Rocio, I am sending you the contract for the upgrade on Commercial Container. We have 2 accounts.

One is for the WIC Admin Office & the other for the Annex . Apparently, we have had the 2 containers for years

and we weren't being billed for one. The City of Edinburg decided to do an inspection of all the businesses that

had containers at their locations, and that they were being billed correctly.

They came and picked up the large container without notification. We really need an extra container.

Please advise!
