3. Continue with established procedures to ensure that daily sales are deposited to the Jail Commissary bank account in a timely manner.
4. Continue with established procedures to ensure that voided transactions are properly voided and related merchandise inventory items are added back to the *AbleTerm* inventory system on the same day the transaction is voided.
5. Continue with established procedures to ensure that minor and capital assets are properly accounted and safeguarded.
6. Develop and implement formal monitoring procedures to ensure the inventory items are properly accounted and safeguarded.

BACKGROUND

Local Government Code §351.0415 authorizes the Sheriff to operate a jail commissary for the use of the inmates committed to the County jail. The jail commissary must be operated in accordance with rules adopted by the Commission on Jail Standards. Commissioners Court may not use jail commissary proceeds to fund the budgetary operating expenses of the County jail. The Sheriff has exclusive control of the jail commissary funds and must use commissary proceeds only to:

1. Fund, staff, and equip a program addressing the social needs of the inmates, including an educational or recreational program and religious or rehabilitative counseling;
2. Supply inmates with clothing, writing materials, and hygiene supplies;
3. Establish, staff, and equip the commissary operation and fund the salaries of staff responsible for managing the inmates' commissary accounts;
4. Fund, staff, and equip both an educational and a law library for the educational use of inmates; or
5. Fund physical plant improvements, technology, equipment, programs, services, and activities that provide for the well-being, health, safety, and security of the inmates and the facility.

Organizational Structure

The Jail Commissary has 11 positions: 1 Jail Commissary Supervisor, 7 Jail Commissary Clerks, 2 Inmate Interventionist Specialists, 1 Accountant. The following is a summary of their duties:

- The Jail Commissary Supervisor is responsible for the general supervision of the Jail Commissary.
- The Jail Commissary Clerks are responsible for taking and delivering merchandise orders to the inmates and the storage, control, and count of merchandise inventory. The Jail Commissary Clerks also assist the general public with questions regarding the Jail Commissary system.
- The Inmate Interventionist Specialists are responsible for planning, coordinating, and overseeing the daily activities of programs and services for the inmates.
- The Accountant is responsible for the reconciliation of the Jail Commissary and Inmate Trust Fund bank accounts and the preparation of the related financial statements.

Jail Commissary Bank Account

Pursuant to Local Government Code § 351.0415 (b) (2), the Sheriff must maintain commissary accounts showing the amount of proceeds from the commissary operation and the amount and purpose of disbursements made from the proceeds. The Sheriff accomplishes this responsibility by maintaining the Jail Commissary bank account and preparing financial statements (e.g., Statement of Net Assets and Statement of Revenues, Expenses, and Changes in Fund Net Assets). The Sheriff is required to submit these financial statements to the County Auditor's Office, on a monthly basis, along with subsidiary ledgers and other supporting documentation. As of December 31, 2012, the Jail Commissary bank account had cash on deposit totaling $2,159,070.06. The Jail Commissary generated revenues totaling $1,371,909.99 and incurred expenses totaling $1,018,147.95, resulting in net income of $353,762.04 for the year ended December 31, 2012.

Operating Procedures

The Jail Commissary operates weekdays including holidays. The Jail Commissary offers 155 categories of merchandise items for sale to the inmates. Categories include: personal care (hygiene for hands and body), hair care, snacks, beverages, candy, food items, stationery supplies, greeting cards, phone cards, underclothes, and medication. Inmates may purchase items from the Jail Commissary by completing a pre-printed order form. The Jail Commissary staff reviews the inmate's account balance in *AbleTerm* to determine if sufficient funds are available to fulfill the inmate's order request. If the inmate does not have sufficient funds, the inmate's order is fulfilled up to their available balance, their balance is reduced by the items purchased and they are notified of their new balance and that their entire order was not fulfilled.

At the end of each workday, the Jail Commissary Supervisor submits the daily "Commissary Sales" report and a daily "Transactions during the period" report to the releasing officer who issues a check from the Inmate Trust Fund bank account to the Jail Commissary bank account for the total daily sales on the

"Commissary Sales" report. The Jail Commissary Supervisor prepares the deposit and forwards the deposit to the Jail's Administrative Assistant I. The Jail's Administrative Assistant I forwards a copy of the check, validated deposit slip, and the daily "Commissary Sales" report to the Jail Commissary Supervisor.

The Jail Commissary Supervisor checks the *AbleTerm* inventory system every two weeks and orders merchandise as needed. Before placing an order, the Jail Commissary Supervisor prepares a requisition in Microsoft Excel and submits the requisition to the Captain for approval. When merchandise is received, the Jail Commissary Clerks compare the items received to the invoice. If any discrepancies are found, the discrepancies are noted on the packing slip and the Jail Commissary Clerks notify the Jail Commissary Supervisor. The Jail Commissary Supervisor verifies that the discrepancies exist and notifies the Vendor and a credit is recorded. The Jail Commissary Accountant will only pay for the number of items actually received. Once all the merchandise is verified, the Jail Commissary Supervisor updates the inventory in *AbleTerm* to reflect the new inventory count and approves the invoice for payment. Invoices are entered into *QuickBooks* by the Jail Commissary Supervisor. The original invoice is provided to the Jail Commissary Accountant. The Jail Commissary Accountant prints the check from *QuickBooks* and obtains the Captain or Commanders signature of approval. Once the check has been approved by the Captain or Commander, the check is forwarded to the Jail Commissary Supervisor to submit to Vendor.

A physical inventory count of merchandise items is conducted on a monthly basis. The Jail Commissary staff prepares a "Hidalgo County Sheriff's Jail Commissary Inventory Adjustments Control Form Damage/Losses" for damaged items (e.g., open or stale dated packages) and a "Hidalgo County Sheriff's Jail Commissary Inventory Adjustments Control Form Over/Short" for any variances found between the physical inventory count and *AbleTerm*. Inventory adjustments are made in *AbleTerm* by the Jail Commissary Supervisor and subsequently approved by the Commander. The inventory items reported as damaged/lost are verified by the Supervisor.

Sales transactions are voided when an inmate is released prior to receiving the commissary items ordered or when an inmate is issued the incorrect commissary item. The Jail Commissary Supervisor signs and dates the voided receipt. The voided receipt is marked "VOID" and the reason for the void is written on the receipt. After the voided receipt is approved by the Jail Commissary Supervisor, the Supervisor enters the voided items into the *AbleTerm* inventory system and a copy of the voided receipt is attached to the daily "Commissary Sales Report". If the inmate was released prior to receiving the commissary order, the Administration Sergeant is notified. The Administration Sergeant ensures that a check for the balance due is either picked up or mailed to the inmate.

Contracted Vendors

On August 16, 2011, Commissioners Court approved one-year contracts, effective August 19, 2011, for the purchase of commissary supplies (merchandise inventory items) with Keefe Supply Company and R&R Distributing. The contracts contain a renewal option for an additional two one-year terms under the same rates, terms, and conditions. On August 14, 2012, Commissioners Court approved a one-year extension as provided in the contracts with Keefe Supply Company and R&R Distributing. The contracts stipulate that the County agrees to pay the vendor the amounts specified in the contracts for the purchase of merchandise inventory items. In addition, the contracts stipulate that if the vendor's costs are reduced due to stabilization in the market, the prices for items on contract will be reduced, accordingly.

On September 6, 2011, Commissioners Court approved a two-year contract, effective September 6, 2011 and ending September 5, 2013, for the purchase of ten dollar pre-paid calling cards with Value Added Communications, Inc. (VAC).

Capital Asset Guide

In accordance with generally accepted accounting principles (GAAP), adequate controls must be maintained over capital and minor assets. In addition, the *GASB 34 Manual for Texas Cities and Counties* Chapter 12

states, "A government should maintain its capital asset records in its capital asset software module. This information should include asset identification numbers, equipment category codes, asset tag numbers, dates of acquisition, assigned departments, purchase costs and descriptions of each asset."

On October 23, 2001, Commissioners Court approved the Capital Asset Guide (the Guide) to be effective on January 1, 2002 in order to comply with the reporting requirements of Governmental Accounting Standards Board Statement No. 34. The Guide requires that assets (e.g., vehicles, land, buildings, machinery, equipment, computer systems) with a useful life greater than one year and an acquisition cost of $1,000 or more be capitalized. In addition, donations should be capitalized at fair market value. The Guide requires that minor assets (assets with a cost of $300.00 to $999.99) be subject to inventory control and be assigned an asset tag.

FINDINGS, RECOMMENDATIONS & MANAGEMENT RESPONSES

Finding No. 1: **Procedures are in place to ensure that purchases from the Jail Commissary account are made in compliance with Local Government Code §351.0415 (c).**

Condition:
We randomly selected 59 of 160 (37%) invoices paid during the year ended December 31, 2012 to determine if purchases were made in compliance with Local Government Code §351.0415 (c).

The 59 invoices totaled $260,180.53 and included purchases for LED televisions, books, office supplies, computers, and merchandise inventory items (i.e., indigent hygiene kits, personal care items, hair care, snacks, beverages, candy, food items, stationary supplies, postal stamps, underclothes, shoes and medication).

The results of our review revealed that all 59 (100%) invoices were for items purchased in compliance with Local Government Code §351.0415.

We noted during our review that 2 of 59 (3%) invoices were for 80 computers totaling $44,855.20. Of the 80 computers, 5 were utilized to operate the jail commissary pursuant to Local Government Code §351.0415 (c) (3). The remaining 75 computers were located throughout the jail (booking section, releasing section, infirmary, mail room, pharmacy, etc.) and were utilized by the Sheriff's Office employees for the daily operations of the jail. We contacted the Texas Commission on Jail Standards regarding the purchase of the 75 computers. The Texas Commission on Jail Standards indicated that the purchase of these computers may not comport with the intent of Local Government Code §351.0415 (c); however, they suggested that we consult with the County's legal counsel for a review and possible remedy. According to the Hidalgo County District Attorney's Office, the purchase of these computers with commissary funds is permissible as "technology, equipment, programs, services, and activities that provide for the well-being, health, safety and security of the inmates and the facility" under Local Government Code §351.0415 (5).

Criteria:
Local Government Code §351.0415 (c) states that the Sheriff or the Sheriff's designee may use commissary proceeds only to:

1. Fund, staff, and equip a program addressing the social needs of the inmates, including an educational or recreational program and religious or rehabilitative counseling;
2. Supply inmates with clothing, writing materials, and hygiene supplies;
3. Establish, staff, and equip the commissary operation and fund the salaries of staff responsible for managing the inmates' commissary accounts;
4. Fund, staff, and equip both an educational and a law library for the educational use of inmates or;
5. Fund physical plant improvements, technology, equipment, program services, and activities that provide for the well-being, health, safety, and security of inmates and the facility.

Local Government Code §351.0415 (g) further states commissary proceeds may only be used for the purposes described in Subsection (c). A commissioners court may not use commissary proceeds to fund the budgetary operating expenses of a county jail.

Cause:
Procedures are in place to ensure that purchases from the Jail Commissary account are made in compliance with Local Government Code §351.0415 (c).

Effect:
Funds will available for the operations of the Jail Commissary and other activities that benefit inmates.

Recommendation:
Continue with established procedures to ensure that Jail Commissary account purchases are made in compliance with LGC §351.0415 (c).

Finding No. 2: **Procedures are in place to ensure that prices paid for merchandise inventory items are equal to or lower than the specified contract price and purchases of merchandise inventory items are added to the *AbleTerm* inventory system.**

Condition:
We reviewed 57 of 160 (36%) randomly selected paid invoices to determine if the prices paid for merchandise inventory items were equal to or lower than the specified contract prices.

For the 57 invoices, the results of our review revealed the following:

- In 53 (93%) invoices, prices paid were equal to or lower than the specified contract price.
- For 4 (7%) invoices, prices paid were higher than the contracted price. In addition, the items (3,250 telephone calling cards) were not purchased from the contracted vendor. The per unit price difference per telephone calling card was $3.50 resulting in an overpayment of $11,375.00. According to the Sheriff's Office Accountant, the contracted vendor was not able to provide telephone service until April 2012; therefore, the telephone calling cards were purchased from the previous contracted vendor since the new vendor's telephone calling cards were not compatible with the old telephone system.

In addition, we reviewed 22 of 308 (7%) randomly selected merchandise inventory items listed on the invoices to determine if the purchased items were added to the *AbleTerm* inventory. The results of our review revealed that all items were added to the *AbleTerm* inventory.

Criteria:
On August 16, 2011, Commissioners Court approved one-year contracts, effective August 19, 2011, for the purchase of commissary supplies (merchandise inventory items) with Keefe Supply Company and R&R Distributing. The contracts contain a renewal option for an additional two one-year terms under the same rates, terms, and conditions. On August 14, 2012, Commissioners Court approved a one-year extension as provided in the contracts with Keefe Supply Company and R&R Distributing. The contracts stipulate that the County agrees to pay the vendor the amounts specified in the contracts for the purchase of merchandise inventory items. In addition, the contracts stipulate that if the vendor's costs are reduced due to stabilization in the market, the prices for items on contract will be reduced, accordingly.

On September 6, 2011, Commissioners Court approved a two-year contract, effective September 6, 2011 and ending September 5, 2013, for the purchase of ten dollar pre-paid calling cards with Value Added Communications, Inc. (VAC).

Proper accounting procedures require that the value and count of inventory items on hand agree to the value and count of inventory items per accounting records. In addition, purchases and returns of merchandise inventory items should be added to inventory while sales and damaged merchandise inventory items should be reduced from inventory.

Cause:
Procedures have been implemented to ensure that merchandise inventory items are purchased exclusively from the contracted vendors at a price equal to or lower than the specified contract prices. In addition, procedures are in place to ensure that purchases of merchandise inventory items are added to the *AbleTerm* inventory system.

Effect:
Ensuring that merchandise inventory items are purchased exclusively from the contracted vendors at a price equal to or lower than the specified contract prices results in more funds being available for Jail Commissary operations. In addition, adding purchases of merchandise inventory items to the *AbleTerm* inventory system helps ensure that the merchandise inventory is properly updated.

Recommendation:
Continue with established procedures to ensure that merchandise inventory items are purchased exclusively from the contracted vendors at a price equal to or lower than the specified contract prices and that merchandise inventory items purchased are added to the *AbleTerm* inventory system.

Finding No. 3: **Procedures are in place to ensure that daily sales are deposited to the Jail Commissary bank account in a timely manner.**

Condition:
We randomly selected 48 of 321 (15%) daily "Commissary Sales" reports and compared the total daily sales amounts on the "Commissary Sales" reports to the validated deposit slips to determine if the sales amount listed on the "Commissary Sales" reports were deposited to the Jail Commissary bank account in a timely manner. The results of our review revealed the following:

In all 48 instances, the sales amount listed on the "Commissary Sales" reports was deposited to the Jail Commissary bank account in a timely manner.

Criteria:
The "Commissary Sales" report is generated on a daily basis and contains the amount of total daily sales to be deposited to the Jail Commissary bank account on a daily basis except on weekends as required by the Jail Commissary operating procedures.

The Hidalgo County Cash Handling Guidelines and Procedures are the minimum requirements necessary for ensuring adequate internal controls and the safeguarding of public funds. The guidelines and procedures also require that cash receipts be deposited intact on a daily basis, unless the amount collected is less than $100.00.

Cause:
Procedures are in place to ensure that the sales amounts listed on the "Commissary Sales" reports are deposited to the Jail Commissary bank account in a timely manner.

Effect:
Timely deposit of daily sales into the Jail Commissary bank account will minimize the risk of misuse or loss of funds.

Recommendation:
Continue with established procedures to ensure that daily sales are deposited to the Jail Commissary bank account in a timely manner.

Finding No. 4: **Procedures are in place for voiding transactions and adding back related merchandise inventory items to the *AbleTerm* inventory system.**

Condition:
We randomly selected 48 of 321 (15%) daily "Commissary Sales" reports which contained 77 voided transactions to determine if procedures for voiding transactions were properly followed.

The results of our review revealed the following:

- In 75 of 77 (97%) voided transactions, procedures were properly followed.
- In 2 of 77 (3%) voided transactions, procedures were not properly followed. The 2 voided transactions were not marked "Void" on the face of the receipt.

In addition, we judgmentally selected 31of the 77 (40%) voided transactions to determine if the merchandise inventory items were added to the *AbleTerm* inventory system on the same day the transaction was voided.

The results of our review revealed the following:

- All 31 merchandise inventory items were added back to the *AbleTerm* inventory system.
  - 29 of 31 (94%) merchandise inventory items were added to the *AbleTerm* inventory system on the same day the transaction was voided.
  - 2 of 31 (6%) merchandise inventory items were added to the *AbleTerm* inventory system 1 day after the transaction was voided.

Criteria:
Sales transactions are voided when an inmate is released prior to receiving the commissary items ordered or when an inmate is issued the incorrect merchandise item.

Pursuant to "Hidalgo County Cash Handling Guidelines and Procedures," approval to void a sales transaction must be obtained from the Supervisor. The Supervisor must approve each voided sales transaction by signing and dating the voided receipt to document the responsibility for verifying that the receipt is marked "VOID" on the face of the receipt, contains an explanation for the void, and contains the date the receipt was voided. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced. In addition, computer access controls to void receipts should be limited to supervisors.

The Jail Commissary Supervisor enters the voided items into the *AbleTerm* inventory system and a copy of the voided receipt is attached to the daily "Commissary Sales Report." Merchandise inventory items on voided transactions should be added to the *AbleTerm* inventory system on the same day that the transaction was voided.

Cause:
Procedures are generally in place to ensure that transactions were properly voided and related merchandise inventory items are added back to the *AbleTerm* inventory system on the same day the transaction is voided.

Effect:
Properly voiding transactions decreases the risk of errors and irregularities going undetected. In addition, maintaining an accurate inventory count decreases the risk of theft or loss.

Recommendation:
Continue with established procedures to ensure that voided transactions are properly voided and related merchandise inventory items are added back to the *AbleTerm* inventory system on he same day the transaction is voided.

Finding No. 5: Procedures are in place for the proper accounting and safeguarding of minor and capital assets.

Condition:
We reviewed the Jail Commissary asset listing as of December 28, 2012, consisting of 98 assets (machinery and equipment), and selected all assets for physical identification in order to verify the accuracy and completeness of the inventory listings and to determine whether the assets were properly tagged.

The results of our review revealed the following:

- 91 (93%) assets were physically located and contained asset tags.
- 1 (1%) asset (computer) was physically located but did not contain an asset tag.
- 3 (3%) assets (televisions) were physically located by visualization; however, we were unable to confirm asset tags or serial numbers due to the assets being mounted on the walls inside of an inmate cell area.
- 3 (3%) assets (air pak, ice machine, and exhaust hood) were not located. On January 8, 2013, Commissioners Court approved the removal of the assets from the inventory listing and the assets were subsequently removed from the inventory listing by the Purchasing Department.

Criteria:
Local Government Code § 262.011(i) requires the Purchasing Agent to file with the County Auditor on July 1 of each year an inventory of all the property on hand and belonging to the County and each subdivision, officer, and employee of the County. The County Auditor must carefully examine the inventory and make an accounting for all property purchased or previously inventoried and not appearing in the inventory.

In accordance with generally accepted accounting principles (GAAP), adequate controls must be maintained over capital and minor assets. In addition, the *GASB 34 Manual for Texas Cities and Counties* Chapter 12 states, "A government should maintain its capital asset records in its capital asset software module. This information should include asset identification numbers, equipment category codes, asset tag numbers, dates of acquisition, assigned departments, purchase costs and descriptions of each asset."

Hidalgo County's Capital Asset Guide requires that assets (e.g., vehicles, land, buildings, machinery, equipment, computer systems) with a useful life greater than one year and an acquisition cost of $1,000.00 or more be capitalized.

Cause:
Procedures have generally been implemented for the proper accounting and safeguarding of assets.

Effect:
Properly safeguarding assets decreases the risk of theft or loss.

Recommendation:
Continue with established procedures to ensure that assets are properly accounted and safeguarded. In addition, request an asset tag from the Purchasing Department's Fixed Assets Division for the computer and request that the 3 assets approved by Commissioners Court to be removed from the asset inventory listing are promptly removed. In addition, ensure the 3 televisions are properly tagged.

Finding No. 6: **Improvements could be made to the procedures in place for the accounting and safeguarding of merchandise inventory.**

Condition:
The Jail Commissary offers 155 categories of merchandise items for sale to the inmates. We conducted a physical count of 78 (50%) randomly selected inventory categories to determine if the inventory quantities per *AbleTerm* agreed to the quantities on hand.

The results of the review revealed the following:

- For 77 (99%) categories, the inventory on hand agreed with the inventory quantities in *AbleTerm*.
- For 1 (1%) category, the inventory on hand did not agree with the inventory quantities in *AbleTerm*. The physical count was higher than the quantity in *AbleTerm* by $0.64.

We reviewed the "Jail Commissary Inventory Adjustments Control Form Damage/Losses" and the "Jail Commissary Inventory Adjustments Control Form Over/Short" for the year ended December 31, 2012 to determine if the inventory adjustments were made in *AbleTerm* and if the adjustments were approved by a supervisor.

The 24 forms (12 Damage/Losses and 12 Over/Short) included inventory adjustments for 522 damaged/loss items, 627 short items, and 513 over items for a total of 1,662 items:

- All 1,662 (100%) items were adjusted in the *AbleTerm* system.
- 24 of 24 forms were approved by a supervisor.

The items were adjusted due to the following:

- 522 items were damaged and/or lost, resulting in a total loss of $369.20.
- 627 items on hand were less than the amount noted in the inventory quantities in *AbleTerm* resulting in a total loss of $543.88.
- 513 items on hand were more than the amount noted on the inventory quantities in *AbleTerm* resulting in a gain of $386.84.

It appears that the amount of adjustments (1,662) made to the inventory quantities in *AbleTerm* was excessive.

Criteria:
Proper accounting procedures require that the value and count of inventory items on hand agree to the value and count of inventory items per accounting records. In addition, purchases and returns of merchandise inventory items should be added to inventory while sales and damaged merchandise inventory items should be reduced from inventory.

A physical inventory count of merchandise items is conducted on a monthly basis. The Jail Commissary staff prepares a "Hidalgo County Sheriff's Jail Commissary Inventory Adjustments Control Form Damage/Losses" for damaged items (i.e., open and stale dated packages) and an "Hidalgo County Sheriff's Jail Commissary Inventory Adjustments Control Form Over/Short" for any variances found between the physical inventory count and *AbleTerm*. Inventory adjustments are made in *AbleTerm* by the Jail Commissary Supervisor and are subsequently approved by the Commander. The inventory items reported as damaged/lost are verified by the Supervisor.

Cause:
Formal monitoring procedures for the proper accounting and safeguarding of merchandise inventory items have not been implemented. More specifically, inventory adjustments are made in AbleTerm by the Jail Commissary Supervisor prior to obtaining approval by the Commander.

Effect:
Failure to properly account and safeguard merchandise inventory items may result in errors and irregularities going undetected and loss of revenues.

Recommendation:
Formal monitoring procedures should be developed and implemented to ensure that merchandise inventory items are properly accounted and safeguarded. At a minimum, procedures implemented should require that:

- Merchandise inventory items are sold in the order of their expiration date;
- Merchandise inventory items are handled with care in order to prevent damage;
- Merchandise inventory purchases and sales entered into *AbleTerm* are verified for accuracy;
- Merchandise inventory items from cancelled sales are added back to inventory;
- A physical inventory count of all merchandise inventory items is conducted and reconciled to inventory reports generated from *AbleTerm* on a monthly basis;
- Formal approval from management be obtained prior to making adjustments to the *AbleTerm* inventory system in order to reconcile the physical inventory count to the *AbleTerm* inventory system; and
- Management continuously monitor all shortages to determine if there is a pattern meriting further investigation, modification of procedures, retraining of personnel, or disciplinary action.

Management Response:
One of the most important aspects of the commissary department is keeping a correct inventory of all merchandise. We currently do not have a system in place that allows for a correct day to day inventory of all merchandise. A computerized scanning/inventory system would be a great asset to the commissary department. This type of system in return would greatly reduce or cease any shortages or overages in the inventory. This system would also diminish any human error which also accounts for most of the shortages and overages.

Please note that the target date for implementation of a computerized scanning/inventory system will be determined upon transition to the new jail management system currently under consideration by the County IT Department.

Effective immediately, the Jail Commissary Supervisor will obtain approval before any end of the month inventory adjustments are made in *AbleTerm*. Approval must be obtained by the Jail Commander or Captain.

Effective immediately, the Jail Commissary Accountant will provide the Jail Commissary Supervisor with a monthly report showing a month to month comparison of adjustments made to inventory. This will provide for a continuous monitoring of shortages and overages.

Target Date of Remedial Action:
Effective Immediately

OBJECTIVE, SCOPE & METHODOLOGY

Objective:
We have completed an audit of the Sheriff's Jail Commissary account for the year ended December 31, 2012 in accordance with Local Government Code §351.0415 and our annual audit plan. The objectives of the audit were to determine whether:

1. Purchases made from the Jail Commissary account were in compliance with Local Government Code §351.0415;
2. Collections and disbursements from the Jail Commissary account were properly accounted and safeguarded; and
3. Assets (merchandise inventory, minor assets, and capital assets) were properly accounted and safeguarded.

Scope:
The scope of the audit was limited to randomly selected transactions and the Jail Commissary merchandise and asset inventory listings as of December 31, 2012. Our audit was not designed nor intended to be a detailed study of every relevant internal control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

Methodology:
In planning and performing our audit, we conducted interviews with Jail Commissary staff and reviewed applicable statutes, regulations, contracts, rules, policies, and procedures. The following procedures were performed:

- Reviewed randomly selected invoices to determine if purchases were made in compliance with Local Government Code §351.0415 (c).
- Reviewed randomly selected paid invoices to determine if the prices paid for merchandise inventory items were equal to or lower than the specified contract prices.
- Reviewed randomly selected merchandise inventory items to determine if the items were added to the *AbleTerm* inventory.
- Reviewed randomly selected daily "Commissary Sales" reports and validated deposit slips to determine if the sales amount listed on the "Commissary Sales" reports were deposited to the Jail Commissary bank account in a timely manner.
- Reviewed voided transactions contained in randomly selected daily "Commissary Sales" reports to determine if procedures for voiding transactions were properly followed.
- Reviewed judgmentally selected voided transactions to determine if the merchandise inventory items were added to the *AbleTerm* inventory system on the same day the transaction was voided.
- Reviewed the Jail Commissary asset listing and selected all assets for physical identification in order to verify the accuracy and completeness of the inventory listing and to determine whether the assets were properly tagged.
- Conducted a physical count of randomly selected Jail Commissary merchandise inventory categories to determine if the inventory quantities per *AbleTerm* agreed to the quantities on hand.
- Reviewed the "Jail Commissary Inventory Adjustments Control Form Damage/Losses" and the "Jail Commissary Inventory Adjustments Control Form Over/Short" for the year ended December 31, 2012 to determine if the inventory adjustments were made in *AbleTerm* and if the adjustments were approved by a supervisor.

Re: Reinvestment Zone No. 3, Edinburg, Texas, La Sienna Project
Report No. 2013-29

Dear Mr. Garza:

We conducted a limited scope review of the interlocal agreement between the City of Edinburg, Hidalgo County, Reinvestment Zone No. 3, and Burns Brothers, LTD. The objectives of the review were to determine the accuracy of the Edinburg TIRZ No. 3 2012 payment request and compliance with Section IV (B)(2), Section VIII (J) of the interlocal agreement and Tax Code § 311.016.

The scope of the review was limited to the Edinburg TIRZ No. 3 tax accounts for tax roll 2012 and prior tax rolls, if applicable. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for sound internal controls rests with management.

The results of the review revealed the following:

1. The County Auditor's Office determined that the amount due to the Edinburg TIRZ No. 3 for tax years 2012 and prior is $80,012.83 (see Exhibit A).
2. The annual report, fact sheet, and annual financial review were submitted in compliance with Section IV (B)(2), Section VIII (J) of the interlocal agreement and Tax Code §311.016 . According to the Edinburg TIRZ No. 3, they did not have any contracts with disadvantaged businesses; therefore, the applicable report was not provided.

If you have any questions, feel free to call Carlos Ramirez, MSA, Internal Auditor I, at 318-2511 ext. 4654, Letty Chavez, Compliance Audit Supervisor, ext. 4651, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Re: Reinvestment Zone No. 1, Edinburg, Texas, the Shoppes
Report No. 2013-30

Dear Mr. Garza:

We conducted a limited scope review of the interlocal agreement between the City of Edinburg, Texas, Hidalgo County, Texas and Reinvestment Zone (TIRZ) Number 1, City of Edinburg, Texas. The objectives of the review were to determine the accuracy of the Edinburg TIRZ Number 1 payment amount for tax years 2008, 2009, 2010, 2011, and 2012 and compliance with Tax Code § 311.016 regarding completion of the Edinburg TIRZ Number 1 annual report.

The scope of the review was limited to the Edinburg TIRZ Number 1 tax accounts for tax roll 2008, 2009, 2010, 2011, and 2012. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for sound internal controls rests with management.

The results of the review revealed the following:

1. The County Auditor's Office determined that the amount due to the Edinburg TIRZ No. 1 for tax years 2008, 2009, 2010, 2011, and 2012 tax rolls is $777,034.09 (see Exhibit A through E).
2. The Edinburg TIRZ No. 1 submitted the annual report in compliance with Tax Code §311.016.

If you have any questions, feel free to call Carlos Ramirez, MSA, Internal Auditor I, at 318-2511 ext. 4654, Letty Chavez, Compliance Audit Supervisor, at ext. 4651, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, or me at ext. 4604.

Ref: Review of Delinquent Tax Attorney Payment Request-May 2013
Report No. 2013-40

Dear Mr. Villarreal:

We have completed a limited scope review of the May 2013 payment request prepared by your office for delinquent tax attorney (DTA) fees due to Perdue, Brandon, Fielder, Collins, and Mott, LLP ("Perdue") and related supporting documentation. The objective of our limited scope review was to determine if the payment request was accurate and properly authorized.

The scope of our review was limited to a review of the DTA fees collected by your office on behalf of the following entities: Hidalgo County (GHD), Road District 2 (RD2), Road District 5 (RD5), Road District 7 (RD7), Road District 11 (RD11), Road District 12 (RD12), Road District 14 (RD14), Road District 15, State of Texas (TEX); and the payment request prepared by your office for the month ended May 31, 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. The responsibility for sound internal controls rests with management.

As part of our review, we reviewed the payment request, the delinquent tax attorney contract, and various collection reports prepared by your office. The following procedures were performed:

- Verified that the payment request submitted by your office was signed and included a certification by the Hidalgo County Tax Assessor/Collector that the "payment represents 15% of the delinquent taxes and penalty and interest collections for the month of May 2013 collections".
- Reviewed the "Hidalgo County Tax Office Prior Collection Report", "Hidalgo County Tax Office Current Collection Report", "Hidalgo County Texas Contractor Report of Delinquent Collections", and the "Final Distribution Totals May 2013 Perdue, Brandon, Fielder, Collins and Mott LLP" report to determine if the amount on the payment request was accurate.
- Reviewed the "Hidalgo County Tax Office Prior Collection Report" and the "Hidalgo County Tax Office Current Collection Report" to determine if the DTA fees were collected at the 15% rate specified in the contract.
- Reviewed the list of tax accounts with tax deferrals provided by your office along with the May 2013 DTA payment request to verify whether accounts with delinquent tax attorney fees that were not collected at 15% rate specified in the contract were related to accounts with tax deferrals.

- Reviewed the tax accounts listed on the "Hidalgo County Tax Office Prior Collection Report" and the "Hidalgo County Tax Office Current Collection Report" that reflected a negative amount and verified on *ACT*, the tax collection application system, whether delinquent tax attorney fees netted out from the payment request to Perdue were collected between January 1, 2007 through June 30, 2007 and previously paid to Linebarger Goggan Blair & Sampson, LLP ("LGBS").

The results of our review revealed that the payment request was generally accurate and properly authorized. Although delinquent tax attorney fees for 190 tax accounts were not collected at the 15% rate specified in the contract; we concluded that the differences in rates were attributed to tax deferrals and rounding (see Exhibit A). In addition, there were 3 tax accounts (130946, 130943, and 130930), in which DTA fees totaling $38.37 were collected, in error, for the 2012 tax year. The Tax Office staff stated that the DTA fees for the 3 tax accounts would be adjusted on the July 2013 DTA payment.

Furthermore, the 5% deficit variance that we noted for tax account C4200-00-009-0009-00 on the March 2013 DTA payment was adjusted in the May 2013 DTA payment.

We will proceed to process the May 2013 DTA payment request for payment in the amount of $145,084.63.
