NOTICE OF PUBLIC MEETING

**Mile 6 West Road Improvements
From Mile 9 North to SH 107**

Hidalgo County Precinct #1, in cooperation with the Texas Department of Transportation (TxDOT), will hold a public meeting for the proposed widening of Mile 6 West Road in Hidalgo County, Texas. The proposed project consists of reconstructing and widening the existing two-lane Mile 6 West Road to four-lanes. To accommodate the widening of the roadway, the existing 60 foot wide right-of-way (ROW) would be expanded to 104-feet. The project begins at Mile 9 North and runs north approximately 7.5 miles to its end point at SH 107. The meeting details are below:

**Thursday, September 18, 2014
Cleckler-Heald Elementary School
1601 W. Sugar Cane Dr.
Weslaco, TX 78596
Open House Period: 5:30 p.m. to 6:30 p.m.
Presentation: 6:30 p.m.**

The purpose of the proposed project is to improve regional mobility and address traffic congestion and safety. The proposed improvements consist of a curb-and-gutter and a rural section. The proposed curb-and-gutter roadway from Mile 9 North to Mile 11 North, consists of four 12-foot wide travel lanes, a 14-foot continuous center left turn lane, two 10-foot shoulders and six-foot wide sidewalks on each side of the roadway. The proposed rural section from Mile 11 North to SH 107 would consist of four 11-foot wide travel lanes and two 8-foot shoulders. The proposed improvements could require the purchase of approximately 33 acres of ROW to provide for a 104-foot wide ROW. One apartment building, two residences and one commercial structure would likely be displaced as a result of the proposed project. Relocation Assistance is available for those displaced through the County's relocation assistance program. The relocation process would be conducted according to the Title II and Title III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Information about relocation benefits and services can be obtained at the Hidalgo County Precinct No. 1 office located at 1902 Joe Stephens Ave., Weslaco, Texas. Drainage from Mile 9 to Mile 11 would be accomplished by construction of a storm drain system. Storm water drainage from Mile 11 to SH 107 would be provided via roadside ditches.

All interested citizens are invited to attend this meeting to gather information and provide input regarding the proposed project. The design schematic, which shows the proposed improvements, will be presented. Maps showing the proposed project's location, geometric design and typical sections can be viewed prior to the presentation during the open house period. Verbal and/or written comments will be accepted at the public meeting. Written comments may also be submitted up to 10 days after the public meeting, on or prior to September 29, 2014. Comments can be sent by mail to Craig Stong, P.E. at 1201 East Expressway 83, Mission, Texas 78572, by fax to (956) 424-7022, or by email to CStong@tedsi.com.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact Craig Stong at (956) 424-7898 at least five working days prior to the meeting.
