Subject: RE: Hidalgo County, TX Rebanding Proposal

Ms. Alvarez,

As per our conversation, our office would recommend that EM seek authorization and approval from the Commissioner's Court to allow Oscar Montoya, as the current licensee, to sign any and all documents related to the 800 MHz transition process, as required by the FCC.

Please let me know if I may be of further assistance.

Respectfully,

Victor M. Garza

RE: 800 MHz Transition

Victor,

Attached is a proposal from Motorola on the implementation plan for the 800 MHz transition. The cost of the plan is payable by Sprint and at no cost to the county. Here's my question. The proposal is addressed to the license holder, Oscar Montoya. Please review page 17 which requires the signature of the licensee and page 19 for final acceptance of the system. Oscar, Emergency Management Coordinator is listed as the license holder for the radio license through the FCC. I have attached a copy for your review. Can Oscar sign these documents? Can he sign them with permission from the court? Please let me know. Thank you.

Belinda Sáenz-Alvarez

Deputy Emergency Management Coordinator

Hidalgo County Emergency Management

Belinda,

Please find attached the Motorola Reconfiguration Proposal for Hidalgo Cty Rebanding. After Hidalgo Cty has had an opportunity to review, Motorola will be happy to meet with you to discuss any questions or concerns. This can be accomplished face to face or over conference call. Also, at that time we can discuss the next step for Hidalgo Cty in submitting a cost solution to Sprint.

As a matter of confirming Hidalgo Cty is in receipt of this proposal please reply to this email to me confirming.

Thanks for your confidence in Motorola to meet your Rebanding Requirements.

Bill McDaniel
Motorola Rebanding Strategist
