Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of February 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of February 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of February 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Reviewed randomly selected receipts and traced method of payment to validated deposit slip to test for lapping.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* and County Treasurer receipts to determine if fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2013 were $55,707.65. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 25 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that 1 cash bond posted by a defendant who failed to appear before the Justice of the Peace was not forfeited (liquidated) by the 10th day following the date of their release from jail. The bond was received on October 26, 2012 (see Exhibit B).

Code of Criminal Procedure Article 45.044 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th day following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th day following the date of their release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th day following the date of their release from jail.

Observation No. 3:
We noted during our review that the *Monthly Fines & Fees Report* was not submitted to the County Auditor's Office in a timely manner. The February 2013 *Monthly Fines & Fees Report* was submitted 20 days after the fifth workday following the end of the month.

Local Government Code § 114.001 (b) states, "A monthly report must be filed within five days after the last day of each month." Timely submittal of the *Monthly Fines & Fees Report* helps ensure the proper accounting and accurate projection of county revenues.

Formal monitoring procedures have not been developed and implemented to ensure the *Monthly Fines & Fees Report* is submitted in a timely manner. This may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure the *Monthly Fines & Fees Report* is submitted in a timely manner.

Observation No. 4:
We noted during our review that 2 credit card transactions received on February 23, 2013 were not promptly receipted. Consequently, the case disposition was not recorded in *AbleTerm* in a timely manner. The transaction and case disposition were recorded on April 15, 2013.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Formal procedures have not been developed and implemented to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner. This may result in the loss or misuse of County funds. In addition, failure to timely enter case dispositions may result in the arrest of the defendant, in error.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that credit card transactions are promptly receipted and cases dispositions are entered in a timely manner.

Please provide written management response to the observations noted above by May 17, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Eufracio, CPA

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of March 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of March 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of March 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* and County Treasurer receipts to determine if fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2013 were $50,627.83. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of

internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 25 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that the *Monthly Fines & Fees Report* was not submitted to the County Auditor's Office in a timely manner. The March 2013 *Monthly Fines & Fees Report* was submitted 9 days after the fifth workday following the end of the month.

Local Government Code § 114.001 (b) states, "A monthly report must be filed within five days after the last day of each month." Timely submittal of the *Monthly Fines & Fees Report* helps ensure the proper accounting and accurate projection of county revenues.

Formal monitoring procedures have not been developed and implemented to ensure the *Monthly Fines & Fees Report* is submitted in a timely manner. This may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure the *Monthly Fines & Fees Report* is submitted in a timely manner.

Observation No. 3:
We noted that procedures for issuing receipts after the cut-off time established for performing the daily close-out procedures requires improvement as follows:

- Three credit card transactions were received and receipted by the Justice of the Peace Office after the cut-off time (March 6, 2013 receipt number 74532J51 for $133.00 and March 14, 2013 receipt numbers 74613J51 for $150.10 and 74614J51 for $242.00). The receipts were properly dated with the date the credit transactions were actually received; however, the receipts were incorrectly coded with the same deposit date as the receipt date, instead of the next deposit date. Consequently, the credit card transactions were not accounted for by the Justice of the Peace staff on any of the Daily Close-Out Reports. Since the County Treasurer utilizes the Close-Out Report to receipt the deposits made directly to the County's General Fund bank account, the three credit card transactions were not receipted by the County Treasurer. On May 3, 2013, the County Treasurer receipted the three credit card transactions upon the submittal of the Daily Close-Out Reports by the Justice of the Peace staff.

The County Auditor's Office requires that collections on hand be reconciled on a daily basis to receipts issued and the change fund, if any, using the Daily Close-Out Report. A cut-off time must be established for performing the daily close-out procedures and depositing the day's collections. The department should continue to receipt cash collected after the established cut-off time. Receipts issued after the cut-off time should be dated the date the collections were received and coded with the next deposit date. Cash collected after the established cut-off time must be safeguarded under lock and key until deposited the next business day.

Departments that deposit directly to the County's General Fund bank account must submit a copy of the Close-Out Report and bank validated deposit slip via fax on a daily basis to the County Treasurer's Office. Submittal of these documents to the County Treasurer serves as notice that a deposit has been made. The County Treasurer's Office must then issue a receipt and fax a copy of the receipt to the department. The County Treasurer may mail the original receipt to the department.

Formal procedures have not been developed and implemented to ensure that receipts issued after the cut-off time are dated with the date the collection was actually received and coded with the next deposit date. This may result in the improper accounting of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that receipts issued after the established cut-off time for performing the daily close-out procedures are dated with the date the collection was actually received and coded with the next deposit date.

Observation No. 4:
At times, the Close-Out Reports were not faxed to the County Treasurer's Office on a daily basis. Consequently, the County Treasurer did not issue receipts for deposits made directly to the County's General Fund bank account on a daily basis.

The County Auditor's Office requires that collections on hand be reconciled on a daily basis to receipts issued and the change fund, if any, using the Close-Out Report. After the collections are deposited, departments that deposit directly to the County's General Fund bank account must submit a copy of the Close-Out Report and bank validated deposit slip via fax to the County Treasurer's Office on a daily basis. The County Treasurer's Office must then issue a receipt for the deposits made directly to the County's General Fund bank account and fax a copy of the receipt to the department on a daily basis. The County Treasurer may also mail the original receipt to the department.

Formal procedures have not been developed and implemented to ensure that the Close-Out Report is submitted to the County Treasurer's on a daily basis. This may result in the improper accounting of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is submitted to the County Treasurer's on a daily basis.

Please provide written management response to the observations noted above by May 24, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of April 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of April 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of April 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts General Ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report*.
- Verified the sequence of receipts per the Monthly Fines and Fees Report agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of April 2013 were $44,388.19. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We noted that the *Monthly Fines and Fees Report* was filed with the County Auditor's Office on May 17, 2013. The report should have been filed with the County Auditor's Office by May 5, 2013.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month.

Formal procedures have not been implemented to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month. Timely submittal of the *Monthly Fines and Fees Report* helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should develop and implement formal procedures to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 2:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 12 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.

- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 3:
We noted during our review that the updated *Schedule of Receipts and Deposits* form prescribed by the County Auditor's Office was not utilized to account for funds collected and deposited. Consequently, online credit card collections and deposits were not accounted for on the form currently being utilized.

Local Government Code Section 112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor prescribed the *Schedule of Receipts and Deposits* form, among others, for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Formal monitoring procedures have not been developed and implemented to ensure that the most updated *Schedule of Receipts and Deposits* form is utilized by the Justice of the Peace Office. Failure to utilize the updated *Schedule of Receipts and Deposits* form resulted in the improper accounting of online credit card collections and deposits made by the Justice of the Peace Office.

Recommendation:
Management should begin to utilize the updated *Schedule of Receipts and Deposits* form provided by the County Auditor's Office. Please contact the County Auditor's Office for any questions concerning the use of the updated *Schedule of Receipts and Deposits* form.

Observation No. 4:
We noted during our review that 3 cash bonds posted by defendants, who failed to appear before the Justice of the Peace, were not forfeited (liquidated) by the 10th workday following the date of release from jail. The bonds were received October 26, 2012 (1) and April 24, 2012 92) (see Exhibit B). The bonds were, subsequently, liquidated on May 1, 2013 and May 7, 2013, respectively.

Code of Criminal Procedure Article 45.044 9a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th workday following the date of release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th workday following the date of their release from jail.

Observation No. 5:
We noted during our review that deposit slips were not identified by noting the receipt sequence for which the deposit was being made on the face of the deposit slip.

The County Auditor's Office requires that deposit slips contain sufficient information to identify the cash receipts for which the deposit is being made. Deposit slips must include the date of deposit, receipt sequence for which the deposit is being made, amount of currency and coins, a listing of check/money order numbers and amounts, and

the total dollar amount of the deposit. If it is not possible to list all the checks/money orders collected, copies of the checks must be maintained and attached to the Close-Out Report.

Formal monitoring procedures have not been developed and implemented to ensure that deposit slips are properly completed. Failure to properly prepare the deposit slips increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that deposit slips are properly completed. At a minimum, the procedures noted above should be implemented.

Observation No. 6:
We noted during our review that the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report) was not properly completed. *Part III Acknowledgment and Approval*, at times, did not contain a signature of the individual responsible for comparing the validated deposit slip amount to the Close-Out Report.

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report). As part of the reconciliation procedures, the signature of the individual responsible for comparing the validated deposit slip amount to the Close-Out Report should be noted on *Part III Acknowledgment and Approval.*

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Please provide written management responses to the observations noted above by June 28, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of May 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of May 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of May 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts General Ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the Monthly Fines and Fees Report agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of May 2013 were $39,177.05. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We noted that the *Monthly Fines and Fees Report* was filed with the County Auditor's Office on June 11, 2013. The report should have been filed with the County Auditor's Office by June 5, 2013.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month.

Formal procedures have not been implemented to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month. Timely submittal of the *Monthly Fines and Fees Report* helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should develop and implement formal procedures to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 2:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 12 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.

- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 3:
We noted during our review that the updated *Schedule of Receipts and Deposits* form prescribed by the County Auditor's Office was not utilized to account for funds collected and deposited. Consequently, online credit card collections and deposits were not accounted for on the form currently being utilized.

Local Government Code Section 112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor prescribed the *Schedule of Receipts and Deposits* form, among others, for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Formal monitoring procedures have not been developed and implemented to ensure that the most updated *Schedule of Receipts and Deposits* form is utilized by the Justice of the Peace Office. Failure to utilize the updated *Schedule of Receipts and Deposits* form resulted in the improper accounting of online credit card collections and deposits made by the Justice of the Peace Office.

Recommendation:
Management should begin to utilize the updated *Schedule of Receipts and Deposits* form provided by the County Auditor's Office. Please contact the County Auditor's Office for any questions concerning the use of the updated *Schedule of Receipts and Deposits* form.

Observation No. 4:
We noted during our review that 1 cash bond posted by the defendant, who failed to appear before the Justice of the Peace, was not forfeited (liquidated) by the 10th workday following the date of release from jail. The bond was received May 14, 2013 (see Exhibit B). The bond was, subsequently, liquidated on June 13, 2013.

Code of Criminal Procedure Article 45.044 9a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th workday following the date of release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th workday following the date of their release from jail.

Observation No. 5:
We noted during our review that the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report) was not properly completed. *Part III Acknowledgment and Approval* did not contain a signature of the individual responsible for approving the *Close-Out Report.*

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report). As part of the reconciliation procedures, the signature of the individual responsible for approving the *Close-Out Report* should be noted on *Part III Acknowledgment and Approval.*

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Please provide written management responses to the observations noted above by August 15, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Eufracio, CPA

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of July 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of July 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of July 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts General Ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report*.
- Verified the sequence of receipts per the Monthly Fines and Fees Report agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of July 2013 were $47,283.80. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We noted that the *Monthly Fines and Fees Report* was filed with the County Auditor's Office on August 16, 2013. The report should have been filed with the County Auditor's Office by August 7, 2013.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month.

Formal procedures have not been implemented to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month. Timely submittal of the *Monthly Fines and Fees Report* helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should develop and implement formal procedures to ensure that the *Monthly Fines and Fees Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 2:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 77 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.

- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 3:
We noted during our review that the updated *Schedule of Receipts and Deposits* form prescribed by the County Auditor's Office was not utilized to account for funds collected and deposited. Although, online credit card collections were deposited with the County Treasurer's Office, they were not properly accounted for on the *Schedule of Receipts and Deposits* form currently being utilized.

Local Government Code Section 112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor prescribed the *Schedule of Receipts and Deposits* form, among others, for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Formal monitoring procedures have not been developed and implemented to ensure that the most updated *Schedule of Receipts and Deposits* form is utilized by the Justice of the Peace Office. Failure to utilize the updated *Schedule of Receipts and Deposits* form resulted in the improper accounting of online credit card collections and deposits made by the Justice of the Peace Office.

Recommendation:
Management should begin to utilize the updated *Schedule of Receipts and Deposits* form provided by the County Auditor's Office. Please contact the County Auditor's Office for any questions concerning the use of the updated *Schedule of Receipts and Deposits* form.

Observation No. 4:
We noted during our review that *Cashier's Daily Close-Out Reports* (Close-Out Reports) prepared during the month of July 2013 were not submitted to the County Treasurer's Office on a daily basis after the bank deposit was made. The Close-Out Reports were submitted from 2 to 23 days after the bank deposit was made.

The County Auditor's Office requires that cashiers reconcile cash on hand to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report* (Close-Out report). A cut-off time should be established for performing the daily close-out procedures and depositing the day's collections. The department should continue to receipt cash collected after the established cut-off time. Cash collected after the established cut-off time should be safeguarded until it is deposited the next business day. Once the daily balancing procedures have been completed and the collections are deposited to the County's General Fund bank account, the Close-Out Report along with the bank validated deposit slip must be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Formal monitoring procedures have not been developed and implemented to ensure that a properly completed Close-Out Report is submitted to the County Treasurer's Office on a daily basis. Failure to submit a properly completed Close-Out Report to the County Treasurer's Office on a daily basis results in the improper accounting of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a properly completed Close-Out Report is submitted to the County Treasurer's Office on a daily basis.

Observation No. 5:
We noted during our review that jail time credit for defendants that served jail time to satisfy the payment of fines, fees, and court costs was entered in *Ableterm's* docket book. However, the Sheriff's "Discharge" receipt number which provides the amount of jail time credit provided was not referenced in *Ableterm*.

Pursuant to Code of Criminal Procedure Article 45.017, docket books maintained by a justice of the peace court must contain the following information: (1) the style and file number of each criminal action; (2) the nature of the offense

charged; (3) the plea offered by the defendant and the date the plea was entered; (4) the date the warrant, if any, was issued and the return made thereon; (5) the date the examination or trial was held, and if a trial was held, whether it was by a jury or by the justice; (6) the verdict of the jury, if any, and the date of the verdict; (7) the judgment and sentence of the court, and the date each was given; (8) the motion for new trial, if any, and the decision thereon; and (9) whether an appeal was taken and the date of that action. Furthermore, pursuant to the Justice of the Peace Manual prepared by the Texas Comptroller of Accounts, the following information should be recorded on the docket book: (1) the name of the defendant's attorney; and (2) the amount of any payments received or refunds made and what they were for. The County Auditor's Office requires that receipt numbers for any payments received, including jail time credit, be referenced on the docket book.

Formal procedures have not been developed and implemented to ensure that the Sheriff's "Discharge" receipt numbers for jail time credit provided are referenced in *Ableterm's* docket book. This may result in the improper accounting of case dispositions.

Recommendation:
Management should develop and implement formal monitoring procedures that the Sheriff's "Discharge" receipt numbers for jail time credit provided are referenced in *Ableterm's* docket book.

Please provide written management responses to the observations noted above by November 12, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Enfracio, CPA
County Auditor

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of September 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of September 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of September 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts General Ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the Monthly Fines and Fees Report agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of September 2013 were $43,647.84. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 42 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm.*

Observation No. 2:
We noted during our review that *Cashier's Daily Close-Out Reports* (Close-Out Reports) prepared during the month of September 2013 were not submitted to the County Treasurer's Office on a daily basis after the bank deposit was made. The Close-Out Reports were submitted from 2 to 9 days after the bank deposit was made.

The County Auditor's Office requires that cashiers reconcile cash on hand to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report* (Close-Out report). A cut-off time should be established for performing the daily close-out procedures and depositing the day's collections. The department should continue to receipt cash collected after the established cut-off time. Cash collected after the established cut-off time should be safeguarded until it is deposited the next business day. Once the daily balancing procedures have been completed and the collections are deposited to the County's General Fund bank

account, the Close-Out Report along with the bank validated deposit slip must be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Formal monitoring procedures have not been developed and implemented to ensure that a properly completed Close-Out Report is submitted to the County Treasurer's Office on a daily basis. Failure to submit a properly completed Close-Out Report to the County Treasurer's Office on a daily basis results in the improper accounting of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that a properly completed Close-Out Report is submitted to the County Treasurer's Office on a daily basis.

Observation No. 3:
We noted during our review that jail time credit was not properly entered in *Ableterm's* docket book for case number EJ03-49775. The defendant was provided jail time credit in the amount of $160.00, to satisfy the payment of fines, fees, and court costs. However, jail time credit of $110.00 was entered in *Ableterm's* docket book. Consequently, the proper case disposition (jail time credit) was not recorded in *AbleTerm*.

The County Auditor's Office requires that case dispositions be properly recorded in *AbleTerm*. In addition, pursuant to Code of Criminal Procedure Article 45.017, docket books maintained by a justice of the peace court must contain the following information: (1) the style and file number of each criminal action; (2) the nature of the offense charged; (3) the plea offered by the defendant and the date the plea was entered; (4) the date the warrant, if any, was issued and the return made thereon; (5) the date the examination or trial was held, and if a trial was held, whether it was by a jury or by the justice; (6) the verdict of the jury, if any, and the date of the verdict; (7) the judgment and sentence of the court, and the date each was given; (8) the motion for new trial, if any, and the decision thereon; and (9) whether an appeal was taken and the date of that action. Furthermore, pursuant to the Justice of the Peace Manual prepared by the Texas Comptroller of Accounts, the following information should be recorded on the docket book: (1) the name of the defendant's attorney; and (2) the amount of any payments received or refunds made and what they were for.

Formal procedures have not been developed and implemented to ensure that case dispositions, for cases in which jail time credit was provided, are properly entered in *Ableterm's* docket book. Failure to properly enter case dispositions may result in the arrest of the defendant, in error.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that case dispositions are properly entered. The proper case disposition for the case noted above should be immediately entered.

Observation No. 4:
We noted during our review that the Close-Out Reports were not properly completed. Part III of the Close-Out Report did not contain the signature of the individual responsible for verifying that the deposit amount per the bank validated deposit slip agreed to the deposit amount noted on the Close-Out Report.

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report). As part of the reconciliation procedures, the individual responsible for verifying that the deposit amount per the bank validated deposit slip agrees to the deposit amount noted on the Close-Out Report, must provide his/her signature on Part III of the Close-Out Report.

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Please provide written management responses to the observations noted above by November 22, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Crystal A. Puente, MACC, Internal Auditor II, at 318-2511 ext. 4646, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of December 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of December 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of December 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total

deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts General Ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the Monthly Fines and Fees Report agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Fines and Fees Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of December 2013 were $16,723.85. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 12 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A). According to the Justice of the Peace staff, fees are assessed based on information provided by *AbleTerm.* Only 2 of 4 cashiers are able to recognize if fees are improperly assessed. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm.*

Observation No. 2:
A copy of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the month of December 2013 has not been filed with the County Auditor's Office, as of today. In addition, a corrected copy of the November 2013 OCA Report has not been filed with the County Auditor's Office. According to staff, they were not aware that corrections needed to be made; however, the required OCA Report will be submitted to the County Auditor's Office, as soon as possible.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section

112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report*, *Schedule of Receipts and Deposits*, a copy of the Office of Court Administration's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that a properly completed November 2013 OCA Report is filed with the County Auditor's Office, as soon as possible.

Observation No. 3:
We noted during our review that 8 of 19 *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report) were not properly completed. *Part III Acknowledgment and Approval*, at times, did not contain a signature of the individual responsible for comparing the validated deposit slip amount to the Close-Out Report. According to the Court Coordinator, staff was not aware of signature requirement to verify deposit amount to bank validated deposit slip. Staff became aware during their recent cash count and since then, they have implemented this procedure.

The County Auditor's Office requires that cashiers reconcile collections to receipts issued and the approved change fund, if any, on a daily basis by utilizing the *Cashier's Daily Close-Out Report/Daily Remittance Form* (Close-Out Report). As part of the reconciliation procedures, the signature of the individual responsible for comparing the validated deposit slip amount to the Close-Out Report should be noted on *Part III Acknowledgment and Approval.*

Formal monitoring procedures have not been developed and implemented to ensure that the Close-Out Report is properly completed. This increases the risk of loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that the Close-Out Report is properly completed. Please refer to the *Cash Handling Guidelines and Procedures* for specific procedures to follow while completing the Close-Out Report.

Please provide written management responses to the observations noted above by February 28, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of January 2014

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of January 2014 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of January 2014. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace (JP) Office and included on the *Monthly Report*.

JUDGE 430TH D.C. | JESSE CONTRERAS JUDGE, 449TH D.C.

- Verified the sequence of receipts per the *Monthly Report* agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the JP and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the JP, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of January 2014 were $27,572.48. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 31 receipts contained errors in the allocation of fees, fines, and court costs. The JP staff was made aware of the necessary revisions and all necessary revisions were made (see Exhibit A). According to the JP staff, only 2 of 4 cashiers are able to recognize if fees are improperly assessed by *AbleTerm*. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
Incorrect copies of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the months of October 2012, January 2013 through September 2013, December 2013, and January 2014 were filed with the County Auditor's Office. The Hidalgo County Auditor's Office has determined that the OCA Reports are incorrect since the jail time activity and several adjustments recommended by the County Auditor's Office are not included in the OCA Reports. The JP staff was made aware of the errors and agreed to make the applicable corrections.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report*, *Schedule of Receipts and Deposits*, a copy of the Office of Court Administration's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the JP Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed OCA "Official JP Monthly Reports" for the months of October 2012, January 2013 through September 2013, December 2013, and January 2014 are filed with the County Auditor's Office by May 16, 2014.

Observation No. 3:
The Close-Out Reports prepared during the month of January 2014 were not submitted to the County Treasurer's Office on a daily basis. The Close-Out Reports were submitted from 2 to 17 days after the bank deposit was made. According to staff, the Close-Out Reports are sent late to the County Treasurer's Office due to limited staff and a heavy workload.

The County Auditor's Office requires that the Close-Out Report along with the bank validated deposit slip be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Failure to ensure that Close-Out Reports are submitted to the County Treasurer's Office on a daily basis may result in the improper accounting of County funds.

Recommendation:
Management should ensure that a Close-Out Reports are submitted to the County Treasurer's Office on a daily basis.

Please provide written management responses to the observations noted above by May 16, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Alejandra Santa Ana, Internal Auditor I, at 318-2511 ext. 4647, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of February 2014

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of February 2014 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of February 2014. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Report*.

JUDGE, 430TH D.C. | JESSE CONTRERAS JUDGE, 449TH D.C.

- Verified the sequence of receipts per the *Monthly Report* agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of February 2014 were $55,769.19. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 59 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and all necessary revisions were made (see Exhibit A). According to the Justice of the Peace staff, only 2 of 4 cashiers are able to recognize if fees are improperly assessed by *AbleTerm*. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
Incorrect copies of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the months of October 2012, January 2013 through September 2013, December 2013, January 2014, and February 201 were filed with the County Auditor's Office. The Hidalgo County Auditor's Office has determined that the OCA Reports are incorrect since the jail time activity and several adjustments recommended by the County Auditor's Office are not included in the OCA Reports. The JP staff was made aware of the errors and agreed to make the applicable corrections.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report*, *Schedule of Receipts and Deposits*, a copy of the Office of Court Administration's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the JP Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed OCA "Official JP Monthly Reports" for the months of October 2012, January 2013 through September 2013, December 2013, January 2014, and February 2014 are filed with the County Auditor's Office by May 16, 2014.

Observation No. 3:
We noted during our review that all 19 Close-Out Reports prepared during the month of February 2014 were not submitted to the County Treasurer's Office on a daily basis. The Close-Out Reports were submitted from 2 to 28 days after the bank deposit was made. According to staff, the Close-Out Reports are sent late to the County Treasurer's Office due to limited staff and a heavy workload. The Close-Out Reports were sent via e-mail on a weekly basis; however, staff is currently working on sending the Close-Out Reports to the County Treasurer's Office on a daily basis.

The County Auditor's Office requires that the Close-Out Report along with the bank validated deposit slip be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Failure to ensure that Close-Out Reports are submitted to the County Treasurer's Office on a daily basis may result in the improper accounting of County funds.

Recommendation:
Management should ensure that a Close-Out Reports are submitted to the County Treasurer's Office on a daily basis.

Observation No. 4:
We noted during our review that 3 of 47 online credit card transactions received during the month of February 2014 were not promptly receipted. The online credit card transaction received on February 4, 2014 was receipted on February 24, 2014 and credit card transactions received on February 13, 2014 and February 21, 2014 were receipted on April 28, 2014. Consequently, the applicable case dispositions were not recorded in *AbleTerm* in a timely manner. According to the Court Coordinator, staff attempts to receipt online credit card transactions on a daily basis; however, occasionally, online credit card transactions are accidently not receipted on a daily basis.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Failure to ensure that credit card transactions are promptly receipted and case dispositions entered into *AbleTerm* in a timely manner may result in the loss or misuse of County funds and the arrest of the defendant, in error, respectively.

Recommendation:
Management should ensure that credit card transactions are promptly receipted and cases dispositions are entered into *AbleTerm* in a timely manner.

Please provide written management responses to the observations noted above by May 23, 2014. If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of March 2014

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of March 2014 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of March 2014. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace (JP) Office and included on the *Monthly Report*.

HIDALGO COUNTY DISTRICT JUDGES

- Verified the sequence of receipts per the *Monthly Report* agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the JP and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the JP, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of March 2014 were $47,330.70. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 65 receipts contained errors in the allocation of fees, fines, and court costs. The JP staff was made aware of the necessary revisions; however, only 24 of the 65 necessary adjustments were made (see Exhibit A). According to the JP staff, only 2 of 4 cashiers are able to recognize if fees are improperly assessed. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require JP to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

In addition, management should ensure that the pending 41 adjustments are entered into *AbleTerm*.

Observation No. 2:
Incorrect copies of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the months of October 2012, January 2013 through September 2013, December 2013, and January 2014, through March 2014 were filed with the County Auditor's Office. The Hidalgo County Auditor's Office has determined that the OCA Reports are incorrect since the jail time activity and several adjustments recommended by the County Auditor's Office are not included in the OCA Reports. The JP staff was made aware of the errors and agreed to make the applicable corrections.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report, Schedule of Receipts and*

Deposits, a copy of the Office of Court Administration's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the JP Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed OCA "Official JP Monthly Reports" for the months of October 2012, January 2013 through September 2013, December 2013, and January 2014 through March 2014 are filed with the County Auditor's Office by May 16, 2014.

Observation No. 3:
We noted during our review that all 21 Close-Out Reports prepared during the month of March 2014 were not submitted to the County Treasurer's Office on a daily basis. The Close-Out Reports were submitted from 2 to 17 days after the bank deposit was made. According to staff, the Close-Out Reports are sent late to the County Treasurer's Office due to limited staff and a heavy workload. The Close-Out Reports were sent via e-mail on a weekly basis; however, staff is currently working on sending the Close-Out Reports to the County Treasurer's Office on a daily basis.

The County Auditor's Office requires that the Close-Out Report along with the bank validated deposit slip be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Failure to ensure that Close-Out Reports are submitted to the County Treasurer's Office on a daily basis may result in the improper accounting of County funds.

Recommendation:
Management should ensure that a Close-Out Reports are submitted to the County Treasurer's Office on a daily basis.

Please provide written management responses to the observations noted above by May 23, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of April 2014

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of April 2014 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of April 2014. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Report*.

JUDGE, 430TH D.C. | JESSE CONTRERAS JUDGE, 449TH D.C.

- Verified the sequence of receipts per the *Monthly Report* agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of April 2014 were $31,575.03. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 61 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and all necessary revisions were made (see Exhibit A). According to the Justice of the Peace staff, only 2 of 4 cashiers are able to recognize if fees are improperly assessed. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require Justice of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

In addition, management should ensure that the pending 41 adjustments are entered into *AbleTerm*.

Observation No. 2:
Incorrect copies of the Office of Court Administration's (OCA) "Official Justice of the Peace Monthly Report" for the months of October 2012, February 2013 through September 2013, December 2013, and January 2014, through March 2014 were filed with the County Auditor's Office. The Hidalgo County Auditor's Office has determined that the OCA Reports are incorrect since the jail time activity and several adjustments recommended by the County Auditor's Office are not included in the OCA Reports. The Justice of the Peace staff was made aware of the errors and agreed to make the applicable corrections.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report*, *Schedule of Receipts and*

Deposits, a copy of the Office of Court Administration's "Official Justice of the Peace Monthly Report", etc.) for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed OCA "Official Justice of the Peace Monthly Reports" for the months of October 2012, February 2013 through September 2013, December 2013, and January 2014 through March 2014 are filed with the County Auditor's Office by July 7, 2014.

Please provide written management responses to the observations noted above by July 7, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Enfracio, CPA

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of August2014

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of August 2014 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of August 2014. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form".
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether adjustments were made, if any.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Report*.

- Verified the sequence of receipts per the *Monthly Report* agreed to the Ableterm's Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Report) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, mail logs, and the *Monthly Report* to verify proper completion.
- Verified if cash bonds posted by the defendants, who failed to appear before the Justice of the Peace, were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of August 2014 were $20,585.78. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 21 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and all necessary revisions were made (see Exhibit A). According to the Justice of the Peace staff, only 2 of 4 cashiers are able to recognize when fees are not properly assessed. In such cases, cashiers make the applicable corrections prior to issuing receipts.

There are numerous statutes that require Justice of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

In addition, management should ensure that the pending 41 adjustments are entered into *AbleTerm*.

Observation No. 2:
Incorrect copies of the Office of Court Administration's (OCA) "Official Justice of the Peace Monthly Report" for the months of October 2012; February 2013 through September 2013; December 2013; and January 2014 through August 2014 were filed with the County Auditor's Office. The County Auditor's Office has determined that the OCA Reports are incorrect since the jail time activity and several adjustments recommended by the County Auditor's Office are not included in the OCA Reports. The Justice of the Peace staff was made aware of the errors and agreed to make the applicable corrections.

Pursuant to Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. In addition, Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Fines and Fees Report*, *Schedule of Receipts and*

Deposits, a copy of the Office of Court Administration's "Official Justice of the Peace Monthly Report", etc.) for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed OCA "Official Justice of the Peace Monthly Reports" for the months of October 2012; February 2013 through September 2013; December 2013; and January 2014 through August 2014 are filed with the County Auditor's Office by November 12, 2014.

Observation No. 3:
We noted during our review that 14 Close-Out Reports prepared during the month of August 2014 that were available for testing were not submitted to the County Treasurer's Office on a daily basis. The Close-Out Reports were submitted from 2 to 12 days after the bank deposit was made. According to the Court Coordinator, submission of the Close-Out Reports is delayed due to the office being shorthanded.

The County Auditor's Office requires that cashiers reconcile cash on hand to receipts issued and the approved change fund, if any, on a daily basis by utilizing the Close-Out Report. Once the reconciliation is completed and the collections are deposited to the County's General Fund bank account, the Close-Out Report along with the bank validated deposit slip must be submitted to the County Treasurer's Office on a daily basis. The County Treasurer's Office utilizes the Close-Out Report, along with the bank validated deposit slip to timely receipt and account for the collections deposited to the County's General Fund bank account.

Failure to submit the Close-Out Report to the County Treasurer's Office on a daily basis results in the improper accounting of County funds.

Recommendation:
Management should ensure that the Close-Out Report is submitted to the County Treasurer's Office on a daily basis after the daily deposit has been made. The Close-Out Report and applicable supporting documentation should be made readily available to the individual responsible for submitting the documentation to the County Treasurer's Office.

Observation No. 4:
We noted during our review that 6 of 24 online credit card transactions received during the month of August 2014 were not promptly receipted. The transactions were receipted 2 to 10 days after receipt. Consequently, the applicable case dispositions were not recorded in *AbleTerm* in a timely manner. According to the Court Coordinator, staff attempts to receipt online credit card transactions on a daily basis; however, occasionally, online credit card transactions are accidently not receipted on a daily basis.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Failure to ensure that credit card transactions are promptly receipted and case dispositions entered into *AbleTerm* in a timely manner may result in the loss or misuse of County funds and the arrest of the defendant, in error, respectively.

Recommendation:
Management should ensure that credit card transactions are promptly receipted and cases dispositions are entered into *AbleTerm* in a timely manner.

Observation No. 5:
We noted during our review that the August 2014 *Monthly Report* was not submitted to the County Auditor's Office in a timely manner. The *Monthly Report* was submitted 42 days after the fifth day following the end of the month. According to the Justice of the Peace staff, the reports are not completed in a timely manner due to limited staff and a heavy workload.

Local Government Code § 114.001 (b) states, "A monthly report must be filed within five days after the last day of each month." Timely submittal of the *Monthly Report* helps ensure the proper accounting and accurate projection of county revenues.

Formal monitoring procedures have not been developed and implemented to ensure the *Monthly Report* is submitted in a timely manner. This may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure the *Monthly Report* is submitted in a timely manner.

Please provide written management responses to the observations noted above by November 12, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Alejandra Santa Ana, Internal Auditor I, at 318-2511 ext. 4647, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Eufracio, CPA
County Auditor
