Good afternoon!

Mr. Salazar, as per our conversation yesterday below please find the response of our County Engineer. I understand you wanted something writing please advise if this suffice.

If you have any questions please feel free to contact me.

Thanks,

Carlos Jasso

Good morning brother, I am out of the office this morning and I am not sure if I will be in this afternoon. We conducted some research on the cost to install the metal posts with concrete bases and the assembly of the solar light luminary systems and feel that the cost quoted by FSG is within an acceptable range for the work effort.

Hopefully this email will serve as my concurrence letter. If you require anything else let me know and I can send it to you later today or on Monday.

Thanks for all your help and have a restful weekend.

Morning!

Mr. Sesin, as per our meeting on April 30, 2014, we discussed the proposed cost for the above mention project and came to an agreement of 20 hours of labor (per pole). At this time I am asking you to provide a letter stating that you agree with the quote provided by FSG. Mr. Salazar from the purchasing department needs to have the letter at your earliest convenience since we intend to place the item on court for May 30, 2014.

Note: The new amount for the project is \$170,200.00.

If you have any questions please feel free to contact me.

Thanks,
