Subject: RE: City of Alton, TX - TIRZ - Second Amendment to Interlocal Agreement 2014

Diana –

I take it you mean the amount of the series changed as the original figures we had were from your office. I doubt there will be any issue on the county's side on the amount being slightly less, so expect it will be on next week's agenda.

The revised draft is attached, along with a copy marked to show the changes from the prior version. The only changes are the amount of the series and inserting July 8 as the date of the agreement. Please let us know if there are any changes, and if by copy of this e-mail I am asking Michael to assemble three execution originals of the amendment.

Thanks,

Debra L. Goetz
