## TERMS AND CONDITIONS

### **INVOICE TERMS**

Tax funded and bonded projects only, Net 30 days. Finance charge of 1.5% per month or maximum allowable by law will be added to past due balance. All other entities required 50% down and balance Net 30.

### **OPEN ACCOUNT**

Credit terms are available to municipalities, government agencies, school systems, bonded contractors, and businesses (with prior approved credit). To establish credit your organization must have a satisfactory rating with Dun & Bradstreet and provide three credit references. To establish credit, your initial order must total at least \$10,000.00. 50% deposit is required on all orders from non-tax funded entities. Prepayment may be required for any order at The PlayWell Group, Inc. sole discretion.

### **METHODS OF PAYMENTS**

MasterCard, Visa, American Express, money order, checks. Sorry no C.O.D. orders.

### **FEDERAL/STATE GOVERNMENT AND CO-OP'S CONTRACT**

Available for Federal/State Government, Co-Op's and agency accounts on many items. Call your Sales Consultant for information.

### **SALES TAX**

Will be added to the invoice, except when a tax-exempt/resale certificate is furnished, or your entity qualifies in your state as tax exempt.

### **FREIGHT CHARGES/DELIVERY TERMS**

All shipments are F.O.B factory, except where specifically stated otherwise. Delivery of materials is up to eight weeks from the order date, plus a few days for transit, unless otherwise noted. Every effort is made to comply with scheduled shipping dates; however, The PlayWell Group, Inc. is not liable for any loss or damage arising out of delay in delivery of any of its products due to causes beyond the control of the Company.

### **DAMAGE/SHORTAGE CLAIMS**

All claims for concealed loss or damage to product must be noted on the Bill of Lading or delivery ticket and reported immediately to our Customer Service Department. All claims for product damage and shortage via common carrier must be promptly made by consignee (customer) direct to The PlayWell Group's Customer Service Department. When reporting damage, be sure to hold all containers and packing materials for inspection (claims should be filed within 15 days of receipt of shipment).

### **RETURNS/CANCELLATIONS**

No merchandise is to be returned without first obtaining written authorization from The PlayWell Group, Inc. Please provide invoice number, date and reason for your return. Any authorized merchandise must be carefully packed and in saleable condition to be accepted for return. A 25% (of list price) re-stocking charge plus freight to and from the manufacturer applies on all returned merchandise when error is not the fault of The PlayWell Group. All returned merchandise must be shipped insured and freight prepaid. Orders cancelled prior to shipment will be charged 10% of list price. Once the material has been installed, no refund will be granted.

### **FREIGHT CARRIER INFORMATION**

All freight is shipped unassembled via common carrier. Made via common carrier to the end user, the customer is responsible for unloading all deliveries.

### **COLOR CHOICES**

Be sure to specify color selections when ordering. Please sign attached Color Selection Form (if applicable).

### **INSTALLATION**

Installation/Prices are not included on this Quotation. A separate installation quotation must be included with your order if installation is required.

### **PLAYGROUND SURFACING WARNING**

All play equipment must be installed over impact absorbing surface. Go to [www.cpsc.gov](http://www.cpsc.gov) for more information.

**PRODUCT WILL BE ORDERED IMMEDIATELY UPON RECEIPT OF WRITTEN APPROVALS.**  
**Please email or fax all pages.**

**Note:** some V-Type components are used on certain benches and square picnic tables. These applications have not been tested or rated for extreme loads.

To request a color sample send Customer Service an [e-mail](#).

### Two Types of PERFORATED STEEL Component Designs:

All of the **R-Type** and **H-Type** perforated steel is 14 ga. with 9/16" diameter holes punched on 13/16" straight line centers.

**R-Type:** This standard duty table top/seat and other component design is built for your most common public applications and everyday use.

**H-Type: SNOW LOAD RATED:** This design incorporates wider edge banding and more structural supports to create a table built for applications and locations that can be more abusive to the structure. This material is especially suited for high elevation areas where winter snow load can destroy average tables. The H-Type Snow Load design is available on WXT, WXTH, WPTS, XT, XTH, APT and APTX Series rectangular tables. This structure design is also used on some benches and square tables (but these products have not yet been snow load tested).

**BLACK**  
Use **HB** or **RB**  
in Model No.

**BLUE**  
Use **HU** or **RU**  
in Model No.

**BROWN**  
Use **HW** or **RW**  
in Model No.

**GRAY**  
Use **HA** or **RA**  
in Model No.

**RED**  
Use **HR** or **RR**  
in Model No.

**GREEN**  
Use **HN** or **RN**  
in Model No.

**Example:** Model XT/G-8RB table is equipped with standard duty top/seat structures for regular applications and everyday use.

**Example:** Model XT/G-8HB is equipped with the snow load rated top/seat structures for more extreme applications. You might also consider H-Type tables for installations where the tables could be subject to extraordinary public use and exposure.

**Note:** some H-Type components are used on certain benches and square picnic tables. These applications have not been tested or rated for extreme loads.

To request a color sample send Customer Service an [e-mail](#).

**Note:** Colors and textures may vary. Colors shown are as close to the actual colors as possible. There may be variations in color translations over the Internet and by different monitors and printers used to view the colors. When selecting colors, keep in mind that Thermo-Plastic Coating for tables and seats and Powder Coating for frames may not be exactly the same color. That is, a Blue Thermo-Plastic Coating for seats and/or tops and a Blue Powder Coating for frames may differ slightly.

### Coated Steel Channel Components for Benches and Tables:

1. The structure is composed of several vertical supports and horizontal beams, suggesting a multi-level or cantilevered design.

2. The top surface is flat and appears to have some internal components or a small structure on it.

3. The overall design is minimalist and industrial, with a focus on geometric forms and materials.
