Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of November 2012

Dear Judge Espinoza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of November 2012 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of November 2012. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the report was received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of November 2012 were $102,732.60. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued during the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 10 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Reports* to Commissioners Court for approval (see exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, & court costs.
- Staff should review the allocation of fines, fees, & court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that a mail log is not being utilized to record payments received through the mail.

The County Auditor's Office requires that mail be opened and listed on a mail log on the same day it is received. If this is not possible, mail must be kept in a locked safe in a secure area overnight and opened the following business day.

Formal monitoring procedures were not in place to ensure mail-in payments were properly processed. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that mail-in payments are properly processed. At a minimum, the procedures noted above should be implemented.

Observation No. 3:
We noted during our review that 2 cash bonds posted by the defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th workday following the date of their release from jail. The bonds were received on May 16, 2012 and August 9, 2012 (see exhibit B).

Code of Criminal Procedure Article 45.044 9a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th workday following the date of their release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th workday following the date of their release from jail.

Please provide written management responses to the observations noted above by January 18, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Respectfully,

Ray Eufracio, CPA
County Auditor

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of December 2012

Dear Judge Espinoza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of December 2012 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of December 2012. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out report) and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the report was received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of December 2012 were $71,675.15. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued during the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 6 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Reports* to Commissioners Court for approval (see exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, & court costs.
- Staff should review the allocation of fines, fees, & court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that a mail log is not being utilized to record payments received through the mail.

The County Auditor's Office requires that mail be opened and listed on a mail log on the same day it is received. If this is not possible, mail must be kept in a locked safe in a secure area overnight and opened the following business day.

Formal monitoring procedures were not in place to ensure mail-in payments were properly processed. This may result in the loss or misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that mail-in payments are properly processed. At a minimum, the procedures noted above should be implemented.

Observation No. 3:
We noted during our review that 2 cash bonds posted by the defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th workday following the date of their release from jail. The bonds were received on May 16, 2012 and August 9, 2012 (see exhibit B).

Code of Criminal Procedure Article 45.044 9a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th workday following the date of their release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th workday following the date of their release from jail.

Please provide written management responses to the observations noted above by February 6, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Respectfully,

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of October 2013

Dear Judge Espinoza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of October 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of October 2013. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* and County Treasurer receipts to determine whether fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Report* to the County Auditor's Office to determine if the report was received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Report* to verify proper completion.

Conclusion:
Total collections for the month of October 2013 were $140,255.40. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the

system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued during the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported. According to Justice of the Peace staff, staff is still confused with new civil fee codes and fees allocated to cases where the moving violation fee applies.

The results of our review revealed that 137 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Report* to Commissioners Court for approval (see exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, & court costs.
- Staff should review the allocation of fines, fees, & court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
A mail log was not utilized to record mail-in payments. According to staff, mail is received and opened by the Justice of the Peace. Subsequently, mail-in payments are distributed to staff for receipting purposes. Therefore, staff does not have the ability to create a mail log.

The County Auditor's Office requires that mail-in payments be listed on a mail log on a daily basis. The following procedures should be implemented when processing mail-in payments:

a. The person responsible for opening the mail should note the following on the mail log: date received; the name of the payer; check/money order number; and amount.
b. The person responsible for issuing receipts should enter the receipt date and receipt number issued for the mail-in payment on the mail log.
c. A person other than the person responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Failure to utilize a mail log to record mail-in payments may result in the loss of County revenues.

Recommendation:
Management should ensure that a mail log is utilized to record mail-in payments. Please refer to the Cash Handling Guidelines and Procedures manual for specific procedures to be implemented regarding mail-in payments.

Observation No. 3:
We noted during our review that 3 cash bonds posted by the defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th workday following the date of their release from jail. As of today, the bonds have not been forfeited. The bonds were received May 3, 2013, May 28, 2013, and May 31, 2013 (see exhibit B). According to the comments in *AbleTerm's* docket book, 2 of the cases are pending a pre-trial hearing; however, it appears that the pre-trial hearings have not been set. According to Justice of the Peace staff, the Justice of the Peace and the defendant have not setup a pre-trial hearing.

Code of Criminal Procedure Article 45.044 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their

release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Failure to ensure that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Recommendation:
Management should ensure that that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Observation No. 4:
We noted during our review that 1 of 70 online credit card transactions received during the month of October 2013 was not promptly receipted. The online credit card transaction in the amount of $130.00 received on October 21, 2013 (Docket No. E13-10-977) has not been receipted, as of today. Consequently, the applicable case disposition was not recorded in *AbleTerm* in a timely manner. According to staff, online credit card transactions are reviewed daily to ensure that they were receipted; however, occasionally they may forget to conduct this procedure.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Failure to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner may result in the loss or misuse of County funds and the erroneous arrest of the defendant, respectively.

Recommendation:
Management should ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner.

Please provide written management responses to the observations noted above by December 23, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of November 2013

Dear Judge Espinoza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of November 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of November 2013. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether any adjustments were made.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the *Monthly Fines and Fees Report* agreed to *Ableterm's* Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Reports) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, *Schedule of Receipts and Deposit* form, mail logs, and the *Monthly Fines and Fees Report*, among other reports, to verify proper completion.
- Verified if cash bonds posted by the defendants who failed to appear before the Justice of the Peace were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of November 2013 were $85,277.65. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued during the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 25 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Report* to Commissioners Court for approval (see exhibit A). According to Justice of the Peace staff, staff has confusion regarding the new civil fee codes and the moving violation fee.

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, & court costs.
- Staff should review the allocation of fines, fees, & court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm.*

Observation No. 2:
A mail log was not utilized to record mail-in payments. According to staff, mail is received and opened by the Justice of the Peace. Subsequently, mail-in payments are distributed to staff for receipting purposes. Therefore, staff does not have the ability to create a mail log.

The County Auditor's Office requires that mail-in payments be listed on a mail log on a daily basis. The following procedures should be implemented when processing mail-in payments:

a. The person responsible for opening the mail should note the following on the mail log: date received; the name of the payer; check/money order number; and amount.
b. The person responsible for issuing receipts should enter the receipt date and receipt number issued for the mail-in payment on the mail log.

c. A person other than the person responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Failure to utilize a mail log to record mail-in payments may result in the loss of County revenues.

Recommendation:
Management should ensure that a mail log is utilized to record mail-in payments. Please refer to the Cash Handling Guidelines and Procedures manual for specific procedures to be implemented regarding mail-in payments.

Observation No. 3:
We noted during our review that 3 cash bonds posted by the defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th workday following the date of their release from jail. As of today, the bonds have not been forfeited. The bonds were received May 3, 2013, May 28, 2013, and May 31, 2013 (see exhibit B). According to the comments in *AbleTerm's* docket book, 2 of the cases are pending a pre-trial hearing; however, it appears that the pre-trial hearings have not been set. According to Justice of the Peace staff, the Justice of the Peace and the defendant have not setup a pre-trial hearing.

Code of Criminal Procedure Article 45.044 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Failure to ensure that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Recommendation:
Management should ensure that that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Observation No. 4:
We noted during our review that 4 of 51 online credit card transactions received during the month of November 2013 were not promptly receipted. The online credit card transactions were receipted 2 to 4 days after payment was made online by defendants. Consequently, the applicable case disposition was not recorded in *AbleTerm* in a timely manner. According to staff, online credit card transactions are reviewed daily to ensure that they were receipted; however, occasionally they may forget to conduct this procedure.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Failure to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner may result in the loss or misuse of County funds and the erroneous arrest of the defendant, respectively.

Recommendation:
Management should ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner.

Observation No. 5:
Copies of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the months of September 2013 through November 2013 have not been filed with the County Auditor's Office, as of today. According to the Justice of the Peace staff, due to workload, staff has not had the time to generate the OCA's "Official JP Monthly Report", for the months of September 2013 through November 2013.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month. In addition, Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or

has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Report*, *Schedule of Receipts and Deposits*, a copy of the OCA's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed reports are filed with the County Auditor's Office within five days after the last day of each month. Copies of the OCA's "Official JP Monthly Report" for the months of September 2013 through November 2013 should be filed with the County Auditor's Office as soon as possible.

Please provide written management responses to the observations noted above by February 12, 2014. If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Ref: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of December 2013

Dear Judge Espinoza:

We have conducted a limited scope review of the *Monthly Fines and Fees Report* (*Monthly Report*) and supporting documentation for the month of December 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine whether fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month of December 2013. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Fines and Fees Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Fines and Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fines and Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts and verified whether any adjustments were made.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Fines and Fees Report* agreed to: 1.) total receipts issued per *Ableterm's* Receipt Journal Report, 2.) total collections per *Ableterm's* Fee Distribution Reports, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.

- Verified that "Discharge" collections received by the Sheriff's Office were receipted by the Justice of the Peace Office and included on the *Monthly Fines and Fees Report.*
- Verified the sequence of receipts per the *Monthly Fines and Fees Report* agreed to *Ableterm's* Receipt Journal Report, and the Sheriff's "D" Report. In addition, verified that receipts followed sequential order.
- Compared the Online Credit Card Report to *Ableterm's* Daily Balance Report to ensure all online credit card transactions were timely receipted by the Justice of the Peace and County Treasurer's Office.
- Reviewed *Cashier's Daily Close-Out Reports* (Close-Out Reports) and County Treasurer receipts to determine whether fees collected were properly accounted & deposited with the County Treasurer on a daily basis.
- Reviewed receipts, Close-Out Reports, *Schedule of Receipts and Deposit* form, mail logs, and the *Monthly Fines and Fees Report*, among other reports, to verify proper completion.
- Verified if cash bonds posted by the defendants who failed to appear before the Justice of the Peace were forfeited (liquidated) by the 10th workday following the date of release from jail.

Conclusion:
Total collections for the month of December 2013 were $63,467.20. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed receipts issued during the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 21 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions (see exhibit A). According to Justice of the Peace staff, staff has confusion regarding the new civil fee codes and the moving violation fee.

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, & court costs.
- Staff should review the allocation of fines, fees, & court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm.*

Observation No. 2:
A mail log was not utilized to record mail-in payments. According to staff, mail is received and opened by the Justice of the Peace. Subsequently, mail-in payments are distributed to staff for receipting purposes. Therefore, staff does not have the ability to create a mail log.

The County Auditor's Office requires that mail-in payments be listed on a mail log on a daily basis. The following procedures should be implemented when processing mail-in payments:

a. The person responsible for opening the mail should note the following on the mail log: date received; the name of the payer; check/money order number; and amount.
b. The person responsible for issuing receipts should enter the receipt date and receipt number issued for the mail-in payment on the mail log.
c. A person other than the person responsible for issuing receipts should verify that an official County receipt was issued for each incoming mail-in payment. The person conducting this verification should provide his/her signature on the mail log as acknowledgment of the verification.

Failure to utilize a mail log to record mail-in payments may result in the loss of County revenues.

Recommendation:
Management should ensure that a mail log is utilized to record mail-in payments. Please refer to the Cash Handling Guidelines and Procedures manual for specific procedures to be implemented regarding mail-in payments.

Observation No. 3:
We noted during our review that 3 cash bonds posted by the defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th workday following the date of their release from jail. As of today, the bonds have not been forfeited. The bonds were received on May 3, 2013, May 28, 2013, and May 31, 2013 (see exhibit B). According to the comments in *AbleTerm's* docket book, 2 of the cases are pending a pre-trial hearing. According to Justice of the Peace staff, the Justice of the Peace and the defendant have not setup a pre-trial hearing.

Code of Criminal Procedure Article 45.044 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th workday following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Failure to ensure that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Recommendation:
Management should ensure that that pre-trial hearings are set in a timely manner for cases in which a cash bond was posted may result in the improper accounting of cash bonds.

Observation No. 4:
We noted during our review that 12 of 30 online credit card transactions received during the month of December 2013 were not promptly receipted. The online credit card transactions dated as of December 19, 2013 through December 30, 2013, were receipted until January 2, 2014. Consequently, the applicable case dispositions were not recorded in *AbleTerm* in a timely manner. According to staff, online credit card transactions were receipted until January 2, 2014, due to office being closed for the holidays.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Failure to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner may result in the loss or misuse of County funds and the erroneous arrest of the defendant, respectively.

Recommendation:
Management should ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner.

Observation No. 5:
Copies of the Office of Court Administration's (OCA) "Official JP Monthly Report" for the months of September 2013 through December 2013 have not been filed with the County Auditor's Office, as of today. According to the Justice of the Peace staff, due to workload, staff has not had the time to generate the OCA's "Official JP Monthly Report", for the months of September 2013 through December 2013.

Pursuant to Local Government Code § 114.001 (b), a monthly report must be filed within five days after the last day of each month. In addition, Local Government Code §112.002 (a) authorizes the county auditor to prescribe the system of accounting for the county. Local Government Code Section 112.002 (b) further states that "the county auditor may adopt and enforce regulations, not inconsistent with law or with a rule adopted under Section 112.003, that the auditor considers necessary for the speedy and proper collecting, checking, and accounting of the revenues and other funds and fees that belong to the county or to a person for whom a district clerk, district attorney, county officer, or precinct officer has made a collection or for whose use or benefit the officer holds or has received funds. Pursuant to Local Government Code Section 112.002 (a) and (b), the County Auditor requires the submittal of properly completed reports (i.e., *Monthly Report*, *Schedule of Receipts and Deposits*, a copy of

the OCA's "Official JP Monthly Report", etc.) for checking and properly accounting for funds collected by the Justice of the Peace Offices.

Timely submittal of these reports helps ensure that revenues are recognized in a timely manner.

Recommendation:
Management should ensure that properly completed reports are filed with the County Auditor's Office within five days after the last day of each month. Copies of the OCA's "Official JP Monthly Report" for the months of September 2013 through December 2013 should be filed with the County Auditor's Office as soon as possible.

Please provide written management responses to the observations noted above by February 28, 2014.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Marissa Castillo, Internal Auditor I, at 318-2511 ext. 4650, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Re: Review of *Monthly Fines and Fees Report* and Supporting Documentation
For the month of January 2013

Dear Judge Jackson:

We conducted a limited scope review of the *Monthly Fines and Fees Report* and supporting documentation for the month of January 2013 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fines and Fees Report* for the month of January 2013. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed receipts issued to determine if fines, fees, and court costs were allocated and reported in the proper amounts.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports* and County Treasurer receipts to determine if fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Verified that the collections per the *Monthly Fines and Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed the submittal dates of the *Monthly Fines and Fees Report* to the County Auditor's Office to determine if the reports were received within five days after the last day of each month.
- Reviewed receipts, Close-Out reports, and *Monthly Fines and Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of January 2013 were $37,745.11. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of

internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed all receipts for the month in review to determine whether fines, fees, and court costs collected were properly allocated and reported.

The results of our review revealed that 5 receipts contained errors in the allocation of fees, fines, and court costs. The Justice of the Peace staff was made aware of the necessary revisions and corrections were made prior to submitting the final *Monthly Fines and Fees Report* to Commissioners Court for approval (see Exhibit A).

There are numerous statutes that require Justices of the Peace to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Formal monitoring procedures have not been implemented to ensure that fines, fees, and court costs are properly allocated and reported. The County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with adequate training regarding the proper allocation of fines, fees, and court costs.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- Access for setting up offense codes with the proper fines, fees, and court costs in *AbleTerm* should be limited to staff with adequate knowledge of the applicable allocation.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *AbleTerm*.

Observation No. 2:
We noted during our review that 3 cash bonds posted by defendants who failed to appear before the Justice of the Peace were not forfeited (liquidated) by the 10th day following the date of their release from jail. The bonds were received on October 26, 2012, January 4, and January 24, 2013 (see Exhibit B). As of today, 2 of the 3 bonds remain to be liquidated (bond received on October 26, 2012 and January 4, 2013).

Code of Criminal Procedure Article 45.044 (a) (2) states "A justice or judge may enter a judgment of conviction and forfeit a cash bond posted by the defendant in satisfaction of the defendant's fine and cost if the defendant fails to appear according to the terms of the defendant's release". Pursuant to the terms of the cash bond, the defendant must appear before the Justice of the Peace by the 10th day following the date of their release from jail. If the defendant fails to appear, the Justice of the Peace may declare the cash bond forfeited, enter a judgment of guilty, assess a fine, and apply the cash bond to the payment of the imposed judgment.

Formal monitoring procedures were not in place to ensure that bonds posted by defendants who failed to appear before the Justice of the Peace were forfeited by the 10th day following the date of their release from jail. This may result in the misuse of County funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that bonds posted by defendants who fail to appear before the Justice of the Peace are forfeited by the 10th day following the date of their release from jail.

Observation No. 3:
We noted during our review that procedures for voiding receipts were not always properly followed. The void receipts did not contain the supervisor's signature of approval.

The County Auditor's Office requires that if a cashier makes an error, the receipt be voided. The following procedures must be followed:

a. The Cashier must obtain approval by his/her supervisor prior to voiding the receipt. In addition, the Cashier must provide the reason for the void, date of void, and his/her signature on the voided receipt.
b. The supervisor must sign & date the void receipt to document responsibility for verifying that the void was properly completed (i.e., all copies of the receipt are marked "VOID", contain an explanation for the void, contain the date the receipt was voided and signature of the employee requesting the void).

c. If a new receipt is issued, the voided receipt number and the new receipt number should be cross-referenced.
d. All copies of the voided receipt must be securely attached together &submitted to the County Auditor's Office.
e. Computer access controls to void receipts should be limited to supervisors.

Formal procedures have been developed and implemented to ensure receipts are properly voided. This may result in the loss or misuse of County funds.

Recommendation:
Management should continue to ensure that receipts are properly voided. At a minimum, the procedures noted above should continue to be implemented.

Observation No. 4:
We noted during our review that a credit card transaction received on January 30, 2013 was not promptly receipted. Consequently, the case disposition was not recorded in *AbleTerm* in a timely manner. The transaction and case disposition were recorded on March 19, 2013.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. In addition, the case dispositions should be recorded in *AbleTerm* upon receipt of payment.

Formal procedures have not been developed and implemented to ensure that credit card transactions are promptly receipted and case dispositions are entered in a timely manner. This may result in the loss or misuse of County funds. In addition, failure to timely enter case dispositions may result in the arrest of the defendant, in error.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that credit card transactions are promptly receipted and cases dispositions are entered in a timely manner.

Please provide written management response to the observations noted above by April 19, 2013.

If you should have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Pedro Sanchez, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me, at ext. 4604.

Respectfully,

Ray Eduracio, CPA
County Auditor
