Marty:

Received this from the City Of Edinburg. What's the next step?

Thank you

Subject: Tire Disposal

Ms. Garcia,

After speaking to the departmental director in reference to your situation he states that you all can bring your roll offs to the landfill for disposal. If you can bring the roll off and place it we will advise you when it has been emptied. The cost per roll off is \$215.00 per load. Mr. Gomez said we take the load to UTW and keep track of the loads and then charge the county for what you are bringing in. If you need further assistance feel free to contact me.

Laura Olivarez
